No matter your destination, your journey begins here.

You’ll hear and see those words on the College’s commercials and marketing materials, but it is much more than a catchy tagline to us. We truly believe in the outcomes behind those words.

As you begin your journey with us, I want you to keep this word at the forefront of your mind: opportunity. As this community’s college, it is our job to connect you with the opportunities that will make you successful and help you achieve your goals. For some of you that will mean earning your associates degree and transferring to a four-year college or university. For others of you it will mean earning the credentials, skills and training you need to enter your career pathway right away.

I encourage you to talk to our academic and career advisors who can discuss your interests and help you form a plan for your education. They can also connect you to internships that provide real world experience to help you make decisions about a career path. Your professors can provide advice and insight to help you grow intellectually and start you down a path of educational opportunity.

The opportunities at Rock Valley College are bound only by your imagination and ambition. For each of you opportunity will mean something different. But the important part is that you make the most of your time here and turn those opportunities into realities that will shape your future.

To do so you will need to dedicate yourself to working hard in the classroom, making connections outside of the classroom by joining and participating in student organizations, and taking advantage of the many resources we have in place to ensure your success.

On behalf of everyone at Rock Valley College, it is my pleasure to welcome you and to thank you for letting us play a key part in your life’s journey.

Sincerely,

Dr. Doug J. Jensen
President, Rock Valley College

Accreditation & Recognition
Rock Valley College is recognized by many national, regional, and state agencies. The college is accredited by The Higher Learning Commission (HLC) and is a member of the North Central Association of Colleges and Schools. Rock Valley College is recognized by the Illinois Board of Higher Education and by the Illinois Community College Board (ICCB).

Mission Statement
Rock Valley College empowers students and community through lifelong learning.

Vision Statement
Rock Valley College empowers the community to grow as a society of learners through well-designed educational pathways, leading to further education, rewarding careers, cultural enrichment, and economic-technological development.

Core Values
Learner-Centered Community
Rock Valley College is dedicated to providing affordable lifelong learning opportunities that foster student success.

Mutual Respect
At all times, Rock Valley College upholds the dignity of each individual by being ethical, respectful, fair, and courteous in communications and actions.

Excellence
Rock Valley College maintains high expectations for teaching and learning and holds itself accountable for promoting continuous improvement.

Diversity
Rock Valley College promotes, celebrates, and embraces differences, including cultural and ethnic diversity and diversity of thought.

Collaboration
Rock Valley College fosters innovative, enriching partnerships within the college community and among others that serve the region.

Innovation
Rock Valley College is a forward thinking institution that explores creative approaches for the future.

Public Trust
Rock Valley College honors and upholds its commitment to the community through integrity of actions and efficient use of resources.

General Education Statement of Philosophy
The General Education Program at Rock Valley College is designed to develop the knowledge, skills, and habits reflected in the lives of educated persons and basic to all professions so that RVC students are capable of leading rewarding and responsible lives as productive, global citizens. The General Education Program offers varied opportunities for students “to develop the breadth of knowledge and the expressive skills essential to more complex and in-depth learning throughout life” (adapted from the Illinois Articulation Initiative, 2000). With this philosophy as our focus, our general education courses are designed to help students achieve the following learning outcomes.

Institutional Student Learning Outcomes
Rock Valley College students will demonstrate the following skills and characteristics:
• Analytic Reasoning: Students will form logical inferences, judgments, or conclusions from facts or premises related to topics encountered in the classroom, workplace, and daily life.
• Communication: Students will exchange ideas effectively in a variety of settings.
• Global Awareness and Responsibility: Students will develop the knowledge and skills required to responsibly interact with social and natural communities, both locally and globally.
• Personal Responsibility: Students will accept responsibility for their personal and professional wellness and development, positioning themselves for life-long learning.

Details about how students demonstrate these learning outcomes can be found at: RockValleyCollege.edu/StudentLearningOutcomes.

**Sexual & Other Harassment Policy**

Rock Valley College is committed to providing an educational environment that is free from all forms of harassment as defined and otherwise prohibited by state and federal law. It is the policy of Rock Valley College that sexual harassment or any other form of harassment of a student by another student, an employee, or a third party, is prohibited and will not be tolerated. Any student or employee who is found after appropriate investigation to have violated this policy will be subject to disciplinary action, up to and including expulsion or termination.

Students who feel they have been a victim of harassment of any type, by another student, an employee, or third party, may contact:

This image includes a photograph of a group of students walking on campus, with a clear sky and greenery in the background. The setting appears to be a college campus environment, with a modern architectural style. The image captures the essence of a vibrant educational atmosphere.
About the College

For over 50 years, Rock Valley College (RVC) has offered comprehensive educational opportunities in a broad range of subjects to tens of thousands of residents of its service district.

The Main Campus of the college is located on a 217-acre tract of land, at the northeast corner of Mulford and Spring Brook Roads in northeast Rockford (“RVC Building Locations” and “Main Campus” maps, on pages 162 and 163 - the Inside Back Cover).

RVC’s Main Campus is known for being one of the most beautiful in the state. Connecting the two sides of the Main Campus, the scenic bridge spans the Spring Creek. It houses the college’s most recognized landmark – the classic Alumni Clock.

RVC's District #511 (see map below) is comprised of Winnebago and Boone counties, and parts of Stephenson, Ogle, McHenry, and DeKalb counties.

STATS

Since opening for classes, RVC has grown from a small community college with 35 faculty members and 1,100 students to an institution of approximately 126 full-time faculty members, 267 part-time adjunct faculty (teaching credit classes) and over 6,000 students.

INTERCOLLEGIATE SPORTS

Nine teams of men’s and women’s intercollegiate sports are offered at RVC. The Golden Eagles compete in National Junior College Athletic Association (NJCAA) Division III in men’s and women’s basketball, men’s and women’s soccer, men’s and women’s bowling, women’s softball and volleyball, and men’s baseball. Many of our teams have enjoyed national prominence in recent years. RVC’s rich athletic history includes over 170 All-Americans and 20 national championships. (See more about RVC’s Athletics on pages 12, 36, and 52 or go to: RVCSports.com.)

Conference: N4C (North Central Community College Conference)
- College of DuPage
- Triton College
- Joliet Junior College
- William Rainey Harper College
- Madison College
- Wright College
- Milwaukee Area Technical College

Nickname: Golden Eagles    | Colors: Navy Blue & Gold

CURRENT FACILITIES

In addition to the Main Campus, the college offers degrees and related programs at facilities in the city of Rockford, Illinois, in Winnebago County:

- Aviation Career Education Center (ACEC), 6045 Cessna Drive (61109) at the Chicago-Rockford International Airport, home of the Aviation Maintenance Technology Program (see more on pages 60 & 61 or go to: RockValleyCollege.edu/Aviation).
- Bell School Road Center (BELL), 3350 N. Bell School Road (61114), home of the college's Center for Learning in Retirement Program. (See more on page 158 or go to: RockValleyCollege.edu/CLR)
- Stenstrom Career Education Center (SCCE), 4151 Samuelson Road (61109), home to Automotive and Welding Programs, BPI, TechWorks, as well as some Adult Education classes, and Traffic Safety (just east of Rockford Jefferson High School).
- North Main Street Center (NMST), 303 N. Main Street (61011) [in the Supply Core Building], houses the Workforce Development: “employment-based” Adult and Dislocated Workers Program (DWP), Elevate (Youth) Program, plus Refugee and Immigrant Services.
- Rock Valley College Downtown (RVCD), 99 E. State Street (61104) [second floor, Rockford Register Star building] home to college-level credit classes, including some Graphic Arts Technology (GAT) classes, Developmental Education, and Adult Education.
- Cold Forming Training Center (CFTC), 424 Buckbee Street, Rockford, IL 61104, home to TechWorks Cold Forming and Cold Heading Classroom Training. [Cold Forming is a manufacturing process through which a series of die parts are pressed into specific shapes at present temperature.] (See more on page 158.)
- Community Sites, RVC’s Community and Continuing Education (CCE) classes are held throughout its district. (See more on page 159 or go to: RockValleyCollege.edu/CCE)

RVC SOCIAL MEDIA

Follow Rock Valley College on all of our social media platforms to stay connected, find out what’s happening on campus, and learn important tips to keep you on track as a student! You can also check out our blog: RVCInsider.com.

Rock Valley College continues to grow and strengthen lifelong learning opportunities and to develop innovative partnerships that offer social, economic, and cultural enrichment to the community.
About the College – Key Dates

COLLEGE MARKINGS
1965-1972: College Colors – Maroon & Gold; Mascot – Trojans
1972-1995: College Colors–Brown & Gold; Mascot – Trojans
1989: Clock on Bridge – Gift of Alumni, Student Commission, and RVC Foundation
1996: Wooden Mace – crafted for yearly Commencement Ceremony, from campus oak tree (struck by lightning)
1995-2014: College Colors – Navy Blue & Gold; Mascot – Golden Eagles – Reggie the Eagle
February 5, 2014-present: College Colors – Navy Blue & Gold; Mascot – Golden Eagles – Arvee the Eagle

BEGINNINGS
Prior to October 1964 Referendum: RVC original “Symbol-Logo” designed (which includes a small circle depicting the individual within the college environment, the widening circles surrounding the individual represent and symbolize the college, and the broadening community in mutual effort of growth industry development and community progress in which we study, work, and live.) In more recent years, these circles have also been known to illustrate the vision of Rock Valley College as making a difference through teaching, learning, and leading.

October 10, 1964: college established (after a district-wide vote, when a referendum was approved, after a two-year study establishing the need for a community college).

December 1964: first Board of Trustees elected.

May 13, 1965: the Board of Trustees selected the 217-acre Spring Brook Farm owned by Dr. and Mrs. Rogers, on the northeast corner of Mulford and Spring Brook Roads, now considered the Main Campus.

September 29, 1965: “Opening Day” classes began (at the Naval Reserve Center on 15th Avenue in Rockford and Harlem High School, now Harlem Junior High School in Loves Park).

50th Anniversary Celebrations: in 2015, all year long we honored our 50 years, from 1965-2015, through weekly “50th Fridays history flashbacks,” with special events, including an Ice Cream Social, “The Sound of Music” outdoor movie viewing, the Golden Futures 5K, “A Day at RVC,” and “Where Dreams Take Flight” 50th Anniversary Gala.

COLLEGE PRESIDENTS
April 1965: Dr. Clifford G. Erickson (1966-1968) became the 1st president and the college was named “Rock Valley College.”

November 15, 1968: RVC’s first President Cliff Erickson stepped down; Robert Appel served as acting president for two months.

January 20, 1969: Dr. Karl J. Jacobs (1969-1997), became RVC’s 2nd president. [President Jacobs was instrumental in the conception and implementation of the Technology Center and its programs opening in 1988.]

July 31, 1997: President Jacobs retired (after 27+ years of service).

September 1997: Dr. “Chip” (Roland J.) Chapdelaine (1997-2004) was selected as the 3rd president.

End of 2003: the Rock Valley College Board of Trustees unanimously voiced a need for a change in presidential leadership. The Board hired an interim (4th) president, Dr. John H. Anderson (2004) (who oversaw the visit by the Higher Learning Commission of the North Central Association leading to Rock Valley College receiving a 10-year accreditation).

November 9, 2004: 5th president, Dr. Jack J. Becherer continued the vision of teaching, learning, and leading. [A student success model was developed and an enrollment management plan to encourage high school seniors to start college at RVC. Developed partnerships with local businesses and the community offering students training leading to good jobs, providing the region with a stronger workforce.]

Early 2014: President Becherer retired.

April 2014: Mike (Michael D.) Mastroianni (2014-2016) named the 6th president of Rock Valley College. [An employee since 1998, a lifelong resident of the Rockford area, and first president to be an RVC alumnus, retired in late 2016.] Under his leadership, the college established new facilities (ACEC and RVCD) and partnerships (associate degree in engineering from RVC and go on to earn a bachelor’s in engineering from NIU and with OSF Saint Anthony Medical Center providing seamless transfer for RVC nursing students to continue their education and pursue bachelors, masters and doctoral degrees in nursing.)

October 10, 2016: Dr. Douglas J. Jensen (2016-present), named the 7th president of RVC. In addition to being a community college graduate himself, and has over 35 years of community college experience. Under his leadership, the partnerships with NIU, OSF, and AAR truly began to take shape. His commitment to economic, workforce, and community development, the college is implementing exciting new initiatives that will meet the needs of the community, while continuing to strengthen partnerships with four-year colleges and universities to increase and promote articulation and transfer opportunities.

MAJOR BUILDING CONSTRUCTION & RENOVATIONS, PLUS CAMPUS ENHANCEMENTS
Summer 1966: on the Main Campus, “temporary buildings” for classrooms and offices were constructed, known as Bldg. A, Bldg. B, and Bldg. C; and buildings from the original farm – the farmhouse was named Bldg. E (Administration); the barn-Bldg. F (home to Studio Theatre) and a small building west of the barn – Bldg. G (currently the Piano Lab).

October 15, 1967: groundbreaking for permanent buildings (rural gothic design, including granite from the Midwest and redwood from California).

Fall 1969: three permanent buildings were completed on the east side of the campus Spring Creek: Boiler House, Classroom Building I (CLI), and Classroom Building II (CLI).

End of 1971: three more permanent buildings were completed: on the east side of the creek – the Educational Resource Center (ERC) [Library on the first and second floors, Performing Arts Room (PAR) on the ground floor]; on the west side of the creek – both the Physical Education Center (PEC) and Student Center (SC).

July 1, 1983: Dislocated Workers Program began with grant funding, set up at Bell School Road Center (formerly Bell Grade School, college-owned).

Summer 1983: Starlight Theatre was transformed with a permanent seating shell, light booth, and stage as a result of community leader-led fundraising for a “Community Arts Center” and named the “Bengt Sjostrom Theatre” (in honor of a major benefactor).

January 1988: Technology Center opened north of the PEC.

Late 1990s: Bell School Road Center (BELL) was renovated and became home to the Center for Learning in Retirement (CLR).

Summer 1997: Fresh Beginnings, Dislocated Worker Program (DWP), and Refugee Training Program moved from BELL to the Illinois Job Training Center at 3134 11th Street (renamed The Workforce Connection in 2005).

1999: Board of Trustees facilities master plan projects began (looking 25 years into the future):
- enhancements to the athletic fields
- perimeter road added connecting both sides of campus

Mid-2001: A ranch-style house was purchased at 6520 Spring Brook Road, called the Spring Brook House (SBHS) to house Institutional Advancement, which included the RVC Foundation, Marketing, and Public Relations.

2001: On October 16, Stenstrom Center for Career Education (SCCE) named for RVC Foundation donors Robert and Jan Stenstrom.

November 13, 2001: the Technology Center was renamed the Woodward Technology Center (WTC) (RVC Foundation campaign; donor: Woodward Governor Co./Charitable Trust).

2001 – 2003: the Starlight Theatre’s Bengt Sjostrom Theatre (BST) was transformed architecturally with a one-of-a-kind, state-of-the-art, open-air, star-shaped roof.

### About the College – Key Dates

#### MAJOR BUILDING CONSTRUCTION & RENOVATIONS, PLUS CAMPUS ENHANCEMENTS (continued)

**Fall 2003:** Support Services Building (SSB) opened [houses: Human Resources; Rock Valley College Police Department; Financial, Business, Print, and Mail Distribution Services; plus Facilities, Plant Operations, and Maintenance].

**2003 through 2009:** Renovation and expansion of 1970s-era campus buildings

- **2003-2005:** In 2003, the Student Center (SC) was updated to be a “one-stop-shop” with registration, academic advising, and payment functions in one location. During early 2005, 9,000 sq. ft. was added to the Student Center [enlarged campus bookstore, added Atrium for students, programs, lectures, and entertainment].
- **2004 - 2006:** In the Spring Brook House (SBHS), in what use to be the garage, apartment space was built and used by International Visitors.
- **2006-2007:** Educational Resource Center (ERC), first and second floors were remodeled and a “front door to the community” was added. On August 7, 2007, the college Library was named in honor of Estelle M. Black [founding employee of the RVC Library, Assistant Director of the Rockford Public Library, civic leader, accomplished library leader].
- **2009:** Physical Education Center (PEC) finished a 16-month renovation [green-build philosophy, College awarded gold level LEED status (Leadership in Energy and Environmental Design) – the first project of its kind in the Rockford area at the time].
- **June 30, 2009:** Dislocated Workers Program and Refugee & Immigrant Services moved from 11th Street to join with IL Workforce Connection/Unemployment Office at 303 N. Main Street (Supply Core bldg.).
- **August 5, 2010:** beam signing ceremony for new Science and Math building [first new classroom building to open since 1988; goal – create a building to fulfill environmental, aesthetic, and classroom-laboratory needs for students and faculty in mathematics, life and physical sciences].

**October 18, 2010:** downtown RVC presence established; separate campus facility opens – the Learning & Opportunity Center (LOC), in Stewart Square, 308 W. State St., Suite 250. [Credit, Developmental English and Math classes, as well as a Cohort Program, Placement Testing, Financial Aid, and Workshops.]

**August 16, 2011:** grand opening and naming of Karl J. Jacobs Center for Science and Math (JCSM) in honor of RVC’s longest serving president. [106,000 sq. ft., includes multiple science labs, resource labs, and 14 classrooms. Numerous innovative sustainable technologies were incorporated into the building and RVC received its second LEED Gold certification for its design.]

**Fall 2014 – Fall 2015:** LOC moved from Stewart Square into the 303 N. Main Street (Supply Core bldg.) offices.

**2014:** Public Relations/College Communications relocated from the Spring Brook House (SBHS) to Administration-Building E.

**Between 2013 & 2017:** Complete renovation and expansion of Classroom Building I (CLI) increased the number of and seating capacity of classrooms, modernized infrastructure, and added student collaborative study spaces throughout the building. As a state-funded, Capital Development project, renovation of CLI came to a halt (lack of an Illinois budget) in early 2015, for more than a year. Assurances between RVC and the state of Illinois led the college to resume construction again in mid-2016 through summer 2017.

**April 16, 2015:** announcement of a new “Health Sciences Center” (HSC) building with four-floors, 118,084 sq. ft., classrooms, and labs. RVC’s programs will include: Nursing (CNA and RN), Dental Hygiene, Fire Science (EMT/Paramedic), Phlebotomy Technician, Respiratory Care, and Surgical Technology. In a collaboration, St. Anthony College of Nursing will occupy top two floors of the building and offer bachelor’s, master’s, and doctoral degrees.

**August 24, 2015:** Aviation Career Education Center (ACEC) opened for classes, at the Chicago-Rockford International Airport at 6045 Cessna Drive. [40,000 sq. ft. facility has four classrooms, four labs, and an aircraft hangar.]

**January 26, 2016:** at donor’s request, Stenstrom Center for Career Education (SCCE) building was renamed the Samuelson Road Center (SAML).

**Spring 2016:** Studio Theatre’s final season of plays were performed in the Barn-Building F.

**Fall 2016:** RVC Downtown (RVC) location opens. Credit courses meet in newly equipped classrooms on the second floor of the Rockford Register Star building at 99 E. State Street. The location also serves as office space for Adult Education’s GED, ABE, and ESL staff.

**November 16, 2016:** Cold Forming Training Center (CFTC) Open House at 424 Buckbee Street.

**December 1, 2016:** Engineering Our Future: RVC and NIU held an Unveiling and Honor Recognition Event, sponsored by the RVC Foundation, at the newly remodeled Woodward Technology Center (WTC).

**June 2017:** the Samuelson Road Center (SAML) location was renamed the Stenstrom Center for Career Education (SCEE) again.

**August 25, 2017:** Health Sciences Center (HSC) Ribbon Cutting and Open House (at the north end of the Main Campus) and reopening of the renovated CLI.

**October 2017:** the Marketing Department relocated from the “garage” offices in the Spring Brook House (SBHS) and College Communications from Building E to the Support Services Building (SSB) to become one department – Communications and Marketing.

**November 9, 2017:** Engineering Our Future: the RVC Foundation held a dedication in the WTC of the “CLARCOR Center for Innovation” in support of NIU/RVC.

**November 13, 2017:** RVCare (an onsite employee Health & Wellness Clinic) Ribbon Cutting & Open House at the Spring Brook House (SBHS) on the southeast corner of the Main Campus. The former “garage” offices were updated for occupancy by the RVC Foundation.

### PROGRAMS & ACADEMICS

**Fall 1966:** classes started on the Main Campus.

**August 3, 1967:** Starlight Theatre's first production.

**1968:** the Aviation Maintenance Technology Program opened at an off-site location at the Rockford Airport on Falcon Road.

**Spring 1969:** first Nursing class of 18 students (who began their journey when the program started in 1967) received their Associate in Science degree at the 1969 commencement ceremony.

**In 1971:** RVC achieved recognition status with the North Central Accreditation group, which granted the college full tenure accreditation.

**1980s:** expanded its liberal arts programs

- built vocational training programs
- established a strong link with the area’s high schools
- established a full range of community education programs:
  - GED and ESL education
  - music, drama, cultural events
  - massage therapy for allied health personnel
  - Whiz Kids’ College
  - classroom training in use of “the personal computer”

**Each February since 1981:** The Regional ICTM (Illinois Council of the Teachers of Mathematics) High School Mathematics Contest, held in several buildings on the Main Campus, involves approximately 600 students from up to 30 area high schools who compete in four divisions in 10 events. Students and high schools that qualify advance to the State Finals at the University of Illinois – Urbana Champaign in early May. This large event takes great teamwork, including the Mathematics Faculty and RVC math students who help with judging, proctoring, and grading.

**Every January/February since 1978:** Academic Challenge which has also been known as “WYSE” (Worldwide Youth in Science and Engineering) and “TEAMS” (Test of Engineering Aptitude, Mathematics and Science) is a statewide competition among high school teams and individual students. RVC has hosted the regional tournament of 10-12 high schools and 230-250 students for over 40 years.
WELCOME
About the College – Key Dates

PROGRAMS & ACADEMICS (continued)

Since 1984: the second Saturday of every February there is an “Annual Area Jazz Festival.” The day begins at 9 a.m. and there are Morning Performances by area middle and high school musicians until 11:50 a.m., who have the opportunity to work closely with a special guest clinician or soloist who are top jazz educators and performers, with an afternoon clinic until 2:30 p.m. There is an Evening Concert at 7:30 p.m., featuring the year’s special guest and both the Rock Valley College Jazz Ensemble and RVC Community Jazz Ensemble who (since 2000) have been directed by the Jazz Festival’s Coordinator, RVC Music Faculty, Ken Stein.

Since March 1984: RVC has hosted the “Science Olympiad Regional Competition.” Over 500 middle and high school students compete for a chance to advance to the state tournament in April. It takes place in many buildings on the Main Campus.

Since April 1985: “Writing Awards Ceremony” – a Writing Award is an honorary recognition of students displaying an exceptional skill in writing in Composition and Literature classes. Students enrolled in credit-level courses who demonstrate outstanding ability in the craft of writing are eligible. The annual awards ceremony includes an address by a featured keynote speaker, a conferral of awards, and a reception. At the spring semester ceremony, administrators, faculty, and staff of the college acknowledge and celebrate these students’ accomplishments in writing. Special Awards are also part of the Awards Ceremony.

Voices literary and arts magazine is produced by students and offers students a comprehensive, hands-on introduction to the management of a magazine. Students engage in the various stages of magazine publication, including creative writing, solicitation of materials, aesthetic decision-making, advertising, layout and design, and promotion and sales. Award winners for Poetry, Fiction, Photography, Art.

Each year, the Illinois Community College Trustees Association sponsors the statewide “Paul Simon Student Essay Contest.” Students who enter the contest are asked to write an essay of no more than 500 words on the theme “How My Community College Has Changed My Life.” Entries are judged on the basis of writing style, clarity of expression, and relevance to the topic. Only one essay from each Illinois community college is selected for entry in the statewide contest. Award winners: 1st, 2nd, and 3rd Place.

Every March/April since 1992: Annual Mathematics Awards – applications are submitted to Math Faculty Paul Gursul, by RVC Math students, for the Gustafson Math Award = $1000 & Plaque & the Mitchell Math Award = $750 & Plaque, given near the end of the spring semester.

Every March since 1994: The “Youth Groundwater Festival” is held on RVC’s Main Campus during RVC’s Spring Break in conjunction with National Groundwater Awareness Week each year. As many as 650 area 4th and 5th grade students participate in fun, hands-on activities to learn about groundwater and its protection. This festival is especially important given the risk of groundwater contamination in Northern Illinois due to its sensitive geology combined with industrial, agricultural, business and personal activities in the area. Event organizers include individuals from Rock Valley College, Winnebago County Health Department, Burpee Museum of Natural History, League of Women Voters of Greater Rockford, the Rockford Park District and the Northern Illinois Regional Groundwater Protection Planning Committee.

Since 1999: The RVC Veterans Club and Financial Aid Office work together to honor all those who have served in the armed forces. Every year on November 11, programming is created to celebrate and acknowledge the service of all RVC staff, faculty, student and community members. Since its conception, the Korean War Veterans have opened the celebrations as our color guard and have agreed to do so as long as they are able-bodied. Highlights always include a little known/new resource available to the veteran community. Resource table manned by area veterans organizations, veteran owned business, and veteran community members make the event engaging and interactive for all who attend.

2000-2002: addition of Programs and more building renovations:
  – Career Development Academy at 4151 Samuelson Road (the former Rockford Vo-Tech High School)
  – Dental Hygiene Program
  – Graphic Arts Technology Program
  – Mass Communication Program (Main Campus, ERC)

April 27, 2001; May 8, 2002; April 24 & 25, 2003; April 22 & 23, 2004; April 21 & 22, 2005; April 20 & 21, 2006; April 17 & 18, 2008; April 22 & 23, 2010; April 14 & 15, 2011; April 26 & 27, 2012; April 11 & 12, 2013; April 10 & 11, 2014; April 16 & 17, 2015: “Healthcare Career Fair” (HCCF) Rock Valley College and the three Rockford-area health organizations (OSF Saint Anthony Medical Center, Rockford Health System and SwedishAmerican Health System) co-sponsored an event, every April/May (on Thursday evenings to the general public and Friday daytime mostly high schools) to promote an awareness of medical career options, with hands-on exhibits and interactive booths in the PEC, including emergency vehicles and helicopters. Attendees of all ages could also visit a simulated operating and emergency room.

Since 2002: at the end of each spring semester, the History Faculty invite their nominated students to an “Annual History Achievement & Excellence Awards.” There are also three specialty awards: “Lloyd Hoshaw Excellence in History Award” (named after long-time history faculty member from 1965-2003), “Donnie Logan Memorial Scholarship,” and “Amanda Bement ‘Touching Lives’ Award.”

Since March 2003: “Science Olympiad” is a national non-profit organization dedicated to improving the quality of K-12 science education, increasing student interest in science, creating a technologically-literate workforce, and providing recognition for outstanding achievement in science education by both students and teachers. These goals are achieved by participating in Science Olympiad tournaments and non-competitive events, incorporating Science Olympiad into classroom curriculum and attending teacher training institutes. It is held in seven buildings on the Main Campus with middle and high school students from the Rockford and Elgin, Illinois areas.

Since 2003: The “International Showcase” is a Friday evening November tradition. This a wonderful, multicultural celebration of the many cultures our student body represents. The event begins with an hour dinner and then a two-hour showcase of dance, music/song, art, history, lifestyle, and clothing/fashion show. This event takes place at Stenstrom Center and is coordinated by the International Student Services (ISS) department and sponsored by the Multicultural Student Club.

April 2003-2006: “Community Earth Day Celebration” – Community organizations, businesses, and educational institutions in the Rockford area gathered to educate the community about all the ways in which Rockford is a Green City as well as a Tree City, led by Environmental/Life Sciences.

Since 2005: the Modern Languages faculty have organized “International Movie Nights/Foreign Language Film Appreciation Series.” The movies are offered monthly during the spring and fall semesters (uninterruptedly), and are chosen for historical, multicultural perspectives to raise awareness of diversity.

In 2006: Computers and Information Systems (CIS) division signed an agreement with Apple (formerly Apple Computer, Inc.) technology company to bring “iTunes U” service for faculty to podcast courses.

Beginning in 2009: PAIC (Promoting An Inclusive Community) committee was formed, with the Mission Statement – To lead the College community by enhancing and sustaining an institutional culture of equity and social justice that fosters diversity and inclusion. The original PAIC logo was designed as part of a student competition fall 2010. RVC students were asked to explore fundamental components of diversity and use their
Artistic skills to capture their understanding and vision of an inclusive community. Amphone Thammavong was the Grand Prize Winner.

The PAC logo has been displayed campus-wide ever since as a visual representation of Rock Valley College’s commitment to inclusion.

Also, in conjunction, the Safe Zone Program was formed and a logo designed to be put on employee office doors providing a network of safe and supportive allies to the LGBTQA+ community at Rock Valley College. The goal of this program is to provide a welcoming environment for lesbian, gay, bisexual or transgender persons by establishing an identifiable network of supportive persons who can provide support, information, resources, and a safe place for LGBTQA+ persons within our campus community.

**Fall 2009:** RVC’s Electronic Engineering Technology department launched the Sustainable Energy Systems program and entered into a formal relationship with Freedom Field Renewable Energy, a living laboratory and sustainable energy proving ground, enabling RVC students to work with state-of-the-art power generation systems.

Since May 2009: The “Sankofa Ceremony” recognizes the achievements of African American students, both graduates and completers. The idea was conceived by Professor Theresa Gilbert (Comp & Lit Faculty) and cosponsored and organized by the Black History and Culture Committee and Student Life. It is held on the Main Campus, Student Center-Atrium. It is attended by administrators, faculty, staff, community leaders, and students and their guests the same week as the mid-May Commencement Ceremony.

Since Spring 2010: RAISE (Rock Valley Academic Institute for Successful Employment) program was established in a collaborative initiative involving Rock Valley College, local not-for-profit organizations, and local school districts to provide opportunities for adults who have intellectual disabilities who deserve to live rich, meaningful lives, and to be integrated into their community as fully as possible to participate in: inclusive post-secondary academic instruction, and develop independent living, social, and work readiness skills. Most courses are held on the RVC Main Campus.

**Beginning in 2011: David H. Caskey Memorial Lecture Series for the Advancement of the Social Sciences –**

**March 2, 2011:** Inaugural Caskey Lecture – Keynote Speaker Sister Helen Prejean has been instrumental in sparking national dialogue on the death penalty and helping shape the Catholic Church’s newly vigorous opposition to state executions. She is the author of Dead Man Walking: An Eyewitness Account of the Death Penalty in the United States and The Death of Innocents: An Eyewitness Account of Wrongful Executions.

**March 26, 2013:** 2nd Caskey Lecture – Keynote Speaker Maude Barlow, Topic “The Global Water Crisis – Coming to our Great Lakes.”

**April 3, 2014:** 3rd Caskey Lecture – Keynote Speaker Eric Schlosser, Topic “Nuclear Weapons, Our Aging Nuclear Arsenal and the Illusion of Safety.”

**March 26, 2015:** 4th Caskey Lecture – Keynote Speaker Bassam Tariq, Topic “The Muslim World, What are we afraid of?”

**March 31, 2016:** 5th Caskey Lecture – Keynote Speaker Robin Wright, Topic “Syria, The World’s Greatest Humanitarian Crisis.”

**April 19, 2017:** 6th Caskey Lecture – Keynote Speaker Luis Rodriguez, Topic “Regeneration in Times of Crisis.”

**April 16, 2018:** 7th Caskey Lecture – Keynote Speaker Chris Stedman, Topic “Faithheist, Finding Our Common Humanity and Building Bridges Across Lines of Religious Difference.”

**April 23, 2019:** 8th Caskey Lecture – Keynote Speaker Dr. Mona Sue Weissmark, Topic “Diversity and Social Justice.”

**August 16, 2011:** With the grand opening of the Karl J. Jacobs Center for Science and Math (JCSM) – brought us a state-of-the-art and LEED certified Science and Math building equipped with a greenhouse.

**January 2013:** CIS division started offering an iOS Mobile App Course to create iPad and iPhone apps.

**Since 2013:** “Hispanic Heritage Month” (HHM) is the celebrated September 15 – October 15. A variety of events offered (during those dates) to recognize the contributions made by Hispanic and Latinos to celebrate culture and traditions. Some of the events may include: Celebration Kick-off, Aztec Stories Workshop, Film Showings, Performances, Workshops, or a Field trip to the National Museum of Mexican Art. HHM includes RVC students, employees, and community members. Most events all usually held on the Main Campus or at SCCE.

**Every October 23rd since 2013:** Annual “Mole Day” event sponsored by the Physical Science division in the JCSM. The event is held on October 23rd in honor of Amedeo Avagadro, who is credited with the term “mole” which is defined by the quantity 6.02 x 1023. The event is open to all students, but primarily publicized for the chemistry students. The event hosts local businesses what use chemistry on a everyday basis and draws 200-250 students. Businesses will inform students which classes to take to be employed by the company and also discuss potential internships.

**January 2015:** CIS division received a grant that sends a robot named DESTIR to class to allow guests to visit campus remotely.

**Since April 2015:** “Earth Month (April) Movie & Lecture Series” – Environmental leaders in the community give presentations and view documentaries of environmental concern are organized for students and the community alike. Organized by Life and Physical Sciences Faculty and held in the JCSM.

**Every October since 2015:** National Chemistry Week Event – “Demos After Dark” in the JCSM, is open to the public and well attended. Chemistry demonstrations are driven by Chemistry Club students with Faculty in supporting roles. There are hands-on experiments in the hope of interesting young children to high school students towards learning within chemistry, and engaging the community in the wonders of science. (Some experiments are done outside in the dark; hence, “Demos After Dark.”)

**December 2015:** CIS division started offering a monthly “Hour of Code” workshop open to the public and in the first year had 320 people complete the workshop.

**January 2016:** The CIS division purchased the KUBI robot to help students with disabilities attend class.

2016: Federally funded (5-year grant), locally administered TRIO program began to help students successfully complete college.

**March 23, 2016 & April 5, 2017, this “Healthcare Career Fair” event was held from 12-3pm at Rockford University in the Burpee Center. This was an employment opportunity career fair for employers to hire people. People would go with resumes in hand, dressed for interviewing, for employment or internship opportunities.

**Spring 2016:** RVC and Northern Illinois University (NIU) enroll their first bachelors-and-masters level degree programs.

**August 22, 2016:** A new location opened in downtown Rockford – RVC Downtown (RVCD). Located on the second floor of the Rockford Register Star building at 99 E. State Street, RVCD combined the former downtown Learning & Opportunity Center (LOC) with the Adult Education Program from SCCE. Newly equipped classrooms overlook the Rock River. Offerings include college-level credit courses, selected courses in Graphic Arts Technology, (GAT), and Developmental Education classes. As the new home for Adult Education programs, RVCD’s central location provides residents opportunities to complete the General Education Development (GED)/High School Equivalency (HSE), Adult Basic Education (ABE), and English as a Second Language (ESL).

**December 1, 2016:** “Engineering Our Future” partnership announces $4.5 million fundraising milestone at Ribbon Cutting Woodward Technology Center (WTC).
PROGRAMS & ACADEMICS (continued)

As of October 2017: the “Illinois Science Olympiad” (ISO) program has partnered with the global biotechnology company Thermo Fisher Scientific Inc. at RVC with local teams, coaches, students, and parents that are interested in learning more about the competition. The workshops are run by local employees of Thermo Fisher who give participants the opportunity to actually build ISO projects and get experience with the various experiments run during the competition. The all-day event has increased the excitement that ISO has given local STEM enthusiasts for over 30 years. In addition to their workshops, they have been integral in the running of the ISO Regional competition held each March at RVC by providing lunch and giveaways to competition students.

November 7, 2017: “Engineering Our Future” campaign concludes. Donors to RVC Foundation give $5M, which is supplemented by $1.5M from the Community Foundation of Northern Illinois for students to attend the NIU @ RVC Engineering Program.

Summer 2018: With several high schools, RVC embarks on high school pathways model designed to provide students with a clear track to education, training, and credentials. Purpose-driven goal is to better align regional educational investment with economic opportunity. Strategic initiatives begun include “Linking Talent with Opportunity,” a workforce development program, and visioning of an Advanced Technology Center (ATC) as a catalyst to propel the region further into the forefront of modern, global technologies through innovative workforce development.

March 8, 2018 & March 14, 2019, the HCCF was revamped into the “HealthCon,” event – in a collaborative effort – including the three Rockford-area health organizations (OSF Saint Anthony Medical Center, Mercyhealth, and SwedishAmerican Health System), as well as Crusader Clinic and Physician’s Immediate Care and is now located in the HSC. It is an all-day event and 180 students in their Junior year in High School, interested in a career in healthcare, were invited. In 2018, the pilot year, started with RPS 205, it was attached to the Medical Terminology course that Juniors took. In 2019, it was opened up to five RPS 205 schools plus Harlem, Hononegah, and the two Belvidere High Schools.

July, 2018: The college began exploring exciting new initiatives in high school pathways and workforce development to meet the needs of the community, while continuing to strengthen partnerships with four-year colleges and universities to increase and promote articulation and transfer opportunities.

Piloted in August 2018: “STEM Camp” (known as STEM Saturdays) has become a monthly offering through Community & Continuing Education (CCE) in the JCSM and Bell School Road buildings. It is open to 5th–8th grade students in order to stimulate interest in Science, Technology, Engineering, and Mathematics, by putting together projects, on sight using repurposed materials, motors, and various type and size of interlocking blocks. Each project is combined with a lesson and discussion on how the project relates to our current scientific theme. Some projects have included: creating an LED flower in a pots, balloon-powered vehicle, a bubble-blowing machine, and simple computer coding.

August 22, 2018: Both credit and non-credit classes will be offered at Belvidere North High School.

Summer, 2018: With several high school districts, served by RVC, the college embarked on a high school “Pathways” model designed to provide students with a clear track to education, training, and credentials. A purpose-driven goal is to better align regional educational investment with economic opportunity.

Strategic initiatives begun include “Linking Talent with Opportunity,” a workforce development program, and visioning of an Advanced Technology Center (ATC) as a catalyst to propel the region further into the forefront of modern, global technologies through innovative workforce development initiatives and to create a community culture that values and promotes advanced technologies and manufacturing as a critical element to its future. The ATC will address the needs of business and industry by educating a marketable workforce for the Rockford region that will lead residents to well-paying jobs with long-term career opportunities, thereby fulfilling the college’s mission to empower students and the community through lifelong learning.

January 15, 2019: The most recent partnership the college has engaged in is a new agreement with AAR that will grow the highly-skilled talent needed to meet the future demands for aviation maintenance technicians in our region. RVC is just the second higher education institution in the country selected by AAR to be a part of the “AAR EAGLE Career Pathway Program.” Students who qualify for and complete the program will find employment as a Level III Technician at AAR, where they can earn total compensation (base salary, overtime, benefits, and tuition assistance) totaling over $50,000. AAR will then provide these employees with opportunities to continue their education and advance to Level II and Level I technicians if they desire. The program can also lead to supervisory and quality control jobs within AAR that pay up to $80,000 a year. EAGLE Pathways includes job shadowing and mentoring components to successfully guide students through the program.

April 11, 2019: The RVC Students for Responsible Environmental Sustainability (SRES) Club which is involved in several service projects each year received the Keep Northern Illinois Beautiful Earth Day Hutchcroft Youth Award in the College category.

SPORTS / ATHLETICS & BOOSTER CLUB

Since 1973: The Rockford Valley College Athletics Booster Club has made it possible for RVC’s sports teams to take spring trips to Florida, Texas, and Arizona, purchase national championship rings and other items to honor our championship teams and at times have stepped in and purchased essentials like uniforms and equipment. Annual events like the “Golf Classic” and “Taste the Hops” are great opportunities for members to socialize and meet, as well as raise money to assist our athletes in reaching and sustaining a level of academic and athletic excellence.

Since June 1989: The RVC Athletics Booster Club’s “Annual Golf Classic – A Scramble at Elliot Golf Course” begins at 11am with registration, lunch, and free use of the driving range, the Shotgun Starts at 1pm, then followed by dinner at 6pm with auction and prize drawings at 7:30pm.

Since October 1999: The RVC Athletics Booster Club’s Annual “Taste the Hops” Beer Tasting event gives the opportunity to sample from a wide selection of unique beers throughout the night! Taste the Hops also features live and silent auctions, raffles, food, music, and dancing. All proceeds benefit the athletics programs at RVC.

Since February 2013: The RVC Athletics Booster Club established the “RVC Athletics Hall of Fame” to honor and remember the outstanding contributions of coaches and players to the athletic program’s success on and off the field. There is a special Ceremony and Banquet each year inducting them and both they and their family’s are invited as well as former Inductees are invited back. From 2013-2019 there have been either 45 individuals or teams inducted, as well as two “In Memoriam” Coaches – Chuck Behrends (Men’s Basketball Coach, 1966-1985) and Heidi Hutchison (Volleyball Coach, 1993-1999; Women’s Basketball Coach, 1993-1996).

Since January 2014: “Rumble in the Rock” is held at RVC in the PEC on a Saturday in January. An all-day basketball showcase competition with four Rockford Public Schools District 205 high schools (Auburn Knights, East E-Rabs, Guilford Vikings, and Jefferson J-Hawks) varsity girls and boys teams. In addition, both the women’s and men’s teams RVC teams play against one of the teams in their Division. The games begin around 10am and the last game begins at 8pm. The event is sponsored by RVC Golden Eagles, Rockford Public Schools, Radio Station –1380 the Big AM, and WIFR Channel 23.

Since 2015: The “Rising Stars Classic” has been held at RVC in the PEC in March or April. The Rising Stars Classic has brought the Northern Illinois area together in basketball since 1996. Every year, one Girl and one Boy gets named MVP of the event. It brings the best of the best in high school basketball head-to-head. They call the teams: “All-Area” and “NIC-10.” Players and coaches are selected by a media panel of writers and broadcasters. The panel decides on players from Winnebago, Boone, Ogle, and Stephenson Counties or the NIC-10, Big North West, and the NUIC conferences. The Girls game begins at 6pm and the Boys game begins at 8pm. In 2019, two more games were added including Middle Schools: Girls game began at 4pm and the Boys game began at 5pm. Proceeds benefit the programs and services of the RVC Athletics Booster Club.

June 2019: On the 30th anniversary, RVC Golf Classic was renamed, “Chuck Behrends Memorial Golf Classic,” presented by the RVC Athletics Booster Club.

See more Athletics info (All-Americans, Coach of the Year, Championships) on page 52.

High Schools within College District No. 511

Public high schools in the service area:

- Rockford Auburn
- Rockford East
- Rockford Guilford
- Rockford Jefferson
- Belvidere
- Belvidere North
- Byron
- Durand
- Machesney Park Harlem
- Rockton Hononegah
- Oregon
- Pecatonica
- North Boone
- South Beloit
- Stillman Valley
- Winnebago

Private high schools* in the service area:

- Boylan Catholic
- Christian Life Schools
- Firstborn Christian Academy
- Keith Country Day
- Rockford Lutheran
- Lydia Urban Academy-Rockford
- North Love Christian
- Our Lady Sacred Heart Academy
- Regents Christian Academy
- Rock River Academy
- Rockford Christian Schools
- Rockford Iqra’ School

*List of schools provided by the National Center for Education. This list may not reflect all private high schools in the RVC district.
# Academic Calendar 2019-2020

## 2019 SUMMER – SESSION I –
- FOUR-WEEK SESSION (14 days, plus 1 final exam day)
  - May 20 - 24 (Monday)* · Classes Begin
  - May 27 · College Closed
  - June 2 - 5 (Wednesday) · End of Classes
  - June 13 · Final Exams
  - June 16 · Grades Due By 11:59 p.m. Sunday Night

## 2019 SUMMER – SESSION II –
- EIGHT WEEK SESSION (28 days, plus 2 final exam days)
  - FOUR-WEEK SESSION (14 days, plus 1 final exam day)
    - June 17 - 21 (Monday)* · Classes Begin for First 4-week and 8-week Sessions of Session II
    - July 4 · No Classes/College Closed
    - July 11 · Final Exam Day for First 4-week classes of Session II
    - July 11/12 · No Classes for 8 week classes/College Open
    - July 15 · Classes Begin for Second 4-week Session of Session II
    - August 6 · End of Classes
    - August 7/8 · Final Exams for Session II
    - August 11 · Grades Due By 11:59 p.m. Sunday Night

## 2019 FALL SEMESTER
- August 17 · Weekend Classes Begin
- August 19 · Weekday Classes Begin
- August 31, September 1, 2 · No Weekend Classes/College Closed
- September 3 · Faculty & Staff Development Day/No Classes/Offices Closed
- November 27 · Fall Recess/No Classes/College Open
- November 28, 29, 30, December 1 · No Classes/College Closed
- December 6 · End of Weekday Classes
- December 7 · End of Weekday Classes
- December 9 - 13 · Final Exams for Weekday Classes
- December 14 · Final Exams for Weekend Classes
- December 15 · Grades Due by 11:59 p.m. Sunday Night
- December 21 - 25 · No Classes/College Closed
- December 26 - 27 · No Classes/College Offices Open
- December 28 - January 1 · No Classes/College Closed

## 2020 SPRING SEMESTER
- January 2 · Offices Open
- January 10 · Faculty Development Day/College Open
- January 11 · Weekend Classes Begin
- January 13 · Weekday Classes Begin
- January 20 · No Classes/College Closed
- March 8 - 15 · Spring Recess - No Weekday or Weekend Classes
- March 16/21 · Weekday / Weekend Classes Resume
- April 9 · Faculty & Staff Development Day/No Classes/Offices Open
- April 10, 11, 12 · No Classes/College Closed
- May 2 · End of Weekend Classes
- May 8 · End of Weekday Classes
- May 9, 11, 12, 13, 14, 15 · Final Exams for Weekend & Weekday Classes
- May 15 · Commencement Exercises
- May 17 · Grades Due By 11:59 p.m. Sunday Night

---

* Most classes (16-week) begin this week. Check class schedule for specific dates.
* Deadlines vary for courses less than 16 weeks in length.
* Contact the Records and Registration Office for specific dates at (815) 921-4250.

Rock Valley College Foundation

Established in 1979, the Rock Valley College Foundation, a 501(c) (3), was founded to help remove the financial barriers facing our students, provide additional funding to enhance the educational experience and offer donors an opportunity to impact our classrooms, students and future workforce.

Thanks to the generosity and support of our loyal alumni, community donors, and local business partners, the following highlights took place in 2018:

- The RVC Foundation was the grateful recipient of many granting partnerships including gifts from the Community Foundation of Northern Illinois, The HAAS Foundation and Enbridge Energy.
- In the fall of 2018, 263 scholarships were awarded to 218 deserving students.
- Over $76,000 was awarded to College programs to enhance the student experience.
- On October 6, 2018, runners and walkers flocked to campus for the 4th Annual Golden Futures 5K Run and Walk. All proceeds directly benefit scholarships at Rock Valley and the morning continues to serve as a fun, family event for a great cause.

To view our 2018 Donor Honor Roll, please visit: RockValleyCollege.edu/Foundation/Foundation-Annual-Report.cfm.

Foundation Staff (left-right): Brittany Freiberg, Chief Development Officer; Katie Peterson, Administrative Assistant; Linda Buerger, Scholarships & Operations Manager

Family fun had at the alumni gathering held during the RVC Golden Eagles Men’s Basketball Game, on Saturday, February 16, 2019. The alumni and their families received complimentary admission, refreshments, and were given some swag items.

RVC 5th Annual Golden Futures 5K Race/Walk Scholarship Fundraiser: A big thank you to all who participated.

Should you wish to learn more about the RVC Foundation and how you can make a difference in countless lives, please contact:

Rock Valley College Foundation

NEW STUDENT CHECKLIST
Getting Started Is Easy

Contact RVC at (815) 921-4250 with any questions regarding these six (6) steps to becoming a College Student.

STEP 1: APPLY
Apply online at: RockValleyCollege.edu/Apply or pick up a paper form at the Welcome Center on the first floor of the Student Center on the RVC Main Campus; 3301 N. Mulford Road, Rockford, IL 61114 or call Admissions at (815) 921-4250 for more information.

STEP 2: FUND YOUR EDUCATION
To determine eligibility for Financial Aid, complete the free FAFSA form at: fafsa.ed.gov using RVC code 001747. For more Financial Aid information as it relates to Rock Valley College visit: RockValleyCollege.edu/FinancialAid or call (815) 921-4150.

STEP 3: DETERMINE PLACEMENT
Placement for each subject may be determined by a combination of ACT/SAT scores, college transcripts including AP/CLEP, and/or the placement test (ACCUPLACER). For information and review material visit: RockValleyCollege.edu/Testing.
Submit ACT/SAT scores and all transcripts to the Records & Registration Office for evaluation. Walk-in placement testing hours are 9 a.m.-2 p.m., Monday-Thursday. For testing appointments or more information call the Testing Center at (815) 921-2380.

STEP 4: VISIT ACADEMIC & TRANSFER OR CAREER ADVISING
Schedule an appointment with an Academic or Career Advisor for more detailed academic planning specific to academic goals, degree, planning, career exploration and preparation for registration. To make appointments or for additional questions please call (815) 921-4100 or visit: RockValleyCollege.edu/Advising.

STEP 5: REGISTER & PAY
There are multiple ways to Register – go to: RockValleyCollege.edu/Registration for information regarding registration procedures and important dates. For further assistance or questions contact Records & Registration at (815) 921-4250.

STEP 6: ATTEND A GETTING STARTED CENTER’S “TECH CONNECT SESSION”
Register for a session at: RockValleyCollege.edu/GSC-Reg. This session will provide an introduction to utilizing RVC Online Services and the RVC EAGLE Learning Management Systems. Students must have applied to RVC and be registered for classes in order to attend this session. For questions or additional information contact the Getting Started Center at (815) 921-4094.

Registration and Payment information can be viewed at: RockValleyCollege.edu/Important Dates.
GETTING STARTED

ADMISSION

Admission Policy
Rock Valley College (RVC) has an “open door” admission policy and admits students who meet the following criteria:

1. Are high school graduates or General Education Development (GED) earners. However, if you have earned a foreign high school credential, you must submit your High School Diploma to Educational Credential Evaluator (ECE) for evaluation. Visit the Intercultural Student Services Office or Records and Registration Department located on the second floor of the Student Center for more information.
2. Non-high school graduates age 18 years or older.
3. Transfer students from other colleges. Only credits earned from regionally accredited institutions will be accepted. No grade point average will be calculated on those credits accepted via transfer.
4. High school students age 16 or 17 who have written approval from the high school principal or counselor at the school where they have legal residence.
5. High school students under age 16 may be considered for enrollment in credit classes with the joint approval of the high school principal and RVC’s Early College Transition Advisor. Students under 16 years old may enroll in non-credit classes; special permission is not required. For more information call (815) 921-4080.

Once admitted to the college, students may enroll in any course as long as individual course prerequisites, placement procedures, and/or developmental admission requirements are met and space for effective instruction is available.

New Students
1. Apply online at: RockValleyCollege.edu/Apply. Some programs have limited enrollment and require additional application steps such as Aviation Maintenance Technology, Dental Hygiene, Nursing, Respiratory Care, and Surgical Technology. Refer to the Career and Technical Education Programs section (starting on page 54) for specific program admission details.
2. Apply for Financial Aid. See page 23 for more information.
3. Submit original copies of high school and prior college transcripts. GED graduates should submit original certificates from the Regional Education Office. All documents should be submitted to Records and Registration.
4. Meet placement requirements. For more information, see page 20 or visit: RockValleyCollege.edu/PlacementTest.
5. Register for and attend a “Tech Connect Session” (see page 17). Sign up online for a session at: RockValleyCollege.edu/GSC-Reg or call the Getting Started Center at (815) 921-4094.
6. All new students intending to earn a degree in Associate of Arts, Associate in Science, or Associate in Engineering Science, will be required to complete STU 100 (Planning for Success – page 143). It is recommended this requirement be completed during students’ first academic semester. Students intending to earn an Associate in Applied Science Degree or certificate are not required to complete STU 100, but are highly encouraged to do so.
7. Call (815) 921-4100 to schedule an appointment with an academic advisor for assistance with academic planning, transferring, and registration for classes. You can also register for classes online at: RockValleyCollege.edu/OnlineServices.
8. Payment in full is due in the Accounts Receivable office by the payment due date. Failure to make payment in full or sign up for the FACTS payment plan by the deadline will result in the cancellation of classes. For more information call (815) 921-4414 for details or visit: RockValleyCollege.edu/Payment. Check for payment due dates at: RockValleyCollege.edu/ImportantDates.
9. Rent or purchase books for your classes from the RVC Bookstore on the ground floor of the Student Center (see page 31 for more information or go to: RockValleyCollege.edu/Bookstore).

International Student Admission
Students who are in the United States (U.S.) on an F1 visa are considered international students. To enroll at the college, these students must:

1. Apply online at: RockValleyCollege.edu/Apply, or pick up a paper application at the Welcome Center on the first floor in the Student Center on the RVC Main Campus. Some programs have limited enrollment and require additional application steps such as Aviation Maintenance Technology, Nursing, Dental Hygiene, Surgical Technology, and Respiratory Care. Refer to the Career and Technical Education Programs section (starting on page 54) for specific program admission details.
2. Submit proof of English language competency.
   a. Minimum score of 71 internet based, 213 computer based, or 550 paper based on the Test of English as a Foreign Language (TOEFL) or an overall band score of 6.0 on the International English Language Testing System (IELTS)
   b. A statement of completion of the 9th grade level at an ESL Language Center
   c. If you are here in the U.S. as a foreign student with an F-1 or J-1 visa attending a U.S. high school or college, you will need to supply the transcript from that institution
3. Complete the Statement of Financial Support or proof of “live-in-guest” status*. Either form must be notarized.
4. Submit original transcripts of all high school and university work.
5. Complete steps 4-6 of the New Student Admission section indicated to the left.
6. Complete steps 7-9 of the New Student Admission section by meeting directly with the International Student Services Coordinator.
7. You are required to submit your High School Diploma to Educational Credential Evaluator (ECE) to have your transcript evaluated. This is required to be submitted with your application packet. Please visit the Intercultural Student Services Office or Records and Registration Department located on the second floor of the Student Center for more information.

*Students with “live in guest,” approval are eligible for in-district tuition rates and are subject to a non-negotiable $500 International student fee assessed each term. All documents must be submitted by the published deadlines to the Records and Registration Office. Please note: financial aid is not available to international students, and RVC does not provide on-campus housing. For questions about international student admission, contact (815) 921-4251. This school is authorized under federal law to enroll non-immigrant alien students.
Getting Started

Admission

Early College, Dual Credit & Dual Enrollment & Articulated Credit .......... (815) 921-4080
Located: Student Center - second floor
Website: RockValleyCollege.edu/EarlyCollege

Rock Valley College offers opportunities for high school students to earn college credit at RVC or at district high schools:

1. Dual Credit (general): classes available at RVC or in area high schools.
2. Advance Now (formerly called Career College): dual credit career and technical programs offered in partnership with the Career Education Association of North Central Illinois (CEANCI).
3. Running Start: program for qualified high school students, in conjunction with participating high schools, for students to attend RVC full-time their junior and/or senior year.
   - Running Start 2-year Program is an Associate Degree completion option – Students complete a High School Diploma and an Associate Degree simultaneously during their junior and senior year.
   - Running Start 1-year Program is a non-degree completion option – Students enroll in general elective courses completed only during their senior year.
4. Dual Enrollment is also available to high school students, to receive college credit, while still in high school.
5. Articulated Credit is college credit earned for prior career and technical education courses completed at approved high schools.

Returning Students

1. Review courses already taken and carefully review the College Catalog and Online Schedule available at: RockValleyCollege.edu/OnlineServices or RockValleyCollege.edu/Courses.
2. Returning students are highly recommended to attend the Getting Started Center’s Tech Connect Session (see page 17). If you have questions, call (815) 921-4094.
3. Apply for Financial Aid (see page 23, for more information).
4. Consult with an Academic Advisor when selecting classes and setting academic goals, call (815) 921-4100.
5. If nearing graduation, submit an application for graduation at the Records and Registration Office. For graduation application submission deadlines, see page 28.
6. Check registration dates at: RockValleyCollege.edu/ImportantDates.
7. Register for classes.
8. Arrange payment by payment deadline. Check payment due dates at: RockValleyCollege.edu/ImportantDates.

Transferring Credit To RVC

Students at Rock Valley College who have credits from another college and plan to earn a degree/certificate at RVC should submit an official transcript, in a sealed envelope from the issuing institution, to the Records and Registration Office, along with a transcript evaluation request form. The transcript evaluation form is available in the Records and Registration Office located on the second floor of the Student Center. Evaluations may take four to six weeks after receipt of all materials.

Criteria for evaluation of transferable credits:

- Transfer credit must be earned at a regionally accredited institution.
- Whenever possible, RVC course equivalents for 100 and 200 level credits are awarded. If that is not possible, up to 21 credits of electives may be granted.
- 300 level/junior level credits will transfer on a course by course basis once equivalency is determined.
- 400 level credits require permission from the appropriate dean if a potential equivalency is determined.
- Students may be required to provide course descriptions/syllabi to complete the transfer credit process. Elective credit may be re-evaluated by submitting a syllabus to the Records and Registration Office.
- RVC accepts “D” grades only if the overall GPA is 2.0. (Refer to course descriptions at the back of this catalog for minimum course grade requirements; additional information is provided in the degree requirements for the Associate of Arts and Associate in Science beginning on page 38, and in the degree/certificate requirements in the Career and Technical Education Programs beginning on page 54.)
- Transfer credit does not affect cumulative GPA at RVC.
- All new students intending to earn an Associate of Arts, Associate in Science, or Associate in Engineering Science, will be required to complete STU 100. It is recommended this requirement be completed during your first academic semester. Students intending to earn an Associate in Applied Science Degree or certificate are not required to complete STU 100, but are highly encouraged to do so.
GETTING STARTED

ADMISSION (continued)

- RVC does not honor substitutions and/or waivers made at another institution, unless approved by the appropriate dean.
- Only degree/certificate required courses will be transferred in to a student’s record. A maximum of 44 transfer credits will be applied. A minimum of 20 RVC credits are required to complete a RVC degree/certificate.
- Foreign transfer credit must be evaluated by Education Credential Evaluators (ECE), please go to: ECE.org.
- Military transfer credit may be awarded upon evaluation of the Joint Services Transcript (JST) can be ordered at no cost to the student by going to the website – https://jst.doded.mil (for Army, Navy, Marine, and Coast Guard). Air Force must request an unopened copy of their official transcripts from the Community College of the Air Force. In response to the new Credit for Military Experience ACT, (HB3701), the college will use ACE, American Council on Education, to conduct and facilitate academic reviews of military courses and occupations.
- Four (4) Fitness, Wellness, and Sport (FWS) credits will automatically be awarded to students who have completed basic training.
- The evaluation of transfer credit may require course descriptions/syllabi to complete the transfer credit process. Course content must be equal to a Rock Valley College course in order to transfer in equivalent credits. Vocational elective credit may be awarded if Rock Valley College does not offer an equivalent course.
  [Note: Vocational elective credit cannot be used towards degree completion.]

Admission Requirements For Transfer Degree Programs

Students pursuing a transfer degree (Associate of Arts, Associate in Science, or Associate in Engineering Science), must successfully complete specific high school or college courses as outlined in the Illinois Public Act 86-0954 (see High School Requirements below). A student who does not meet these requirements at the time of enrollment is provisionally admitted as a pre-baccalaureate transfer student. When course deficiencies have been completed, the student is reclassified as a baccalaureate transfer student.

</tbody>
</table>

Students with academic deficiencies are considered by RVC to have satisfied these deficiencies upon successful completion of 32 college level credits (courses numbered 100 or above with a minimum 2.0 GPA), which must include ENG 101, SPH 131, one Social Sciences course, one four-credit laboratory Science course, and one Mathematics course (MTH 115 or higher).

Placement Requirements

All new students interested in registering for credit courses are required to meet placement requirements by completing the placement test or by submitting ACT/SAT scores or college transcripts including Advance Placement (AP), College Level Examination Program (CLEP), and International Baccalaureate (IB). All score reports and transcripts should be submitted to the Records and Registration Office for evaluation as soon as possible, (815) 921-4250, or visit: RockValleyCollege.edu/PlacementTest.

Placement testing assesses a student’s abilities in reading, English, and mathematics for the purpose of appropriate course placement. All testing is computer-based, untimed, and scores are immediately available.

More information about the placement test is available at: RockValleyCollege.edu/PlacementTest and in the Testing Center, (815) 921-2380.

ACT/SAT scores may be submitted for possible placement test waivers if submitted for evaluation within three (3) years of the original test date. Post-secondary transcripts/degrees from institutions accredited by recognized regional agencies may be submitted for possible placement test waivers or exemptions based on evaluation.

Testing accommodations for students with disabilities must be approved by the Office of Disability Support Services (DSS) at least one (1) week prior to testing in order to arrange appropriate services, (815) 921-2371.

Located: Student Center - first floor, room 1102
Website: RockValleyCollege.edu/GSC

1. All new students are highly encouraged to attend the Getting Started Center’s “Tech Connect Session” once they have registered for their classes. The session will focus on helping students understand how to use and navigate RVC Online Services and the RVC EAGLE Learning Management Systems. Please register online at: RockValleyCollege.edu/GSC-Reg.

2. New students are expected to attend a “New Student Welcome Event” before their first semester. This event will include campus event tours, a faculty expectation presentation, a student support resource fair, and a chance to meet faculty, staff, and students. Invitations will be sent to new students.

3. New students should connect with a Peer Mentor. Peer Mentors can connect new students to campus resources, share their experiences, help students find ways to be involved on campus, and provide support through the struggles and challenges of being a student. Peer mentors can be reached at (815) 921-4094 or email RVC-GettingStarted@RockValleyCollege.edu.

In order to register for classes, students must have completed an application for Admission, and have met placement requirements.

It is highly recommended that all new students attend a Tech Connect Session, provided by the Getting Started Center, after they have registered for classes.

Dates, times, and methods for registration are listed at: RockValleyCollege.edu/ImportantDates. Students who have been limited in their enrollment for academic reasons may appeal to the appropriate dean. The Records and Registration Office is located on the second floor of the Student Center on the Main Campus.
RECORDS & REGISTRATION

Auditing A Class

Students who wish to audit a course without receiving credit must visit the Records and Registration Office. Auditing students pay full tuition and fees – see Tuition and Fees located on the RVC website: RockValleyCollege.edu/Tuition.

Changes may be made from credit to audit, or vice versa, only during the open registration period. Audits are not allowed for non-credit courses.

Academic Load

Full-time students: Students enrolled in twelve (12) semester hours of course work or more during the fall, spring, or summer terms shall be considered full-time. The summer term consists of Summer Session I and Summer Session II. The total amount of semester hours taken in summer I and summer II will determine the enrollment classification for the summer term. The recommended maximum academic load during fall or spring semesters is 18 credit hours, during Summer Session I is six (6) credit hours, and Summer Session II is nine (9) credit hours.

A petition for an academic overload is required and can be obtained in the Academic and Transfer Advising Office, on the second floor of the Student Center on the Main Campus.

Part-time students: Students enrolled in one to eleven (1-11) semester hours of course work during the fall, spring, or summer terms shall be considered part-time. Students enrolled in less than six (6) semester hours of course work during any term shall be considered less than half-time.

Withdrawal From A Class

Rock Valley College reserves the right to administratively withdraw those students who are not actively attending and/or participating in the course as determined by the instructor. Students may also be withdrawn for emergency or disciplinary reasons or if they are enrolled in courses not consistent with placement testing and course prerequisites. Students are responsible for officially withdrawing from course(s) they are no longer attending. These types of withdrawals do not remove any financial obligations incurred for the course(s). The appropriate withdrawal forms are available at the Records and Registration Office. Course withdrawal is only available in person.

Students are encouraged to consult with their Instructor, Academic Advisor, and the Financial Aid Office if they are receiving aid, before withdrawing from a course. Withdrawal after the last day for tuition refunds date will result in a “W” grade on a student’s transcript. Deadlines for shorter-term courses may be found in the Records and Registration Office.

Grades of “W” (withdrawal) are not used in calculating the GPA or semester hours attempted but will count toward financial aid eligibility. No withdrawals are accepted after the deadline except in case of extenuating circumstances.

Students called up for Military Active duty must contact the Veterans Services Office at (815) 921-4163.

Students with extenuating circumstances (military activation, death of immediate family member, or serious medical condition) must submit an Enrollment Appeal to the Records and Registration Office by calling (815) 921-4250. Enrollment Appeal forms are available in the Records and Registration Office. All appeal forms must be accompanied by supporting documentation or the appeal will be denied. Submitting an appeal does not guarantee approval.
TUITION & FEES

By registering for a course, students agree to pay the required tuition and fees for that course. Tuition is charged per semester hour for credit courses and varies depending upon residency. Tuition rates and fees are subject to change without prior notice.

Residency

Students applying to RVC are classified for the purpose of determining tuition and fee rates. Evidence of resident status is provided on each applicant via application they submitted. Questions regarding classification should be directed to the Records and Registration Office at (815) 921-4250 or visit our website at: RockValleyCollege.edu/Residency.

In-District Student

To be classified as a District 511 resident, students must have resided within the district for at least 30 days prior to the start of the semester. Students who have moved from an out-of-district or out-of-state residence to an in-district residence for reasons other than attending RVC are exempt from the 30-day requirement upon verification. Residency verification requires one of the following: an official signed lease or rental agreement, a current Illinois driver’s license or State I.D., a utility bill in the student’s name, or a valid Illinois voter’s registration card. A student living outside the district/state, but who is employed at least 35 hours per week within the district, must present a letter from the employer prior to each semester testifying to that fact in order to have out-of-district/state fees waived.

Note: Beginning with the 2013-2014 academic year, if a person is Active Duty in the military or utilizing military educational benefits, then the board shall deem that person an in-district resident for tuition purposes.

International students may be considered in-district students if they:
1. graduated from a high school in the RVC district and hold a student visa or
2. have a sponsor who lives within the district and signs a form verifying sponsorship and guaranteeing payment of tuition, fees, and miscellaneous college charges.

Contact the Records and Registration Office at (815) 921-4250 with questions or visit our website at: RockValleyCollege.edu/Residency.

Out-Of-District Student

A student who has not established residency within Community College District 511, but is a resident of the state of Illinois, will be classified as out-of-district and charged the appropriate tuition. Out-of-district students who want to attain an approved occupational program degree or certificate offered only at RVC and not their own district community college should refer to “Joint Agreement Program” on page 95.

Out-Of-State Students

Students whose legal residence is outside of Illinois are considered out-of-state students and charged the appropriate tuition. International students who are not citizens of the United States and do not meet the criteria listed above will be considered out-of-state students.

Tuition/Fees

For current tuition rates and specific class fees, refer to the RVC website at: RockValleyCollege.edu/Tuition.

Tuition For Senior Citizens (age 62 & over)

Students 62-64 years of age, prior to the start of the semester, who are residents of Rock Valley College District 511 qualify for a reduced tuition rate of $25 per credit hour for credit courses only.

Students age 65 and over, prior to the start of the semester, who are district residents may attend credit classes tuition free.

All other fees will be assessed at a full rate for students in both age categories. The tuition reduction is not applicable for enrollment in non-credit seminars, classes, or programs.

Tuition Refund

Rock Valley College has determined students may receive a tuition refund upon dropping credit courses based on the following guidelines. In each case if the student drops courses by the specified date, all tuition and fees are refunded. There is no prorated schedule for tuition and fee refunds.

Tuition refund requests should be made to the Records and Registration Office during normal business hours. Refunds will be made according to the following schedule:

<table>
<thead>
<tr>
<th>COURSE LENGTH</th>
<th>100% REFUND</th>
<th>NO REFUND</th>
</tr>
</thead>
<tbody>
<tr>
<td>16-week course</td>
<td>Before or during first 9 business days of semester</td>
<td>After the 9th business day of the semester*</td>
</tr>
<tr>
<td>(fall-spring)</td>
<td></td>
<td>After the 4th business day*</td>
</tr>
<tr>
<td>4- to 15-week course</td>
<td>On or before 4th business day from start of class</td>
<td>After the 3rd business day*</td>
</tr>
<tr>
<td>Less than 4-week course</td>
<td>On or before 3rd business day from start of class</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>*Saturdays are scheduled course days and are used in the calculation of business days.</td>
</tr>
</tbody>
</table>

The college reserves the right to make the final decision on all refunds.

- It is the student’s responsibility to know the refund dates for their courses.
- Non-attendance does not constitute a drop in a course nor qualify students for a refund.
- Failure to drop a course properly may result in a failing grade.
- It is the student’s responsibility to drop themselves from a course.
- No refunds will be granted when a student is dismissed or suspended from the college for disciplinary reasons.
- Non-attendance due to Military service, contact Veterans Services Office at (815) 921-4163.

Tuition Appeals

No tuition refund will be granted following the tuition refund date. If extenuating circumstances exist (i.e., military activation, death of immediate family member, or serious medical condition) a student may submit a Tuition Appeal with supporting documentation to the Records and Registration Office. A Tuition Appeal does not automatically result in a refund. Tuition Appeals may be submitted within the semester in which the student was enrolled in the course(s). Students who have received Financial Aid funding do not qualify for a tuition appeal refund; however, an enrollment appeal can be filed.
FINANCIAL AID

Four basic types of financial aid are available to Rock Valley College students: grants, scholarships, loans, and student employment. For complete information about financial assistance, contact the Financial Aid Office at (815) 921-4150 or go to RockValleyCollege.edu/FinancialAid to view the RVC Financial Aid Handbook for a complete list of Financial Aid options and policies.

Application Procedures

In order to determine eligibility for financial aid at Rock Valley College, students must complete the Free Application for Federal Student Aid (FAFSA). Students must apply for aid yearly, as soon as possible after October 1st for the following year’s fall/spring/summer semesters to ensure full consideration for all grants.

Applications are considered on a date received basis. For example, students should complete their 2019-20 FAFSA for the Fall 2019 semesters on or shortly after October 1, 2018. Students are encouraged to use the IRS Data Retrieval Tool when completing the FAFSA.

For “priority consideration” deadlines students should refer to the RVC Financial Aid Handbook. Students are encouraged to file online at: https://fafsa.ed.gov. RVC’s school code for FAFSA purposes is 001747. Over 50% of the FAFSA applications received last year contained errors. To avoid lengthy delays in processing, please complete forms accurately.

ACADEMIC STANDARDS OF PROGRESS FOR RECIPIENTS OF FINANCIAL AID:

In accordance with the U.S. Department of Education and State of Illinois regulations, Rock Valley College established Standards of Academic Progress applicable to all financial aid recipients. These standards apply to all students receiving federal and state funding, including students using military education benefits and students receiving student loans or federal/RVC work-study employment.

Please note that all communication pertaining to academic standards will be conducted through the RVC student email account.

For a copy of the entire policy, students can contact the Financial Aid Office for the Financial Aid Handbook or view online at: RockValleyCollege.edu/FinancialAid.

Completion Rate Requirement: A student must achieve a 67% cumulative completion rate for all course work attempted at Rock Valley College. This applies whether or not the student previously received financial aid. In addition, the student must achieve a 67% cumulative completion rate for all course work attempted within a given semester.

a. Credit hours completed are defined as completion of a course by the end of a given semester in which a student is enrolled and receiving a grade of A, B, C, D, or P.

b. Credit hours attempted include all credit classes in which the student is enrolled after the last day to drop for refund. Course withdrawals after the last day to drop as well as courses with grades of “F” and “I” count as hours attempted for financial aid purposes.

c. Audits, proficiency tests, and non-credit courses are not included in the total number of credit hours attempted.

Grade-Point Average (GPA) Requirement for 2019–2020:

A student must maintain a minimum GPA requirement in order to continue receiving financial aid. Students can receive financial aid while on a Financial Aid Warning Status.

<table>
<thead>
<tr>
<th>GPA</th>
<th>0 – 1.49</th>
<th>1.5 – 1.99</th>

TUITION & FEES (continued)

Payment Information

There are two payment options available:

1. Pay Online. Log into your student services online account at: RockValleyCollege.edu/OnlineServices to pay in full or initiate a payment plan. Payment methods include credit (debit) cards (VISA, Mastercard, Discover, and American Express); or ACH (Automated Clearing House-electronic transfer) from a checking account. – OR –

2. Visit the Payment Center in the Student Center (second floor). Payment methods include cash, check, money order, or credit (debit) cards (VISA, Mastercard, Discover, and American Express).

All credit (debit) card payments will be charged an additional 2.5% non-refundable transaction fee.

Students who do not make their payment in full, have not been awarded financial aid, or have not signed up for the payment plan will have their classes cancelled for non-payment.

Tax Information: Prior year tax information (IRS tax form 1098T) will be available in Online Services at: RockValleyCollege.edu/OnlineServices by January 31st each year. Under Financial Information, click the “View My 1098T form” link and select the year. Student must have a social security number on file.

Joint Agreement Program

Rock Valley College’s District 511 Program. The program allows an RVC student to attend another Illinois public community college at an in-district tuition rate with proper approval and documentation. An application for a Joint Agreement should be submitted 30 days prior to the first day of the semester the student intends on registering for. Please go to: RockValleyCollege.edu/Agreement to apply for an agreement.

For more information about the program, please refer to the website above, page 95, or contact Records and Registration at: (815) 921-4250.

Note: Out-of-district students interested in enrolling in a program at Rock Valley College under a Joint Agreement will need to contact their home community college prior to enrolling at RVC. If not sure of residency, students can check the website listed above and click on “Are You an RVC Resident?”
**FINANCIAL AID (continued)**

### Maximum Timeframe Requirement

Students may receive financial aid for the first 150% of the published length of their program credit hours attempted at Rock Valley College, even if financial aid was not received for all attempted courses. For example, if a student is attempting an Associates of Arts Degree, the published length of program is 64 credits. Applying the 150% maximum timeframe rule on this program would limit a student to 96 attempted credits (64 credits X 150% = 96 maximum credits). Please note that this maximum timeframe is specific to the student’s chosen program, and in some cases may be more or less than 96 attempted credit hours.

Attempted hours include:
- Any Developmental/Remedial courses (less than 100 level – i.e., MTH 093) beyond 30 attempted credits
- Repeated courses
- Withdrawn courses (after the tuition refund period)
- Non-completed courses (incompletes – grade of I)
- Transfer courses accepted for credit at RVC
- Courses with grades of A, B, C, D, F

### Evaluation Requirement

At Rock Valley College, academic performance must be evaluated before a student can receive financial assistance. Academic performance is evaluated after each fall and spring semester. (The fall evaluation will include any summer courses in the overall completion rate.)

### Developmental Course Requirements

While taking developmental courses (i.e., MTH 097) a student must also be enrolled in and attending an eligible 100 level class. Please note that Title IV funding is limited to a maximum of 30 developmental course credits.

*Note:* Financial Aid will only consider payment for a class repeated two times.

These requirements are subject to change and may be updated.

### Repeated Courses

A student may receive financial assistance one time for a repeated course. Third attempts will not be counted in the calculation for federal student aid.

### Scholarships

A variety of scholarships are available to Rock Valley College students through private funding sources and the Rock Valley College Foundation. Information about these opportunities and applications can be obtained through the Financial Aid Office or RockValleyCollege.edu/Scholarships.

### Military Education Benefits

Rock Valley College offers priority registration to all students using military education benefits (service member, veteran, spouse and dependent). Students interested in using military education benefits, federal and/or state, should contact the Veterans Services Offices at (815) 921-4163. For more information or review of eligible military programs visit: RockValleyCollege.edu/Veterans

---

**Course Eligibility**

To be considered for Financial Aid Eligibility, students must register for each course prior to the school's Financial Aid course registration deadline. Please review the Financial Aid course registration deadlines for each term. Any courses not added to a student's schedule by the term specific dates below, will not count towards Financial Aid eligibility.

<table>
<thead>
<tr>
<th>Term</th>
<th>Financial Aid Registration Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall 2019</td>
<td>9/21/2019</td>
</tr>
<tr>
<td>Spring 2020</td>
<td>2/15/2020</td>
</tr>
<tr>
<td>Summer 2020</td>
<td>6/27/2020</td>
</tr>
</tbody>
</table>

The most up-to-date Financial Aid Registration deadlines or "Census Dates" can be found at: RockValleyCollege.edu/FinancialAid.

**Federal Refund Policy & Repayment Of Financial Aid**

Students receiving Title IV funds (Federal Pell Grant, Federal SEOG, and Federal Student Loans) who withdraw and/or fail all classes will be subject to the Federal Return of Title IV Funds Policy. This policy states a student may retain only the amount of aid that they have earned. It is the student's responsibility to return any aid that was not earned and pay any tuition balance resulting from the refund(s).

Further details can be obtained from the Financial Aid Office or the Financial Aid Handbook located at: RockValleyCollege.edu/FinancialAid.

**Helpful Websites Include:**

- Illinois Student Assistance Commission, (ISAC) (800) 899-ISAC CollegeIllinois.org

Students can obtain printed copies of The Student Guide from the U.S. Department of Education at: StudentAid.ed.gov.
ACADEMIC POLICIES & PROCEDURES

Transcript Requests
In order to obtain a transcript from Rock Valley College, consent must be given through one of the following options: National Student Clearinghouse, Rock Valley College Online Services, fax, mail, or walk-in.

Note: Transcripts listing courses numbered 100 and above will be sent for each request. If you took courses numbered below 100 (development/remedial), Community and Continuing Education courses or Adult Education courses, you will need to specifically request inclusion of these records.

Transcripts of work completed at other institutions become a part of a student’s record at Rock Valley College and are not released or copied for distribution. Copies must be obtained from the institution where the courses were completed.

All financial and academic obligations to Rock Valley College must be satisfied before transcripts will be released.

Visit our website, for detailed information, at RockValleyCollege.edu/Transcripts or contact the Records and Registration Office at (815) 921-4250 with questions.

Financial Obligation Of The Student
Grade reports, transcripts, degrees/certificates, or other academic record information may be withheld from students who are in default on financial obligations. In such a case, students maintain the right to inspect and review their records. Information will only be released once the student’s account has been cleared.

Updating Student Records
It is the responsibility of students to notify the Records and Registration Office of any change or correction to their name, address, telephone number, and/or any other information on their record. It is imperative that this information be kept current and accurate.

Repetition Of Courses
Only the grade of the final repetition will be computed in the student’s grade point average (GPA), but all attempts will be listed on the transcript. If a student chooses to audit a course, it will not be considered a repeat or counted in the GPA. This does not apply to grades earned at other colleges. It is important to note that other colleges may count all grades for repeated courses when arriving at a GPA. It is the students’ responsibility to acquaint themselves with the policy of the college(s) to which they plan to transfer.

Developmental Reading Policy
Students enrolling in a developmental reading course may repeat the course one time. Subsequent enrollments require a conversation with the dean.

Developmental Math Policies
If a student receives three (3) non-passing grades (D, F, or W) in a developmental math course within a five-year period, that student is not allowed to re-enroll for another math class at Rock Valley College without permission from the Dean of Mathematics.

Students placing into beginning algebra or lower must satisfy the geometry requirement prior to taking a college level class. Students must either take MTH 097 or complete a geometry waiver form or pass a competency test. For more information, please go to RockValleyCollege.edu/Math.

Credit For Prior Experiences

1. Proficiency Examinations
Proficiency exams are given at Rock Valley College for specific courses in several divisions. Students who wish to receive credit by examination should contact the proper divisional chairperson or director for information about what is available. Students must submit a proficiency examination application for exams that meet their needs. The credit hour nonrefundable fee is 50% of the regular tuition rate for that semester; the receipt for this fee serves as admittance to the testing session. Credit will be recorded after successful completion of the exam, meeting the divisional requirements.

2. College Level Examination Program (CLEP)
The College Level Examination Program (CLEP) gives students an opportunity to demonstrate prior learning and to earn credit for that knowledge. Certain fees apply for taking CLEP exams at RVC. Credit awarded is based on CLEP score(s) earned and submission of official CLEP score report(s) to the Records and Registration Office for evaluation.

To obtain more information about CLEP, visit CLEP.CollegeBoard.org and RockValleyCollege.edu/CLEP or contact the testing center at (815) 921-2380.

3. Advanced Placement (AP)
Credit is granted to students who have participated in the Advanced Placement (AP) program. Credit awarded is based on AP score(s) earned and submission of official AP score report(s) to the Records and Registration Office for evaluation. AP credit is then recorded on a student’s transcript.
ACADEMIC POLICIES & PROCEDURES (continued)

To obtain more information about AP, see: APCentral.CollegeBoard.com and RockValleyCollege.edu/AP or contact the Testing Center at (815) 921-2380. Students who have participated in the AP program should also consider credit earning opportunities available through the College Level Examination Program (CLEP).

4. Dantes Subject Standardized Tests (DSST)
Dantes Subject Standardized Tests (DSST) gives students an opportunity to demonstrate prior learning and to earn credit for that knowledge. Certain fees apply for taking DSST exams at Rock Valley College. Credit awarded is based on DSST score(s) earned and submission of official DSST score report(s) to the Records and Registration Office for evaluation.

To obtain more information about DSST, visit: RockValleyCollege.edu/Testing or call the Testing Center at (815) 921-2380.

5. Professional Certificates & Federal Licenses
College credit is granted for specific professional certificates and/or federal-state licenses or certificates. Students should contact the RVC division in which they will be pursuing a degree or certificate for more information. Credit will be recorded on student transcripts when they earn at least six (6) credit hours at RVC.

6. Credit For Alternate Learning
College credit may be granted toward an Associate Degree for the following programs certified by the U.S. Department of Labor, Bureau of Apprenticeship and Training.
- Chrysler Institute: Equivalent hours of college credit for successful completion.
- Criminal Justice: College course credit may be granted for successful completion of a state-approved full-time or part-time academy in law enforcement.
- Early Childhood Education (formerly Child Care and Development): Maximum three hours for Child Development Associate Credential (CDA).
- Fire Science: College course credit may be granted for the successful completion of Office of the State Fire Marshal (OSFM) approved course programs (Illinois or Wisconsin), Illinois Fire Chiefs Association, National Fire Academy (NFA), Illinois Fire Service Institute (IFSI), Department of Defense, Emergency Medical Technician (National Registry), and Illinois Department of Public Health courses/certificates (Policy 209).
- Office Occupations: Maximum 12 hours college credit for successful completion of the Certified Professional Secretary Examination (CPS).
- Production and Inventory Control: Maximum of nine (9) hours of college credit for Production and Inventory Management (CPIM) designation.

GRADING

Grade points at Rock Valley College are assigned on the following scale:

<table>
<thead>
<tr>
<th>GRADE LEVEL</th>
<th>SIGNIFICANCE</th>
<th>GRADE-POINT</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>superior</td>
<td>4.0</td>
</tr>
<tr>
<td>B</td>
<td>good</td>
<td>3.0</td>
</tr>
<tr>
<td>C</td>
<td>average</td>
<td>2.0</td>
</tr>
<tr>
<td>D</td>
<td>poor</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>failure</td>
<td>0</td>
</tr>
<tr>
<td>W</td>
<td>withdrew/not completed</td>
<td>NA</td>
</tr>
<tr>
<td>T</td>
<td>credit by proficiency</td>
<td>NA</td>
</tr>
<tr>
<td>AU</td>
<td>audit*</td>
<td>NA</td>
</tr>
<tr>
<td>P</td>
<td>successful completion</td>
<td>NA</td>
</tr>
<tr>
<td>I</td>
<td>incomplete**</td>
<td>0</td>
</tr>
<tr>
<td>G</td>
<td>transfer grade of A-C</td>
<td>NA</td>
</tr>
<tr>
<td>H</td>
<td>transfer grade of D</td>
<td>NA</td>
</tr>
</tbody>
</table>

NA = not applicable

*Audit – Students may elect to audit a course (no credit, no grade points, not figured in grade point average). Audit status indicates that the student will attend the classes but will not receive credit. (A student must declare audit status before the first day of classes.)

**Incomplete – Upon prior arrangement and agreement with the course instructor and upon submission of the college’s “incomplete grade agreement form” submitted by the instructor, an incomplete (I) indicator will be recorded on the student’s record. An “I” will be issued at the discretion of the instructor when course requirements are not fulfilled by the end of the term only when the instructor believes that the reason the student cannot complete the course in a timely fashion is sufficiently serious to warrant the issuance of the “I” indicator.

The incomplete grade agreement is a contract made between the student and the instructor, and states specifically what the student must do to complete the course work. The course work must be completed within the specified time period, not to exceed 12 months from the end of the term in which the course was taken. Upon completion of the course work, the instructor will change the “I” indicator to the appropriate letter grade (A, B, C, D, or F). If the student does not complete the course work within this prescribed time period, a grade of “F” will be entered for the course.

Calculation Of Grade Point Averages

A grade point average (GPA) will be calculated at the conclusion of each semester. The GPA includes all A-B-C-D-F grades complete to date, except those courses in which the pass/fail system is used exclusively, or those courses in which the pass/fail option is selected, or courses numbered less than 100. If a course is repeated, only the grade of the final repetition will be computed in a student’s GPA.

The GPA will be calculated based on a four point basis (F=0, D=1, C=2, B=3, and A=4) where the number of grade points for a specific letter grade is multiplied by the number of credit hours earned for that course. For instance, the number of credit hours in which the student earned an A is multiplied by four (4) then added to the number of credit hours in which the student earned a B multiplied by three (3), etc. Finally, the total grade points are divided by the total credit hours for which a student received an A, B, C, D, or F.
President’s List & Dean’s List
To be eligible for the President’s List and Dean’s List for a given semester, students must earn at least 12 credit hours of college course work which count toward a certificate or degree.

Students who meet the eligibility requirements and earn at least a 3.25 GPA will be named to the Dean’s List (fall and spring semesters only). Students who meet the eligibility requirements and earn a 4.0 GPA will be named to the President’s List (fall and spring semesters only).

Appeal Of A Capricious Final Grade
The following procedures are available only for review of alleged capricious grading, and not for review of the judgment of an instructor in assessing the quality of a student's work. Capricious grading is limited to one or more of the following:

a. The assignment of a final course grade to a particular student on some basis other than performance in the course.
b. The assignment of a final course grade to a particular student by a substantial departure from the instructor’s standards announced during the term which are not uniformly applied to others in the class.

The assessment of the quality of the student’s academic performance is solely and properly the professional responsibility of the RVC faculty. It is essential for the standards of the academic programs at RVC and the integrity of the degrees conferred that these professional judgments are not subject to pressures or interference from any source.

Process For Capricious Final Grade Appeal

A student who wishes to appeal a final course grade which they feel has been capriciously given should follow the steps below. Grades may be appealed no later than the beginning of the fourth week of the academic term or summer session which directly follows the term in which the grade involved was awarded.

1. A student who wishes to appeal a capricious final grade must first meet with the faculty member to review the criteria applied in assigning that grade.
2. After this initial review, if the problem is not resolved, the student may next appeal in writing to the faculty member’s Dean. Once the appeal is read, the Dean will meet with the faculty member to review the criteria applied to the student’s performance in assigning the capricious grade. When the faculty member and the Dean have reached a decision, the Dean will communicate that decision in writing to the student.
3. If the problem is still not resolved, the student may appeal in writing to the Vice President of Academic Affairs (VPAA) of the college for further review. When the faculty member and the Vice President of Academic Affairs have reached a decision, the Vice President of Academic Affairs will communicate the decision in writing to the student.
4. In the event the matter is not resolved, the student may file a petition with the Chief Academic Officer (CAO) requesting a hearing by the Grade Review Committee. All decisions of this committee are final.

5. The Grade Review Committee (GRC) Process is as follows:
   A student must submit in writing their request for a hearing to the CAO. The CAO, or designee, will convene the GRC within 30 business days from the request.
   The committee will consist of a dean (from outside the academic department) and two faculty members (one from the same academic discipline and the other from outside the academic discipline). All three voting members of the GRC will be selected by the CAO or designee. The Vice President of Student Services will facilitate the committee as a non-voting member.
   a. The Student will meet with the committee, individually, to present their appeal and any pertinent documentation.
   b. The faculty member, who assigned the final grade, will then independently meet with the committee and present the criteria they applied in assigning the final grade.
   c. The committee will reach a decision in closed session immediately following the hearing. The Vice President of Student Services will inform the student in writing regarding the decision of the committee, within five (5) business days. The decision of the GRC is final.

Academic Forgiveness Criteria
Academic forgiveness is the one-time elimination of up to a maximum of 15 semester hours of “D” or “F” grades in courses numbered 100 or above received at Rock Valley College. Academic forgiveness applies to the calculation of a grade point average (GPA) at RVC and does not result in the deletion of those grades from the transcript. RVC does not guarantee that a receiving transfer institution will honor RVC’s Academic Forgiveness Policy.

To be eligible for academic forgiveness:
1. Students may petition for academic forgiveness for a maximum of 15 semester hours of “D” or “F” grades which have been earned in any 365-day period.
2. A period of 12 months must have elapsed between the date of the request for forgiveness and the end of the last semester in which the undesirable grades were earned.
3. Petitions shall include:
   a. A list of those courses to be considered for academic forgiveness.
   b. A statement which contains pertinent information regarding the receipt of the undesirable grades and an indication of serious intent to continue academic studies.
4. To be considered for academic forgiveness, a student must have completed a minimum of 12 credits of subsequent course work at a 2.0 GPA at RVC or another regionally accredited institution.
5. Academic forgiveness does not apply to courses which have been repeated and completed with grades of A, B, C, D, or F.
6. Special circumstances will be reviewed by the Vice President of Academic Affairs (VPAA).
7. It is recommended that students meet with an Academic Advisor to review courses that may be eligible for academic forgiveness.

The Petition form may be obtained from the Records and Registration Office. The Petition should be completed and submitted to the Records and Registration Office. The final decision for Academic Forgiveness will be determined by the VPAA.
GRADUATION

Graduation Academic Honors

Graduates with a cumulative GPA of 3.25 to 3.74 will graduate with honors. Those with a cumulative GPA of 3.75 to 3.99 will graduate with high honors. Those with a cumulative GPA of 4.00 will graduate with highest honors.

Graduation Requirements

The general procedures for graduation are outlined below. Course requirements and other regulations are explained for each degree and major in the program section of this catalog.

Students should:

• Meet early and often with a counselor or advisor to plan a program of study and to ensure all requirements are met to graduate.

• Know and follow the requirements of the curriculum and the rules governing academic work. Counselors can help each student make wise decisions but the ultimate responsibility for meeting the requirements to graduate rests with each student.

• Have at least a minimum of 20 semester hours of residency.

• Must achieve a cumulative 2.0 (C) grade point average in all 100/200 level courses attempted at Rock Valley College.

Students will be certified for graduation only if they satisfy the requirements specified in the official College Catalog, according to the following:

A student may elect to follow degree requirements set forth in any subsequent catalog if the student completes a credit course during that catalog’s effective dates. A new catalog becomes effective in the fall semester of the first year issued and remains in effect until the end of the summer session of the last year noted. Requirements may not be combined from different catalogs.

Earliest catalog to be used to determine eligibility for graduation: To graduate on/before August 15 of the following years:

2011-2013 2020
2013-2014 2021
2014-2015 2022
2015-2016 2023
2016-2017 2024
2017-2018 2025
2018-2019 2026

In the case of curriculum changes and the cancellation or withdrawal of courses, every effort will be made to substitute current course work to fulfill certificate or degree requirements. Course substitutions must be approved in writing by the appropriate academic chairperson, or dean. The student has the ultimate responsibility to fulfill the requirements for the certificate or degree, to check the eligibility to take courses and to observe the academic rules governing the program.

The rules given apply only to requirements for certificates and degrees. All students are subject to the academic regulations stated in the most recent College Catalog.

• Transfers: Students who complete any courses (including final ones) from another college, must submit official transcripts as soon as possible and submit a transcript evaluation request.

• Timing: Graduation requirements may be completed during any semester; however, if a program cannot be completed as planned, notify the Records Analyst immediately.

Application: Students must submit an application for graduation approved by an Academic Advisor to the Records and Registration Office, located on the second floor of the Student Center, Main Campus.

Deadlines for application are:
March 1 – Spring
June 1 – Summer
October 1 – Fall

Note: Summer graduates planning to participate in the Commencement Ceremony must meet the spring application deadline.

Commencement Ceremony

Commencement is held once a year at the end of the spring semester. All students who will complete graduation requirements for the following degrees: A.A., A.S., A.E.S., A.A.S., and A.G.S. are eligible for participation in the spring commencement ceremony. Students who expect to complete their degree at the end of the spring semester or summer immediately following, as well as those who completed their requirements the previous summer or fall semesters, are encouraged to participate. Students must submit an application for graduation to participate in the commencement ceremony (see above). These students will be sent additional information and notified about picking up their cap and gown during the spring semester. Students completing a certificate program will receive their certificate in the mail following the semester of completion. Certificate recipients do not participate in the commencement ceremony.

Second Degree Requirements

A student who has received or qualified for one associate degree from Rock Valley College may receive a second degree upon satisfactory completion of all graduation requirements for the second degree, including an additional 15 semester hours of residency. All specific course requirements for the second degree must be satisfied and at least 15 semester hours of credit, not applied to meet minimum requirements for the first degree, must be applicable toward the second degree.

A student who has received a degree from any other college accredited by a regional accrediting agency, such as the Higher Learning Commission (HLC), may receive a second degree from Rock Valley College upon satisfactory completion of all graduation requirements for the second degree, including a minimum of 20 semester hours of residency at Rock Valley College.
STUDENT SERVICES

Most Student Services are located in the Student Center on the Main Campus, 3301 N. Mulford Road

Admissions & Welcome Center .................................................................(815) 921-4250
Located: Student Center - first floor
Website: RockValleyCollege.edu/Admissions

The RVC Welcome Center provides assistance regarding campus locations, services, and activities, such as:
• Getting Started Days
• Application to RVC
• Student I.D. issued (photo I.D. and current class schedule required)
• Password resets
• Campus lost and found
• Vending refunds (three-day return policy)
• Campus Tours

The Admissions and Welcome Center also houses the Student Ambassadors, a program in which students serve the college by providing campus tours, serving on student panels, conducting presentations in the community, helping out in the office, and so much more. Student Ambassadors in this program have a unique opportunity to be a representative of the college while gaining leadership and professional skills.

Academic & Transfer Advising & Open Advising Lab ..................................(815) 921-4100
Located: Student Center - second floor
Website: RockValleyCollege.edu/Advising

Academic and Transfer Advisors educate and provide quality services and opportunities that engage students in developing their personal growth and educational goals. You may schedule an appointment or visit the Open Advising Lab. For office hours and services, please visit us at: RockValleyCollege.edu/Advising.

Career Services & Placement .................................................................(815) 921-4091
Located: Student Center - second floor
Website: RockValleyCollege.edu/CareerServices

The Career Services and Placement Office serves as a clearinghouse for off-campus part-time/full-time employment listings, internship opportunities, job search skills, career counseling, and general career information. Special attention is given to graduates in all phases of securing employment. Personality and career interest assessments are provided to help students obtain additional information about themselves. With an advisor’s help, students are encouraged to use assessment results as indicators and a basis for planning and self-evaluation. Academic advising of all students pursuing Career and Technical Education degrees and certificates also takes place in this office.

The following services are free to any individual who has taken a class at RVC:
• Internet based employment listings for part-time/full-time, professional, technical, skilled, unskilled, seasonal, and temporary employment, as well as internship opportunities
• Academic advising for students intending to complete an Associate in Applied Science degree or certificate
• Individual assistance with resume writing, cover letters, job search techniques, and interviewing
• Resume software and computers to produce professional resumes and cover letters
• One-on-one career counseling
• Assessments that assist with the career exploration process
• Internet access to research careers and job listings on our website: RVCjobs.com.

Disability Support Services (DSS) .........................................................(815) 921-2371
Located: Student Center - ground floor
Website: RockValleyCollege.edu/DisabilityServices

The Disability Support Services (DSS) office provides support and academic accommodations for students with disabilities. Students requiring assistance are encouraged to contact the DSS office as early as possible, as some accommodations require more implementation time than others. Reasonable accommodations provided by DSS may include: extended time for exams, course textbooks and materials in alternative format, sign language interpreter, assistance with note taking, assistive technologies, and readers for exams. The DSS office serves as a resource for the campus and provides information and training to the larger campus community on issues relating to disability and access compliance.

The RAISE (Rock Valley Academic Institute for Successful Employment) program was established spring 2010, as part of the DSS office, to provide opportunities for adults who have intellectual disabilities and deserve to live rich, meaningful lives, and to be integrated into their community as fully as possible to participate in: inclusive post-secondary academic instruction, gain independent living skills, social skills and cooking skills training, plus work skills development. For more information, contact MaryAnne Ax, Program Coordinator, at M.Ax@RockValleyCollege.edu, or visit our web page: RockValleyCollege.edu/RAISE

TRIO Student Support Services (SSS)

Student Support Services promotes the retention and graduation of low income, first generation college students, and/or students with disabilities through tutoring, mentoring, skill development, and other services to empower them to graduate.

Upward Bound promotes Secondary school and college completion through tutoring mentoring and other services. Attendees include potential first-generation college students from RPS 205 Rockford Auburn or East High Schools.

Website: RockValleyCollege.edu/TRIO

Financial Aid .................................................................(815) 921-4150
Located: Student Center - second floor
Website: RockValleyCollege.edu/FinancialAid

There are several types of financial aid available to Rock Valley College students: grants, scholarships, loans, and student employment. See page 17 in the “Getting Started Steps” section of this catalog.

Intercultural Student Services .........................................................(815) 921-4116
Located: Student Center - second floor
Website: RockValleyCollege.edu/ISS

Intercultural Student Services (ISS) Office provides support for a variety of unique student populations. Success coaching, programs and special events are coordinated to support the diverse needs of international, multicultural, first generation, and student-athlete populations.
STUDENT SERVICES (continued)

Personal & Success Counseling

Located: Student Center - second floor
Website: RockValleyCollege.edu/PersonalCounseling

The Rock Valley College Personal and Success Counseling’s mission is to prepare students for learning and personal success throughout life. We educate and facilitate the growth of the whole person for living, learning, and coping in an unpredictable and diverse world. We work in conjunction with our colleagues across campus toward the promotion of a healthy campus environment and advocate for all students regardless of age, race, sexual orientation, or political beliefs.

Students will be provided assistance for feelings of anxiety, depression, inadequacy, loneliness, or any other personal concern students may be struggling with. The Personal and Success Counselor will provide short-term counseling and will connect students to community resources if long term counseling is the better solution. Topics discussed during a meeting will be held in confidence and community resources for recovery will be provided.

Students who do not meet the Financial Aid required “Standards of Academic Progress” (SAP) will be required to meet with the Personal and Success Counselor as a requirement for appealing their Financial Aid Status. Students will develop an academic recovery plan and discuss any possible barrier preventing each student from being successful and strategies to overcome them. Students are encouraged to continue visiting with the Personal and Success Counselor after the initial appointment. See Financial Aid (see page 23) for more details about requirements and appeals.

In addition, the Personal and Success Counseling Office coordinates the College Early (academic) Alert Program and leads an Academic Recovery Program for students on Academic Probation. Students looking to implement or improve successful time management, study skills, or stress relief techniques are encouraged to schedule an appointment.

Testing Center

Located: Student Center - ground floor
Website: RockValleyCollege.edu/Testing

The Testing Center (Main Campus) is the central location for the professional administration of testing programs and services for students and community residents. Services include placement testing, make-up exams, exams for online/hybrid courses, testing accommodations for students with disabilities, College Level Examination Program (CLEP), Dantes Subject Standardized Tests (DSST), and various certification exams. Community residents enrolled in post-secondary, distance/online programs at other institutions may also complete their course exams in the Testing Center.

For more information, visit: RockValleyCollege.edu/Testing or call (815) 921-2380.

The Valley Forge

Located: Educational Resource Center - ground floor
Website: RVCValleyForge.com

The Valley Forge is RVC’s award-winning student-run news source. It is updated throughout the Spring and Fall semesters. Any RVC student may apply to work on The Valley Forge.

To apply visit: RVCValleyForge.com.

The Valley Forge also encourages the submission of ideas, articles, columns, and letters to the editor by the entire RVC community. The links for sending that information can be found at: RVCValleyForge.com.

BOOKSTORE

Located: Student Center - ground floor
Website: RockValleyCollege.edu/Bookstore

The Barnes & Noble College Bookstore, on the Main Campus, offers book rentals, used and new textbooks, digital books, reference and general reading books, school supplies, backpacks, insignia clothing and gifts, and gift cards.

To rent or purchase textbooks and digital textbooks, students can shop in the Bookstore or go to: RockValleyCollege.edu/Bookstore, where they can have books shipped to their homes or held for pick up in the Bookstore.

For academically priced software go to: ThinkEDU.com/BN.

PAYMENT METHODS

Include cash, check, credit/debit cards (VISA, Mastercard, Discover, and American Express, no additional fees) as well as Barnes & Noble gift cards and financial aid (check with the Financial Aid Office for eligibility, not available for online purchases).

BOOK RENTALS

Are due on the last weekday of finals.

Check your receipt or in the Bookstore for the specific date.

BOOK BUYBACK

During fall and spring semesters, the Bookstore buys back textbooks during finals week.

Summer sessions buyback dates vary.

BOOKSTORE HOURS

Hours for fall and spring semesters are:

Monday-Thursday: 9:00 a.m. - 5:00 p.m.
Friday: 9:00 a.m. - 3:00 p.m.

The Bookstore is CLOSED during Spring Break and when the college is closed.

Call for “buyback” dates, summer hours, extended hours, and hour changes due to holidays and breaks.

BOOKSTORE LOYALTY PROGRAM

Be the first to hear about special sales and discounts, trends, events, giveaways and more from the RVC Bookstore delivered right to your inbox!

It’s free for anyone to join, including current and prospective students, faculty, and staff, community members, parents, and alumni.

A portion of all sales and rentals from the RVC Bookstore goes back to support RVC.

Join now at: RockValleyCollege.edu/BookstoreLoyalty.
STUDENT SERVICES

LIBRARY
Estelle M. Black Library  (815) 921-4600
Located: Educational Resource Center (ERC) - first & second floor

Resources of over 90,000 book volumes, 650 periodical titles, access to the materials of an additional 90 Illinois academic libraries, and services of dedicated information specialists – all strengthen the mission of Estelle M. Black Library at Rock Valley College in service to the information needs of students, faculty, staff and community members of the college district. The Library facility provides space for individual and group study. Services to students are focused on circulation of materials and instruction in the use of the online catalog and electronic databases as well as orientation to major collections within the Library.

The Library makes available to the college community platforms that include research discovery and video and music streaming services. Also available are: 39 computers for study and research, a 22-computer open lab, an audiovisual viewing, Wi-Fi, color printer, scanning workstation, and multifunction copier/scanner. In addition, the Library provides "course reserves" and an Interlibrary Loan service.

For more information, contact the Library:
• Reference Desk ........................................ (815) 921-4619
• Circulation Desk & call-in Renewals ........ (815) 921-4615
• Interlibrary Loan ..................................... (815) 921-4607
• Library Support ..................................... (815) 921-4626
• Website ................................................. RockValleyCollege.edu/Library
• Online Catalog ................................. RockValleyCollege.edu/LibraryVoyager

TUTORING SERVICES
Tutoring Center ....................... (815) 921-2370
Located: Student Center - ground floor
Website: RockValleyCollege.edu/Tutoring

The Tutoring Center supports the academic development and enrichment of RVC students through free peer-to-peer tutoring.

Appointments are encouraged, but drop-in times are available for some classes. Sessions are 50 minutes and start on the hour. Students should bring their textbooks and class notes to the session.

The Writing Center .................... (815) 921-2370
Located: inside the Tutoring Center
Website: RockValleyCollege.edu/WritingCenter

Free individual consultations are provided for all RVC students. Help is available in developing, composing and revising your ideas and topics, planning and organizing your paper, editing, documenting and citing. Hours vary. Please call to make an appointment.

Math Lab
Located: Jacobs Center for Science & Math (JCSM) - ground floor, room 0210
Website: RockValleyCollege.edu/MathLab

Math Lab Coordinator: Heather Foes  (815) 921-3521

The Math Lab is staffed by faculty to serve all RVC math students. Computers are available for math-related use, including online homework. The Math Lab offers free drop-in tutoring, calculator assistance, and access to all RVC math textbooks and math DVDs. Hours change each semester, current schedule is posted on door and also on their website.

Science Resource Room ........... (815) 921-1167
Located: Jacobs Center for Science & Math (JCSM) – first floor, room 1011
Science Resource Room Manager: Lisa Strong  (815) 921-3454

The Science Resource Room is a place to study biology, chemistry, and other sciences by yourself, in small groups, or with a tutor. Textbooks, computers, and limited lab materials are available for use by Science students. Science peer tutors are available weekly. Please bring your own paper if you need to print. Hours change each semester; current schedule is posted on door.
RVC Online Services (815) 921-4250
A wide variety of options and services are available at:
RockValleyCollege.edu/OnlineServices.
Students can register for classes, review their class schedule, search for available courses, pay their bill, review grades, review/request transcripts, review their financial aid status, update address information, and more. To access Online Services, students will need a student I.D. number (your “s” I.D. number) and password.

RVC Student Password Policy
All new students will be setup with a username and password that will work for RVC resources including RVC EAGLE, RVC Mail, Online Services and logging on to RVC campus computers. If you forget your password and remember your answers to the security questions you can go to RockValleyCollege.edu/Password. However, if you do not remember the answers to your security questions you will be required to come to the Main Campus and present a photo I.D. at the Welcome Center in the Student Center. Passwords cannot be reset over the phone. It is the responsibility of all users of college IT systems to safeguard their passwords and their use of such systems. It is strongly recommended that students do not share their I.D. and password to adhere to RVC’s Computer Use Policy.

RVC-WiFi
Rock Valley College’s wireless network provides mobile Internet access for students, faculty, and staff from the wireless access points located throughout the college. Employees and students with network accounts access the Internet using WiFi capable personal devices (tablets, phones, laptops). Log in using your browser and network account. Go to: RockValleyCollege.edu/Wifi for instructions.

Please note: As an RVC student, you can install Microsoft Office 365 ProPlus for FREE on your personal computers and mobile devices. Office 365 ProPlus includes full versions of Word, Excel, PowerPoint, Outlook, and OneNote, and can be installed on up to five personally-owned PCs/Macs and up to five mobile devices, including iOS and Android devices. You will need your student I.D. number (your “s”) and your network password. Go to: RockValleyCollege.edu/Office365.

RVC EAGLE, E-Mail, & Conferencing System (815) 921-4646
Located: Educational Resource Center (ERC) – second floor outside the Library - Room 2402 (on the CLII side of the building)
Website: RockValleyCollege.edu/LMS
The Learning Management System (LMS) used in courses at Rock Valley College is called EAGLE. It can be used to submit homework, to discuss course topics, to complete practice tests and for course related communication. Students can use the EAGLE mail interface to request help from their instructors or to discuss topics with other students enrolled in the same course.
All students enrolled in RVC credit classes are given EAGLE Accounts.

Getting Started Center (GSC) Tech Connect Session (815) 921-4094
Register for a session at: RockValleyCollege.edu/GSC-Reg. The session will provide an introduction to utilizing RVC Online Services and the RVC EAGLE LMS. Students must have applied and have registered for classes in order to attend this session.

RVC Mail (Gmail)
Rock Valley College has a student email system that allows students to interact not only with each other, but also allows campus offices to communicate information to students.
It is important for students to access their RVC Mail account every 24 hours in order to stay informed regarding:
• important dates
• course waitlist information
• campus events.
Students may access this email system by logging onto http://Mail.Student.RockValleyCollege.edu.
All students enrolled in RVC credit courses are issued a free RVC Mail account. Technical Support for RVC Mail is located in the EAGLE Support area in ERC-2402.
The format for RVC mail is: first letter of first name + first letter of middle name + last name@Student.RockValleyCollege.edu.
Example – John M. Smith would be JMSmith@Student.RockValleyCollege.edu.

MyRVC
One-click access to all of Rock Valley College’s most used Web resources is available at RockValleyCollege.edu/MyRVC.
At “MyRVC” you will find links to:
• Online Services
• Password Policy
• RVC EAGLE
• RVC Mail
You can also access MyRVC from any page on the RVC website (RockValleyCollege.edu) by clicking on the “MyRVC” text in the header of the website.

Distance Learning – Online Classes & Hybrid Courses
Distance Learning: refers to education that takes place with the students and instructor in different locations. At Rock Valley College, the primary options for distance learning are online courses, and hybrid courses.

Online Courses: are offered via the Internet, but may have required campus visits determined by the course instructor. The course materials, such as syllabi, assignments, lectures, writing prompts, and activities are all posted within EAGLE and are designed and controlled by the instructor. Students work on the course materials independently, reading the texts and lectures and completing assignments. Students also participate in class discussions and conferences online, both in real time (synchronous) and in a bulletin-board format (asynchronous). Students may take tests and submit assignments through EAGLE, but some instructors will require students to come to campus to complete their exams.

Hybrid Courses: combine traditional classroom instruction with online instruction. A hybrid course is an online course that requires students to also attend sessions on campus. The number and type of campus meetings vary from one course to another.
To see a list of available courses, go to Online Course Schedule at: RockValleyCollege.edu/Courses.

Information Technology (IT)
The Information Technology department has responsibility for designing, implementing, and maintaining Rock Valley College’s voice, video, and data systems, for both academic and administrative purposes.
CAMPUS TECHNOLOGY (continued)

Computer Labs

RVC has many different computer labs used for classroom instruction. There are two labs that students can use outside of the formal classroom setting. All labs contain computers with Internet and EAGLE access, and standard software, as well as printers for student use.

There are computers available for student use on the Main Campus:

- **Educational Resource Center (ERC)**
  Inside the Library, first floor, in the “Information Commons” Area and Room 1308 (when a class is not in session)

- **Woodward Technology Center (WTC)**, first floor, in Room 1100
  * A computer lab assistant or student worker is available, in the Woodward Technology Center (WTC) lab, to assist students by answering questions and assisting with computer functions.

Other RVC locations:

- **RVC Downtown (RVCD)** – Second Floor, Study Room 2114
  For more information, call the RVCD at (815) 921-4290

- **Stenstrom Center (SCCE)** – Room 161
  For more information and hours, call the IT Help Desk at (815) 921-4800

Computer Use Policy

All Rock Valley College computer hardware and software may be used only in accordance with established rules and procedures. It is the responsibility of all users of the Rock Valley College computer systems to adhere to the “Acceptable Use of RVC Information Technology Systems Procedure” for use of RVC Information Technology resources as outlined. See the complete policy posted at: RockValleyCollege.edu/About/Terms.cfm.

RVC ALERTS

Students are encouraged to sign up for “RVC Alerts” to be notified of emergencies, campus closings, or other important announcements, by clicking on RVC’s homepage button:

- Choose to be notified via phone call
  text message
  and/or e-mail

- To register go to: RockValleyCollege.edu/Alert

- Be sure to read the Frequently Asked Questions (FAQs) and then click “Sign-Up” to register.

- Students will log-in using their student I.D. number and network password.

- You can also choose to receive non-emergency messages regarding financial aid, registration dates, and payment deadlines.

RVC POLICE DEPARTMENT

Non-Emergency..... (815) 921-4350
Emergency .............. (815) 654-HELP
(815) 654-4357

RVC Police Officers are on Campus – 24 Hours a Day, Seven Days A Week (24/7/365)

Located: Support Services Building (SSB), Room 1100
Website: RockValleyCollege.edu/RVCPD

RVC’s Police Department is dedicated to ensuring the safety of all members of the campus community (authorized by 110 ILCS 805 /3-42. 1). All RVC police officers have the same authority as city police officers and county sheriffs, including power to arrest on-site and warrants. The officers enforce all laws of the State of Illinois, city of Rockford, and regulations of the college.

Services include, but are not limited to, the following:

- Emergency first aid
- Investigation of criminal offenses
- Delivery of emergency messages
- Campus key control
- Parking and traffic control
- Special events security
- Fire and safety inspections
- Vehicle assistance
- “Safe Walk” Program
- Emergency Call Box phone system – (ADA compliant, for emergency and non-emergency assistance) is in place on the Main Campus and at off-campus facilities, located inside and outside of buildings, and can be used 24 hours a day, seven days a week, to contact the RVCPD.

There are 36 call boxes located throughout the RVC Main Campus and they are also located at Bell School Road Center (BEL), Stenstrom Center (SCCE), and the Aviation Career Education Center (ACEC). All call boxes can be easily identified by the bold EMERGENCY designation on the side, and the blue light located on the top of each unit. Both interior and exterior public pay telephones can also be used to dial 9–1–1 free of charge, in the event of an emergency situation.

All students and visitors are required to observe traffic regulations established by the college. The college established speed limit, on all of our campuses, is 20 mph and is enforced by radar. Rock Valley College utilizes the Illinois Vehicle Code for all other traffic regulations.
STUDENT LIFE ........... (815) 921-4183

Student Life Mission Statement: Student Life exists to connect, engage, and develop Rock Valley College students in a supportive environment through positive leadership, and community building opportunities, while serving as a bridge to their future accomplishments.

Did you know that the more involved college students are in the academic and social aspects of campus life, they benefit more in terms of learning and personal development? Student Life is here to support you enhance your academic experience with various opportunities to help you get and stay engaged outside of the classroom. Our office is located on the first floor of the Student Center and while at Rock Valley College, we encourage you to: LIVE • LEARN • LEAD.

Student Clubs & Organizations ............... (815) 921-4184

One of the easiest ways to get and stay involved is to join an organization on campus. There are over 30 organizations from which to choose. Joining one is as easy as stopping by Student Life, giving us a call or visiting our OrgSync® website. You can start a brand new club in just a few easy steps. It’s just that simple.

For a list of current active student clubs and organizations, please go to: RockValleyCollege.edu/Clubs.

Phi Theta Kappa, the official honor society of two-year colleges, serves to recognize and encourage the academic achievement of two-year college students and provide opportunities for individual growth and development through academic, leadership, and service programming.

Rock Valley College’s Phi Theta Kappa chapter is called “Omicron Eta” and inducts about 100 students each fall and spring semester. In order to be inducted, students must have completed at least 12 college credits and have earned a minimum of a 3.5 cumulative GPA. Moreover, students must be enrolled at RVC during the semester they are inducted.

In addition to being the honor society, Omicron Eta is an active student organization on campus and is open to all RVC students.

For more information, visit: www.PTK.org or go to https://OrgSync.com/login/Rock-Valley-College and search for Phi Theta Kappa or call (815) 921-4104.

STUDENT ENGAGEMENT

Rock Valley College is committed to helping its students be successful. To this end, the college provides a variety of activities and services for students. Please review the following to become familiar with how we can help students meet their goals.

Student Lounge on the Main Campus ............... (815) 921-4184

The lounge is located on the first floor of the Student Center (SC), across from the Computer Lab. It includes comfy seating with a big screen TV, your favorite magazines, and more. We also host spur-of-the-moment activities to promote community and free discussion. It’s a great place to hang out with other students when in-between classes or grabbing a bite to eat. It is also available for reservation as are the HUB, and the Student Life Organizations Room.

OrgSync®

Your link to what is happening at RVC.

Visit our web page at: OrgSync.com/Login/Rock-Valley-College, where you can:

• View events
• Meet other students
• Join a student organization
• Create a profile on OrgSync®

Student Government Association (SGA) ............... (815) 921-4185/4188

Purpose Statement:
“To support and advocate for the students at Rock Valley College through service, leadership and civic engagement.”

The Student Government Association (SGA) is a body of students elected by their peers to serve as their voice on campus, to address student needs and interests on matters of the college and community. SGA promotes students involvement and seeks to improve their general welfare.

Campus Activities Board (CAB) ............... (815) 921-4189/4178

Purpose Statement:
“To provide educational and fun activities in order to produce an atmosphere of community at Rock Valley College.”

The Campus Activities Board (CAB) is comprised of students (officers and members) who are in charge of making sure that the campus comes alive with fun, exciting, diverse, quality entertainment and enrichment all year long. Bands, magicians, comedians, poets, speakers, hypnotists and game shows – if you can name it, chances are it has been here or will be in the near future! Follow the brightly colored posters with the CAB logo to attend and participate in all that the board has planned for the community at Rock Valley College.
ATHLETICS

Department ........................................ (815) 921-3801
Located: Physical Education Center (PEC) - first floor, Room 1024
Website: RVCSports.com

Rock Valley College is a member of the National Junior College Athletic Association (NJCAA) which governs eligibility and competition.

Freshman eligibility: Must be a high school graduate or equivalent; during semester of competition, must be enrolled for at least 12 semester hours of credit leading to a degree or certificate; at end of first full-time semester, must have passed at least 12 semester hours of credit with a 2.0 GPA or better.

To remain eligible for a second season: Must have passed 24 semester hours of credit with at least a 2.0 GPA; must not have completed two seasons of intercollegiate competition in any single sport.

Other circumstances: Transfer students, part-time students, and students with college credits, who have never participated in intercollegiate athletics, should contact the Athletic Director.

Physical exams and medical forms, are required each year, before competing on a sports team.

INTERCOLLEGIATE SPORTS

Eight teams of men’s and women’s intercollegiate sports are offered at RVC. The Golden Eagles compete in NJCAA Division III in men’s and women’s basketball, men’s and women’s soccer, men’s and women’s bowling, women’s softball and volleyball, and men’s baseball. Many of the teams have enjoyed national prominence in recent years. RVC’s rich athletic history includes nearly 200 All-Americans and 20 national championships. See pages 7, 12, & 52 for more info.

Academic Honesty

The faculty and administration expect that RVC students are enrolled in courses as serious and honorable scholars. Furthermore, students are expected to do their own original work, except when collaboration on projects is directed by faculty as part of the course or specific assignment. Students are expected to observe the commonly accepted standards of academic honesty at all times. Students who commit any of the forms of academic dishonesty (plagiarism, cheating by copying, dishonest collaboration, or fabrication) as outlined in the Academic Honesty Standards and Procedures found in the RVC Student Handbook are subject to penalties and sanctions.

Attendance Requirement

Students are expected to attend every class meeting. There is no college policy permitting absences. Each faculty member will decide when and how absences affect grades.

Rights & Responsibilities

The RVC campuses are a collegiate society with rules and regulations that respect and protect the rights of both individuals and the campus community. The following policies and procedures establish both the rights and the responsibilities of Rock Valley College students. Students are expected to know and adhere to RVC policies, regulations, rules, and the Student Code of Conduct which are available in the RVC Student Handbook.

This College Catalog should not be construed as constituting a contract between the college and any person. The college reserves the right to modify its policies.

A complete copy of each policy or procedure and the Student Code of Conduct is available in the RVC Student Handbook. The RVC Student Handbook is available on the RVC website: RockValleyCollege.edu/StudentHandbook. Questions regarding the Handbook may be directed to the Dean of Students Office.

Campus Security Report

This report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Rock Valley College; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, domestic violence, stalking, dating violence, and other matters. The complete report is available at: RockValleyCollege.edu/CampusSecurityReport. Individuals may also request a paper copy of this report by contacting the RVC Police Department (RVCPO) at (815) 921-4350 or by visiting the department (Room 1100) in the Support Services Building (SSB).

Children On Campus

For the safety of children on campus, children may not accompany students to class, tutoring or testing sessions. Also, children may not be left unattended on the campus grounds, whether in college buildings, extension centers, or at any college event.

Discipline Procedures

The Rock Valley College Dean of Students Office has the right to impose disciplinary sanctions and/or corrective actions for a student found responsible of violating the RVC Student Code of Conduct, college regulations, and/or college policies. Students may also be subject to civil or criminal penalties as appropriate.
**RIGHTS & RESPONSIBILITIES (continued)**

**Drug Free Schools & Communities Amendment Act**
Rock Valley College complies with the Federal Drug-Free and Communities Act as articulated in the Education Department General Administrative Regulations (EDGAR) Part 86. RVC students receive an annual notice that outlines standards of conduct, possible legal sanctions and penalties, statements of health risks associated with Alcohol or Drug Abuse, Prevention programs available, and college disciplinary sanctions for violations of standards of conduct. The college seeks to improve the campus atmosphere by eliminating drugs and alcohol on the campus, except where liquor permits have been procured or alcohol is utilized for instructional purposes.

**Family Educational Rights & Privacy Act (FERPA)**
The following notice and information is given by Rock Valley College, District 511, to advise students of their rights under the Family Educational Rights and Privacy Act of 1974 (The Act). Rock Valley College has implemented policies and procedures implementing the Act.
The Act established the right of students to inspect and review their educational records; provides that personally identifiable information will not, with certain exceptions, be disclosed without the student's written permission; provides guidelines for correction of inaccurate or misleading data through informal or formal hearings; grants students the right to file complaints with the Family Compliance Office concerning failures of the college to comply with the Act; and makes provisions for notice to the students concerning those rights.

Students who wish to review their education records must complete the appropriate form and submit it to the Registrar. Students will be notified in writing of the date and time they may review the records.
The following student data is hereby designated as Directory Information and such information may be disclosed or released by the college for any purpose and at its discretion: student name, dates of attendance, part-time/full-time enrollment status, degrees/certificates earned, awards received, officially recognized activities, weights and heights of members of athletic teams, and student e-mail addresses.
To have directory information withheld, the student must give written notice to the Registrar by the tenth day of each semester for which the student is enrolled.
A student may give permission to a parent, guardian, or other individual to review their record. A FERPA waiver form is available in the Records and Registration office.
Contact the Registrar at (815) 921-4267 for FERPA related questions.

**Mental Health Act (MHA)**
Pursuant to Illinois’ Student Optional Disclosure of Private Mental Health Information Act, a student has the right to authorize the College, in writing, to disclose his or her private mental health information to a person of the student’s choosing. For additional information, please contact the Records and Registration Office on the second floor of the Student Center. Please be advised that, consistent with the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g and its regulations at 34 CFR § 99.36, the College may disclose a student’s private information to persons who need to know that information in the event of or to avert a health or safety emergency, even if those persons have not been designated by the student on his or her Student Optional Disclosure of Private Mental Health Information Act.

In conjunction with FERPA and MVC policy, students will have the written opportunity to authorize the disclosure of certain private mental health information to a designated person of their choosing by completing and filing a FERPA Form which includes the Mental Health Act Disclosure. This policy allows you to designate a person(s) to whom RVC may disclose certain private mental health information. RVC will contact the person(s) of choice if RVC’s Personal Counseling Services determines that you pose a clear danger to yourself or to others and/or protection is needed for you or another person from a clear, imminent risk of serious mental or physical injury, disease or death.

**Pregnant & Parenting Student Act**
In June 2013, the Office of Civil Rights, within the Department of Education, issued a “Dear Colleague letter” that indicated it is illegal for schools to exclude a pregnant student from participating in any part of an educational program.
Please refer to the RVC Student Handbook for the entire RVC policy go to: RockValleyCollege.edu/StudentHandbook.

**Procedure for Resolution of Student Complaints**
Students may encounter problems during their course of study at RVC that may require review by appropriate administrative or academic personnel. The college has established procedures. Questions or guidance regarding these procedures should be directed to the Dean of Students Office, (815) 921-4281. The procedures are also available in the RVC Student Handbook. Please reference the Dean of Students’ website (RockValleyCollege.edu/DeanOfStudents) for Student Complaint FAQ.

**Preventing Sexual Violence in Higher Education Act**
Effective August 1, 2016, the Preventing Sexual Violence in Higher Education Act applies to all Illinois higher education institutions. The new law imposes a number of requirements on higher education institutions related to their policies, procedures, provision of services, and responses to sexual violence on campus between students. While most of the Act’s requirements mirror the federal law requirements under Title IX of the Education Amendments of 1972 and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the new Illinois law also places several additional requirements on public universities, public community colleges, and independent not-for-profit or for-profit higher education institutions. Please see the RVC Student Handbook for additional information, policies, and procedures.

**Registered Sex Offender List**
The Rock Valley College Police Department (RVCPD) maintains a registered sex offender list, which identifies all known registered sex offenders who are currently enrolled as students or employees at Rock Valley College. Illinois state law requires all institutions of higher education to make registered sex offender information available to anyone who requests it.
This registered sex offender list is available for viewing, on the Main Campus, at the RVCPD office in the Support Services Building (SSB), Room 1100 and at the Welcome Center on the first floor of the Student Center (SC); also at the Stenstrom Center (SCCE) in Room 201; the Workforce Development office on North Main Street; and the Rock Valley College Downtown (RVC) location. Registered sex offenders who fail to register their status as a student or employee at an institution of higher education are in violation of the Sex Offender Registration Act, which is a Class 3 Felony, and may be arrested. In addition to registering with the RVCPD, registered sex offenders must also meet with the Dean of Students or Designee prior to the beginning of each semester they enroll.
TRANSITIONAL OPPORTUNITIES & CAREER EDUCATION

Adult Education ...................... (815) 921-2000

Rock Valley College Downtown (RVC) Downtown
99 E. State Street, second floor (in the Rockford Register Star building)

Website: RockValleyCollege.edu/Adult Ed

Whether students want to earn a High School Equivalency (HSE), polish basic skills to prepare for a career, or improve English-language skills, there’s something for students at Rock Valley College Adult Education. We have programs that will position students for success, regardless of their current skill levels.

• Adult Education Bridge Programs
  – Healthcare Field
  – Information Technology
  – Manufacturing
  – Transportation, Distribution, & Logistics (TDL) to Aviation

• English as a Second Language (ESL)
  Improve listening, speaking, reading, and writing skills at no cost to the student. Classes range from basic language skills for beginners to helping advanced students prepare for higher education, further training, or a career.

• General Education Development (GED)/High School Equivalency (HSE)
  Basic skill instruction in the areas of Reading, Writing, and Math at no cost to the student.

• Integrated Career & Academic Preparation System (ICAPS)
  Program to pursue an HSE (GED) or advanced ESL training, as well as a certificate in either CNC (Computer Numerical Control) or Network Technician at the same time, earning credits towards an A.A.S. degree in Manufacturing Engineering Technology or Computer & Information Systems.

ADA/504 Compliance Officer, Dean of Students, at (815) 921-4281 for an investigation. Upon completion of the investigation, a response will be provided to the student within thirty (30) business days.

Student Assembly Policy
Although students are welcome to gather to express and discuss ideas, all such assemblies must be held in accordance with the policy on student assembly. This information is available in the RVC Student Handbook.

Student Right-To-Know Information
Student Right to Know refers to federally-mandated public disclosure of specified consumer statistics of institutional effectiveness. The Student Right to Know and Campus Security Act (P.L. 101-542) requires higher education institutions receiving federal financial assistance to provide prospective and current students with the following information to help them make informed decisions about the educational benefits available: Graduation, Transfer, and Retention Rates, Campus Security, and other consumer information.

A complete list is available on the RVC web page:
RockValleyCollege.edu/StudentRightToKnow.

Workforce Development .... (815) 921-2200

Located: North Main Street Center (NMST)
303 N. Main Street (in the Supply Core Building)

RVC’s Workforce Development is a partner-agency of Illinois’ Workforce Connection, a 17-partner program that provides "employment-based" services to qualified individuals and eligibility criteria is program specific.

Workforce Development provides one contact for employers to find workers AND for job-seekers to receive training, education, and employment services. Services generally assist eligible job-seekers with: career testing and counseling, job readiness skills, job search assistance, on-the-job training opportunities, and financial assistance for vocational training.

• Adult and Dislocated Workers Program
  Services designed to meet the workforce needs of area businesses and get workers back to work as quickly as possible. The Adult and Dislocated Workers Program helps employers through customized training programs and an incentive-based on-the-job training program. Unemployed workers can benefit from: workshops, career planning and counseling, job search training and referrals, and on-the-job training with local employers.

• Elevate (Youth) Program
  Elevate is designed to provide educational, career, and support services to youth between the ages of 16-24 who may have a barrier that is preventing them from completing their high school diploma, high school equivalency certificate, or finding employment.

• Refugee & Immigrant Services
  Services for adjustment and employment for refugees and immigrants from the northern 10 counties in Illinois. Business Services Coordinators and staff work with employers who have found great success hiring refugees and immigrants through this program.
TRANSFER DEGREES

Rock Valley College offers a wide variety of courses specifically designed for transfer. The keys to successful transfer are to start planning immediately and to select coursework carefully. The Associate of Arts (A.A.), the Associate in Science (A.S.), and the Associate in Engineering Science (A.E.S.) degrees are intended for students planning to transfer to a college or university for a baccalaureate degree. However, since requirements can vary from one institution to another, it is recommended that students meet regularly with an academic advisor as well as verify information with the transfer institution.

The Planning for Success and IAI/RVC General Education Core Curriculum information, beginning on this page, provides additional educational planning information. Academic advisors are available to help students develop an individual education plan. Although Associate in Applied Science (A.A.S.) programs are not primarily designed for transfer to a four-year institution, RVC has established articulation agreements with a number of colleges and universities so that many A.A.S. degrees may transfer. Students should consult an academic advisor or program coordinator regarding the growing transfer possibilities with the A.A.S. degrees (see page 54).

Associate of Arts Degree
(A.A. - RVC curriculum #1000)

This degree is for students who plan to major in liberal arts disciplines such as art, criminal justice, education, English, foreign language, geography, history, music, philosophy, political science, psychology, sociology, and speech. It can also be used for transfer business majors such as accounting, business administration, finance, and human resources.

Associate in Science Degree
(A.S. - RVC curriculum #1700)

This degree is for students who plan to major in science-related disciplines such as biology, chemistry, geology, mathematics, medicine, medical technology, pharmacy, occupational and physical therapy, physics, and veterinary medicine.

Associate in Engineering Science
(A.E.S. - RVC curriculum #1775)

This degree is designed to provide students a transition to a four-year baccalaureate engineering degree program. Students who complete the A.E.S. degree can transfer to an engineering program to complete a Bachelor of Science degree depending upon the requirements of the transfer institution. Students may need to complete additional engineering prerequisites at the transfer school.

Selecting the IAI General Education Courses

Students will find a concise listing of General Education Core Curriculum course requirements for the A.A. and A.S. degrees beginning on page 40. Students should also consult with a Rock Valley College academic advisor for assistance in making correct course selections. In addition, they should consult: iTransfer.org for accurate updates on these requirements.

PLANNING FOR SUCCESS

Transfer Planning
By carefully constructing an educational plan, students can select Rock Valley College courses for transfer to a variety of four-year colleges and universities. When a student has selected a transfer school, it is important that the student review that institution’s specific admission and course requirements. Transfer information can be obtained in the Academic and Transfer Advising Office.

STU 100 – Planning for Success

The STU 100 - Planning for Success course is required for all new students intending to pursue an A.A., A.S., or A.E.S. degree prior to the student earning 30 credits. This one-credit course is transferable to a 4-year college/university and will apply towards graduation at RVC. Students are strongly encouraged to take this course in their first or second semester.

Although recommended for students seeking an Associate in Applied Science (A.A.S.) degree or for certificate-seeking students, it is not a requirement.

Specific Requirements for A.A. & A.S. Degrees

Rock Valley College, like most other Illinois community colleges, has additional, specific degree requirements for the Associate of Arts transfer degree, and other requirements for the Associate in Science transfer degree; these are described in detail on pages 42 and 44 of this College Catalog.

Majors & Elective Courses

At Rock Valley College, 16-20 elective credits for the Associate of Arts (A.A.) degree and 15-18 credits for the Associate in Science (A.S.) degree may be used by students to explore a particular field of study or major.

Students should schedule an appointment to meet with an advisor to discuss course selection.

Students should also consult: iTransfer.org for up-to-date listings of Rock Valley College courses which will count in the majors at other Illinois colleges and universities.

Diversity & Non-Western Culture Courses

Some transfer institutions require a diversity or Non-Western course in their general education requirements. Students are encouraged to complete any diversity or Non-Western culture courses required by their intended transfer institution as part of their general education core at Rock Valley College.
THE ILLINOIS ARTICULATION INITIATIVE (IAI)

Rock Valley College is a participant in the Illinois Articulation Initiative (IAI), a statewide articulation effort to help Illinois college students transfer credit more easily between more than 100 participating Illinois colleges and universities. One of the main features of the IAI is the General Education Core Curriculum (GECC) which is a list of general education courses that have been articulated statewide and will be accepted for transfer by all participating colleges and universities in Illinois.

Completion of the GECC at any participating institution in Illinois assures transferring students that general education requirements for an Associate of Arts have been satisfied upon transfer to another participating institution. Students who wish to transfer to four-year colleges and universities are advised to complete an Associate Degree. Keep in mind, the IAI General Education transfers as a “package.” Course-to-course transfer credit is not guaranteed.

Students who have 30 semester credits of college level coursework can transfer to an IAI participating institution and have the option of completing the institution’s lower-division general education requirements, or complete the IAI GECC. The receiving institution may require transfer students to complete institution-wide and/or mission related graduation requirements beyond the scope of the IAI GECC.

The IAI is a powerful tool for students. General and detailed information about the IAI as well as the most current list of participating schools can be found online at: iTransfer.org.

General Education Core Curriculum (GECC)
The requirements for an Associate Degree (A.A. or A.S.) at Rock Valley College consists of a minimum of 64 credit hours taken from three components:

1. General education core curriculum (pages 42-45)
2. Additional degree requirements (pages 43 & 45)
3. Baccalaureate-oriented courses taken in the major/minor, and electives

The IAI GECC of 37-41 credits for an Associate of Arts, or 31-35 credits for an Associate in Science, consists of courses that colleges and universities consider essential for students’ success in college and life. The GECC requires study in the following areas:

ASSOCIATE OF ARTS
Communications .......................... 9 credits
Mathematics .................................. 3-6 credits
Physical and Life Sciences ............ 7-8 credits
Humanities and Fine Arts .............. 9 credits
Social Sciences ............................. 9 credits

ASSOCIATE IN SCIENCE
Communications .......................... 9 credits
Mathematics .................................. 3-6 credits
Physical and Life Sciences ............ 7-8 credits
Humanities and Fine Arts .............. 6 credits
Social Sciences ............................. 6 credits
POST-TRANSFER .......................... 6 credits
Courses taken at either the Transfer Institution or taken at RVC: one course from Humanities or Fine Arts and one course from Social & Behavioral Sciences)

RVC EDUCATION GUARANTEE PROGRAM

University Transfer Guarantee
Rock Valley College guarantees that courses approved for transfer to another college will be honored either as program requirements or electives. If transfer courses are not accepted after all provisions of the University Transfer Credit Guarantee are followed, the college will allow the student to take additional Rock Valley College courses up to the number of credits not transferred without charge for tuition and fees.

EACH STUDENT IS RESPONSIBLE FOR GRADUATION REQUIREMENTS:

- Complete a minimum of 64 credit hours of 100 level courses or above that also meet the requirements of the General Education Core Curriculum.
- Achieve a cumulative 2.0 (C) GPA in all 100/200 level courses attempted at Rock Valley College.
- Meet residency requirements by earning a minimum of 20 semester hours of 100/200 level at Rock Valley College.

Students must submit an application for graduation approved by an Academic Advisor to the Records and Registration Office, on second floor of Student Center, by the dates listed below.

- March 1 – Last day to apply for Spring graduation
- June 1 – Last day to apply for Summer graduation
- October 1 – Last day to apply for Fall graduation
PLANNING FOR SUCCESS - EDUCATION PLAN

Requirements for: Associate of Arts Degree (A.A.) = 64 Credit Hours Total

**KEY:** # = Non-Western Culture (one 3-credit course required)

### 1. GENERAL EDUCATION CORE CURRICULUM (GECC)
(37–41 CREDIT HOURS TOTAL)

#### COMMUNICATIONS 9 credits

Students whose first semester of postsecondary education is after Summer 1999 must earn grades of “C” or higher in ENG 101 and 103.

- @ ENG 101 Composition I .......................................................... 3
- @ ENG 103 Composition II .......................................................... 3
- # SPH 131 Fundamentals of Communications .......................... 3

**Note:** To fulfill the IAI GECC Humanities and Fine Arts requirement, students should select a minimum of three (3) courses, selecting at least one (1) from the Humanities and one from the Fine Arts. Interdisciplinary courses encompassing both the Humanities and the Fine Arts may be used for either category.

#### HUMANITIES / FINE ARTS 9 credits

**Note:** Select at least one Life Science and one Physical Science course. At least one of the two courses must have a lab.

**Humanities:**

- FRN 204 Intermediate French II .............................................. 3
- GRM 204 Intermediate German II ......................................... 3
- LIT 139 Mythology ................................................................. 3
- LIT 140 Bible as Literature .................................................... 3

- SOC 290 Social Problems .............................................. 3
- # SOC 295 Racial and Ethnic Relations ............................. 3
- SOC 298 Sociology of Sex and Gender ............................. 3
- SOC 299 Sociology of the Family .................................... 3

### MATHMATICS  
**3-6 credits**

**Note:** For students seeking state certification as elementary teachers, both MTH 216 and 217 must be satisfactorily completed to fulfill the three-hour mathematics requirement.

- MTH 115 General Education Math ................................. 3
- MTH 135 Calculus I .................................................... 5
- MTH 160 Topics from Finite Math .................................. 3
- MTH 211 Calculus for Business/Social Sciences ................. 4
- MTH 217 Math for Elementary Teachers II ....................... 3
- MTH 220 Elements of Statistics .................................... 3
- MTH 235 Calculus II .................................................. 4
- MTH 236 Calculus III .................................................. 4

### 2. ADDITIONAL DEGREE REQUIREMENTS TO BE COMPLETED

For the Associate of Arts Degree, students need to complete the following:

- **Humanities and Fine Arts – 3 credits**  
  (additional for a total of 12)  
  **Select from:** Any course listed as an IAI approved humanities or fine arts course and/or ART 246; FRN, GRM, SPM; PHL, LIT; HUM 115, or 250.

- **Social and Behavioral Sciences – 3 credits**  
  (additional for a total of 12)  
  **Select from:** Any course listed as an IAI approved social and behavioral science course and/or ANP, ECO, EDU 224, GEO, HST, PSC, PSY, or SOC.

- **Non-Western Culture – one 3-credit course**  
  **Select from:** Any course listed as an IAI approved Non-Western Culture.  
  Course is indicated by (#); or SPH 202.

- **STU 100 – Planning for Success – one 1-credit course**

- **Electives – 16-20 additional credits**  
  The electives taken at RVC may serve as prerequisites for majors at baccalaureate institutions. Students should meet with an academic advisor to verify course selection based on major and transfer institution. Students should also check with the college or university they are considering for transfer and should consult with those institutions directly.

  **Note:** Students can only use a maximum of four (4) credits of 100-level (activity-based) FWS credits.

*Please see further information about the IAI at: iTransfer.org.*
PLANNING FOR SUCCESS - EDUCATION PLAN

Requirements for: Associate in Science Degree (A.S.) = 64 Credit Hours Total

**KEY:** # = Non-Western Culture (one 3-credit course required)

### 1. GENERAL EDUCATION CORE CURRICULUM (GECC) (31–35 CREDIT HOURS TOTAL)

**Note:** The A.S. Degree does not fulfill the IAI GECC requirements. However, the GECC can still be completed at RVC or completed at the Transfer Institution (for more info see page 39 & 43).

#### COMMUNICATIONS 9 credits

Students whose first semester of postsecondary education is after Summer 1999 must earn grades of “C” or higher in ENG 101 and 103.

- @ ENG 101 Composition I ......................................................... 3
- @ ENG 103 Composition II ......................................................... 3
- SPH 131 Fundamentals of Communications ............................ 3

@ = Must earn minimum of “C”

#### HUMANITIES / FINE ARTS 6 credits

**Note:** To fulfill the IAI GECC Humanities and Fine Arts requirement, students should select a minimum of two (2) courses, selecting at least one (1) from the Humanities and one from the Fine Arts. Interdisciplinary courses encompassing both the Humanities and the Fine Arts may be used for either category.

**Humanities:**

- FRN 204 Intermediate French II ............................................. 3
- GRM 204 Intermediate German II ........................................... 3
- LIT 139 Mythology ................................................................. 3
- LIT 140 Bible as Literature ...................................................... 3
- LIT 142 Exploring Literature: Poetry ...................................... 3
- LIT 143 Exploring Literature: Drama ...................................... 3
- LIT 144 Exploring Literature: Fiction ...................................... 3
- LIT 152 Multicultural American Literature ............................ 3
- LIT 201 American Literature before 1865 .............................. 3
- LIT 202 American Literature since 1865 ............................... 3
- LIT 205 British Literature before 1800 ................................. 3
- LIT 206 British Literature since 1800 .................................... 3
- LIT 210 Woman's Literature: The Early Years to 1800 .......... 3
- LIT 211 Woman's Literature: 1800 to Present ....................... 3
- LIT 241 Shakespeare ............................................................... 3
- LIT 243 Western Literature to 1800 ..................................... 3
- LIT 244 Western Literature Since 1800 ............................... 3
- # LIT 251 Non-Western Literature Before 1800 ..................... 3
- # LIT 252 Non-Western Literature Since 1800 ..................... 3
- # LIT 260 Contemporary African Literature ......................... 3
- PHL 150 Introduction to Philosophy ...................................... 3
- # PHL 151 Introduction to Non-Western Philosophy ............ 3
- PHL 152 Environmental Ethics .............................................. 3
- PHL 154 Introduction to Religion .......................................... 3
- # PHL 155 World Religions .................................................... 3
- PHL 156 Religion in American Society ................................. 3
- PHL 157 Foundational Religious Texts ................................. 3
- PHL 158 Ancient & Medieval Philosophy ............................ 3
- PHL 159 Modern & Contemporary Philosophy .................. 3
- PHL 255 Logic .................................................................... 3
- PHL 256 Contemporary Moral Issues ................................... 3
- SPN 204 Intermediate Spanish II .......................................... 3

**Fine Arts:**

- ART 131 Introduction to Visual Arts ........................................ 3
- # ART 141 Introduction to Nonwestern Visual Art .................. 3
- ART 251 History of Art I ......................................................... 3
- ART 252 History of Art II ........................................................ 3
- ART 253 History of Art III ........................................................ 3
- COM 251 Film History and Appreciation .............................. 3
- COM 252 International History of Film ................................. 3
- HUM 117 Ethnic Traditions in American Theatre .................. 3
- HUM 210 Cultural Expression Gender in Visual & Performing Arts ......................................................... 3
- MUS 102 Introduction to Music Literature ............................ 3
- MUS 104 Introduction to American Music ............................ 3
- # MUS 106 Introduction to Non-Western Music .................... 3
- MUS 251 Music Literature I ..................................................... 3
- MUS 252 Music Literature II .................................................... 3
- MUS 253 Music Literature III ................................................... 3
- THE 133 Introduction to Theatre ........................................... 3

**Interdisciplinary Humanities & Fine Arts:**

Interdisciplinary humanities courses listed below may be used for either Humanities or Fine Arts credit. The Humanities/Fine Arts requirement cannot be met solely with Humanities classes.

- ENG 200 Language, Power & Public Life ................................ 3
- HUM 111 Introduction to Humanities I ................................ 3
- HUM 112 Introduction to Humanities II ................................ 3
- HUM 114 Introduction to Humanities III ............................... 3
- # HUM 120 Hispanic Caribbean Cultural Expression .......... 3
- HUM 121 U.S. Latino/Latina Cultural Expression ................. 3
- HUM 122 Spanish Cultural Expression ................................. 3
- # HUM 125 Introduction to Non-Western Humanities .......... 3
- HUM 211 War & West. Humanities Thru Middle Ages ........ 3
- HUM 212 War & West. Humanities: Renaissance to Present .... 3
- LIT 141 Film and Literature .................................................. 3

**PHYSICAL & LIFE SCIENCES** 7-8 credits

**Note:** Select at least one Life Science and one Physical Science course. At least one of the two courses must have a lab.

**Life Sciences:**

- BIO 100 Introductory to Human Biology ............................... 3
- BIO 103 Introductory Life Sciences ........................................ 3
- BIO 104 Introductory Life Sciences Lab ................................ 1
- BIO 106 Introductory Environmental Life Science ............... 3
- BIO 107 Introductory Environmental Life Science Lab .......... 1
- BIO 113 Plants and Society .................................................... 3
- BIO 140 Introduction to Evolution ....................................... 3
- BIO 150 Microbes & Society .................................................. 3
- BIO 152 Microbes & Society Lab ............................................ 1
- BIO 162 Human Heredity ...................................................... 3
- BIO 201 Fundamentals of Biology I ....................................... 4
- BIO 202 Fundamentals of Biology II ...................................... 4

**Physical Sciences:**

- AST 202 Introduction to Astronomy ....................................... 4
- ATS 105 Introduction to Atmospheric Science ....................... 4
- CHM 105 Chemistry and Society ......................................... 4
- CHM 110 General, Organic & BioChemistry I ...................... 4
- CHM 120 General Chemistry ................................................. 4
- GEL 101 Introduction to Geology .......................................... 4
- GEL 103 Fossils and Earth History ....................................... 4
- GEL 107 Geology of the Solar System ................................... 4
- GEL 206 Environmental Geology ......................................... 3
- PGE 100 Physical Geography ................................................. 3
- PGE 102 Physical Geography w/ Lab .................................... 4
- PGE 240 Global Climate Change .......................................... 3
- PHY 201 Mechanics and Heat .............................................. 5
- PHY 215 Mechanics, Wave Motion & Thermodynamics ........ 5
2. ADDITIONAL DEGREE REQUIREMENTS TO BE COMPLETED

For the Associate in Science Degree, students need to complete the following:

- **Mathematics** (additional credits for a total of 8)
  Select from: Any course listed as an IAI approved mathematics course and/or any other math course (MTH) numbered 100 or above.
  **Note:** If needed, it is strongly recommended that students complete all calculus courses at the same institution.

- **Physical and Life Sciences** (additional credits for a total of 16)
  Two courses with labs from the same discipline
  (Example: Two BIO’S or two CHM’S)

  Select from: Any course listed as an IAI GECC approved Life or Physical Science course and/or any course from AST, ATS, BIO, CHM, GEL, PGE, or PHY.

  Credit cannot be counted toward the science requirement of the A.S. for more than one course in the following course combination: BIO 103/162.

  Credit for BIO 103 will not be counted toward graduation upon completion of BIO 201 or BIO 205.

  Credit cannot be counted toward the science requirement of the A.S. for more than one course in the following course combination: CHM 105/110/120. Acceptable course pairings for chemistry include CHM 110 and CHM 210 or CHM 120 and CHM 130.

- **Non-Western Culture – one 3-credit course**
  Select from: Any course listed as an IAI GECC approved Non-Western Culture.

  Course is indicated by (#); or SPH 202.

- **STU 100 - Planning for Success – one 1-credit course**

- **Electives – 15-18 additional credits**

  The electives taken at RVC may serve as prerequisites for majors at baccalaureate institutions. Students should meet with an academic advisor to verify course selection based on major and transfer institution. Students should also check with the college or university they plan to transfer to and confirm course selection. Students are responsible for knowing the specific requirements of the institution they are considering for transfer and should consult with those institutions directly.

  **Note:** Students can only use a maximum of four (4) credits of 100-level (activity-based) FWS credits.

Post-Transfer GECC Completion:

These courses can be taken at either the Transfer Institution or taken at RVC. Select courses from the IAI GECC list on previous pages.

- **Social and Behavioral Science – one 3-credit course**

- **Humanities/Fine Arts – one 3-credit course**

  Please see further information about the IAI at: iTransfer.org.

Disclaimer: This information is only a tool that will be updated periodically. Please check with Academic and Transfer Advising Office for updates.
Associate in Engineering Science (A.E.S.) Degree #1775

Degree Conferred: Associate in Engineering Science (A.E.S.)
65 credits

Program Contact: Aviation and Engineering
(815) 921-3101

Program Overview:
The Associate in Engineering Science Degree is designed to provide graduates with transfer credits to a baccalaureate engineering degree program. The degree supports A.E.S. graduates' ability to complete a Bachelor of Science (B.S.) Degree depending in large part on the requirements of the four-year institution. The student should identify his/her engineering major and target institution as soon as possible. Students who are unsure of a major in engineering may wish to pursue an Associate in Science (A.S.) Degree. Although students completing an A.S. Degree can complete all of the general education requirements at Rock Valley College, they may be required by the program prerequisites at the transfer school to take three years to complete the baccalaureate engineering program.

I. College Requirements

a. Semester Hours: A minimum of 65 credit hours completed as specified in the following sections.
b. Grade-Point: A minimum cumulative grade-point average of 2.0 (“C” average) in all course work taken.
c. A “C” or better in each engineering specialty course and elective.

II. General Education Requirements

The completion of the AES degree does not fulfill all general requirements of the Illinois Articulation Initiative (IAI) General Education Core Curriculum. Consequently, students must complete the remainder of their general education requirements at the institution to which they transfer. Given the rigor associated with most four-year engineering programs, this program helps to provide students with more balanced semester course loads during their junior and senior years.

A.E.S. General Education Core Requirements 35 credits

Note: Completion of the A.E.S. degree does not complete the IAI GECC. Students will also need to complete general education credits at the transfer institution.

A.E.S. Communications 9 credits

ENG 101 Composition I ........................................... 3
ENG 103 Composition II ........................................ 3
SPH 131 Fundamentals of Communication ............. 3

A.E.S. Mathematics 13 credits

MTH 135 Calculus with Analytic Geometry I .......... 5
MTH 235 Calculus with Analytic Geometry II ......... 4
MTH 236 Calculus with Analytic Geometry III ....... 4

A.E.S. Physical Science 4 credits

CHM 120 General Chemistry I ......................... 4

A.E.S. Social and Behavioral Sciences/ Humanities and Fine Arts 9 credits

Students are encouraged to complete a two-course sequence in the same discipline in either the Social and Behavioral Sciences or the Humanities and Fine Arts categories. (Please see page 38–41 for complete list of IAI-approved General Education Core Curriculum courses for these areas.)

IMPORTANT: Students are required to select one course that emphasizes Non-Western culture (# after course listing = Non-Western course).

Students planning on majoring in Industrial Engineering are required to take:

ECO 111 Principles of Economics: Micro ..................... 3

(Note: ECO 111 – Principles of Economics: Micro, 3, is permissible, but not required, for all other engineering majors.)

III. A.E.S. Engineering Major Courses 20 Credits

A.E.S. Engineering and Technology 2 credits

EGR 101 Introduction to Engineering ..................... 2

A.E.S. Additional Math Requirement 3 credits

MTH 240 Differential Equations ............................. 3

A.E.S. Calculus-based Physics 10 credits

PHY 215 Mechanics, Wave Motion, & Thermodynamic .... 5
PHY 225 Electricity, Magnetism, Light, & Modern Physics .... 5

A.E.S. Computer Programming 4 credits

MTH 164 The Computer in Mathematics C/C++, or, 
CIS 276 Computer Programming in C/C++ ............ 4

(Note: Students in Electrical Engineering are advised to take MTH 164, or combination of MTH 120 / MTH 125, if MTH 132 was not completed. If CIS 276 is taken by an EE student, an additional 11 credits of Engineering Electives is required.)

A.E.S. Required Elective 1 credit

STU 100 Planning for Success ......................... 1

IV. A.E.S. Engineering Electives 10 Credits

The selection of the appropriate elective engineering courses to meet the elective requirement will depend on the student’s desired major/engineering discipline and the specific requirements of the intended transfer institution. Electives should be determined in consultation with an engineering advisor.

The abbreviations given in the table below indicate the primary engineering disciplines from which the students may select a major field; the elective courses listed below appropriate to that discipline are marked with this abbreviation.

*These courses have specific course prerequisites that are not shown above and may require additional credit hours to be taken by the student.
TRANSFERRING

About Transferring

Students who earn the Associate of Arts or Associate in Science (A.A. or A.S.) degrees at Rock Valley College before transferring may be granted junior standing by many baccalaureate institutions considering the general education requirements are completed. Transfer students should check early with their transfer institutions and advisors to ensure they are meeting ALL requirements specific to each individual institution. A few colleges/universities may do a course-by-course examination of work from Rock Valley College, and could expect students to complete some general education courses at their institution. Students should work together with Academic and Transfer Advisors, Career Services, or Career & Technical Education Faculty along with transfer institutions to build a transfer degree program appropriate for them. As a general rule, earning an A.A. or A.S. degree is an excellent strategy for transfer.

Students who decide to transfer to another college in Illinois before they earn an A.A. or A.S. degree will find that IAI-approved courses will be accepted by most baccalaureate institutions. Transferring without completing the general education core curriculum may mean that students must complete the general education requirements at the four-year institution.

Transferring from RVC

The Academic and Transfer Advising Office at Rock Valley College offers information about transferring to baccalaureate institutions. For successful transfer, the following guidelines are recommended for all students who plan to transfer:

1. Investigate possible career paths at the Career Services, Advising, and Placement Office at (815) 921-4091, through labor market information and career interest surveys.

2. Plan RVC course selection with general education and introductory transfer courses in mind. The Academic and Transfer Advising Office, (815) 921-4100, can assist in course selection. Transfer guides for many baccalaureate institutions are available. Because transfer requirements change frequently, verify all transfer information directly with the college/university.

For more information, go to: RockValleyCollege.edu/Advising.

3. Review examples of transfer program course guides available in various department offices and/or on the college website.

4. Visit the Academic and Transfer Advising Office, (815) 921-4100, to see available resources: internet access, college-career search programs, applications, college catalogs, and more.

5. Research possible colleges/universities’ academic programs, entrance requirements, costs, deadlines for applications and transcript submission, and housing requirements.

6. Study. Since admittance to a college/university is based in part on the Rock Valley College grade point average (GPA) – it pays to study. Many students are competing for limited seats in popular areas of study; your GPA can either limit or broaden career options.

7. Visit campuses as time and resources permit. Virtual tours are available on the Internet. Many college representatives also come to campus for “College Night” and throughout the year. The “college visit schedule” is available at the Academic and Transfer Advising Office web page.

8. Apply for graduation at Records and Registration at the beginning of the last semester at Rock Valley College. Even students who are not planning to attend the graduation ceremony need to apply for graduation.

9. When applying, send the RVC transcript to the transfer institution via Online Services at: RockValleyCollege.edu/OnlineServices. Request transcript to be sent after each semester a grade is posted at RVC.
NIU & RVC Engineering Partnership

Rockford-area companies need local talent to fill a growing number of skilled jobs in engineering and technology. Business leaders and the community are putting their support behind NIU Engineering at RVC, a revolutionary new program that began in Fall 2016 that lets you earn a Northern Illinois University (NIU) bachelor’s degree while attending Rock Valley College (RVC).

Students who earn their Associate Degree in Engineering Science (AES) or Associate of Science (AS), along with the appropriate prerequisite courses, are able to earn a B.S. in Mechanical Engineering from NIU without having to leave the RVC main campus. Area businesses provide internship opportunities, mentoring, and interviews for job openings.

Similarly, students who earn their Associate of Applied Science (AAS) with appropriate prerequisite courses can earn a B.S. in Technology with emphasis in Applied Manufacturing Technology online from NIU. Students take RVC classes during their first two years of the program and then a combination of RVC classes and NIU classes online during the second two years.

Guaranteed Admission Agreement Between Northern Illinois University & RVC

Northern Illinois University and the University of Illinois at Urbana-Champaign offer guaranteed admission to eligible RVC students. Students must meet minimum credit completion and GPA requirements to be considered for guaranteed admission pathways. These guaranteed admission programs guarantee admission to the university, not to limited admission or competitive programs, such as nursing.

For more information, contact the Academic & Transfer Advising Office at (815) 921-4100.

2+2 Transfer Agreement with NIU Kinesiology

Students in RVC’s Exercise Science program have the opportunity to seamlessly transition to Northern Illinois University to complete a bachelor’s degree thanks to a new “2+2” agreement signed by the two schools. Under this agreement, students would first complete the Exercise Science option of RVC’s A.A.S. degree in Fitness, Wellness, and Sport, and then transfer to NIU to complete a bachelor’s degree in Kinesiology. At NIU, RVC graduates who transfer their credits will enter the Department of Kinesiology and Physical Education ready for 300-level courses in the Kinesiology major. Graduates are prepared to work in a variety of fitness, wellness and sport performance settings. Students also can prepare for graduate school in exercise physiology, physical therapy, athletic training, and sport and exercise psychology.

For more information, contact the FWS Chair, Dr. Timothy Hatten at (815) 921-3816.

Reverse Transfer Credit Articulation Agreements

The Reverse Transfer Credit Articulation Agreement enables Rock Valley College students who have transferred to a four-year institution before earning their associate degree, the ability to use credits earned at the four-year school to transfer back to RVC. These credits can be used to satisfy the degree requirements for an associate degree at RVC. This process is similar to how credit is transferred from a community college to a four-year school, just in reverse. Transfer students must have completed at least 30 credits at RVC.

For more information, contact the RVC Academic and Transfer Advising Office at (815) 921-4100.

Current agreements are with:
- Eastern Illinois University
- Northern Illinois University
TRANSFER DEGREES

BACCALAUREATE COMPLETION / TRANSFER AGREEMENTS

In addition to the Illinois Articulation Initiative (IAI) with the state universities for students who complete transfer degrees at Rock Valley College, the college also has written agreements with several baccalaureate completion institutions. It is the transfer students’ responsibility to ensure that all course requirements are met by communicating with the chosen four-year institution prior to transferring. Students may also contact these institutions for more information about how they can finish their degree without leaving the Rock Valley College district.

Call the Academic and Transfer Advising Office at (815) 921-4100 for more information.

GENERAL STUDIES DEGREE

Requirements for the Associate in General Studies Degree (A.G.S. - RVC curriculum #0100)

The Associate in General Studies Degree is designed primarily for students who have chosen to pursue a broad general program rather than a specific occupational-oriented or baccalaureate-oriented program. THIS DEGREE IS NOT DESIGNED TO TRANSFER to a four-year institution and general education requirements do not meet IAI General Education Core Curriculum guidelines.

It is an individualized program, permitting flexibility in the selection of courses. Students will qualify for the Associate in General Studies degree when they have satisfied the following requirements:

1. **Enter into a contract with an academic advisor establishing an individualized program.** This contract will include the following points agreed upon by the student and their counselor and approved by the Vice President of Academic Affairs.
   
   a. **A general education component which must include:**
      - ENG 101 and SPH 131.
      - A mathematics course numbered 100 or above.
      - A social sciences course numbered 100 or above.
      - A humanities course numbered 100 or above (as defined in the A.A. degree humanities requirement).
      - A science course numbered 100 or above.
      - Career requirement (1-3 semester credits). Students must complete one course from the following electives:
         - STU 101 (Career Planning),
         - BUS 101 (Introduction to Business),
         - BUS 105 (Consumer Economics and Personal Finance),
         - CIS 102 (Introduction to Computers and Information Systems).
   
   b. **A minimum of 15 semester credits of the following areas of concentration from one or more:**
      - Business – all courses in the Business Division.
      - Communication – all courses numbered 100 to 299.
      - Computers and Information Systems – all courses in CIS, PCT, and WEB.
      - Life/Physical Sciences – all courses in the Life and Physical Sciences departments.
      - Mathematics – all Mathematics courses numbered 100 to 299.
      - Modern Languages – all Modern Language courses.
      - Fitness, Wellness, & Sport – all 200 level courses (FWS).
      - Health and Service Careers – all courses in the Allied Health Programs.
      - Social Sciences – all courses in the Social Sciences and Humanities Division.
      - Technical – all courses in the Technical Programs.
   
   c. **Electives – to be discussed with an Academic Advisor**

2. **Complete all provisions of the contract.** Once the agreement has been defined, it cannot be changed without the approval of an Academic Advisor and the Chief Academic Officer (CAO).

3. **Earn a minimum of 12 semester credits at Rock Valley College in fall and spring semesters or summer sessions following the term in which the student entered into the contract.**

4. **Earn a minimum of 64 semester credits in courses numbered 100 through 299 (excluding certificate-level courses so indicated under “Course Descriptions”) with a grade point average of at least 2.0.**

5. **Successful completion of 20 semester credits at Rock Valley College.** Students may earn a maximum of four (4) semester credits in physical education activity classes (FWS 100-199) toward the Associate in General Studies Degree.

Career & Technical Education Programs –
Associate in Applied Science (A.A.S.) Degrees

Rock Valley College has developed career and technical programs in response to employment needs of the college’s district. All of the career programs have been developed in cooperation with program advisory committees. Upon successful completion of a career program, students will receive an Associate in Applied Science (A.A.S.) degree or a Certificate. Although these programs are not primarily designed for transfer to a four-year institution, RVC has established articulation agreements with a number of colleges and universities and many Associate of Applied Science degrees may transfer. If transferring to a four-year college or university is your goal, please consult with your Academic Advisor, the Dean, or Academic Chair of the career program.

Requirements for the Associate in Applied Science (A.A.S.) Degree
The Associate in Applied Science Degree is awarded to students who successfully complete a career and technical education curriculum. Attainment of this degree is evidence that the student possesses the competence for entry-level employment in their field of study. An Associate in Applied Science Degree usually requires two years for full-time students. Part-time students may complete the degree over a longer period of time.
All technical curricula leading to the Associate in Applied Science Degree have both specific program and general education core course requirements. The general education requirements typically will include a minimum of 15 semester credit hours.

Requirements for all A.A.S. Degrees include:
1. Completion of one of the career education curriculums listed in this catalog (beginning on page 55), including a minimum of 64 semester credits. Courses numbered from 100 through 299 can be used toward the 64 semester credits.
2. Students can only use a maximum of four (4) credits of 100-level (activity-based) FWS credits.
3. A minimum grade point average (GPA) of 2.0 cumulative ("C" average on a 4.0 scale).
4. Since the Summer of 1999, students must receive grades of "C" or better in ENG 101 and ENG 103 (if ENG 103 is required for the program). A grade of "C" or better is also required if a student completes MGT 170 (formerly ENG 105).
5. Successful completion of at least 20 semester credits at RVC.

Requirements for Certificates
Career education certificate programs are developed and offered in areas where job-entry training and educational requirements usually can be met in less than two years. These short-term programs are excellent options for the student who is interested in quickly gaining skills for employment.
A number of certificates are offered either as part of career education degree programs or stand-alone certificates.

Requirements for all Certificates include:
1. For certificates with less than 30 credit hours, a minimum grade of "C" is required in each course required in the certificate.
2. For certificates of 30 or greater credit hours, a minimum cumulative grade point average of 2.0 ("C" on a 4.0 scale) is required.
3. Substitution of appropriate, approved courses may be made in certificates to a maximum of one-fourth of the credit hours in the respective certificate.
4. Successful completion of a minimum of one-half the credits of the Certificate at RVC. **Note:** Certificate residency credits will exclude AP, CLEP, and proficiency credits.

Upon successful completion of the requirements for a specific certificate, an application for the certificate must be completed at the Records and Registration Office.

Career Education Guarantee
Rock Valley College guarantees that career education graduates will perform competently in positions for which their degrees or certificates are intended. An employer who perceives that a Rock Valley College graduate does not possess appropriate entry-level skills encompassed in the degree or certificate curriculum, and can specify such deficiencies, may request that the student be permitted to retake a specific course of courses up to nine (9) credit hours without additional tuition and fee charges.

Accounting

Accounting (ATG) #2000

Degree Conferred: Associate in Applied Science - 65 credits

Program Website: RockValleyCollege.edu/Accounting

Program Overview:
Graduates of this program will play a central role in the financial life of a business or client. They will learn to assemble, identify, record, and interpret financial information in private and public accounting. Students who decide to go on to pursue a bachelor's degree will find other opportunities available in a wide range of fields.

Work & Employment:
Graduates of this program are prepared to assume positions such as accounting technician, accounting assistant, accounting clerk, or bookkeeper.

Transfer Opportunities:
Graduates of this Accounting degree have limited transfer options. Students are advised to contact the institution to which they plan to transfer to ensure course transfer credit availability. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the Business program.

Certificates Available:
- Accounting/Income Tax Fundamentals
- Professional Bookkeeper

Accounting

Automotive Service Careers

Automotive Service Technology (ATM) #7100

Degree Conferred: Associate in Applied Science - 66 credits

Program Website: RockValleyCollege.edu/Automotive

Program Overview:
Graduates of the Automotive Service Technology (ATM) Program are prepared to assume positions in the automotive industry as entry-level technicians. Students become adept in all aspects of the automobile, including electrical/electronics, engine repair, engine performance, heating/AC, suspension, brakes, and transmissions. Those with a 3.0 GPA should be able to pass the industry-recommended ASE tests to enhance employability.

Work & Employment:
Successful graduates who become ASE-certified can move into positions as journeymen technicians. Technician training can lead to other career paths such as service managers, parts managers, jobber salespersons, insurance adjusters, and shop operators.

Transfer Opportunities:
Graduates of this Automotive degree have limited transfer options. Students are advised to contact the institution to which they plan to transfer to ensure course transfer credit availability. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the Automotive Program.

Certificates Available:
- Automotive Electrical
- Automotive Technician
- Automotive Engine
- Automotive Transmission
- Automotive Engine Performance
- Automotive Heating & Air Conditioning
- Automotive Suspension & Brakes

*Students are expected to furnish their own tool kits for class. This will be discussed during the first class session.

Automotive Core

Course Requirements

Required for both options ........................................... 51 credits
ATM 105 Introduction to Brake and Chassis Systems .......... 3
ATM 106 Introduction to Automotive Electrical Systems and Powertrains ................................................. 3
ATM 107 Automotive Electronic Fundamentals .................. 4
ATM 114 Brakes .......................................................... 4
ATM 140 Engine Diagnosis and Repair ............................ 6
ATM 203 Heating and Air-conditioning Systems ................ 4
ATM 221 Steering and Suspension .................................. 4
ATM 222 Manual Transmission/Transaxles ......................... 4
ATM 223 Automotive Electrical Circuits .......................... 4
ATM 228 Engine Performance I ...................................... 5
ATM 229 Engine Performance II ..................................... 5
ATM 242 Automatic Transmission/Transaxles .................... 5

OPTION A:

Automotive Service Technician
If students are interested in pursuing the Automotive Service Technician option in this program, they should take the following General Education courses:

General Education

Course Requirements .................................................. 15 credits
ENG 101 Composition I .............................................. 3
ENG 103 Composition II, or, MGT 170 Business Communications, or,
ENG 110 Introductory Technical Writing, or,
SPH 131 Fundamentals of Communication ..................... 3
MTH 115 General Education Mathematics, or,
MTH 120 College Algebra ........................................... 3
CIS 102 Introduction to Computers & Information Systems .... 3
ATM 236 Advanced Computers/Controls Systems ............ 3

OPTION B:

Automotive Management
If students are interested in pursuing the Automotive Management option in this program, they should take the following General Education and Business courses. Students must complete 15 credit hours from the following:

General Education

Course Requirements .................................................. 12 credits
ENG 101 Composition ................................................. 3
ENG 103 Composition II, or, MGT 170 Business Communications, or,
ENG 110 Introductory Technical Writing, or,
SPH 131 Fundamentals of Communication ..................... 3
BUS 101 Introduction to Business .................................. 3
ATM 236 Advanced Computers/Controls Systems ............ 3

Electives: 3 credits
Select 3 credits from the following:
ATG 106 Introduction to Accounting Debits and Credits ....... 1
ATG 107 Introduction to Accounting Special Journals .......... 1
ATG 110 Financial Accounting ...................................... 4
MGT 270 Principles of Management .............................. 3
MTH 120 College Algebra ........................................... 3

Note: Other General Education courses may be acceptable with the approval of the Technical Programs Dean.
Automotive Service Careers (continued)

CERTIFICATES:

Automotive Technician/7101 .......................................................... 51 credits
ATM 105 Introduction to Brake and Chassis Systems ................. 3
ATM 106 Introduction to Automotive Electrical Systems and Powertrains ............................................. 3
ATM 107 Automotive Electronic Fundamentals ......................... 4
ATM 114 Brakes ............................................................................... 4
ATM 140 Engine Diagnosis and Repair ....................................... 6
ATM 203 Heating and Air-conditioning Systems ......................... 4
ATM 221 Steering and Suspension ................................................ 4
ATM 222 Manual Transmission/Transaxles ............................... 4
ATM 223 Automotive Electrical Circuits ..................................... 4
ATM 228 Engine Performance I ...................................................... 5
ATM 229 Engine Performance II .................................................. 5
ATM 242 Automatic Transmission/Transaxles ............................ 5

Automotive Heating & Air Conditioning/7117 ...................... 15 credits
ATM 106 Introduction to Automotive Electrical Systems and Powertrains ............................................. 3
ATM 107 Automotive Electronic Fundamentals ......................... 4
ATM 203 Heating and Air-conditioning Systems ......................... 4
ATM 223 Automotive Electrical Circuits ..................................... 4

Automotive Suspension & Brakes/7112 .......................... 11 credits
ATM 105 Introduction to Brake and Chassis Systems ................. 3
ATM 114 Brakes ............................................................................... 4
ATM 221 Steering and Suspension ................................................ 4

Automotive Electrical/7113 ....................................................... 11 credits
ATM 106 Introduction to Automotive Electrical Systems and Powertrains ............................................. 3
ATM 107 Automotive Electronic Fundamentals ......................... 4
ATM 223 Automotive Electrical Circuits ..................................... 4

Automotive Engine/7111 ......................................................... 9 credits
ATM 106 Introduction to Automotive Electrical Systems and Powertrains ............................................. 3
ATM 140 Engine Diagnosis and Repair ....................................... 6

Automotive Engine Performance/7114 .......................... 19 credits
ATM 106 Introduction to Automotive Electrical Systems and Powertrains ............................................. 3
ATM 140 Engine Diagnosis and Repair ....................................... 6
ATM 228 Engine Performance I ...................................................... 5
ATM 229 Engine Performance II .................................................. 5

Automotive Transmission/7116 .............................................. 15 credits
ATM 105 Introduction to Brake and Chassis Systems ................. 3
ATM 106 Introduction to Automotive Electrical Systems and Powertrains ............................................. 3
ATM 222 Manual Transmission/Transaxles ............................... 4
ATM 242 Automatic Transmission/Transaxles ............................ 5

A prerequisite or corequisite may be required for some courses. Refer to the course descriptions section in this catalog for more information.
Aviation Maintenance Technology

Aviation Maintenance Technology (AVM) #7200

Degree Conferred: Associate in Applied Science – 82 credits

Program Website: RockValleyCollege.edu/Aviation

Program Overview:
Federally-licensed graduates of the Aviation Maintenance Technology (AVM) Program are prepared to assume positions as airline or general aviation engine and/or airframe mechanics. The program is certified to provide approved instruction leading to FAA Airframe and Powerplant certificate examinations. Currently, 2,000 hours of instruction are offered in the areas of airframe and powerplant, which translates to 11 months of instruction in each year of the two-year program.

Work & Employment:
In addition to the general aviation engine and/or airframe mechanic, graduates have also found work in other job-related areas, such as sheet metal construction and repair, reciprocating and turbine engine repair and overhaul, engine accessory overhaul and repair, air conditioning systems, welding, hydraulics, pneumatics, and electrical systems maintenance.

Transfer Opportunities:
The program provides the first two years of a baccalaureate program for those who wish to pursue a four-year degree. Graduates also receive preferential admission status when they apply to the B.S. in Aviation Management or Aviation Technologies programs at Northern Illinois University, Southern Illinois University and Embry-Riddle Aeronautical University. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the Aviation program.

Previous College Credit:
The RVC/AVM program does not accept transfer credits for aviation courses completed at any other institution.

Industry Certifications (if applicable):
Upon successful completion of the AVM program, students have the opportunity to take the Federal examinations to earn an FAA Airframe Technician and Powerplant Technician license.

Applying for the Program:
A special application is required for admission to the program. Students are urged to apply as soon as possible prior to the term in which they wish to enroll. Contact the program office for an application.

Certificates Available:
- Aviation Maintenance
- Airframe Technician
- Powerplant Technician

Aviation Maintenance Course Requirements ........................................... 76 credits

Business Administration

Degree Conferred: Associate in Applied Science – 65 credits

Program Website: RockValleyCollege.edu/BusinessAdmin

Program Overview: Graduates of the Business Administration Program will have acquired knowledge and skills of business and leadership which can be applied to entry level jobs. Additionally, graduates of the business program will have the knowledge and skills required to meet the criteria of success for the RVC Student Learning Outcomes.

General Business: Graduates will have acquired a broad knowledge and skill of business and an overview of all general business concepts. Students who choose this focus will be prepared to work in a variety of business positions.

Management: Graduates will have acquired a broad base of business knowledge and skills, management techniques, and leadership skills. Students who choose this focus will be prepared for entry level supervisory positions in a variety of leadership positions.

Marketing: Graduates will learn about the various career paths available in marketing and learn the concepts behind the development of products, pricing, promotion, and distribution. Students who choose this focus will be prepared to work in a variety of entry-level marketing positions in business.

Entrepreneurship: Graduates will learn how the Entrepreneurship Program provides students an understanding of the many facets of entrepreneurship. Students will learn the process of identifying a business opportunity and developing an organization to establish a new venture. The curriculum will provide students with the proper tools to evaluate the feasibility of a new venture and to identify the available resources for assisting an entrepreneur during the start-up phase of the business. Students taking entrepreneurial courses will become a motivated and valued employee, captain, leader, owner, or manager that understands how to take a problem and turn it into an opportunity. Students will experience the ABC’s of starting and managing your own business. Students recognize and understand the difference between a good idea and a real business opportunity. Students investigate and experience the basics of starting a company creates both value and experience that will be used throughout your career, despite the area of interest.

Work & Employment: Graduates of this program are prepared to assume entry level positions or advance their current position in management, marketing, sales, purchasing, finance, and human relations among other areas. In addition, students are encouraged to explore opportunities to transfer and pursue a bachelor degree in Entrepreneurship. The Rock Valley College Business Program has several articulation agreements in place which allow students to transfer credit towards a bachelor degree program. Please make an appointment with an Academic Advisor, the Business/CIS Dean, or Business Academic Chair to discuss appropriate plans of study for transfer options.

Business Administration

Course Requirements .......................... 38 credits
ATG 110 Financial Accounting .................... 4
BUS 101 Introduction to Business ................. 3
BUS 103 Business Mathematics, or, ............ 3

PCI 106 Microcomputer Applications/Windows 4

CHOOSE APPROPRIATE OPTION ............. 9 credits

OPTION A: General Business .................... 9 credits
BUS 105 Consumer Economics & Personal Finance 3
BUS 170 Introduction to Organizational Behavior 3
Electives .......................................... 3

Any Business Division course with prefix ATG, BUS, MGT, MKT, OFF, or PCI.

OPTION B: Management ....................... 9 credits
Note: This option requires BUS 223 Business Statistics instead of BUS 103 Business Mathematics.
BUS 170 Introduction to Organizational Behavior 3
MGT 271 Human Resource Management .......... 3
MGT 274 Leadership .................................. 3

OPTION C: Marketing ......................... 9 credits
MKT 265 Salesmanship .............................. 3
MKT 266 Principles of Advertising ................ 3
Electives .......................................... 3

Any Business Division course with prefix ATG, BUS, MGT, MKT, OFF, or PCI.

OPTION D: Entrepreneurship .................. 9 credits
BUS 130 Entrepreneurship: Principles ................ 3
BUS 131 Entrepreneurship: Planning ............... 3
BUS 230 Entrepreneurship: Capstone .......... 3

OPTION E: Specialized Management or Marketing ................... 9 credits
To meet the needs of a special situation, the Business/CIS Dean will work with the student to design a specialized curriculum. All courses applied to this option must have the prior approval of the Business/CIS Dean.
Business Administration (continued)

General Education

Course Requirements ........................................... 18 credits

Required Courses ............................................ 12 credits

- CIS 102 Introduction to Computer Systems .............. 3
- ENG 101 Composition I ..................................... 3
- MGT 170 Business Communications ....................... 3
- SPH 131 Fundamentals of Communication ................ 3

Electives ............................................................ 6 credits

Students must select courses with at least two different prefixes in the IAI General Education Core Curriculum areas.
(Example: ART, BIO, ECO, ENG, MTH, SOC, etc.) to fulfill general education elective requirements.

Business Program Elective Courses:

- BUS 295 Independent Study in Business Administration .... 1-6
- BUS 296 Special Topics in Business Administration .......... 1-4
- MGT 281 Women in Management ................................ 3
- MGT 282 Independent Study in Management .................... 1-3
- MGT 283 Internship in Business Management ................. 1-6
- MKT 281 International Marketing .................................. 3
- MKT 293 Internship – Marketing ................................... 1-3
- MKT 295 Independent Study in Marketing ....................... 1-3

CERTIFICATES:

Certificates may be awarded in several areas of business. Certificates are available for students who wish to concentrate on specific areas of interest by taking a few courses targeted at those interests. The certificates demonstrate to employers that skills have been acquired in particular areas of practice.

Business Fundamentals / 2114 ..................................... 29 credits

This certificate is designed for students who are interested in focused course work in business fundamentals. Students will be able to demonstrate to employers a general understanding in the basic areas of business.

- ATG 110 Financial Accounting ..................................... 4
- BUS 101 Introduction to Business ............................ 3
- BUS 103 Business Mathematics, or, BUS 223 Business Statistics ........................................ 3
- BUS 170 Introduction to Organizational Behavior .......... 3
- BUS 200 Legal Environment in Business, or, BUS 201 Business Law .................................................. 3
- MGT 270 Principles of Management .......................... 3
- MKT 260 Principles of Marketing .............................. 3
- PCI 106 Microcomputer Applications / Windows Based ...... 4
- MGT 170 Business Communications .......................... 3

Management / 2511 .................................................. 29 credits

This certificate in management is intended for individuals who wish to develop or enhance skills in management and supervision. It offers students the course work required to receive fundamental management skills and prepare students who are interested in mid-to-upper level supervision positions.

- ATG 110 Financial Accounting ..................................... 4
- BUS 101 Introduction to Business ............................ 3
- MGT 270 Principles of Management .......................... 3
- MGT 274 Leadership .............................................. 3
- MKT 260 Principles of Marketing .............................. 3
- MKT 288 Customer Relations .................................... 3
- PCI 106 Microcomputer Applications / Windows Based ...... 4
- MGT 170 Business Communications .......................... 3

Students must select one of the following courses for 3 credits:

- BUS 170 Introduction to Organizational Behavior .......... 3
- MGT 271 Human Resource Management ........................ 3
- MGT 283 Internship in Business Management ................ 3

Marketing / 2211 .................................................. 21 credits

This certificate is for students who are interested in marketing and want to acquire specific skills in the areas of sales, advertising and customer relations.

- BUS 101 Introduction to Business ............................ 3
- MKT 260 Principles of Marketing .............................. 3
- MKT 265 Salesmanship .......................................... 3
- MKT 266 Principles of Advertising ............................ 3
- MKT 288 Customer Relations .................................... 3
- MGT 170 Business Communications .......................... 3
- SPH 131 Fundamentals of Communication .................... 3

Entrepreneurship / 2105 ............................................. 29 credits

This certificate is for students who are interested in starting a new business venture and want to acquire specific skills in entrepreneurial activities.

- ATG 110 Financial Accounting ..................................... 4
- BUS 130 Entrepreneurship: Principles ......................... 3
- MGT 270 Principles of Management .......................... 3

Degree Conferred: Associate in Applied Science – 64 credits

Program Websites: RockValleyCollege.edu/CISCO, or, RockValleyCollege.edu/ITSecurity

Program Overview: Graduates of the Computers and Information Systems (CIS) Program learn the complexities of computer software, hardware, and programming processes to enable them to be successful in the workplace. For those who decide to pursue a bachelor's degree, the Computers and Information Systems (CIS) Program offers courses that can be successfully transferred to baccalaureate institutions. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the CIS program.

The Business/CIS/EAT Division also offers degrees in Website development and networking. For information on these other A.A.S. degrees, please see the Web Programming & Design, Cisco Networking, or Data Assurance and IT Security programs elsewhere in this A.A.S. degree section of the catalog.

Work & Employment: Although many graduates of the program begin work as entry-level programmers, opportunities are also available as a programmer/analyst, technical support specialist, PC specialist, operations specialist, and in database support.

Industry Certifications (if applicable): Course work prepares students for the Java Programmer Level 1 Certification.

Certificates Available:
- C/C++ Programming
- Visual Basic Programming

# Personal Computer Technical Specialist – PCT

The Personal Computer Technical Specialist area describes a series of specialized computer-related degree programs in some of the most in-demand career fields. They include:

1. Cisco Networking A.A.S. (also has three certificate-level programs) and
2. Data Assurance and IT Security A.A.S. (also has three certificate-level programs).
3. Web Programming and Design A.A.S. (also has two certificate-level programs).

For information on these A.A.S. degrees and certificates, please see program information elsewhere in the Career & Technical Education section.

## CISCO Networking #3750

### Degree Conferred:
Associate in Applied Science – 64 credits

### Program Websites:
RockValleyCollege.edu/CISCO, or, RockValleyCollege.edu/TAITSecurity

### Program Overview:
Graduates of the program are prepared to obtain Cisco’s CCNA certification. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the CIS program.

### Work & Employment:
Successful graduates have found work as network support specialists, software support specialists, network administrators, system administration, and network specialists among others.

### Industry Certifications:
Graduates of this program are prepared to obtain any, or all, of the following certifications:
- Cisco: CCENT, CCNA, CCNP
- CompTIA: A+, Security+, Network+
- Microsoft: Microsoft Certified Technology Specialist (MCTS)

### Certificates Available:
- Cisco Networking
- Cisco Advanced Networking
- Microsoft Server Administration

### Cisco Networking Specialist

Computer Careers (continued)

Data Assurance 
& IT Security #3775

Degree Conferred: Associate in Applied Science – 64 credits

Program Websites: RockValleyCollege.edu/CISCO, or, RockValleyCollege.edu/ITSecurity

Program Overview: Graduates of the Data Assurance & IT Security Program are prepared for a career in computer network and Internet security. Responsibilities include developing information security strategies, performing analyses, installing security software, monitoring network traffic, and developing emergency plans.

Work & Employment: With the increased concern over computer security issues, employers are looking for people with skills in this area. Graduates secure jobs such as security specialists, network specialists, security technicians, security support specialists, and security assistants. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the CIS program.

Industry Certifications: Graduates of this program are prepared to obtain any, or all, of the following certifications:
- Cisco: CCENT, CCNA, CCNP
- CompTIA: A+, Security+, Network+
- Microsoft: Certified Technology Specialist (MCTS)

Certificates Available:
- Voice Over IP
- Cisco CCNA Security Certificate
- Cisco CCNP Security Certificate

Data Assurance & IT Security Course Requirements 49 credits

Data Assurance & IT Security Core Courses 10 credits
- CIS 102 Introduction to Computers & Information Systems 3

Criminal Justice

Criminal Justice (CRM) #7800

Degree Conferred: Associate in Applied Science – 66 credits

Limited Transferability

Program Website: RockValleyCollege.edu/CriminalJustice

Program Overview:
Graduates of the Criminal Justice (CRM) Program meet the minimum educational requirements necessary to complete for sworn positions at most local and state law enforcement agencies as well as, private security firms. With experience and additional training or education, there are opportunities for graduates to advance into areas of specialization and management.

Work & Employment:
Opportunities include positions in law enforcement, crime prevention, probation, corrections, court records, communications/dispatch, and security/loss prevention.

More about the Program:
It is important for students to consider their career goals when they begin course work in the Criminal Justice Program. Since the degree is also designed for limited transfer to select four-year schools, future educational plans should be considered when building course schedules. Some students have career and academic plans that are more directed towards transfer to a four-year school to earn a Bachelor’s degree in a Criminal Justice related field. For these students, completion of RVC’s Criminal Justice A.A.S. degree may not be the best choice. Instead, these students should consider completion of an Associate of Arts degree at Rock Valley College, using selected transferable courses from the CRM curriculum as electives toward the degree. Courses from the Criminal Justice A.A.S. curriculum that are transferable to a four-year degree are indicated with the symbol “+” in the program curriculum description that follows.

For more information about the Criminal Justice Program, contact an Academic Advisor or the Department of Sociology & Criminal Justice (815) 921-3317.

Dental Hygiene

Dental Hygiene (DNT) #5100

Degree Conferred: Associate in Applied Science – 78 credits
Limited Transferability
Program Website: RockValleyCollege.edu/DentalHygiene
Program Mission Statement:
The RVC Dental Hygiene Program is committed to providing the highest quality education while fostering a learning environment that develops critical thinking and problem solving skills. The Program prepares students to be ethically responsible and clinically competent to enter the workforce as an entry-level dental hygienist. The Program offers an Associate in Applied Science degree with a curriculum facilitating transition toward a Baccalaureate degree. The Program strives to address the oral health needs of a diverse community by providing quality dental hygiene care in a cost-efficient manner.

Program Overview:
Graduates of this program have acquired skills to provide care that supports optimal oral health, including educational, clinical and therapeutic services. Skills are mastered through classroom, laboratory and clinical experiences to provide well-rounded career preparation.

Work & Employment:
A career in dental hygiene offers opportunities in multiple settings. Registered Dental Hygienists are part of a dental health team. Dental hygienists work in private and corporate dental offices, where they provide treatment and services that help to prevent oral disease such as dental caries and periodontal disease and educate the client about maintenance of optimal oral health. They also work in hospitals, nursing homes, extended care facilities, schools, correctional facilities, health maintenance organizations and higher education institutions where they serve as faculty members.

Professional Credential and Program Accreditation:
Graduates are eligible to take two board exams that lead to state professional credential and Program Accreditation:

1. The Dental Hygiene Program holds information sessions that cover prerequisites and other important admission information. The attendance of a session is required to receive an application packet for the program.
2. Limited Transferability:
3. The prerequisites must be completed with a “C” or higher, unless noted above.
4. Program Website: RockValleyCollege.edu/DentalHygiene; click on Information Sessions. Please see the RVC Dental Hygiene website for additional Dental Hygiene Program admission policies.

Prerequisite Courses – requirements:
If accepted into the program, the following courses or equivalencies must be completed before starting this program:
1. A prerequisite GPA of 2.5.
2. Biology: BIO 281/282—Human Anatomy and Physiology I/II, or equivalent and BIO 274-Microbiology. Completion of BIO 282 within 5 years. BIO 281/282 must meet a minimum of 2.5 GPA.
3. Chemistry: CHM 110/210—General, Organic and Biochemistry I/II, or CHM 120-General Chemistry I, or equivalent chemistry course with lab.
4. Communications: ENG 101—Composition I, or equivalent.
5. Fitness, Wellness & Sport: FWS 237—Nutrition for Optimum Living (3 credits as a prereq that must be completed within one year of entering the program).
6. All prerequisites must be completed with a “C” or higher, unless noted above.

Early Childhood Education

Early Childhood Education (ECE) #5500

Degree Conferred: Associate in Applied Science – 65 credits

Program Website: RockValleyCollege.edu/ECE

Program Overview:
Graduates of the Early Childhood Education (ECE) Program are well-versed in child development, developmentally appropriate practices, discipline techniques, and other integral facets of early childhood education. Students will be prepared to direct or teach at a day care center or preschool.

Enrollment in courses requires weekly field assignments as well as a complete medical examination, TB skin test, State background checks, and three (3) written references.

Work & Employment:
Opportunities exist in home-based care, day care centers, nursery schools, preschools, private homes, and at before or after-school programs. While the program is not preparation for state certification, courses may transfer to four-year schools, where certification can be earned to teach ages birth through third grade. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the ECE program.

Electronic Engineering Technology (EET) #8400

Degree Conferred: Associate in Applied Science – 65 credits

Program Website: RockValleyCollege.edu/EET

Program Overview:
Graduates of the Electronic Engineering Technology (EET) Program have the necessary skills to use electronic test equipment to make measurements, understand electrical schematics and blueprints, analyze electronic circuits and understand fundamental design concepts, relate the principles of electrical circuits to hydraulic circuits and pneumatics. The graduates are ready to support manufacturing, design test equipment, produce and test products, and to assist in product development.

Work & Employment:
Successful graduates secure positions as test equipment designers, quality assurance and reliability specialists, sales and service professionals, control system technicians, medical equipment experts, or as part of a manufacturing support team.

Industry Certifications (if applicable):
Students are positioned to prepare to take the Electronics Technicians Association, International certification examination to become an Associate Electronics Technician. Students can also earn a Fanuc robotics certification.

Hands-On Learning:
Most EET classes include a hands-on laboratory component taught by instructors with industrial experience. You will learn how to use electronic test equipment like oscilloscopes, function generators, and digital multimeters.

Transfer Opportunities:
EET graduates have the option to pursue a baccalaureate degree from Northern Illinois University and other select universities. Students are advised to contact the institution to which they plan to transfer to assess course transfer credit availability. Students should also consult with an Academic Advisor, the Dean, or the Academic Chair of the EET program.

Certificates Available:
- Electronics Certificate
- Basic Electronics Certificate

Second A.A.S. Degree Requirements for either the EET or SES A.A.S Degrees (15 credits):

The course requirements for the Electronic Engineering Technology and the Sustainable Energy Systems degree programs are very similar. Therefore, obtaining a second degree is an exciting option for many graduates. Specifically, a graduate of the EET program may desire to obtain a second degree in SES.

Fundamentally, a minimum of 15 additional credits must be taken.

A graduate of the EET program (8400) who desires to also receive an SES program degree (8600) must take:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>EET 105</td>
<td>Introduction to Sustainable Energy Concepts (could have been used as an EET elective previously)</td>
<td>3</td>
</tr>
<tr>
<td>CHM 105</td>
<td>Chemistry and Society, or,</td>
<td>4</td>
</tr>
<tr>
<td>CHM 120</td>
<td>General Chemistry I (could have been used as an EET elective previously)</td>
<td>4</td>
</tr>
<tr>
<td>EET 107</td>
<td>Introduction to Codes and Standards</td>
<td>3</td>
</tr>
<tr>
<td>EET 168</td>
<td>Electronic Engineering Technology Internship</td>
<td>2</td>
</tr>
<tr>
<td>EET 190</td>
<td>Sustainable Electrical Energy Generation</td>
<td>3</td>
</tr>
<tr>
<td>EET 277</td>
<td>Geothermal, Solar Heating &amp; Lighting</td>
<td>3</td>
</tr>
</tbody>
</table>

(This means an EET graduate must take between 15 to 18 additional credits to receive a second degree in SES.)

A graduate of the SES program (8600) who desires to also receive an EET program degree (8400) must take:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>EET 125</td>
<td>Electronic Fabrications Skills</td>
<td>2</td>
</tr>
<tr>
<td>MET 133</td>
<td>Graphics/SolidWorks CAD I</td>
<td>3</td>
</tr>
<tr>
<td>MET 146</td>
<td>Hydraulics, Pneumatics and PLCs</td>
<td>3</td>
</tr>
<tr>
<td>EET 254</td>
<td>Robotics &amp; Automated Systems</td>
<td>3</td>
</tr>
<tr>
<td>EET  Elective</td>
<td></td>
<td>4</td>
</tr>
</tbody>
</table>

(This means an SES graduate must take 15 additional credits to receive a second degree in EET.)

Students are advised to contact the Division of Engineering, (815) 921-3101 for more information about obtaining a second degree in this field.

A prerequisite or corequisite may be required for some courses.

Refer to the course descriptions section in this catalog for more information.
Fire Science

Fire Science (FRE) #7500

Degree Conferred: Associate in Applied Science – 64 credits

Limited Transferability

Program Website: RockValleyCollege.edu/FireScience

Program Overview:
Graduates of Rock Valley College’s Fire Science program are prepared to enter a career in the fire service or expand their current fire service professional options. Students will gain knowledge in a wide variety of subjects including, Fire Suppression, Building Construction, Rescue Practices, Hazardous Materials, Fire Prevention & Protection, Emergency Medical Services, and Fire Service Leadership. The Fire Science Program at RVC offers two learning opportunities for students:

- **Apprentice Sequence**: Aimed at college students with no previous firefighting experience. This option prepares students for an entry level position on a fire department; instruction includes classroom lecture, practical firefighting training, and an internship with an area fire department.

- **Non-Apprentice Sequence**: Intended for firefighters who wish to expand their knowledge base and enhance current skills for personal growth and/or advancement while earning a degree.

Work & Employment:
Graduates have secured positions in; firefighting, fire protection and prevention, fire service instruction, dispatch/communications, fire equipment and manufacturing sales, emergency medical services, and volunteer fire protection. With additional training, graduates may enter into a variety of fire service specialty fields such as fire inspection and fire investigation.

More about the Program:
Illinois currently allows for educational preference points for those applicants who possess an A.A.S. degree in Fire Science. While most fire departments follow standard hiring practices, each fire department may have specific requirements and/or practices. Interested students should consult with the Fire Science Program Coordinator or an Academic Advisor.

Transfer Opportunities:
Graduates of this program may transfer to Southern Illinois University Carbondale (SIUC) to pursue the Bachelor of Science B.S. in Public Safety Management. Students are advised to contact SIUC’s program representative at: siufire@siu.edu.

CERTIFICATES:

- **Basic Operations Firefighter/7501** 21 credits
  - FRE 103 Hazardous Materials Operations.................................................3
  - FRE 106 Rescue Practices.................................................................3
  - FRE 112 Vehicle/Machinery Rescue Operations.................................3
  - FRE 180 Essentials of Firefighting I..................................................3
  - FRE 181 Essentials of Firefighting II..................................................3
  - FRE 182 Essentials of Firefighting III...............................................3
  - FRE 240 Fire Protection Internship...................................................3

- **Foundation of the Fire Service/7521** 12 credits
  - FRE 101 Introduction to Fire Protection............................................3
  - FRE 106 Rescue Practices.................................................................3
  - FRE 118 Building Construction for Fire Protection............................3
  - FRE 208 Fire Prevention Principles................................................3

- **Emergency Medical Technician/7535** 9 credits
  - FRE 223 Emergency Medical Technician........................................9

A prerequisite or corequisite may be required for some courses. Refer to the course descriptions section in this catalog for more information.

Apprenticeship Sequence __________________________ 48 credit hours
Intended for traditional college students

Semester I
- FRE 101 Introduction to Fire Protection ............................................3
- FRE 104 Fire Behavior and Combustion.............................................3
- FRE 223 Emergency Medical Technician........................................9

Semester II
- FRE 106 Rescue Practices.................................................................3
- FRE 118 Building Construction for Fire Protection............................3
- FRE 208 Fire Prevention Principles................................................3

Semester III
- FRE 103 Hazardous Materials Operations........................................3
- FRE 180 Essentials of Firefighting I..................................................3
- FRE 181 Essentials of Firefighting II..................................................3
- FRE 182 Essentials of Firefighting III...............................................3
- FRE 209 Fire Protection System........................................................3

Semester IV
- FRE 102 Fire Apparatus Engineer....................................................3
- FRE 205 Principles of Fire & Emergency Services Safety & Survival........3
- FRE 240 Fire Protection Internship...................................................3

Non-Apprenticeship Sequence __________________________ 48 credit hours
Intended for fire service personnel

Escrow credit will be given for Basic Operations Firefighter and Emergency Medical Technician certification.

- Basic Operations Firefighter.........................................................9
- Emergency Medical Technician.......................................................9

Semester I
- FRE 101 Introduction to Fire Protection ............................................3
- FRE 104 Fire Behavior and Combustion.............................................3

Semester II
- FRE 106 Rescue Practices.................................................................3
- FRE 118 Building Construction for Fire Protection............................3
- FRE 205 Principles of Fire & Emergency Services Safety & Survival........3
- FRE 208 Fire Prevention Principles................................................3

Semester III
- FRE 209 Fire Protection Systems.....................................................3

Nine (9) credit hours will be taken from the following list of courses:
- FRE 103 Hazardous Materials Operations........................................3
- FRE 112 Vehicle Machinery Operations..........................................3
- FRE 210 Fire Investigator I.............................................................3
- FRE 215 Introduction to Strategy and Tactics....................................3
- FRE 218 Fire Service Instructor I......................................................3
- FRE 219 Fire Service Instructor II....................................................3

General Education __________________________ 16 credits

Required General Education Courses:
- ENG 101 Composition I......................................................................3
- SPH 131 Fundamentals of Communication........................................3
- MTH 100 Technical Mathematics or greater....................................3
- PSY 170 General Psychology, or......................................................3
- SOC 190 Introduction to Sociology...................................................3

Select one course with a lab from the Life Sciences or Physical Sciences area.

*Note: CHM 105 is strongly recommended* 4

Disclaimer:
All students entering into the Fire Science Degree program as of Fall 2019 will follow the curriculum shown above. Students who entered the Fire Science Program prior to Fall 2019 will follow the curriculum as listed in their catalog.
The Fitness, Wellness, and Sport (FWS) degree in Exercise Science or Sport Management provides students with the educational and practical experiences needed to obtain employment in sport, recreation, exercise, or fitness organizations. All students learn about the psychological, sociological and historical aspects of sport and exercise. Students interested in the Exercise Science option complete coursework focusing on the scientific aspects of human performance. Students interested in the Sport Management option complete coursework focusing on the business, marketing, promotions, programming and facilities aspects of sport and exercise. The A.A.S. degree in FWS can be completed in as little as two years.

Work & Employment:
Students who pursue a degree in FWS will have the necessary knowledge and skills to obtain an entry-level position in sport, recreation, exercise, or fitness organizations. Exercise Science students may seek employment as personal fitness trainers, sports performance trainers, group exercise instructors, or fitness technicians. Sport Management students may seek employment in sport or recreation management, programming, facilities, marketing, sales or maintenance. The FWS department maintains a network of connections with several local fitness, wellness, and sport agencies looking for part- and full-time employees.

Transfer Opportunities:
Graduates of the program have the option to transfer their degree to various universities to pursue a bachelor degree in Kinesiology, Exercise/Sport Science, Sport Management, or other related fields in order to enhance their earnings potential. The FWS department at RVC currently maintains transfer agreements for Exercise Science and Sport Management programs at Northern Illinois University and Rockford University. Students interested in transferring to these programs should consult the FWS department chair.

Practicum Experiences:
Students who pursue a degree in FWS will have the opportunity to complete a variety of job shadowing experiences with any of the following professional agencies – Rockford Icehogs, Rockford Convention & Visitors Bureau, Rockford Park District, Rockford Boys & Girls Club, YMCA of Rock River Valley, and NorthPointe Wellness.

Certificates also Available:
The FWS certificates in Personal Training and Coaching Education provide students with the educational and practical experiences needed to prepare for certification as qualified personal trainers or athletic coaches. In many cases, either of these certifications may be required by an employer. Most of the courses required for the certificates also apply toward the FWS degree options, giving students several options to meet their educational and career goals. Each 24-credit hour certificate can be completed in as little as three consecutive semesters.

The Personal Training Certificate prepares students to successfully complete the National Strength & Conditioning Association's Certified Personal Trainer (NSCA-CPT) exam or other national personal training certifications. The RVC Personal Training certificate program is an approved NSCA-CPT Education Recognition Program, which provides students with discounted certification exam fees. Students will complete an internship training RVC employees under the direct supervision of FWS staff. Personal Training Certificate students may seek employment as a personal trainer in private health clubs, public fitness centers, college/university fitness centers or personal fitness studios.

The Coaching Education Certificate helps students obtain the American Sport Education Program’s (ASEP) coaching certification. The ASEP coaching certification is required by the Illinois High School Association (IHSA) for high school coaches who are not certified teachers. The RVC Coaching Education certificate program is an approved IHSA coaching education classroom certification program. Students will complete an internship with the athletic department of one of the following local organizations – Rockford School District, Harlem School District, Belvidere School District, or an approved program of the student’s choice. Coaching Education Certificate students may seek employment as an assistant or head coach at all levels between youth sports and high school varsity sports.

How to apply to the Program:
Apply online at: RockValleyCollege.edu/FWS or contact the FWS department at (815) 921-3804, for more information.

Refer to the course descriptions section in this catalog for more information.
Graphic Arts Technology (GAT)

Career Programs

Degree Conferred: Associate in Applied Science – 67 credits

Program Website: RockValleyCollege.edu/GAT

Program Overview:
Students in the program are prepared for a variety of jobs in the printing and publishing industry and related fields of graphic arts. The graphic arts industry is a major employer in Illinois and according to the Printing Industry of Illinois/Indiana, in the metro Chicago area. The Graphic Arts Technology Program focuses on developing students with a well-rounded education encompassing both the creative and technical aspects of the industry with a focus on the digital production techniques that are changing the world of media delivery.

OPTION A:
Graphic Arts Technology #8200

Degree Conferred: Associate in Applied Science – 67 credits

Program Website: RockValleyCollege.edu/GAT

Program Overview:
Practical learning experiences are offered in areas of design, layout and typography, production processes, variable data manipulation, estimating, and screen printing. Students gain in-depth experience working with text and images, page layout, specifying paper and ink selection, process color, and Pantone spot colors, job estimating and business practices, and offset press operation, as well as binding and finishing choices.

Work & Employment:
Program graduates secure jobs in desktop publishing, electronic imaging, press operations, sales and customer service. Skills taught can also be useful for professionals in marketing, and in-house communication. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the GAT program.

Graphic Arts Technology

GAT Career Programs (continued)

OPTION B: Graphic Design #8225

Degree Conferred: Associate in Applied Science – 67 credits

Program Website: RockValleyCollege.edu/GAT

Program Overview:
In the Graphic Design Program, you will study the concepts of drawing and design, typography, color theory, print processes, digital photography, illustration, page layout, marketing, and advertising. In addition, you will learn to work within budget and time constraints, prepare electronic files for printing, choose appropriate printing and paper supplies, interpret and evaluate criticism of design and present a creative rationale to a client.

Work & Employment:
The Graphic Design Program prepares students for entry-level positions such as graphic designer, graphic artist or production artist. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the GAT program.

OPTION C: Cross Media Production #8250

Degree Conferred: Associate in Applied Science – 67 credits

Program Website: RockValleyCollege.edu/GAT

Program Overview:
The current trend in printing and publishing companies across the nation is to integrate the use of the one-dimensional medium of print with other multi-dimensional forms of communication. The Cross Media Production course of study involves not only developing graphics and publishing pieces, but also web and television design.

Work & Employment:
The Cross Media Production Program of study prepares students for entry-level jobs creating print, marketing, web, and special effects images for printing, marketing and film companies. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the GAT program.

Cross Media Production

Manufacturing Engineering Technology

Manufacturing Engineering Technology (MET) #8800

Degree Conferred: Associate in Applied Science – 65 credits

Program Website: RockValleyCollege.edu/MET

Program Overview:
Today’s manufacturing is impacted by global competition forcing the need to accelerate product design and development. Graduates of this program are prepared for interdisciplinary careers in high-tech manufacturing and industrial technology. The areas of emphasis are modern design methods, production, and continuous improvement techniques. In addition to the areas of product design, 3-D CAD modeling, process planning, production scheduling, quality technician, and CNC programming and operation, a graduate of this degree may assume responsibilities in automated production, technical sales, and problem solving in many other areas of today’s dynamic world of manufacturing.

Professional Certifications:
During completion of course requirements, students will be given an opportunity to test and become certified in the following:
• NIMS CNC Level 1 Certified
• Certified SolidWorks Associate (CSWA)
• Certified SolidWorks Professional Exam (CSWP)

Work & Employment:
In addition to the areas of product design, 3-D CAD modeling, process planning, production scheduling, quality technician, and CNC programming and operation, a graduate of this degree may assume responsibilities in automated production, technical sales, and problem solving in many other areas of today’s dynamic world of manufacturing.

Important Information:
Graduates of this program are qualified and encouraged to pursue the Society of Manufacturing Engineers (SME) Certified Manufacturing Technologist (CmfgT) certification.

Transfer Opportunities:
Graduates may transfer with articulated credit to select universities. Students are advised to contact the institution to which they plan to transfer to ensure course transfer credit availability. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the MET program.

Electives: Select 6 credits from the following 6 credits
MET 102 Methods of Statistical Process Controls (SPC) ……….. 3
MET 220 Mechanisms ………………………………………….. 3
MET 221 Machine Design ……………………...………….. 3
MET 226 CNC/CAM Operations I …………………………….. 3
MET 233 Graphics/SolidWorks CAD II ……………………………. 3
MET 237 Design of Experiments ……………………………….. 4
MET 240 CNC/CAM Operations II ………………………………. 3
MET 247 Manufacturing Methods, Process Planning & Systems ….. 3
WLD 100 Introduction to Welding ………………………………… 3

General Education
Course Requirements ……………………………………………………… 15 credits

MET 100 Introductory CAD and Print Reading ………………………… 3
MET 106 Metrology ………………………………………….. 3
MET 111 CNC Machine Setup/Operations/Programming ………….. 3

A prerequisite or corequisite may be required for some courses.
Refer to the course descriptions section in this catalog for more information.
Media Production Specialist (COM) #3950

Certificate: 31 credits

Program Website: RockValleyCollege.edu/MassCom

Program Overview:
Graduates of this 31-credit Certificate Program are prepared to produce a wide range of media projects including multi-format television programs, commercials, public service announcements, short films, and high-quality audio products.

Work & Employment:
Certificate graduates can secure jobs such as a Cinematographer, Director, Producer, Editor, Sound Engineer, Videographer, and a variety of other crew positions.

Transfer Opportunities:
Most of the courses in this certificate program have IAI transfer codes which will aid the student if they decide to pursue an Associate of Arts (A.A.) degree or a four-year degree. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the Media Production Specialist certificate program.

Media Production
Certificate Requirements 31 Credits

COM 296 Documentary Video Production, or,
COM 297 Motion Picture Production ............................................... 3
COM 298 Mass Communication Internship ..................................... 1

A prerequisite or corequisite may be required for some courses.
Refer to the course descriptions section in this catalog for more information.
Nursing Programs

Associate Degree Nursing (ADN) #5400

**Degree Conferred:**
Associate in Applied Science – 64 Credits

**ADN Program Length:**
4 semesters – core nursing

**Limited Transfer & Limited Enrollment**

**Nursing Program Website:**
RockValleyCollege.edu/Nursing

**Program Overview:**
The Associate Degree Nursing (ADN) program prepares the graduates to work as entry-level registered professional nurses. Nurses are part of an interdisciplinary healthcare team who work together, each contributing knowledge and skills, unique to their discipline, to treat the patient as a whole. Students master the knowledge and skills specific to nursing over four semesters at RVC through classroom, laboratory and clinical experiences instructed by highly experienced and credentialed nursing faculty. Nursing students will then be prepared to take the NCLEX-RN exam, to receive the national credentials of the Registered Nurse (RN).

**Work and Employment:**
Graduates of the program are highly employable at all three Rockford hospitals as well as Long-Term Care facilities and community organizations. Our graduates have found employment in a variety of healthcare settings, including acute care facilities, long-term care facilities, ambulatory care, home care, hospice care, and community nursing. Specialty areas our graduates work in are: Emergency Rooms, Operating Rooms, Cardiac Catheterizations Labs, Endoscopy, Pediatrics, Mother/Baby, Cardiac Units, Orthopedic Units, ICU/PICU/NICU, General Medical-Surgical Units, Gerontology, and Transport Teams, along with other units.

**RN-BSN Partnerships:**
Currently, local hospitals are requiring new graduates to complete their BSN within 3-5 years after gaining employment in their facilities. RVC Nursing has formed partnerships with five RN-BSN Completion Programs to meet this need. New graduates can work at the local hospitals while completing their BSN and receive tuition reimbursement from their employers. RVC’s RN-BSN Completion Program Partners are:
- Indiana-Wesleyan University (IWU) online program
- Northern Illinois University (NIU) hybrid program
- Olivet-Nazarene University (OUNU) hybrid & online options
- St. Anthony College of Nursing (SACN) hybrid program
- University of IL at Chicago (UIC) online program

**Information Sessions & Academic Advising:**
Information Sessions are held four times a semester to explain the details of the RVC Nursing Program. These Information Sessions provide the most up-to-date information about the program and the admission process. Since the educational pathway does not end at RVC, it is mandatory for students to meet with an academic advisor to plan for a seamless transfer to a RN-BSN Completion Program which meets their needs.

**Pre-Admission Tests:**
- ATI TEAS Test and Writing Sample must be completed before the application due dates. Visit the Testing Center website for dates and details: RockValleyCollege.edu/ADNtest.
- Study resources can be found at: ATITesting.com and bookstores.

**Admission Procedure:**
All students are required to meet with an Academic Advisor to ensure a successful pathway to the nursing program. Once Admission Criteria has been met, one may submit an application to the Nursing Division office.

- Transfer students: ALL college transcripts must be submitted to the Records Department at the time of RVC enrollment
- Application Deadlines:
  - Fall Admissions: Applications are accepted between October 15 & February 15
  - Spring Admissions: Applications are accepted between May 15 & August 15

**Program Standards & Expectations**
The Nursing Program is responsible for providing our community with quality nurses who care for their clients safely. In order to become a quality, safe practicing nurse, students will be required to attend all classes and all clinicals. Clinical experiences require travel to facilities in the college region. Students are expected to provide their own transportation to clinical sites.

All nursing courses require a minimum of “C” 80% or higher to pass. Students who do not earn a “C” or higher will remediate by course repetition. Only one nursing course repetition is allowed to continue in the Nursing Program. All supporting courses/electives required for the degree must also be completed with a “C” or higher in order to receive the A.A.S. Degree in Nursing.

**Criminal Background Check & Drug Testing:**
Students will undergo a criminal background check and drug testing upon admission to the program. It is possible that a student’s criminal background and/or a positive drug test will prevent participation in hospital clinical practice and program completion.

**Fees:**
Physical exam, immunizations/titer, Mantoux test, drug testing, uniform, licensure application, fingerprint background check, and NCLEX-RN exam fees are subject to change.

**Licensure:**
Students who successfully complete the Nursing Program are qualified to sit for the NCLEX-RN exam. Graduates who pass this national licensing exam will earn the title of Registered Nurse (RN).

- Successful completion of the Nursing Program
- Background Fingerprint .................................................................(fee)
- Application for NCLEX-RN ...........................................................(fee)
- Registration for NCLEX-RN ...........................................................(fee)
- RN Licensure ....................................................................................(fee)
Nursing Programs (continued)

Associate Degree Nursing (ADN) #5400

Admission Criteria:

Students must meet the following minimum criteria in order to be considered for admission into the Nursing Program:

- Active Nurse Aide Certificate (CNA) with no disqualifying convictions (background check)
- Maintain a "C" or higher in all prerequisite and elective courses.
- Overall 2.75 GPA in the following courses:
  - BIO 185
  - BIO 274
  - CHM 110 (or higher)
  - ENG 101
  - PSY 170
- NRS 104 Pathophysiology (within 2 years)
  - Must complete with a "C" or higher (80%)
- ATI TEAS and a writing sample need to be completed at the RVC Testing Center
  - Overall Composite Score ..................... Proficient Level or higher
  - Individual Category Scores .................... Basic Level or higher
  - Visit: RockValleyCollege.edu/ADNtest.

Nursing Programs (continued)

Nursing Aide Certificate (CNA) #5411

Certificate: 7 credits
Program Length: 8 weeks or 16 weeks

Limited Transfer & Limited Enrollment

Nursing Program Website: RockValleyCollege.edu/CNA

Program Overview:
The Nursing Aide Certificate prepares students to move quickly into the health care workforce and enter a pathway to Allied Health and Nursing Careers. Graduates work as caregivers in all types of healthcare facilities and agencies. As a health team member, nursing assistants work under the supervision of nurses and provide routine care and basic nursing duties related to patient care. A flexible program of scheduled options includes morning, afternoon, or evening sessions. Mandatory health requirements must be met. Students who complete the program with a grade “C” or better are eligible for the Nurse Training Competency Evaluation. The program has a mandatory requirement of 80 hours of theory in the classroom and 40 hours of clinical experience in a long-term care facility. Mandatory classroom, skill labs, and clinical experiences will prepare students to take the state test required for certification as a Certified Nurse Assistant (CNA). This course is a prerequisite for an A.A.S. Degree in the Nursing Program.

Application Process and Deadlines:
1. Enroll at Rock Valley College
2. Placement Testing
   Reading Requirement: Students must have successfully completed RDG 096 with a “C” or higher or tested out according to ACT/SAT within the last 3 years, or completed Accuplacer® Testing:
   • ACT Score: Minimum of 19
   • SAT Score: Minimum of 510
   • Accuplacer® Score: (prior to Feb. 2019) 56 or higher
   • Accuplacer® Score: (Feb. 2019 or after) 237 or higher

   Math Requirement: Students must have successfully completed MTH 088 with a “C” or higher or tested out according to ACT/SAT within the last 3 years, or completed Accuplacer® Testing:
   • ACT Score: Minimum of 18
   • SAT Score: Minimum of 470
   • Accuplacer® Elem. Algebra Score: (prior to Feb. 2019) 33 or higher
   • Accuplacer® Quantitative Reasoning Score: (Feb. 2019 or after) 227 or higher
3. Attend a Tech Connect Session.
   To sign up for a session call (815) 921-4094.
4. Attend the MANDATORY Admission Prerequisite (MAP) Session
   • Register online at the Nursing Assistant Website
   • Held once a month
   • If students do not attend this, they will not be able to register for the course
5. Fingerprinting: Criminal Background Check
   • Information will be given at the MANDATORY Admission Prerequisite Session
   • Required a valid Social Security Number and photo I.D.
   • Fee: (subject to change)
   • It is possible that a student’s criminal background will prevent participation in clinical practice, thereby preventing program admission.
6. Register for NAD-101

Program Standards & Expectations
Students are required to attend all days of the Nursing Aide program. This is mandated by the Illinois Department of Public Health (IDPH). This includes attendance to orientation days, lectures, skills lab and clinical. All students are expected to provide their own transportation to clinical sites.

The Nursing Aide Program requires a “C,” which is 80% to pass.

Age Requirement:
Students must be a minimum of 18 years of age at completion of NAD 101.

Fees:
The Nursing Aide Program provides clinical education at various long-term care facilities. The nursing aide program must adhere to these facilities’ requirements. All admitted students will be required to provide the following at the expense of the student.
• Physical exam with NO lifting restrictions
• TB 2-Step
• Seasonal Flu Vaccine
• Other: uniform/shoes, criminal background check, textbooks, state exam

Program Completion:
Upon successful completion of the Nursing Aide program, students will sit for the Illinois Nurse Assistant/Aide Competency Examination to earn the credentials of CNA (Certified Nursing Assistant). This process has additional fees.
• Approximately $75 (fees subject to change)

Office Professional

Office Professional (OFF) #2600

The Office Professional Program prepares students for work in office environments where knowledge of office procedures, software/hardware, administrative, and interpersonal skills are required to perform duties. Graduates of this program exhibit strong communication, interpersonal skills; they are flexible and professional. In addition they possess excellent keyboarding, document formatting skills, and advanced software application skills. Graduates completing this program may be expected to supervise clerical staff.

Degree Conferred: Associate in Applied Science – 65 credits

Program Website: RockValleyCollege.edu/OfficePro

Program Overview:
The Office Professional Program allows students to focus on one of three areas of office administration: General office, medical office, or legal office professionals. Under the guidance of the Dean of Business/CIS or Academic Chair, students will be able to tailor a program that meets their unique needs. Students can also meet with an Academic Advisor to develop an academic plan.

General Office Professional:
The efficiency of any organization depends in part upon office professionals who are at the center of communications within the business. They process and transmit information to the staff and other organizations. Graduates of this Program will learn a wide range of skills using the latest computer technology.

Medical Office Professional:
Graduates of this Program are prepared for jobs in an insurance or healthcare office. Job responsibilities vary, and may include appointment scheduling, medical and general document preparation, meeting and event planning, handling receivables, and transcription.

Legal Office Professional:
Graduates of this Program typically perform administrative work in law firms. Areas in which they could become involved include bankruptcy, business and corporate litigation, criminal, divorce, and family law, wills, trusts, and estates, government law, trademarks and copyright law, personal injury and property damage, probate, real estate, and workers’ compensation.

Work & Employment:
Graduates from the Program find jobs as administrative assistants, administrative secretaries, and office assistants in a variety of office settings.

Certificates for the Office Professional Program are continued on the next page.

Phlebotomy Technician #5605

Certificate: 11 credits

Program Length: Three semesters – 8 weeks each

Phlebotomy Program Website: RockValleyCollege.edu/Phlebotomy

Program Overview:
The phlebotomist is an integral part of the healthcare team. This professional will obtain blood specimens in a prompt and efficient manner. This individual must be proficiently trained to maintain high standards to ensure quality and safety in all aspects of specimen collection. The Phlebotomy Technician Program involves teaching of techniques for the purpose of obtaining blood samples by venipuncture and dermal capillary procedures. Medical and Laboratory terminology, anatomy of the circulatory systems, interpersonal communication, laboratory safety, legal guidelines and professional skills will be covered. Upon successful completion of the three portions of this 24-week program, the student will have entry-level employment skills and meet all requirements to qualify for the American Society for Clinical Pathology (ASCP) examination. The first and second portion of this Program will consist of two 8 weeks of classroom lecture and lab skill demonstration. The third portion of this program will consist of eight weeks where the student will be assigned 110 hours at a medical practicum site to obtain practical experience and record 100 venipunctures and dermal punctures to meet the competency requirements.

NOTE: Practicum is offered during the daytime hours only.

Work & Employment:
This program prepares students for a career in Health Science Fields. The program is also beneficial for Nursing students, Certified Nursing Assistants, and Medical Assistants. Upon successful completion of the program, the student will have the qualifications to work as an entry-level phlebotomist in a medical office, drawing center, or hospital setting.

Program Requirements:
Students must achieve a minimum passing grade of "C" (2.0) in both lecture and laboratory portions of the Phlebotomy Technician (PLB 110 and PLB 120) and Medical Terminology (HLT 110) in order to qualify for the clinical portion of this program (PLB 130)

- Diploma – a graduate of a recognized or accredited secondary school at the time of enrollment or has completed the G.E.D as required by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).
- Must be 18 years of age or older prior to Phlebotomy Program registration.
- Current CPR Certification
- Physical exam (12 months), Proof of current vaccines, active titers, and negative two-step TB test results (forms in RVC Student Phlebotomy Handbook). Needed for admission to the program.
- Criminal Background and Drug Test: are to be completed on Admission. Both clean and without charges.
- Reading Requirement: Students must have successfully completed RDG 099 with a "C" or higher or tested out according to ACT/SAT within the last 3 years, or completed Accuplacer® Testing:
  - ACT Score: Minimum of 19
  - SAT Score: Minimum of 510
  - Accuplacer® Score: (prior to Feb. 2019) 70 or higher
  - Accuplacer® Score: (Feb. 2019 or after) 246 or higher
- Math Requirement: Students must be eligible for MTH 088 or tested out according to ACT/SAT within the last 3 years, or completed Accuplacer® Testing:
  - ACT Score: Minimum of 18
  - SAT Score: Minimum of 470
  - Accuplacer® Elem. Algebra Score: (prior to Feb. 2019) 33 or higher
  - Accuplacer® Arithmetic Score: (prior to Feb. 2019) 27 or higher
  - Accuplacer® Quantitative Reasoning Score: (Feb. 2019 or after) 227 or higher
  - Accuplacer® Arithmetic Score: (Feb. 2019 or after) 227 or higher
- Completed HLT 110 with a grade of "C" or higher, or with the consent of the Phlebotomy Coordinator.
- Students are responsible for transportation to and from clinical affiliates.
- Students are responsible for securing their own NAVY BLUE medical scrub uniform and RVC Phlebotomy program patch according to program requirements for clinical rotations.
- Proof of liability insurance and medical insurance coverage.
- Completed and signed agreement forms (RVC Student Phlebotomy Handbook) prior to clinical rotation assignment.

Respiratory Care Program

Respiratory Care Program (RSP) #5200

Degree Conferred: Associate in Applied Science – 71 credits

Limited Transferability

Program Website: RockValleyCollege.edu/RespiratoryCare

Program Overview:
Respiratory Care is an allied health profession that focuses on the care of patients with cardiopulmonary (heart and lung) problems. The graduates of the Rock Valley College program are prepared to work locally and nationally. As highly skilled and knowledgeable Registered Respiratory Therapists (RRT), they are vital parts of the health care team. RRT’s actively work to deliver direct patient care with physicians, nurses, and other allied health professionals. This includes patient assessment to help guide the treatment, care, education, and rehabilitation of the patient. RRT’s also provide therapeutic treatment and diagnostic (test) measurement of the cardio-pulmonary system. RRT’s are trained to blend human relations skills with technical and scientific knowledge in order to give the best direct patient care possible. Skills are mastered through classroom, laboratory, and clinical experiences.

Work & Employment:
Graduates of the program generally work in hospitals, assuming staff respiratory therapist positions or specializing in critical care or diagnostic areas. Other opportunities exist in the home care settings or through advancement into management or educational positions and rehab. A video titled “Life and Breath” can be viewed at: AARC.org/Career.

Transfer Opportunities:
Graduates of this program may transfer to Northern Illinois University’s (NIU’s) College of Health & Human Services to pursue the Bachelor of General Studies (B.G.S.). Students are advised to contact the NIU’s College of Health and Human Services at (815) 753-1891 for further information. For more transfer opportunities, see pages 49-50.

Professional Credential & Program Accreditation:
Graduates of the program are eligible to sit for the credential of Registered Respiratory Therapist (RRT).

- This national exam is administered through the National Board for Respiratory Care (NBRC) at: NBRC.org.
- The program has continuing accreditation from the Commission on Accreditation of Respiratory Care (Co-ARC) at: CoARC.com.
- The professional organization for Respiratory Therapists is the American Association for Respiratory Care (AARC) at: AARC.org.
- The program belongs to a chapter of The Lambda Beta Society, a National Honor Society for the Profession of Respiratory Care.

Admission Policies:
To be considered for admission the applicant must:
1. Meet all college admission requirements.
2. Be a high school graduate or have completed the GED.
3. BIO 185 – Anatomy and Physiology with minimum grade of “C”. BIO 185 requires BIO 100 or BIO 103 and CHM 110 or higher, with minimum grades of “C”, and must be taken within the last five years. (Other colleges’ Biology course prerequisites may be different than RVC.)
   Note: BIO 281 – Human Anatomy and Physiology I and BIO 282 - Human Anatomy and Physiology II may be substituted for BIO 185. Both BIO 281 and BIO 282 must be completed.
4. BIO 274 – Microbiology with minimum grade of “C”.
5. ENG 101 – Composition I with a minimum grade of “C”.
6. HLT 110 – Medical Terminology with a minimum grade of “C”.
7. Math requirement: Minimum Math requirement for the Respiratory Care program is MTH 092 - Beginning Algebra, at the college level. To meet biology and chemistry prerequisites at RVC, MTH 094 or a higher level math with a minimum grade of “C” is required. (Other colleges’ Math course prerequisites may be different than RVC.)
8. Grade Point Average: A minimum GPA of 2.0 (on a 4.0 scale) is required of all college course work completed for college credit.

Admission Procedure:
Admission is selective and competitive. All required documents must be submitted to the Respiratory Care Program Office on or before January 20th to be reviewed for admission for the fall term. The Respiratory Care Program holds information sessions that cover prerequisites and other important admission information. Attendance of a session is required to receive an application packet for the program. To schedule an information session, please go to: RockValleyCollege.edu/InfoSessions.

Criminal Background Check & Drug Testing:
Students will undergo a criminal background check and drug testing upon admission to the program. It is possible that a student’s criminal background and/or a positive drug test will prevent participation in hospital clinical practice and program completion.

Standard for Progression in the Program:
Students are required to earn at least a minimum grade of “C” in each course in the Respiratory Care Program of study. Failure to do so will prevent a student from taking later courses in the program and from graduating.

Surgical Technology Certificate

**Surgical Technology Program (SRG) #5405**

**Certificate:** 40 credits

**Program Website:** RockValleyCollege.edu/SurgTech

**Program Overview:**
Surgical Technologists must have knowledge of the anatomy, instrumentation and procedures needed to prepare the operating room and equipment being used for surgery, are responsible for creating and maintaining the sterile environment in the operating room, and will also assist in other aspects of the surgical arena. The program features classroom, laboratory and clinical experiences that prepare students to assume an important role with surgical teams at entry-level.

**Work & Employment:**
Graduates are employed in hospital operating rooms, delivery rooms, emergency departments, ambulatory surgical centers, Medical travel agencies, physician offices, dental offices, central sterilizing departments, and also animal clinics and hospitals. With additional specialized education and training, graduates can become Surgical Assistants, Program Directors, Instructors, and Surgical/Medical Sales Representatives.

**Professional Credential & Program Accreditation:**
Graduates are eligible to become Certified Surgical Technologists (CST). Students will sit for the National Certification Examination through the National Board of Surgical Technology and Surgical Assisting (NBSTSA) prior to graduation. The Program is governed by the Association of Surgical Technology (AST) and is fully accredited by the Commission on Accreditation of Allied Health Programs (CAAHEP).

**Admission to the Program:**
Admission is selective and competitive. The Grade Point Average (GPA) from any College where a (prerequisite) course is used to fulfill the Program requirements will be combined and averaged for an Overall GPA. The Overall GPA and strength in the sciences is of great consideration in the selection process. Healthcare experience considered but is not required.

Core Curriculum developed by the Association of Surgical Technology (AST) and is fully accredited by the Commission on Accreditation of Allied Health Programs (CAAHEP).

**Admissions Policies** (enrollment capacity 20)

**Requirements for application and admission:**
1. A graduate of a recognized or accredited secondary school at the time of enrollment or complete the GED as required by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).
2. Admission to Rock Valley College according to college policies governing full-time students.
3. **Biology/Chemistry requirement:**
   - One semester of college-level chemistry (with a lab).
   - At RVC it would be CHM 110 (recommended) or a higher level.
   - One semester of anatomy/physiology with a lab.
   - At RVC it would be BIO 185.
   - **Note:** BIO 281/282 may be substituted for BIO 185. Both BIO 281 and 282 must be completed.
   - One semester of microbiology with a lab.
   - At RVC it would be BIO 274.
   - **Note:** Check the RVC catalog for prerequisite requirements for BIO 185 (or BIO 281 and BIO 282) and BIO 274. Other colleges' biology course prerequisites may be different than RVC.
4. **Math requirement:** Minimum Math requirement for the Surgical Technology Program is MTH 092 - Beginning Algebra Part II. To meet the biology and chemistry prerequisites at RVC – MTH 094 - Intermediate Algebra Part II or higher level math, with a minimum grade of "C" is required. **Note:** other college's Math course prerequisites may be different than RVC.
5. **Grade Point Average:** A minimum GPA of 2.0 (on a 4.0 scale) is required of all college course work completed for college credit. Program admission is limited, therefore admission is selective and very competitive.
6. Concurrent hospital clinical practice also necessitates that students meet the following requirements:
   a. Be in good health as certified by a physician licensed to practice medicine in all its branches, and complete in full the medical examination and immunization form provided.
   b. Possibly submit to further laboratory tests as requested.
   c. Have current Adult, Infant, and Child CPR certification.
   d. Have personal health insurance.
   e. Meet the Essential Abilities Standards of Performance
7. Students must be admitted to Rock Valley College and math and chemistry must be completed to be reviewed for admission to the program. All General Education Course Requirements must be completed, with a minimum grade of "C", before enrollment in the Surgical Technology (SRG) Program courses
8. Qualified applicants who are residents of Rock Valley College District 511 or who reside in a district that has a joint agreement with Rock Valley College will be admitted first. Out-of-district applicants will be admitted only if the Surgical Technology class has not been filled and all qualified in-district or joint agreement program applicants have been accepted.

**Admissions Procedures:**
1. The following records must be sent directly to the Nursing & Allied Health division office:
   a. High school transcripts or GED scores.
   b. Previous college transcripts (other than RVC).
2. Applicants are required to complete a separate application for admission to the Surgical Technology Program, hereafter referred to as the Surgical Technology application.
3. The Surgical Technology application must be filed before April 15th, prior to the fall term a student hopes to enter the program. Only completed applications are processed. Completed applications include:
   a. Chemistry grade(s)
   b. Math grade(s)
4. Students will be notified of their admission status prior to June 15th.
5. Applicants not selected one year are individually responsible for reactivating and updating their application in subsequent years.

**Criminal Background Check & Drug Testing:**
Students will undergo a criminal background check and drug testing upon admission to the program. It is possible that a student’s criminal background and/or a positive drug test will prevent participation in hospital clinical practice and program completion.
Surgical Technology Certificate (continued)

Standard for Progression in the Program:
Students are required to earn at least a minimum grade of “C” in each theory/clinical course, along with the AST standard of 120 documented cases verified as completed, with a total of 80 First Scrub cases. Failure to do so will prevent a student from graduating. (See table below.)

Surgical Technology Course Requirements ........................................ 26 credits

TERM I, FALL ................................................................................. 10 credits
SRG 101 Surgical Technology I Central Service Principles and Practice ........................................ 4
SRG 102 Surgical Technology II Principles and Practice ............. 6

TERM II, SPRING ......................................................................... 12 credits
SRG 103 Surgical Technology III Principles and Practice Specialty ........................................ 5
SRG 104 Surgical Technology IV Principles and Practice Specialty ........................................ 5
SRG 106 Surgical Technology Seminar ........................................ 2

TERM III, SUMMER I ....................................................................... 4 credits
SRG 105 Surgical Technology V Internship ........................................ 4

General Education Course Requirements ....................................... 14 credits
BIO 185 Foundations of Anatomy and Physiology .................. 5
[may substitute BIO 281/282 (8)]
BIO 274 Microbiology .................................................................. 4
ENG 101 Composition I ................................................................. 3
HLT 110 Medical Terminology ....................................................... 2

Comparable BIO, ENG, and HLT courses may be taken at cooperative community colleges.
Cooperative community colleges are: Highland Community College, Kishwaukee College, and Sauk Valley College.
A prerequisite or corequisite may be required for some courses.
Refer to the course descriptions section in this catalog for more information.

Sustainable Energy Systems

Sustainable Energy Systems (SES) #8600

Degree Conferred: Associate in Applied Science – 66 credits

Program Website: RockValleyCollege.edu/SES

Program Overview:
Graduates of the Sustainable Energy Systems (SES) Program have a broad understanding of energy efficiency and conservation, comprehensive energy and electrical-load audits, alternative electrical energy generation using photovoltaics, wind turbines, fuel cells, and microhydro. They also understand how active and passive solar technology (including geothermal systems) can be used to produce air conditioning via heat pumps and radiant floor heating. They comprehend solar hot water heating systems as well as as tankless hot water heating. Graduates understand the importance of codes, standards, and permits as well as fees, financing, and payback. They also have the necessary skills to use electronic test equipment to make measurements, understand electrical schematics and blueprints, analyze electronic circuits and understand fundamental design concepts. The graduates are ready to work in alternative energy product and service development, testing and alternative energy product certifications with an emphasis on the electrical and electronic systems. The SES program helps prepare the student to take renewable energy certification examinations and others offered by the Electronics Technicians Association, International. See the SES Academic Chair for more information.

Work & Employment:
Successful graduates secure positions as sustainable energy system designers and consultants, sales and service professionals, energy auditors, or as part of a renewable energy systems integration team. Areas of employment as electronics technicians to support a wide variety of manufacturing and service needs are also included in career selections.

Hands-On Learning:
EET (SES) classes include sustainable energy equipment and systems to give students a more complete grasp of concepts. Field trip opportunities are included to look at installed systems. Internships to obtain actual working experience are required. EET classes include a hands-on laboratory component taught by instructors with industrial experience. You will learn how to use electronic test equipment like oscilloscopes, function generators, and digital multimeters.

Transfer Opportunities:
SES graduates have the option to pursue a baccalaureate degree from Northern Illinois University and other select universities. Students are advised to contact the institution to which they plan to transfer to assess course transfer credit availability. Students should also consult with an Academic Advisor, the Dean, or the Academic Chair of the SES program.

Certificates Available:
• Sustainable Energy System Certificate
• Basic Sustainable Energy Systems

Sustainable Energy Systems

### Second A.A.S. Degree Requirements for either the EET or SES A.A.S Degrees (15 credits):

The course requirements for the Electronic Engineering Technology and the Sustainable Energy Systems degree programs are very similar. Therefore, obtaining a second degree is an exciting option for many graduates. Specifically, a graduate of the EET program may desire to obtain a second degree in SES.

Fundamentally, a minimum of 15 additional credits must be taken.

A graduate of the EET program (8400) who desires to also receive an SES program degree (8600) must take:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>EET 105 Introduction to Sustainable Energy</td>
<td>3</td>
</tr>
</tbody>
</table>

Select four (4) credits from the following Sciences Courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHM 105 Chemistry and Society (4), or</td>
<td>4</td>
</tr>
<tr>
<td>CHM 120 General Chemistry I (could have been used as an EET elective previously), or</td>
<td>4</td>
</tr>
<tr>
<td>Or (recommended):</td>
<td></td>
</tr>
<tr>
<td>BIO 106 Environmental Science (3), and</td>
<td>4</td>
</tr>
<tr>
<td>BIO 107 Environmental Science Laboratory (1) (could have been used as an EET elective previously)</td>
<td>4</td>
</tr>
<tr>
<td>EET 107 Introduction to Codes and Standards</td>
<td>3</td>
</tr>
<tr>
<td>EET 168 Electronic Engineering Technology Internship</td>
<td>2</td>
</tr>
<tr>
<td>EET 190 Sustainable Electrical Energy Generation</td>
<td>3</td>
</tr>
<tr>
<td>EET 277 Geothermal, Solar Heating &amp; Lighting</td>
<td>3</td>
</tr>
</tbody>
</table>

(This means an EET graduate must take between 15 to 18 additional credits to receive a second degree in SES.)

A graduate of the SES program (8600) who desires to also receive an EET program degree (8400) must take:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>EET 125 Electronic Fabrications Skills</td>
<td>2</td>
</tr>
<tr>
<td>MET 133 Graphics/SolidWorks CAD I</td>
<td>3</td>
</tr>
<tr>
<td>MET 146 Hydraulics, Pneumatics and PLCs</td>
<td>3</td>
</tr>
<tr>
<td>EET 254 Robotics &amp; Automated Systems</td>
<td>3</td>
</tr>
<tr>
<td>EET Elective</td>
<td>4</td>
</tr>
</tbody>
</table>

(This means an SES graduate must take 15 additional credits to receive a second degree in EET.)

Students are advised to contact the Division of Aviation and Engineering, (815) 921-3101 for more information about obtaining a second degree in this field.

A prerequisite or corequisite may be required for some courses. Refer to the course descriptions section in this catalog for more information.
Web Programming & Design

Web Programming & Design (WEB) #3900

Degree Conferred: Associate in Applied Science – 64 Credits

Program Website: RockValleyCollege.edu/WebDesign

The Computers & Information Systems Department also offers degrees in programming and networking. For information on these A.A.S. degrees, please see the Computer and Information Systems and the Personal Computer Technical Specialist programs elsewhere in this catalog.

Program Overview:
Graduates of this program are prepared for a career in Website programming and support. Thus, students will not only be able to design Web pages, but apply technical specifications to bring them to life.

Work & Employment:
Graduates of this program often work as Web programmers, Web programmer assistants, Web server systems administrators, Web designers, or Web media developers. Students should also consult with an Academic Advisor, the Dean, or Academic Chair of the Web program.

Industry Certifications:
Students obtaining this degree will be better prepared to take the following certifications: WOW, ZEND, PHP Certification, Magento Certification, and the W3C certification.

CERTIFICATES

A prerequisite or corequisite may be required for some courses.
Refer to the course descriptions section in this catalog for more information.
Welding Certificates

Assembly Line Welder Certificate (WLD) #8210

Certificate: 12 credits

Program Website: RockValleyCollege.edu/Welding

Program Overview:
The Assembly Line Welder Certificate will provide students with instruction in each of the most common welding processes currently used in the industry (e.g., Arc/Stick, Shielded Metal Arc Welding; MIG, metal inert gas; TIG, tungsten inert gas; and Oxyfuel, gas welding and cutting), as well as instruction in welding safety. Students who complete the certificate will be prepared for entry level positions within the manufacturing industry as an assembly line welder.

Work & Employment:
Upon completion, the certificate will provide a basic credential to students for employment into the manufacturing welding field as an assembly line welder.

Students are required to furnish their own personal protective equipment. A list will be provided on the first day of class.

To receive the Assembly Line Welder Certificate, all four classes must be taken. No classes can be waived or substituted.

Assembly Line Welder Requirements/8210 ............................................. 12 credits

WLD 100 Introduction to Welding .................................................. 3
WLD 153 Arc Welding Flat ............................................................. 3
WLD 155 Arc Welding Horizontal .................................................... 3
WLD 157 MIG Welding ................................................................. 3

A prerequisite or corequisite may be required for some courses. Refer to the course descriptions section in this catalog for more information.

Welding Certificate (WLD) #8218

Certificate: 24 credits

Program Website: RockValleyCollege.edu/Welding

Program Overview:
Graduates are adept in the various welding types, including gas, shielded metal arc (STICK), metal inert gas (MIG), flux core, and tungsten inert gas (TIG) welding. Welding certification can be acquired in one or more welding processes.

Work & Employment:
In today’s metalworking industry, welding is rapidly becoming the most commonly used method of joining metals. Opportunities exist in the steel fabrication, plumbing and pipefitting, construction, automotive, nuclear, and sheet metal industries, as well as in facilities maintenance.

Students are required to furnish their own personal protective equipment. A list will be provided on the first day of class. A Casio FX-260 calculator is required for WLD 152.

Welding Certificate Requirements ............................................. 24 credits

WLD 100 Introduction to Welding .................................................. 3
WLD 150 Blueprint Reading for Welders ......................................... 3
WLD 152 Arithmetic for Welders ..................................................... 3
WLD 153 Arc Welding: Flat ............................................................. 3
WLD 154 Arc Welding: Vertical ....................................................... 3
WLD 155 Arc Welding: Horizontal .................................................. 3
WLD 156 Arc Welding: Overhead .................................................... 3
WLD 157 M.I.G. Welding ................................................................. 3
WLD 159 Arc Welding: Bellhole/Pipe ............................................. 3
WLD 161 Arc Welding: Arkansas/Pipe .......................................... 3
WLD 175 Certification Qualification .............................................. 3
WLD 180 Independent Study in Welding ...................................... 1-5
WLD 181 Special Topics Welding ................................................ 1-3
WLD 182 Internship in Welding Technology ............................... 1-6

* A college math class (100 level or higher) can be substituted for WLD 152, Arithmetic for Welders.

Select one course from the following:

WLD 157 M.I.G. Welding ................................................................. 3
WLD 158 T.I.G. Welding ................................................................. 3
WLD 159 Arc Welding: Bellhole/Pipe ............................................. 3
WLD 161 Arc Welding: Arkansas/Pipe .......................................... 3
WLD 175 Certification Qualification .............................................. 3
WLD 180 Independent Study in Welding ...................................... 1-5
WLD 181 Special Topics Welding ................................................ 1-3
WLD 182 Internship in Welding Technology ............................... 1-6
Apprenticeship Programs

Electrician Apprenticeship (ELC)  #9900

Degree Conferred: Associate in Applied Science – 64 credits

Transferable Degree

Program Website: RockValleyCollege.edu/Electrician

Program Overview:
The Electrician Apprentice (ELC) Program consists of a series of technical core courses covering the required classroom-related instruction for people who wish to become journeymen electrical workers. The program requires a minimum of 800 hours of related instruction and 8,000 hours of on-the-job training.

Work & Employment:
Those who successfully complete the Electrician Apprentice Program are employed as residential or commercial wiremen, linemen, and/or advanced journeypersons.

Cooperative Partners Involved:
Both the National Electrical Contractors Association and the International Brotherhood of Electrical Workers recognize, sponsor, and support this program to provide the highly-skilled workforce necessary to meet customer needs and ensure job satisfaction for electrical workers.

Applying for the Program:
Students interested in applying for the Program need to go through a selection process established by the JATC Local Union 364. For more information, go online to: http://www.ibew364.org/Training.

Apprenticeship Programs (continued)

Tool & Die / Precision Machinist Apprenticeship Certificate #9919

Degree Conferred: Certificate – 30 credits

Program Website: RockValleyCollege.edu/Machinist

The tool and die maker/precision machinist apprentice makes the devices used by machinists for mass-produced parts. Tool and die makers are among the most skilled of all machinery workers. Apprentices learn to make the gauges and measuring devices in manufacturing precision metal parts. They are also taught to construct metal forms used to shape metal stamping and forging operations. This is a four-year program.

Year One
- APT 190 Mathematics for Machine Technology ........................................... 3
- APT 194 Blueprint Interpretation ................................................................. 3

Year Two
- APT 289 Metal Cutting Applications .......................................................... 3
- MET 106 Metrology ..................................................................................... 3
- MET 105 Materials and Processes ............................................................... 3

Year Three
- MET 111 CNC Machine Setup/Operation/Programming ......................... 3
- MET 226 CNC/CAM Operations I ............................................................... 3

Year Four
- MET 108 Computer Drafting Using AutoCAD ........................................... 3
- WLD 100 Introduction to Welding ............................................................... 3
- MET 133 Graphics, SolidWorks™ and CAD I .............................................. 3

A prerequisite or corequisite may be required for some courses. Refer to the course descriptions section in this catalog for more information.

Joint Agreement Program

Rock Valley College participates in the “Comprehensive Agreement Regarding the Expansion of Educational Resources” (C.A.R.E.E.R.) with several Illinois community colleges. This agreement is regulated by the Illinois Community College Board (ICCB) and is designed to provide expanded educational opportunities only for A.A.S. degrees and certificate programs not offered by Rock Valley College. Upon approval, RVC in-district students may obtain a Joint Agreement to attend another Illinois community college that offers the program they are pursuing to earn.

Also, the Joint Agreement Program does not guarantee admission for out-of-district students, rather it permits out-of-district rates to be waived, allowing the student to obtain the A.A.S. degree or certificate for in-district tuition rates. Out-of-district students should contact their home community college to fill out a Joint Agreement if they are looking to pursue a program at RVC that is not offered at their home college.

Prerequisite course requirements may be taken at the home college or at the receiving college. There may be special circumstances associated with programs that have competitive enrollment with limited seats. These individual cases may be reviewed by the Student Services.

For further information about Joint Agreements, please call the Records & Registration Office at (815) 921-4250 or visit on the second level of the Student Center on the Main Campus, Room 2200B. Or find more information and an online application for RVC students at: RockValleyCollege.edu/Agreement.

Rock Valley College's C.A.R.E.E.R. Joint Agreement Program includes the following Illinois institutions:

- Black Hawk College
- Carl Sandburg College
- College of DuPage
- College of Lake County
- Danville Community College
- Elgin Community College
- Heartland Community College
- Highland Community College
- Illinois Central College
- Illinois Eastern Community College
- Illinois Valley Community College
- John A. Logan College
- John Wood Community College
- Joliet Junior College
- Kankakee Community College
- Kaskaskia College
- Kishwaukee Community College
- Lake Land College
- Lewis and Clark Community College
- Lincoln Land Community College
- McHenry County College
- Moraine Valley Community College
- Morton College
- Oakton Community College
- Parkland Community College
- Prairie State College
- Rend Lake College
- Richland Community College
- Sauk Valley Community College
- Shawnee Community College
- Southeastern Community College
- South Suburban College
- Southwestern Illinois College
- Spoon River College
- Triton College
- Waubonsee Community College
- William Rainey Harper College

Rock Valley College also has a special Joint Agreement Program with Blackhawk Technical College in Janesville, Wisconsin for the following programs:

Blackhawk Technical College
6004 S. County Road G, Janesville, WI 53546
(608) 758-6900 | Blackhawk.edu

- Agribusiness Specialist
- Culinary Arts
- Diagnostic Medical Sonography & Vascular
- Diesel/Heavy Equipment Technician
- Electric Power Distribution
- Electro-Mechanical Technology
- Human Resource Management
- HVAC/R
- Laboratory Technician Assistant
- Physical Therapy Assistant (2 seats)
- Radiography (2 seats)
COURSE DESCRIPTIONS

Rock Valley College's courses on the following pages were approved by the Illinois Community College Board (ICCB).

Course Numbering System
Course descriptions are listed by prefix and include the course number, course title, prerequisites and corequisites, and content description. The Illinois Articulation Initiative (IAI) Code is listed where appropriate, followed by the number that indicates whether the course is Baccalaureate/Transfer (1.1), Career-Technical (1.2), or Developmental (1.4). Following the description of the course is the number of semester hours of credit, followed by the number of lecture hours and the number of lab hours. Note: not all courses are offered every year. These classifications are according to the master course file of the Illinois Community College Board.

Illinois Articulation Initiative (IAI) General Education Core Curriculum (GECC) and IAI Majors Codes:
To assist students with identifying qualifying general education core courses (GECC), the following coding system will appear below the course number and title in the IAI field. If the course does not have an assigned IAI number it will appear as: “IAI: None.”

<table>
<thead>
<tr>
<th>IAI GECC DISCIPLINE</th>
<th>IAI PREFIX</th>
</tr>
</thead>
<tbody>
<tr>
<td>Communications</td>
<td>C</td>
</tr>
<tr>
<td>Social and Behavioral Sciences</td>
<td>S</td>
</tr>
<tr>
<td>Humanities</td>
<td>H</td>
</tr>
<tr>
<td>Fine Arts</td>
<td>F</td>
</tr>
<tr>
<td>Interdisciplinary Hum/Fine Arts</td>
<td>HF</td>
</tr>
<tr>
<td>Mathematics</td>
<td>M</td>
</tr>
<tr>
<td>Physical Science</td>
<td>P</td>
</tr>
<tr>
<td>Life Sciences</td>
<td>L</td>
</tr>
</tbody>
</table>

Non-Western Culture Course: The “N” in the IAI code field is for courses designed specifically to examine aspects of human diversity from a non-U.S./non-European perspective.

Other letters that are used at the end of course numbers include:
- D - Courses designed specifically to examine aspects of human diversity within the United States.
- L - Designates laboratory courses.
- R - Designates research paper courses.

IAI Majors Courses: IAI has its own individual course numbering sequence for the Illinois Baccalaureate Majors’ Recommendations. Here is an example of an IAI Majors course – IAI: CHM911 - General Chemistry I.

In IAI Majors there are only 2 parts of the course numbering system: the abbreviation (i.e., CHM) and the number (i.e., 911) which is a part of the unique numbering system adopted for the IAI process. The abbreviation indicates the field the course exists within. For more information about major fields and their corresponding abbreviations please go to: iTransfer.org.

Prerequisites: Many course descriptions state that a prerequisite is necessary for enrollment in such a course. Students are advised that enrolling in a course without satisfying the prerequisite may result in the student being withdrawn from such course at the request of the instructor. Refer carefully to catalog course descriptions.

If a course meets for a shorter or longer period than a 15-week semester, the lecture and laboratory hours are adjusted so that the total number of hours will be the same as the total for a 15-week semester.

Only degree-level courses numbered from 100 through 299 will meet degree requirements. Credit earned in courses numbered below 100 and above 299, and in select certificate-level courses, will not count toward any Rock Valley College degree.

Listed below is an alphabetized list of instructional disciplines followed by a subject (course) prefix/course abbreviation.

Accounting ATG

ATG 110 – Financial Accounting
IAI: BUS 903 1.1
Financial Accounting presents accounting as an information system that produces summary financial statements, primarily for users external to a business or other enterprise. Students study the forms of business organization and the common transactions entered into by businesses. The emphasis is on understanding and applying basic accounting principles and other concepts that guide the reporting of the effect of transactions and other economic events on the financial condition and operating results of a business. How to analyze and interpret historical financial statements, as well as the limitations of using these in making forward-looking business decisions is included. The primary content emphasis will be accounting for current assets and liabilities, long-term assets and liabilities, stockholder equity, corporations’ cash flow statements, and financial statement analyses.
Prerequisite: MTH 092 or MTH 096A or MTH 096S. Concurrent registration is not acceptable.
Credit: 4 semester hours
Lecture: 4 Lab: 0

ATG 111 – Managerial Accounting
IAI: BUS 904 1.1
Managerial Accounting presents accounting as a system of producing information for internal use in managing business. The course emphasizes the identification, accumulation, and interpretation of information for planning, controlling, and evaluating the performance of the separate components of a business. Included is the identification and measurement of the costs of producing goods or services and how to analyze and control these costs. Decision models commonly used in making specific short- and long-term business decisions also are included.
Prerequisite: ATG 110 with a grade of “C” or higher.
Credit: 4 semester hours
Lecture: 4 Lab: 0

ATG 120 – Microcomputer Spreadsheet Application in Accounting
IAI: None 1.2
Microcomputer Spreadsheet Application in Accounting concentrates on the utilization of a computer spreadsheet software program to solve accounting problems and to report accounting information. Current software available for the IBM-compatible microcomputer will be used.
Prerequisite: ATG 110; or ATG 106 and ATG 107
Credit: 2 semester hours
Lecture: 1 Lab: 2

ATG 123 – General Ledger Software Applications in Accounting
IAI: None 1.2
General Ledger Software Applications in Accounting concentrates on the utilization of a computer general ledger software program to solve accounting problems, and to report accounting information. The payroll function is introduced including current regulations. Current commercial software available for the IBM-compatible microcomputer will be used.
Prerequisite: ATG 110 and CIS 102.
Credit: 2 semester hours
Lecture: 1 Lab: 2

ATG 210 – Cost Accounting
IAI: None 1.1
Cost Accounting studies the nature of costs and relevant accounting data for purposes of improving decision-making. The determination of product costs, budgets and standards, and capital budgeting are among the topics studied. This course is a core curriculum requirement for an A.A.S. degree in accounting.
Prerequisite: ATG 111 with a grade of “C” or higher.
Credit: 4 semester hours
Lecture: 4 Lab: 0

ATG 215 – Intermediate Accounting I
IAI: None 1.1
Intermediate Accounting I is an in-depth analysis of accounting principles related to the preparation of general-purpose financial statements for external users of accounting information. The efforts of accounting organizations such as the FASB (Financial Accounting Standards Board), the APB (Accounting Principles Board), and the AICPA (American Institute of Certified Public Accountants) are reflected in the material. Issues covered include those related to the Balance Sheet, Statement of Retained Earnings, Income Statement and Statement of Cash Flows. Representative areas of accounting include, but are not limited to, cash, receivables, inventories, and property, plant, and equipment. This course is a core course requirement for an A.A.S. degree in accounting. (Offered in fall semester only.)
Prerequisite: ATG 110 or consent of instructor.
Credit: 4 semester hours
Lecture: 4 Lab: 0

ATG 216 – Intermediate Accounting II
IAI: None 1.2
Intermediate Accounting II is a continuation of the in-depth analysis of accounting principles related to the preparation of general-purpose financial statements for external users of accounting information, which started in ATG 215. Representative areas of accounting include, but are not limited to, liabilities, including long-term debt, stockholders equity, earnings per share, revenue recognition, accounting for income taxes, accounting for leases, accounting for pensions, and the statement of cash flows. This is a requirement of financial accounting option of the A.A.S. degree in accounting. (Offered in spring semester.)
Prerequisite: ATG 215
Credit: 3 semester hours
Lecture: 3 Lab: 0

ATG 218 – Federal Income Tax
IAI: None 1.2
Federal Income Tax is a course where emphasis is placed on federal income taxes for the individual. The course covers both the practical preparation of income tax returns and the theoretical understanding of the law. Subjects covered include taxation of non-business individuals, proprietary business operations, and gains/losses from the sale of various types of property. The federal income taxation of partnerships and corporations will also be introduced. This course is a core curriculum requirement for an A.A.S. degree in accounting. Offered in Fall term only.
Prerequisite: ATG 110 or consent of instructor.
Credit: 3 semester hours
Lecture: 3 Lab: 0

ATG 220 – Fraud Detection and Deterrence
IAI: None 1.2
Fraud examination will cover the principle and methodology of fraud detection and deterrence. The course includes such topics as skimming, cash larceny, check tampering, register disbursement schemes, billing schemes, payroll and expense reimbursement schemes, non-cash misappropriations, corruption, accounting principles and fraud, fraudulent financial statements, and interviewing witnesses. Offered in Spring term only.
Prerequisite: ATG 110
Credit: 3 semester hours
Lecture: 3 Lab: 0
ATG 298 – Accounting Capstone
IAI: None  1.2
The Accounting Capstone course will reinforce concepts learned throughout the program by applying accounting knowledge and skills to problems and cases. Students will have the option to take the national certification exam and obtain their Certified Bookkeeper Certificate upon completion of the course.
Prerequisite: This course is to be taken the final semester prior to graduation. At least 18 credit hours of ATG courses must be completed with a “C” or higher or consent of instructor.
Credit: 4 semester hours
Lecture: 4
Lab: 0

Anthropology  ANP

ANP 102 – Introduction to Biological Anthropology and Archaeology
IAI: S1 902  1.1
This course offers an introduction to two subfields of anthropology: biological anthropology and archaeology. Biological anthropologists specialize in primatology, paleoanthropology, human variation, medical anthropology, and forensic anthropology. Archaeologists study the ancient and recent human past by examining material remains in the fossil record to answer questions about human history, evolution, and culture. The course will examine evolutionary theory, basic principles of genetic inheritance, species diversity, and living non-human primates. An exploration of fossil non-human primates, the first hominins, the genus Homo, and human variation will also be studied.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

ANP 103 – Introduction to Cultural Anthropology
IAI: S1 901N  1.1
This course is a basic survey of the principles of cultural anthropology including the concept of culture and its various aspects. Language, economics, kinship, religion, and art are included. Some attention is also given to distinctive theoretical approaches and to problems of culture change.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

Apprenticeship – Tool and Die/Precision Machinist  APT

Rock Valley College, in cooperation with the Rock River Valley Tooling and Machining Association, sponsors related apprenticeship classroom training. Admission to the Tool and Die/Precision Machinist Apprenticeship program is determined by the Rock River Valley Tooling and Machining Association. Students who wish to be considered for an apprenticeship should apply to the Rock River Valley Tooling and Machining Association organization listed on page 94.
Apprenticeship training is available in the specific categories of die maker, tool maker, mold maker, header die maker, precision machinist, and machine repair. For a list of all of the required classes for this program, please refer to page 94.

APT 190 – Mathematics for Machine Technology I
IAI: None  1.2
The Mathematics for Machine Technology I course covers whole numbers, fractions, decimals, fractions, powers and roots, and percents. English and metric units of measure are used with precision measuring equipment, and formulas and equations with metalworking related subjects. Related metalworking subjects are also covered.
Prerequisite: None
Credit: 3 semester hours
Lecture: 2
Lab: 2

APT 194 – Blueprint Interpretation
IAI: None  1.2
The Blueprint Interpretation course will teach the student to interpret various types of three-view drawings, how to read tolerance information, and how to interpret dual system dimensioning and tolerancing. Includes the metric system of dimensioning and ISO symbols which includes a comprehensive study of the application of geometric dimensioning and tolerancing techniques. This will use the ANSI/ASME Y10.5-M standards.
Prerequisite: APT 190
Credit: 3 semester hours
Lecture: 2
Lab: 2

APT 289 – Metal Cutting Applications
IAI: None  1.2
The Metal Cutting Applications course will teach students metal cutting applications with various types of cutting tools. Topics covered will be materials, machinability of materials, tool materials, turning, boring, milling, grooving, threading and drilling. Students will learn how to select proper tooling based on material specifications and blueprint specifications.
Prerequisite: APT 194
Credit: 3 semester hours
Lecture: 2
Lab: 2

Apprenticeship – Electricians  ELC

Rock Valley College, in cooperation with the Electricians Joint Apprenticeship Training Committee (JATC), sponsors related apprenticeship classroom training. Admission to the Electricians Apprenticeship program is determined by the joint apprenticeship committee. Students who wish to be considered for an apprenticeship should apply to the Electricians organization listed on page 94.

ELC 120 – Introduction to Apprenticeship
IAI: None  1.2
The Introduction to Apprenticeship class includes a historical study of apprenticeship, local apprenticeship, the electrical industry, and its future. Students will study mathematics, safety and job information on tools, materials, circuits, and good housekeeping.
Prerequisite: None
Credit: 4 semester hours
Lecture: 3
Lab: 2

ELC 121 – Electrical Theory and Code
IAI: None  1.2
The Electrical Theory and Code course includes electrical theory in structure of matter, Ohm’s law, circuits, resistance, magnetism, AC and DC, and circuit calculations. The electrical code is introduced, with emphasis on definitions, wiring methods, grounding and over-current protection. Blueprint reading is also covered.
Prerequisite: ELC 120
Credit: 4 semester hours
Lecture: 3
Lab: 2

ELC 122 – Lighting and Transformers
IAI: None  1.2
The Lighting and Transformers course covers general lighting, safety, installation requirements and code studies, incandescent lamps, fluorescent lamps and ballasts, and circuit calculation. Students learn inductance to better understand transformers and motors. Transformer principles are covered in addition to types, single-phase, and three-phase connections.
Prerequisite: ELC 121
Credit: 4 semester hours
Lecture: 3
Lab: 2

ELC 123 – Motors and Wiring Systems
IAI: None  1.2
The Motors and Wiring Systems course emphasizes the principles of AC motors. Types of AC motors taught are split-phase, capacitor, repulsion, shadepole, universal, and three-phase motors. Wiring systems of less than 400 volts, 480/277 volts, three-phase delta, blueprint reading, and wiring systems for distribution are also covered.
Prerequisite: ELC 122
Credit: 4 semester hours
Lecture: 3
Lab: 2

<tr>
<td>ELC 125 –</td>
<td>Safe Electrical Work Practices</td>
<td>None</td>
<td>1.2</td>
<td>ELC 120</td>
<td>Safe Electrical Work Practices is designed to encourage safe work practices in the electrician’s field. The curriculum is based on the NFPA 70E, which is used by employers to help them comply with the Occupational Safety and Health Administration (OSHA) requirements. Among the topics covered are achieving a safe work environment, the use of protective equipment and clothing, and the history of electrical safety culture. Prerequisite: ELC 120 Credit: 1 semester hour Lecture: 1.0 Lab: 0</td>
</tr>
<tr>
<td>ELC 130 –</td>
<td>OHSA 30 and Disaster Response</td>
<td>None</td>
<td>1.2</td>
<td>None</td>
<td>OHSA 30 and Disaster Response is designed to provide students an awareness of the safety and health hazards that disaster site workers may encounter as well as the personal protective equipment and proper documentation procedures that may be used to mitigate the hazards. Participants will support the use of an Incidental Command System through the safe performance of their job responsibilities. Students will be made aware of the effects of traumatic incident stress that can result from working conditions and learn measures to reduce this stress. Prerequisites: ELC 120 Credit: 3 semester hours Lecture: 3 Lab: 0</td>
</tr>
<tr>
<td>ELC 142 –</td>
<td>Labor Movement, Present &amp; Future</td>
<td>None</td>
<td>1.2</td>
<td>None</td>
<td>Labor Movement, Present &amp; Future is designed to give the student a broad understanding of the current state of the American labor movement, and examines possible future developments based on present trends. The effect of increased cooperation with labor organizations in other nations is also discussed. Among the topics covered will be the rise of public sector union membership, lessons from the Occupy Movement, fast food workers’ strikes, the movement for a living wage, and global cooperation of trade unions. Prerequisites: ELC 141 Credit: 1 semester hour Lecture: 1 Lab: 0</td>
</tr>
<tr>
<td>ELC 243 –</td>
<td>Alternating Current</td>
<td>None</td>
<td>1.2</td>
<td>ELC 123</td>
<td>The Alternating Current course is a review of alternating current with emphasis on inductance, grounding studies, inductance reactance, capacitance reactance and mathematics for AC circuits. Included also are AC series and parallel circuits, plus power factor correction and problems. Prerequisite: ELC 123 Credit: 4 semester hours Lecture: 3 Lab: 2</td>
</tr>
<tr>
<td>ELC 244 –</td>
<td>Electronics Circuitry</td>
<td>None</td>
<td>1.2</td>
<td>ELC 243</td>
<td>The Electronics Circuitry course focuses on basic electronics concepts, basic rectifiers, filter circuits and power supplies, and amplifier circuits. Also covered are audio amplifiers, time delays and relays, and controls. Prerequisite: ELC 243 Credit: 4 semester hours Lecture: 3 Lab: 2</td>
</tr>
<tr>
<td>ELC 245 –</td>
<td>Motor Control</td>
<td>None</td>
<td>1.2</td>
<td>None</td>
<td>The Motor Control course includes starting protective controls, starters and relays, blueprint reading, job and reverse circuits, sequence control circuits, circuit analysis, and trouble shooting. Prerequisite: ELC 244 Credit: 4 semester hours Lecture: 3 Lab: 2</td>
</tr>
<tr>
<td>ELC 246 –</td>
<td>Power Controls</td>
<td>None</td>
<td>1.2</td>
<td>None</td>
<td>The Power Controls course includes power controls, control of DC motors, process control, air conditioning and refrigeration, welding control, instrumentation, static control basic concept and logic circuits, and static control application of elements. Also included is a review of code and static control circuit analysis. Prerequisite: ELC 245 Credit: 4 semester hours Lecture: 3 Lab: 2</td>
</tr>
<tr>
<td>ELC 247 –</td>
<td>Advanced Studies I</td>
<td>None</td>
<td>1.2</td>
<td>None</td>
<td>The Advanced Studies I course begins the fifth year of Electricians Apprenticeship. The main focus of this course is advanced studies in electronics, codeology, and code design blueprints. Prerequisite: ELC 246 Credit: 4 semester hours Lecture: 3 Lab: 2</td>
</tr>
<tr>
<td>ELC 248 –</td>
<td>Advanced Studies II</td>
<td>None</td>
<td>1.2</td>
<td>None</td>
<td>The Advanced Studies II course is the final class of this program. Students will receive advanced and in-depth instruction in three areas: programmable controllers, blueprints, and air conditioning controls. Prerequisite: ELC 247 Credit: 4 semester hours Lecture: 3 Lab: 2</td>
</tr>
<tr>
<td>ELC 249 –</td>
<td>Electrician Internship I</td>
<td>None</td>
<td>1.2</td>
<td>ELC 121</td>
<td>The Electrician Internship course has been developed and established as the on-the-job component of the Electrician Apprenticeship program, consisting of work relating to the wiring of residential, commercial, industrial, and/or specialized electrical systems. All of the on-the-job work-related activities will be performed under the direct supervision of a journeyworker. Students may repeat this course one time. Prerequisite: ELC 121 Credit: 1 semester hour Lecture: 0 Lab: 5</td>

Disclaimer: Not all courses for Rock Valley College are listed in the “COURSE DESCRIPTION” section of this catalog. See an Academic Advisor to fulfill specific graduation requirements.
### COURSE DESCRIPTIONS

**ART 111 – Painting I**  
*IAI: None*  
1.1 Painting I is an introduction to the painting medium and its creative procedures in approaches to individual problem-solving. Included are materials and techniques of the medium along with various subjective problems involving form, color, and composition, utilizing criticism and aesthetics.  
Prerequisite: ART 102  
Credit: 3 semester hours  
Lecture: 2  
Lab: 0

**ART 121 – Ceramics I**  
*IAI: None*  
1.1 Ceramics I is an introduction to the fundamental techniques and concepts of the ceramic arts. The emphasis of this class is the exploration of the ceramic medium as a material for creative expression. Functional and sculptural aspects of the medium will be considered through assignments incorporating hand building, wheel throwing, surface treatments and glazing techniques.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 2  
Lab: 4

**ART 122 – Ceramics II**  
*IAI: None*  
1.1 Ceramics II is a continuation of Ceramics I. The processes, techniques and aesthetic concepts in the ceramic media are further developed and intensified. Emphasis is placed on individual exploration in either hand building and/or wheel-thrown work by furthering personal awareness of form, content, and design.  
Prerequisite: ART 121 or equivalent.  
Credit: 3 semester hours  
Lecture: 2  
Lab: 4

**ART 131 – Introduction to Visual Arts**  
*IAI: F2 900*  
1.1 Introduction to Visual Arts is a study of aesthetic concepts and their expression in the great art of all periods through the means of lecture, audio-visual aids, and museum visits. This class is intended for students not majoring in studio art.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**ART 141 – Introduction to Non-Western Visual Art**  
*IAI: F2 903N*  
1.1 Introduction to Non-Western Visual Art is a study of the cultural and aesthetic values of the Oriental, the Native American, the African and Oceanic peoples of the world. Through an exposure to the artistic products of Non-Western peoples, students gain a more international appreciation of aesthetics, and the sociological, spiritual and political content in visual art. The class is taught through slide lectures, video tapes, and field trips.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 2  
Lab: 0

**ART 191 – Digital Imaging**  
1.1 Digital Imaging is a study of the principles and practices of digital imaging. Topics include digital image capture, software for image editing, printing, and web page design.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 2  
Lab: 6

**ART 201 – Life Drawing**  
*IAI: None*  
1.1 Life Drawing is a figurative approach which emphasizes drawing and composition from the structure, proportions and movement of the human model through contour, gesture, and representational and expressive exercises in a variety of media.  
Prerequisite: ART 102 or consent of instructor.  
Credit: 3 semester hours  
Lecture: 2  
Lab: 6

**ART 203 – Design II**  
*IAI: None*  
1.1 Design II covers three-dimensional design. Sculptural works are constructed in a variety of media to explore problems of volume and space relationships. (Offered spring semester.)  
Prerequisite: ART 103 or consent of instructor.  
Credit: 3 semester hours  
Lecture: 2  
Lab: 4

**ART 212 – Painting II**  
*IAI: None*  
1.1 Painting II continues the processes, techniques and ideas begun in Painting I by developing and intensifying individual direction in the painting media, with further exploration through critiques and discussions for individual comprehension of aesthetic awareness.  
Prerequisite: ART 111  
Credit: 3 semester hours  
Lecture: 2  
Lab: 4

**ART 216 – Relief Printmaking**  
*IAI: None*  
1.1 Relief Printmaking is an exploration of traditional and contemporary techniques, with an emphasis on image development, proper Relief printing techniques, and creative experimentation. Appropriate instruction in the health and safety issues relative to the methods and materials of the course will also be stressed. Three hours of studio time is required each week in addition to the lecture and laboratory hours.  
Prerequisite: ART 101 and 103, or consent of instructor.  
Credit: 3 semester hours  
Lecture: 2  
Lab: 4

**ART 251 – History of Art I**  
*IAI: F2 901*  
1.1 History of Art I is a study of the major monuments in architecture, painting, and sculpture from Paleolithic time to the Byzantine and Islamic eras. This course is primarily for art majors.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**ART 252 – History of Art II**  
*IAI: F2 902*  
1.1 History of Art II is a study of the major monuments in architecture, painting, and sculpture from the medieval period to the 18th century. This course is primarily for art majors.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**Atmospheric Science**  
*ATS*  

**ATS 105 – Introduction to Atmospheric Science**  
*IAI: P1 905L*  
1.1 Introduction to Atmospheric Science is an in-depth examination of the Earth's weather and climate. The course covers a broad range of topics including the origin, composition, and structure of the atmosphere; the formation of clouds and precipitation; the formation of organized weather systems; weather prediction; air pollution; climates; and atmospheric optics. This course fulfills laboratory science requirements for students both inside and outside the curriculum.  
Prerequisite: Sufficiently high placement test score, or completion of MTH 092, MTH 096A or MTH 096S with a grade of “C” or higher, or equivalent.  
Credit: 4 semester hours  
Lecture: 3  
Lab: 3
Automotive Service Technology

ATM 105 – Introduction to Brake and Chassis Systems
IAI: None
The Introduction to Brake and Chassis Systems course offers the student an introduction to automotive brake and steering/suspension systems. Theory and operation of these systems is covered. Students will complete basic service procedures on brake and steering/suspension systems to prepare them for initial employment in the automotive service industry and further training in the Automotive Service Technology program. Safety in the use of automotive tools, equipment and chemicals is also covered.
Corequisite: Completion of or concurrent enrollment with ATM 106 and ATM 140.
Credit: 3 semester hours
Lecture: 1
Lab: 4

ATM 106 – Introduction to Automotive Electrical Systems and Powertrains
IAI: None
The Introduction to Automotive Electrical Systems and Powertrains course offers the student an introduction to automotive electrical and engine/transmission systems. Theory and operation of these systems is covered. Students will complete basic service procedures on electrical and engine/transmission systems to prepare them for initial employment in the automotive service industry and further training in the Automotive Service Technology program. Safety in the use of automotive tools, equipment and chemicals is also covered.
Corequisite: Completion of or concurrent enrollment with ATM 105 and ATM 140.
Credit: 3 semester hours
Lecture: 1
Lab: 4

ATM 107 – Automotive Electronic Fundamentals
IAI: None
Automotive Electronic Fundamentals is a continuation of ATM 106 (Introduction to Automotive Electrical Systems and Powertrains). This class will emphasize electrical and electronic theory and analysis and introduce students to solid-state electronic components and systems. Students will determine circuit types and analyze both mathematically and with a digital multimeter. This is a lecture-laboratory course designed to increase the student’s level of knowledge of basic electricity/electronics.
Prerequisite: ATM 105 and ATM 106, or consent of instructor.
Credits: 4 semester hours
Lecture: 3
Lab: 3

ATM 114 – Brakes
IAI: None
The Brakes course continues the student’s studies of automotive brake systems. This course covers in depth diagnosis, service, and repair procedures of base brake systems and anti-lock brake systems. Live work will be performed on customer vehicles in a real-world shop environment. This is a lecture-laboratory course designed to increase student’s knowledge of automotive brakes.
Prerequisite: ATM 105 and ATM 106, or consent of instructor.
Credit: 4 semester hours
Lecture: 2
Lab: 4

ATM 140 – Engine Diagnosis and Repair
IAI: None
The Engine Diagnosis and Repair course provides basic information on gasoline engine theory, construction, systems, and diagnosis. This information will be applied to mechanical testing and repair procedures for the entire engine. The school provides late model engines for disassembly and reassembly.
Corequisite: Completion of or concurrent enrollment with ATM 105 and ATM 106, or consent of instructor.
Credit: 6 semester hours
Lecture: 4
Lab: 4

ATM 203 – Heating and Air Conditioning Systems
IAI: None
The Heating and Air-Conditioning Systems course is a lecture-laboratory course designed to train the student in theory, construction, installation, diagnosis, and proper servicing of all types of automotive heating and air conditioning systems. Emphasis is on safety procedures, practical application, and refrigerant recycling to protect the environment.
Prerequisite: Completion of or concurrent enrollment in ATM 107, or consent of instructor.
Credit: 4 semester hours
Lecture: 3
Lab: 3

ATM 221 – Steering and Suspension
IAI: None
The Steering and Suspension course continues the student’s studies of automotive steering and suspension systems. This course covers in-depth diagnosis, service, and repair procedures of steering and suspension systems, and electronic suspension and steering. Live work will be performed on customer vehicles in a real-world shop environment.
Prerequisite: ATM 105 and ATM 106, or consent of instructor.
Credit: 4 semester hours
Lecture: 3
Lab: 3

ATM 222 – Manual Transmissions/Transaxles
IAI: None
The Manual Transmission/Transaxles course provides training and hands-on experience in diagnosis, service and repair of manual transmissions, transaxles, clutches, drive shafts, CV joints and half shafts, and 4-wheel drive systems.
Prerequisite: ATM 105 and ATM 106, or consent of instructor.
Credit: 4 semester hours
Lecture: 3
Lab: 3

ATM 223 – Automotive Electrical Circuits
IAI: None
The Automotive Electrical Circuits course is a course designed in diagnosis and repair of automotive electrical circuits and diagnosis of automotive electronic circuitry. Emphasis will be on accessory circuits and components. This is a lecture-laboratory course designed to increase student’s knowledge of automotive electrical circuits.
Prerequisite: ATM 105, ATM 106, and ATM 107, or consent of instructor.
Credit: 4 semester hours
Lecture: 3
Lab: 3

ATM 228 – Engine Performance I
IAI: None
The Engine Performance I course is designed to provide instruction and experience in the theory of operation, diagnosis, and service of solid state, computer-controlled, and distributorless ignition systems. It is designed to provide instruction and experience in the theory of operation, diagnosis, and service of automotive fuel systems and their related subsystems. This course covers related emission systems and usage of ignition scopes, digital analyzers, scan tools, and other hand-held equipment.
Prerequisite: ATM 105, ATM 106, and ATM 140, or consent of instructor.
Credit: 5 semester hours
Lecture: 3
Lab: 5

ATM 229 – Engine Performance II
IAI: None
The Engine Performance II course is a continuation of Engine Performance I. This course is designed to analyze, diagnose, and test second generation ignition, fuel, On-board Diagnostic I (OBDI), and On-board Diagnostic II (OBDII) computer systems. Emphasis is placed on scan tool analysis and recording along with current graphing of fuel, ignition and sub-systems. Analysis will be performed by the usage of aftermarket and manufacturers’ scan tools and digital storage scopes interfaced with induction current probes.
Prerequisite: ATM 105, ATM 106, ATM 140, and ATM 228, or consent of instructor.
Credit: 5 semester hours
Lecture: 3
Lab: 5
AVM 103 – Aviation Mathematics and Physics  
IAI: None  
The Aviation Mathematics and Physics course is geared to the needs of the aviation maintenance technician. This includes extracting roots, raising numbers to a given power, and computing the areas and volumes of geometrical shapes. Also included is solving ratio, percentage, and proportion problems. Algebraic operations in the use of positive and negative numbers is stressed. The physics material will offer the principles of simple machines, sound, fluid, and heat dynamics. Corequisite: Completion of or concurrent enrollment with AVM 101 and AVM 105. Credit: 2 semester hours  
Lecture: 1  
Lab: 2

AVM 104 – Records and Publications  
IAI: None  
The Records and Publications course includes record keeping and reference to current maintenance publications. Students will be required to write descriptions of aircraft condition and work performed, as well as complete required maintenance forms, records, and inspection reports. Students will also learn to select and use FAA, manufacturers' data sheets, and Federal Aviation Regulations. Students will be able to read and interpret technical data and understand the mechanic's privileges and limitations. Corequisite: AVM 101 or consent of instructor. Credit: 3 semester hours  
Lecture: 1.2  
Lab: 2.5

AVM 105 – Aircraft Drawing – Weight and Balance  
IAI: None  
The Aircraft Drawing course is designed to make use of drawings, symbols, and schematic diagrams. Students will use blueprint information, charts, and graphs. Also covered is the weighing of aircraft with the completion of weight and balance checks and the recording of data. Corequisite: Completion of or concurrent enrollment with AVM 103 and AVM 105. Credit: 2.5 semester hours  
Lecture: 2.5

AVM 106 – Cleaning and Corrosion Control  
IAI: None  
The Cleaning and Corrosion Control course covers detection, identification and treatment of corrosion on aircraft structures. Corrosion prevention strategy and phenomenon theory will be investigated. Corequisite: AVM 104 or consent of instructor. Credit: 3 semester hours  
Lecture: 2.5  
Lab: 2.5

AVM 160 – Fuel and Lubrication Systems  
IAI: None  
The Fuel and Lubrication Systems course covers the identification and selection of aircraft fuels, lubricants, and their systems as they apply to specific operating conditions and other utility requirements. Included is a detailed study of carburetion and fuel injection methods as they serve the complex fuel metering demands of modern aircraft powerplants. Prerequisite: AVM 162 or consent of instructor. Credit: 6 semester hours  
Lecture: 5  
Lab: 5

AVM 161 – Engine Support Systems  
IAI: None  
The Engine Support Systems course is a theoretical and practical approach to the systems that coordinate the powerplant. They are engine instruments, fire protection, induction and supercharging, cooling, and exhaust systems. Inspections of these systems will be stressed. Prerequisite: AVM 160 or consent of instructor. Credit: 3 semester hours  
Lecture: 2  
Lab: 3

AVM 162 – Basic Powerplants  
IAI: None  
The Basic Powerplants course is a study of each engine part in theoretical and practical detail. Students will disassemble an aircraft engine and determine dimensional compliance with overhaul specifications while using precision instruments and gauges. The engine will be reassembled to operational standards. Students will be supervised in the operation of assorted types of reciprocating engines early in the course for orientation purposes. Prerequisite: AVM 106 and AVM 247, or consent of instructor. Credit: 6 semester hours  
Lecture: 5  
Lab: 5

AVM 163 – Ignition Systems  
IAI: None  
The Ignition Systems course is a complete study of high and low tension systems for reciprocating and turbine engines. Magnets will be treated in detail. Special emphasis will be placed on switches, harnesses and spark plugs with related troubleshooting under operational conditions. Prerequisite: AVM 162 or consent of instructor. Credit: 3 semester hours  
Lecture: 3  
Lab: 2

AVM 247 – Automatic Transmissions/Transaxles  
IAI: None  
Automatic Transmissions/Transaxles is a lecture-laboratory course designed to increase the student's level of knowledge of automatic transmission hydraulics and electronics is covered. Students will disassemble and reassemble automatic transmissions and verify proper operation on the transmission dynamometer. Prerequisite: ATM 105, ATM 106, ATM 107, ATM 140, and ATM 228, or consent of instructor. Credit: 3 semester hours  
Lecture: 2.5  
Lab: 4

AVM 248 – Aviation Maintenance Technology  
IAI: None  
The Aviation Maintenance Technology course is a lecture-laboratory course designed to increase the student's level of knowledge of automotive computer-controlled systems. Topics include in-depth analysis and testing of OBDII, ABS, theft deterrent systems, body electrical systems, and data communications networks. Analysis is performed using digital meters, oscilloscopes, PC interfacing software, and other hand held equipment. Prerequisite: AVM 105, ATM 106, ATM 107, ATM 140, and ATM 228, or consent of instructor. Credit: 3 semester hours  
Lecture: 2.5  
Lab: 4

AVM 251 – Aircraft Drawing – Weight and Balance  
IAI: None  
The Aircraft Drawing course is designed to make use of drawings, symbols, and schematic diagrams. Students will use blueprint information, charts, and graphs. Also covered is the weighing of aircraft with the completion of weight and balance checks and the recording of data. Corequisite: Completion of or concurrent enrollment with AVM 101 and AVM 105. Credit: 2 semester hours  
Lecture: 2.5

AVM 252 – Machine Tools  
IAI: None  
The Machine Tools course is a lecture-laboratory course designed to provide the student with a thorough understanding of machine tool operation. The material will offer the principles of simple machines, sound, fluid, and heat dynamics. Corequisite: Completion of or concurrent enrollment with AVM 101 and AVM 105. Credit: 2 semester hours  
Lecture: 2.5  
Lab: 4
AVM 164 – Advanced Powerplants
IAI: None
Lecture: 1 Lab: 2
Credit: 2 semester hours
Prerequisite: AVM 160 or consent of instructor.
The Advanced Powerplants course is a theoretical and practical approach to servicing, repair, overhaul, and operation of reciprocating and turbine engines with stress on developing troubleshooting skills. Theory and operation of induction, cooling, and exhaust systems for reciprocating and turbine engines will be covered. Removal and installation of engines and components and control rigging will be practiced.
Prerequisite: AVM 162 or consent of instructor.
Credit: 6 semester hours
Lecture: 5

AVM 165 – Engine Electrical Systems
IAI: None
Lecture: 1 Lab: 2
Credit: 2 semester hours
Prerequisite: AVM 104 or consent of instructor.
The Engine Electrical Systems course consists of theory and practice in the repair and testing of engine electrical components including starters, generators, alternators and their regulating devices, switches, controls, wiring and circuit protection methods.
Prerequisite: AVM 160 or consent of instructor.
Credit: 2 semester hours
Lecture: 1

AVM 166 – Propeller Systems
IAI: None
Lecture: 1 Lab: 2
Credit: 2 semester hours
Prerequisite: AVM 160 or consent of instructor.
The Propeller Systems course covers the theory and practice of propeller installation and removal, inspection, servicing and repair of fixed pitch, constant speed, full feathering propellers and their governing systems.
Prerequisite: AVM 102 or consent of instructor.
Credit: 3 semester hours
Lecture: 2.5

AVM 241 – Aircraft Finishing and Covering
IAI: None
Lecture: 1 Lab: 2
Credit: 2 semester hours
Prerequisite: AVM 160 or consent of instructor.
The Aircraft Finishing and Covering course presents procedures concerning the interior and exterior structure of airframes as they apply to various finishing methods. Emphasis will center on application of trim, letters, touch up paint and dope, inspection of finishes and identification of defects. An introduction to fabric-covering, plastics, honeycomb, laminated structures, bonded structures, interiors, doors and windows will also be covered.
Prerequisite: AVM 106 or consent of instructor.
Credit: 3 semester hours
Lecture: 2.5

AVM 242 – Cabin Atmosphere Control Systems
IAI: None
Lecture: 1 Lab: 2
Credit: 2 semester hours
Prerequisite: AVM 246 or consent of instructor.
The Cabin Atmosphere Control Systems course covers the inspection, checking, troubleshooting, service and repair of heating, cooling, air conditioning, pressurization, and oxygen systems.
Prerequisite: AVM 246 or consent of instructor.
Credit: 2 semester hours
Lecture: 1

AVM 243 – Aircraft Welding
IAI: None
Lecture: 1 Lab: 1
Credit: 1 semester hour
Prerequisite: AVM 246 or consent of instructor.
The Aircraft Welding course is a theoretical and practical approach to the methods of aircraft fabrication and repair by gas, arc, and heliarc welding. To be covered is the welding of steel, magnesium, titanium, and aluminum, the soldering of stainless steel and brass; brazing, and the fabrication of tubular structures.
Prerequisite: AVM 246 or consent of instructor.
Credit: 1 semester hour
Lecture: 1

AVM 244 – Aircraft Auxiliary Systems
IAI: None
Lecture: 1 Lab: 1
Credit: 1 semester hour
Prerequisite: AVM 246 or consent of instructor.
The Aircraft Auxiliary Systems course covers the inspection, checking, troubleshooting, servicing, and repair of aircraft position and warning, ice and rain control, and fire protection systems.
Prerequisite: AVM 246 or consent of instructor.
Credit: 1 semester hour
Lecture: 1

AVM 245 – Aircraft Electrical Systems
IAI: None
Lecture: 1 Lab: 2
Credit: 2 semester hours
Prerequisite: AVM 246 or consent of instructor.
The Aircraft Electrical Systems course is designed to familiarize students with the installation, checking, troubleshooting, servicing, and repair of aircraft electrical systems and components.
Prerequisite: AVM 102 or consent of instructor.
Credit: 3 semester hours
Lecture: 2.5

AVM 246 – Aircraft Instruments and Communication Systems
IAI: None
Lecture: 2.5 Lab: 2.5
Credit: 3 semester hours
Prerequisite: AVM 246 or consent of instructor.
The Aircraft Instruments and Communication Systems course is designed to give students a basic understanding of installation, inspection, checking, servicing, and repair of aircraft instrument, communication and navigation systems.
Prerequisite: AVM 104 or consent of instructor.
Credit: 2 semester hours
Lecture: 2.5

AVM 247 – Aircraft Metal Structures
IAI: None
Lecture: 1 Lab: 2
Credit: 2 semester hours
Prerequisite: AVM 246 or consent of instructor.
The Aircraft Metal Structures course covers the inspection, installation, repair, checking, servicing, and fabrication of sheet metal.
Prerequisite: AVM 250 or consent of instructor.
Credit: 6 semester hours
Lecture: 5

AVM 248 – Hydraulic and Pneumatic Control Systems
IAI: None
Lecture: 1 Lab: 1
Credit: 1 semester hour
Prerequisite: AVM 246 or consent of instructor.
The Hydraulic and Pneumatic Control Systems course covers the repair, inspection, checking, servicing, and troubleshooting of hydraulic and pneumatic systems. Also covered is the identification and selection of hydraulic lubricants.
Corequisite: Completion of or concurrent enrollment with AVM 249 and AVM 250.
Credit: 3 semester hours
Lecture: 2.5

AVM 249 – Aircraft Fuel Systems
IAI: None
Lecture: 1 Lab: 1
Credit: 1 semester hour
Prerequisite: AVM 246 or consent of instructor.
The Aircraft Fuel Systems course explains checking, inspection, repair, troubleshooting, servicing, management, transfer, and defueling of fuel systems. To be included are fuel pump, pressure fueling, components, fluid quantity, pressure and temperature warning systems.
Corequisite: Completion of or concurrent enrollment with AVM 248 and AVM 250.
Credit: 1 semester hour
Lecture: 1

AVM 250 – Assembly and Rigging
IAI: None
Lecture: 2.5 Lab: 2.5
Credit: 3 semester hours
Corequisite: Completion of or concurrent enrollment with AVM 248 and AVM 249.
Credit: 3 semester hours
Lecture: 2.5

AVM 251 – Landing Gears Systems
IAI: None
Lecture: 2.5 Lab: 2.5
Credit: 3 semester hours
Prerequisite: AVM 250 or consent of instructor.
The Landing Gears Systems course includes the inspection, checking, servicing and repair of landing gear, retraction systems, shock struts, brakes, wheels, tires and steering systems.
Prerequisite: AVM 250 or consent of instructor.
Credit: 3 semester hours
Lecture: 2.5

AVM 252 – Airframe Inspection
IAI: None
Lecture: 1 Lab: 1
Credit: 2 semester hours
Prerequisite: AVM 246 or consent of instructor.
The Airframe Inspection course covers the performance of airframe conformity and airworthiness inspection procedures.
Prerequisite: AVM 246 or consent of instructor.
Credit: 2 semester hours
Lecture: 2
BIO 100 – Introductory Human Biology
IAI: L1 904  1.1
Introduction to Human Biology is intended to equip Liberal Arts majors having limited or no science background with knowledge of major biological concepts including cellular biology, molecular biology, human structure and function, genetics, evolution and heredity using humans as the study organism. Emphasis will be placed on human health and disease, as well as lifestyle choices that impact human health. Credit will not be counted toward graduation if taken after any college anatomy course.
(Recommended for students pursuing an Allied Health track.)
Prerequisite: None
Credit: 3 semester hours
Lecture: 3  Lab: 0

BIO 103 – Introductory Life Science
IAI: L1 900  1.1
Introductory Life Science is designed as an introductory life science course for liberal arts majors or other students interested in a survey of biological principles. Topics covered range from the cell and the theory of evolution to genetic engineering Life Science credit.
Credit for BIO 103 will not be counted towards graduation upon completion of BIO 201 or BIO 205. Recommended that BIO 104 be taken in same semester as BIO 103, particularly for students pursuing an Allied Health Track.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3  Lab: 0

BIO 104 – Introductory Life Science Laboratory
IAI: L1 900L  1.1
Introductory Life Science Laboratory is intended as a laboratory experience to complement BIO 103. Students meet two hours each week and explore environmental science topics through hands-on exercises, videos, field experiences, and computer activities. Recommended that students take BIO 106 and 107 in the same semester. Credit for BIO 107 will not be granted without completion of BIO 106.
Prerequisite: This course is limited to students currently enrolled in BIO 106 or who have completed BIO 106 or its equivalent.
Credit: 1 semester hour
Lecture: 0  Lab: 2

BIO 106 – Environmental Science
IAI: L1 905  1.1
Environmental Science is designed as an introductory life science course for liberal arts majors or other students interested in environmental issues. Topics covered include ecology, pollution, and other environmental issues, with emphasis on current events and possible future solutions.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3

BIO 107 – Environmental Science Laboratory
IAI: L1 905L  1.1
Environmental Science Laboratory is intended as a laboratory experience to complement BIO 106. Students meet two hours each week and explore environmental science topics through hands-on exercises, videos, field experiences, and computer activities. Recommended that students take BIO 106 and 107 in the same semester. Credit for BIO 107 will not be granted without completion of BIO 106.
Prerequisite: This course is limited to students currently enrolled in BIO 106 or who have completed BIO 106 or its equivalent.
Credit: 1 semester hour
Lecture: 0  Lab: 2

BIO 113 – Plants and Society
IAI: L1 901L  1.1
Plants and Society is a laboratory-based introductory life science course for liberal arts majors or other students interested in a survey of biological principles using plants as the study organism. Course concepts include cell and molecular biology, plant structure and function, plant genetics and heredity, evolution, ecology, and the inter-relationships between plants and humans.
Prerequisite: None
Credit: 4 semester hours
Lecture: 3  Lab: 3

BIO 140 – Introduction to Evolution
IAI: L1 907  1.1
Introduction to Evolution is designed to introduce liberal arts majors or other students to the major principles of evolutionary biology. The course will include a history of evolutionary thought and will work through the fundamental concepts of geological evolution and its impact on life, the origins and history of life, mechanisms of evolution, and evolutionary genetics. Although the emphasis will be on major concepts, the course will also provide some understanding of the methods used in evolutionary investigations.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3

BIO 150 – Microbes and Society
IAI: L1 903L  1.1
Microbes and Society Laboratory is designed as a laboratory experience to complement BIO 150. The lab experience will offer students the opportunity to see how relevant microbial organisms are to our day to day life by making food, creating nutrients, cleaning our environment and more. Students meet two hours each week and explore basic biological concepts through hands-on exercises and on-line laboratories. This course is limited to students currently enrolled in or who have completed BIO 150 or its equivalent.
Credit for BIO 152 will not be granted without completion of BIO 150.
Prerequisite: This course is limited to students currently enrolled in or who have completed BIO 150 or its equivalent.
Credit: 1 semester hour
Lecture: 0  Lab: 2

BIO 152 – Microbes and Society
IAI: L1 903  1.1
Microbes and Society Laboratory is designed as a laboratory experience to complement BIO 150. The lab experience will offer students the opportunity to see how relevant microbial organisms are to our day to day life by making food, creating nutrients, cleaning our environment and more. Students meet two hours each week and explore basic biological concepts through hands-on exercises and on-line laboratories. This course is limited to students currently enrolled in or who have completed BIO 150 or its equivalent.
Credit for BIO 152 will not be granted without completion of BIO 150.
Prerequisite: This course is limited to students currently enrolled in or who have completed BIO 150 or its equivalent.
Credit: 1 semester hour
Lecture: 0  Lab: 2

BIO 154 – Human Heredity
IAI: L1 906  1.1
Microbes and Society Laboratory is designed as a laboratory experience to complement BIO 150. The lab experience will offer students the opportunity to see how relevant microbial organisms are to our day to day life by making food, creating nutrients, cleaning our environment and more. Students meet two hours each week and explore basic biological concepts through hands-on exercises and on-line laboratories. This course is limited to students currently enrolled in or who have completed BIO 150 or its equivalent.
Credit for BIO 152 will not be granted without completion of BIO 150.
Prerequisite: This course is limited to students currently enrolled in or who have completed BIO 150 or its equivalent.
Credit: 1 semester hour
Lecture: 0  Lab: 2

BIO 162 – Human Heredity
IAI: L1 906  1.1
Human Heredity is designed for liberal arts majors or other students who want to learn more about the principles of human heredity, population genetics, and recent discoveries in genetics including mapping of the human genome and genetic technology. The ethical issues raised due to advances in human heredity will also be examined. Credit for BIO 162 will not be counted toward graduation if students have previous credit for BIO 103.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3

BIO 171 – Biology of Human Disease
IAI: None  1.1
Biology of Human Disease is designed for the general student who wishes to learn more about diseases affecting the human body, their causes and risk factors, transmission, prevention and treatments. Topics covered include specific disorders affecting each body system including viral diseases, AIDS, and cancer.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3

Disclaimer: Not all courses for Rock Valley College are listed in the “COURSE DESCRIPTION” section of this catalog. See an Academic Advisor to fulfill specific graduation requirements.
BIO 185 – Foundations of Anatomy and Physiology  
IAI: None  
1.1  
Foundations of Anatomy and Physiology is intended for students in pre-nursing, pre-respiratory therapy, pre-radiology, physical education, or other fields requiring only one semester of anatomy and physiology. This course undertakes a systems-approach, comprehensive study of the human body including the eleven main body systems as well as cytology, histology and homeostasis. Lab emphasizes the interrelationships between structure and function utilizing microscopy, dissection of the fetal pig and other vertebrate organs, the study of models, and physiological experiments. The course credit for BIO 185 will not be counted toward graduation upon completion of BIO 281 and BIO 282.
Prerequisite: CHM 110 or higher Chemistry course; and either BIO 100, BIO 103, BIO 201 or 205 with a C or better (recommended within the last 5 years). Credit: 4 semester hours Lecture: 3 Lab: 2

BIO 201 – Fundamentals of Biology I  
IAI: LI 910L, BIO 910  
1.1  
Fundamentals of Biology I is the first of two courses required for life science and pre-professional majors such as pre-medicine, pre-dentistry, pre-pharmacy, and pre-veterinary medicine. This course provides an introduction to higher levels of biological organization from the organism to the ecosystem. Course topics include organismal diversity, mechanisms of micro- and macro-evolution, behavioral ecology, and the dynamics and organization of populations, communities and ecosystems.
Prerequisite: BIO 201 with a “C” or better. Credit: 4 semester hours Lecture: 3 Lab: 3

BIO 202 – Fundamentals of Biology II  
IAI: LI 910L, BIO 910  
1.1  
Fundamentals of Biology II is the second of two courses required for life science and pre-professional majors such as pre-medicine, pre-dentistry, pre-pharmacy, and pre-veterinary medicine. This course provides an introduction to higher levels of biological organization from the organism to the ecosystem. Course topics include organismal diversity, mechanisms of micro- and macro-evolution, behavioral ecology, and the dynamics and organization of populations, communities and ecosystems.
Prerequisite: BIO 201 with a “C” or better.
Credit: 4 semester hours Lecture: 3 Lab: 3

BIO 274 – Microbiology  
IAI: None  
1.1  
Microbiology is a foundation course for students pursuing a variety of biological and medical professions, as well as other interested students. Emphasis is on the broad principles of microbiology, illustrating the interrelationships between microorganisms, their environments, and humans.
Prerequisite: CHM 110, or higher CHM course; and either BIO 100, 103, 150, 201, or 205 with a “C” or better (recommended within the last 5 years).
Credit: 4 semester hours Lecture: 2 Lab: 4

BIO 281 – Human Anatomy and Physiology I  
IAI: None  
1.1  
Human Anatomy and Physiology I is designed for students pursuing admission to four-year nursing and other Allied Health programs. This in depth course covers approximately half the body systems, including cytology, histology, and the integumentary, skeletal, muscular and nervous systems. Laboratory exercises provide hands-on study through the use of prepared materials, cadavers, histological preparations, and computer simulations.
Prerequisite: CHM 120 or CHM 210 and either BIO 100, BIO 103, BIO 201, or BIO 205 with a “C” or better (recommended within the last 5 years).
Credit: 4 semester hours Lecture: 3 Lab: 3

BIO 282 – Human Anatomy and Physiology II  
IAI: None  
1.1  
Human Anatomy and Physiology II is a companion course to BIO 281 – Anatomy and Physiology I. Anatomy and Physiology II covers the remaining body systems including the endocrine, circulatory, lymphatic, respiratory, digestive, urinary and reproductive, as well as fluid and electrolyte balance, acid-base balance, and pregnancy. Laboratory exercises provide hands-on study through the use of prepared materials, gross organ dissection, cadavers, histological preparations and computer simulations.
Prerequisite: BIO 281
Credit: 4 semester hours Lecture: 3 Lab: 3

BUS 101 – Introduction to Business  
IAI: None (ICCB Pending)  
1.1  
This course introduces business and non-business students to the challenging and dynamic world of business. Through active forms of learning students explore the interplay of business functions and discover how business impacts society. Expect to explore the business practices of highly visible companies and learn how an understanding of business is not only relevant, but essential for any contemporary career.
Prerequisite: None
Credit: 3 semester hours Lecture: 3 Lab: 0

BUS 103 – Business Mathematics  
IAI: None  
1.2  
Business Mathematics develops skill in handling the mathematics of business transactions as a businessperson and a consumer. After a review of the fundamental processes, problems are covered which involve percentage, markup, discounts, interest, taxation, bank reconciliation, payroll, insurance, index numbers, stocks and bonds.
Prerequisite: MTH 091 & MTH 092 with a grade of “C” or higher.
Credit: 3 semester hours Lecture: 3 Lab: 0

BUS 105 – Consumer Economics and Personal Finance  
IAI: None  
1.1  
Consumer Economics and Personal Finance studies the personal, social, and political aspects of consumer roles. Among the topics discussed are consumer rights and responsibilities, consumer law, consumer decision-making, purchase decisions in various product and service categories, budgeting, taxes, macro-economic policy and inflation, borrowing, saving and investing.
Prerequisite: None
Credit: 3 semester hours Lecture: 3 Lab: 0
BUS 131 – Entrepreneurship Planning  
IAI: None  
1.2
Entrepreneurship Planning examines how demographics, creativity, innovation, technology, and social changes create business opportunities. This course investigates the skills required to analyze appropriate business opportunities based on personal strengths and abilities; as well as the influences of professional and financial goals. This course demonstrates the process involved in developing a marketing strategy for an entrepreneurial business plan. This course will also introduce the ethical and social responsibility aspects of entrepreneurial ventures. 
Prerequisite: BUS 130
Corequisite: Student must also register for BUS 130 – Entrepreneurship Principles
Credit: 3 semester hours
Lecture: 3
Lab: 0

BUS 170 – Introduction to Organizational Behavior  
IAI: None  
1.2
Introduction to Organizational Behavior is an introduction to the theories and concepts of human behavior and organizations. Foundations of behavior of individuals and groups and organizational structure are studied. Application of these theories and concepts of management issues are discussed. 
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

BUS 200 – Legal Environment in Business  
IAI: None  
1.1
Legal Environment in Business is a study of the legal and social environment of business, with emphases on business ethics and corporate social responsibilities. Areas of concentration include governmental regulation of business, securities law, consumer protection law, labor law and employment law. 
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

BUS 223 – Business Statistics  
IAI: BUS 901  
1.1
Business Statistics addresses the basic concepts of statistical analysis used in business decision-making, including the use of probability to deal with uncertainty. The student will analyze and work out simple problems and will be able to recognize the application of different statistical techniques, interpret the results of analyses, and recognize instances in which statistical techniques have been misused. Statistical concepts and techniques covered include measures of location, measures of variability, sampling distributions, interval estimation, hypothesis testing, variance analysis, and simple linear regression. 
Prerequisite: one of the following Math courses – MTH 120, 132, 135, 160, 211, or 220 with a grade of “C” or higher; or consent of instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

BUS 230 – Entrepreneurship Capstone  
IAI: None  
1.2
Entrepreneurship Capstone is designed to develop student competency in business research instrumental for constructing a solid business plan. The course focuses on developing these skills by expanding feasibility studies and implementing the detailed business plan. Students will defend concepts through presentations and local competitions. The learning environment provides a dynamic, interactive experience that combines the classroom with experiential learning. 
Prerequisite: BUS 131 or consent of instructor
Credit: 3 semester hours
Lecture: 3
Lab: 0

BUS 279 – Principles of Finance  
IAI: None  
1.2
Principles of Finance is an introduction of financial techniques used in management decisions. The course emphasizes the basic principles of finance including the process, institutions, markets, and instruments involved in the transfer of money among individuals, businesses and governments. 
Prerequisite: MTH 096A or MTH 096S or MTH 094 with a grade of “C” or higher, and ATG 110.
Credit: 3 semester hours
Lecture: 3
Lab: 0

BUS 282 – International Business  
IAI: None  
1.2
International Business examines why international business takes place, what advantages accrue to firms operating internationally, what makes international business different from purely domestic operations, and how these operations relate to a country’s overall international economic position. 
Prerequisite: BUS 101
Credit: 3 semester hours
Lecture: 3
Lab: 0

Chemistry  
CHM
CHM 099 – Introductory Chemistry  
IAI: None  
1.4
Introductory Chemistry is designed for the student who has not had high school chemistry or who wishes a basic review of high school chemistry. The course provides an introduction to the concepts, principles and calculations of general inorganic chemistry. The intent of this course is to ensure a more seamless and successful transition to a transferable, college-level chemistry course. 
Credit for CHM 099 will not be counted toward graduation. 
Prerequisite: MTH 092 or MTH 096A or MTH 096S, or equivalent, with a grade of “C” or higher.
Credit: 3 semester hours
Lecture: 2
Lab: 2

CHM 105 – Chemistry and Society  
IAI: P1 903L  
1.1
Chemistry and Society is designed for a student pursuing a non-science associates degree and is seeking a chemistry course to satisfy the Physical Science General Education requirements for an Associate of Arts (A.A.) degree. This course provides a broad background in general chemistry principles and examines the influence of chemistry on society through studies on topical subject areas in chemistry such as energy, environmental or health issues. This course is not intended for science or engineering majors. Credit will not be counted toward graduation if a student also completes CHM 110-General Organic & Biochemistry I (or CHM 120-General Chemistry I (CHM 120). Recent high school chemistry or CHM 099 within the last five years is highly recommended before taking this course. 
Prerequisite: MTH 092 or MTH 096A or MTH 096S, or equivalent, with grade of “C” or higher.
Credit: 4 semester hours
Lecture: 3
Lab: 3
CHM 110 – General, Organic and Biochemistry I  
IAI: P1 902L  
1.1  
General, Organic and Biochemistry I is designed for the Allied Health students who require introductory organic chemistry as part of their program of study. This course is the first semester of a two-semester sequence, and provides an introduction to the principles and fundamentals of general chemistry upon which organic chemistry is based. Topics covered include measurements; states, compositions, and properties of matter; atomic structure and chemical bonding; chemical reactions, chemical equations and calculations of formula mass and moles; solutions; acid-base equilibria and nuclear chemistry. This course will satisfy the General Education Physical Science requirement for an Associate of Arts (A.A.) degree or an Associate in Science (A.S.) degree. Credit for CHM 110 will not be counted towards graduation if students have credit for CHM 120.  
Prerequisite: High school chemistry completed within the last 5 years with a “C” or higher, or CHM 099 with a “C” or higher; and MTH 094 or MTH 096S or equivalent, with a grade of “C” or higher.  
Credit: 4 semester hours  
Lecture: 3  
Lab: 3

CHM 120 – General Chemistry I  
IAI: P1 902L, CHM 911  
1.1  
General Chemistry I is the first semester of a college-level two-semester sequence in the study of the fundamental principles and concepts of chemistry with emphasis on such topics as stoichiometry; atomic structure; chemical periodicity; chemical bonding and structure; chemical reactions; gases; acids, bases, and salts; and thermochemistry. Laboratory time is devoted to experiments illustrating the above. CHM 120 is generally required for science majors and engineers, and satisfies the General Education Physical Science requirement for an Associate in Science (A.S.) degree or an Associate of Arts (A.A.) degree. Credit for CHM 120 will not be counted towards graduation if students have credit for CHM 110.  
Prerequisite: High school chemistry completed within the last 5 years with a “C” or higher, or CHM 099 with a grade of “C” or higher; and MTH 120 or MTH 132, or equivalent, with a grade of “C” or higher.  
Credit: 4 semester hours  
Lecture: 3  
Lab: 3

CHM 130 – General Chemistry II  
IAI: CHM 912  
1.1  
General Chemistry II (CHM 130) is the second-semester continuation of CHM 120 with emphasis on such topics as intermolecular forces, solutions, kinetics, chemical equilibrium, acid-base equilibria, thermodynamics, oxidation-reduction chemistry, and electrochemistry. Laboratory required. CHM 130 is generally required for science majors and engineers and is a prerequisite for CHM 220.  
Prerequisite: CHM 120 with a grade of “C” or higher.  
Credit: 4 semester hours  
Lab: 3

CHM 210 – General, Organic and Biochemistry II  
IAI: None  
1.1  
General, Organic and Biochemistry II is the second semester continuation of CHM 110, and focuses on the organic and biochemical nature of compounds. Topics include organic nomenclature, structure, physical properties, reactions and synthesis of major organic functional groups. In addition, this course provides an introduction to biochemical topics such as carbohydrates, lipids, proteins, nucleic acids and their subsequent metabolism. This course may be a requirement for some Allied Health programs.  
Prerequisite: CHM 110 with a grade of “C” or higher.  
Credit: 4 semester hours  
Lecture: 3  
Lab: 3

CHM 220 – Organic Chemistry I  
IAI: CHM 913  
1.1  
Organic Chemistry I is designed for science majors and pre-professional students. It presents the chemistry of alkanes, cycloalkanes, alkyl halides, alkenes, alkynes, alcohols, thiols, ketone, aldehydes, and ethers, with emphasis on structure and bonding, preparation, reactions, stereochemistry, and reaction mechanisms of these and related compounds. Laboratory emphasizes basic techniques used in synthesis and qualitative analysis of organic compounds including instrumentation.  
Prerequisite: CHM 130 with a grade of “C” or higher.  
Credit: 5 semester hours  
Lecture: 3  
Lab: 3

CHM 230 – Organic Chemistry II  
IAI: CHM 914  
1.1  
Organic Chemistry II is a continuation of CHM 220 and is designed for science majors and pre-professional students. It presents the chemistry of aromatic systems, carbonyl compounds, carboxylic acids and their derivatives, amines, coupling reactions, and biomolecules. This study includes spectroscopy, methods of preparation, reactions and reaction mechanisms of these and related compounds. Laboratory emphasizes basic techniques used in synthesis and qualitative analysis, including instrumentation.  
Prerequisite: CHM 220 with a grade of “C” or higher.  
Credit: 5 semester hours  
Lecture: 3  
Lab: 4

Communication

Computers and Information Systems  
CIS

CIS 102 – Introduction to Computers and Information Systems  
IAI: None  
1.2  
Introduction to Computers and Information Systems surveys the uses of computers in business, industry and the home. This course introduces computer concepts, principles, and terminology. A number of hands-on computer experiences are provided, including using word processing, spreadsheets, presentation, and database software.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0
COURSE DESCRIPTIONS

CIS 120 – Introduction to Microsoft Word
IAI: None
Lecture: 3
Credit: 1 semester hour
Prerequisite: Keyboard proficiency or equivalent experience.

CIS 121 – Introduction to Excel
IAI: None
Lecture: 1
Credit: 1 semester hour
Prerequisite: Keyboard proficiency or equivalent experience.

CIS 170 – Programming Logic & Design
IAI: None
Lecture: 3
Credit: 4 semester hours
Prerequisite: CIS 102, MTH 092 or MTH 096A or MTH 096S with a “C” or higher, or consent of instructor.

CIS 180 – Introduction to Visual Basic Programming
IAI: None
Lecture: 3
Credit: 4 semester hours
Prerequisite: CIS 102; MTH 092 or MTH 096A or MTH 096S with a “C” or higher.
Corequisite: CIS 170

CIS 200 – Introduction to JAVA Programming
IAI: None
Lecture: 3
Credit: 4 semester hours
Prerequisite: Introduction to JAVA Programming is a course designed to introduce the student to Java software development. Students will write platform-independent, object-oriented code for conventional applications and for Internet- and Intranet-based apps. Topics covered may include fundamental programming principles, concepts and practices; console user interfaces (GUI) and graphical user interfaces (GDI); multimedia (images, animation, and audio); object oriented programming, arrays, basic containers, text processing, inheritance, polymorphism, exception processing, and recursion. A number of programming assignments will be given to enable the student to build real-world Java applications.
Prerequisite: CIS 102, MTH 092 or MTH 096A or MTH 096S with a “C” or higher, or consent of instructor.
Recommended: CIS 170, CIS 276

CIS 245 – Programming Android for Mobile Devices
IAI: None
Lecture: 3
Credit: 4 semester hours
Lab: 2
Prerequisite: None
Lab: 0

CIS 246 – Database Programming
IAI: None
Lecture: 3
Credit: 4 semester hours
Lab: 2
Prerequisite: CIS 102, MTH 092 or MTH 096A or MTH 096S with a “C” or higher, or consent of instructor.
Corequisite: CIS 170

CIS 276 – Introduction to C/C++ Programming
IAI: CS 911
Lecture: 3
Credit: 4 semester hours
Lab: 2
Prerequisite: None
Corequisite: CIS 170

CIS 277 – Advanced C/C++ Programming
IAI: CS 912
Lecture: 3
Credit: 4 semester hours
Lab: 2
Prerequisite: CIS 276

CIS 279 – Visual C# Programming
IAI: None
Lecture: 3
Credit: 4 semester hours
Lab: 2
Prerequisite: None

CIS 280 – Programming iOS Apple Mobile Devices
IAI: None
Lecture: 3
Credit: 4 semester hours
Lab: 2
Prerequisite: None
Credit: 4 semester hours
CIS 290 – Special Topics in Computers and Information Systems
IAI: None
Special Topics in Computers and Information Systems is a study of advanced topics in computer science. The student will study selected topics of current practices in computer information and support systems for business and industry. Students will also participate in one or more projects involving the project life cycle: analysis, design, coding, testing/debugging, implementation, and maintenance. Programming may be required. Exact course requirements are based on the nature of the topics under study. Prerequisite: Consult the RVC class schedule at: RockValleyCollege.edu/Courses to determine prerequisites and other requirements.
Credit: 1-6 semester hours
Lab: 1-6

CRM 102 – Introduction to Probation and Parole
IAI: None
Introduction to Probation and Parole is designed to acquaint the student with the functions, procedures and objectives of probation and parole systems. Emphasis will be placed on developing the students’ understanding of the role of probation and parole in the criminal justice system. Prerequisite: None
Credit: 3 semester hours
Lab: 0

CRM 103 – Introduction to Corrections
IAI: CRJ 911
Introduction to Corrections provides for the opportunity to study the history of corrections in society, as well as the philosophical goals of the corrections system as a means to deter crime. The course will also focus on contemporary issues in the field of corrections, including such topics as jail standards and the application of the Americans with Disabilities Act in the jail/prison systems. Prerequisite: None
Credit: 3 semester hours
Lab: 0

CRM 104 – Introduction to Private Security
IAI: None
Introduction to Private Security is designed as an introductory overview of the field, for either supervisors or security officers. The general emphasis of this course is in the areas of personnel and property conservation. Areas covered will include legal boundaries, human relations, interviews and interrogation, accident prevention, fire hazards, and traffic control. The role of “loss prevention officers” will also be discussed. Prerequisite: None
Credit: 3 semester hours
Lab: 0

CRM 105 – Police Report Writing
IAI: None
Police Report Writing includes specialized training for law enforcement and private security personnel. The course includes a review of basic vocabulary, grammar and written organization skills. Thereafter, the course will center on the methods of writing reports in various components of the criminal justice system; emphasis will be on law enforcement narrative report writing. Students will use the field notes, forms, and narrative and description procedures of area law enforcement agencies. Prerequisite: ENG 101
Credit: 3 semester hours
Lab: 0

CRM 108 – Criminal Procedure and Civil Rights
IAI: None
Criminal Procedure and Civil Rights covers the rights and privileges of individuals and groups. The emphasis is on current decisions, which govern the actions of law enforcement officers. Prerequisite: None
Credit: 3 semester hours
Lab: 0

CRM 120 – Criminal Investigation
IAI: None
Criminal Investigation covers the basics of criminal investigation, including crime scene search and recording; collection and preservation of physical evidence; scientific aids; sources of information; interviews and interrogations; follow-up investigations and case preparation. Prerequisite: None
Credit: 3 semester hours
Lab: 0

CRM 125 – Criminal Procedure and Civil Rights
IAI: None
Criminal Procedure and Civil Rights covers the rights and privileges of individuals and groups. The emphasis is on current decisions, which govern the actions of law enforcement officers. Prerequisite: None
Credit: 3 semester hours
Lab: 0

CRM 127 – Ethics in Law Enforcement
IAI: None
Ethics in Law Enforcement will introduce the student to the ethical principles that apply to those entering law enforcement and related career paths. Specific examples of police corruption in the United States will be examined. Students will be exposed to contemporary ethical standards, which govern the conduct of individuals entering these fields. Prerequisite: None
Credit: 3 semester hours
Lab: 0

CRM 210 – Criminal Law
IAI: None
Criminal Law covers the reasons for criminal laws; their source and function in today’s society. The course then focuses on the structure, definitions, and most frequently used sections of the penal code and other criminal statutes. Additionally, the course will study criminal law as it pertains to local jurisdictions. The classifications of crimes and the nature of crimes will also be discussed. Prerequisite: None
Credit: 3 semester hours
Lab: 0

CRM 225 – Juvenile Procedures
IAI: None
Juvenile Procedures covers the position law enforcement agencies have in juvenile and delinquency control, organization and functions of related juvenile agencies, the laws governing the handling of juvenile offenders, and the application of those laws. Also included is a brief resume of the juvenile court and its jurisdiction. Prerequisite: None
Credit: 3 semester hours
Lab: 0

COURSE DESCRIPTIONS

COURSES: 2019 – 2020 RVC COLLEGE CATALOG
COURSE DESCRIPTIONS

CRM 260 – Police Organization and Administration
IAI: None
Lecture: 3
Credit: 1.2 semester hours
Police Organization and Administration is designed to give students a knowledge of the principles and practice involved in the organization and administration of law enforcement agencies. Special emphasis will be on management, planning, problems in division of work assignments, specialization, internal communication and budgeting.
Prerequisite: CRM 101 or consent of instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

CRM 271 – Patrol Procedures
IAI: None
Lecture: 3
Credit: 1.2 semester hours
Patrol Procedures will expose students to the patrol function of law enforcement. Emphasis will be placed on the techniques and procedures necessary to successfully investigate such incidents as crimes, domestic disputes, high-risk vehicle stops and other law enforcement calls for service.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

CRM 281 – Rules of Evidence
IAI: None
Lecture: 3
Credit: 1.2 semester hours
Rules of Evidence covers the importance of evidence collected and preserved by law enforcement officers. Subjects such as judicial evidence, proof, laws of evidence, degree of certainty, kinds and types of evidence, relevancy and irrelevancy, materiality and immateriality, competency and incompetency will be covered. The course also covers the admissibility of evidence and confessions.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

CRM 282 – Interviews and Interrogations
IAI: None
Lecture: 3
Credit: 1.2 semester hours
Interviews and Interrogations is designed to help the student understand the purpose and importance of proper interviews/interrogations as well as the methods of interviewing/interrogating. Assessment of the verbal and non-verbal communication in the interview/interrogation process will be stressed. Students will learn the philosophy of interviews and interrogations, how to compose and ask questions, and what to avoid in interviews and interrogations.
Prerequisite: CRM 101 or consent of instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

CRM 291 – Internship
IAI: None
Lecture: 1
Credit: 1.2 semester hours
Internship provides for observation and limited participation in law enforcement or related agencies. Consent of program coordinator and agency is required.
Prerequisite: Successful completion of 12 credits in the criminal justice curriculum. May be repeated up to three times, for a total of six credits maximum.
Credit: 1-6 semester hours
Lecture: 1
Lab: 5-30

Dental Hygiene

DNT 102 – Preventive Dental Hygiene
IAI: None
Lecture: 2
Credit: 1.2 semester hours
Preventive Dental Hygiene introduces the causes and prevention of the two most common dental diseases, dental caries and periodontal disease. Student learns to assess client needs and to provide oral health education that will help the client to maintain or enhance oral health. Theory on coronal polishing and ultrasonic scaling.
Prerequisite: BIO 282 and admission into the Dental Hygiene program.
Corequisite: DNT 104, 106, 108, 109, 110
Credit: 2 semester hours
Lecture: 2
Lab: 0

DNT 103 – Dental Anatomy, Histology, and Embryology
IAI: None
Lecture: 1
Credit: 1.2 semester hours
Dental Anatomy, Histology and Embryology introduces the students to terminology relating to anatomic structures of the oral cavity. Special emphasis is placed on the teeth and root morphology of both primary and permanent teeth and occlusal classification.
Prerequisite: BIO 282 and admission into the Dental Hygiene program.
Corequisite: DNT 102, 106, 108, 109, 110
Credit: 3 semester hours
Lecture: 3
Lab: 0

DNT 106 – Head and Neck Anatomy
IAI: None
Lecture: 1
Credit: 1.2 semester hours
Head and Neck Anatomy will provide students with a detailed survey of the head and neck. Special emphasis will be placed on the skeletal, muscular, glandular, circulatory, nervous, lymphatic, and epithelial structures and the relationships between them. Surface anatomy and routes for the spread of infection through the head and neck will be included.
Prerequisite: ENG-101, BIO-282 and admission into the Dental Hygiene program.
Corequisite: DNT 102, 104, 108, 109, 110
Credit: 3 semester hours
Lecture: 3
Lab: 0

DNT 108 – Preclinical Dental Hygiene Theory
IAI: None
Lecture: 2
Credit: 1.2 semester hours
Preclinical Dental Hygiene provides the students with the scientific principles of dental hygiene practice with emphasis on basic instrumentation, health/dental history introduction, and periodontal assessment. Theory of infection control standards and regulations are an integral component to this course.
Prerequisite: BIO 282 and admission into the Dental Hygiene program.
Corequisite: DNT 102, 104, 106, 109, 110
Credit: 2 semester hours
Lecture: 2
Lab: 0

DNT 109 – Preclinical Dental Hygiene Lab
IAI: None
Lecture: 0
Credit: 1.2 semester hours
Preclinical Dental Hygiene Lab provides the students with a safe environment to practice concepts of infection control, positioning, and basic instrumentation. Students will practice on typodonts and peer patients. Students will be introduced to ultrasonic instrumentation and coronal polishing.
Prerequisite: BIO 282 and admission into the Dental Hygiene Program.
Corequisite: DNT 102, 104, 106, 108, 110
Credit: 2 semester hours
Lecture: 0
Lab: 6

DNT 112 – Clinical Dental Hygiene I
IAI: None
Lecture: 1
Credit: 1.2 semester hours
Clinical Dental Hygiene I parallels DNT 113, Dental Hygiene Theory I. This course is a continuation of DNT 108, Preclinical Dental Hygiene. The course will provide clinical practice in fundamental dental hygiene instrumentation skills on community clients. This course emphasizes client assessment, application of dental hygiene care techniques, instrumentation, oral health products, client motivation and education techniques, and dental hygiene care planning.
Prerequisite: BIO 274 & DNT 102
Corequisite: DNT 113, 114, 116, 117, 118, 120
Credit: 2 semester hours
Lecture: 0
Lab: 8

DNT 113 – Dental Hygiene Theory I
IAI: None
Lecture: 1
Credit: 1.2 semester hours
Emphasis will be on the Dental Hygiene Process of Care and management of clients. Topics include medical/dental history analysis, vitals, motivation; human needs model, dental hygiene diagnosis, and care planning.
Prerequisite: BIO 274 & DNT 102
Corequisite: DNT 112, 114, 116, 117, 118, 120
Credit: 1 semester hour
Lecture: 1
Lab: 0

Disclaimer: Not all courses for Rock Valley College are listed in the “COURSE DESCRIPTION” section of this catalog. See an Academic Advisor to fulfill specific graduation requirements.
DNT 114 – General and Oral Pathology
IAI: None

General and Oral Pathology provides students with an introduction to the role of the dental hygienist in identifying and describing abnormal oral findings. The course focus is on the fundamentals of the general and oral pathological processes to better prepare the student to provide optimal oral healthcare.
Prerequisite: BIO 274 & DNT 102
Corequisite: DNT 112, 113, 114, 116, 117, 120
Credit: 3 semester hours
Lecture: 3
Lab: 0

DNT 116 – Dental Radiology Theory
IAI: None

Dental Radiology Theory will provide the student with the theory and procedures for exposing and developing various dental films. Radiation physics, characteristics and radiation biology and protection will be addressed. Radiation equipment, dental film and processing, and Intra- and Extra-oral radiographic techniques along with radiographic interpretation will be emphasized. Current technologies in dental radiology will also be explored.
Prerequisite: BIO 274 & DNT 102
Corequisite: DNT 112, 113, 114, 116, 118, 120
Credit: 2 semester hours
Lecture: 2
Lab: 0

DNT 117 – Dental Radiology Lab
IAI: None

Dental Radiology Lab will provide the student with the procedures for exposing and developing various dental films. Infection control and safety factors will be addressed. Film duplication, techniques for special needs clients and other supplemental techniques are included. Practical experiences with traditional exposure techniques and current technologies on manikins are included.
Prerequisite: BIO 274 & DNT 102
Corequisite: DNT 112, 113, 114, 116, 118, 120
Credit: 1 semester hours
Lecture: 0
Lab: 3

DNT 118 – Dental Pharmacology
IAI: None

Dental Pharmacology provides the student with knowledge of current drugs, including their pharmacologic effects, adverse reactions, indications and contraindications as they relate to patient medical history and dental hygiene treatment.
Prerequisite: BIO 274 & DNT 102
Corequisite: DNT 112, 113, 114, 116, 117, 120
Credit: 2 semester hours
Lecture: 2
Lab: 0

DNT 120 – Introduction to Periodontics I
IAI: None

Introduction to Periodontics I will introduce the student to the fundamental theories of periodontics. The course reviews basic histology, etiology, clinical features, and treatment of periodontal infections; emphasizes diagnosis, treatment planning and management of periodontal patients.
Prerequisite: BIO 274 & DNT 102
Corequisite: DNT 112, 113, 114, 116, 117, 118
Credit: 2 semester hours
Lecture: 2
Lab: 0

DNT 208 – Dental Hygiene Pain Management Theory
IAI: None

Dental Hygiene Pain Management Theory will prepare students to provide comprehensive dental hygiene treatment utilizing pain management techniques. Students will learn to identify complications associated with dental anesthesia and critically evaluate future trends in pain control.
Prerequisite: ENG 103 & DNT 112
Corequisite: DNT 209
Credit: 2 semester hours
Lecture: 2
Lab: 0

DNT 209 – Dental Hygiene Pain Management Lab
IAI: None

Dental Hygiene Pain Management Lab will prepare students to administer local anesthesia in a safe manner. Students will demonstrate current pain management techniques allowed by state laws. Oxygen administration will also be demonstrated as part of emergency preparedness.
Prerequisite: ENG 103 & DNT 112
Corequisite: DNT 209
Credit: 5 semester hours
Lecture: 0
Lab: 1

DNT 210 – Dental Materials Theory
IAI: None

Dental Materials Theory provides an introduction to the use of dental materials used in the practice of dentistry. This course will present the properties of amalgams, gypsum, impression materials, sealants and other dental materials. Students will be prepared to apply theory to manipulate various dental materials and to educate patients on proper maintenance of restorations. Additional theory will be presented on desensitizing agents, air polishers, intra-oral cameras, and instrument sharpening.
Prerequisite: ENG 103 & DNT 112
Corequisite: DNT 211 & 212
Credit: 2 semester hours
Lecture: 2
Lab: 0

DNT 211 – Dental Materials Lab
IAI: None

Dental Materials Lab provides an introduction to the use of dental materials used in the practice of dentistry. It will include the manipulation of materials to increase the knowledge of dental materials and to prepare the student for clinical procedures to be performed on patients. Laboratory safety guidelines will be emphasized. In addition, supervised practical application of theory includes: desensitizing agents, air polishers, and instrument sharpening. Technologies that enhance dental hygiene care will be explored.
Prerequisite: ENG 103 & DNT 112
Corequisite: DNT 210 & 212
Credit: 1 semester hours
Lecture: 0
Lab: 3

DNT 212 – Clinical Interim
IAI: None

Clinical Interim provides the continuation of clinical practice and management in oral prophylaxis on the child, young adult and adult clients applying consistent infection control and client assessment and analysis. Preventive techniques and exposing of radiographs are also included.
Prerequisite: ENG 103 & DNT 112
Corequisite: DNT 210 & 211
Credit: 1.5 semester hours
Lecture: 0
Lab: 6

DNT 214 – Periodontics II
IAI: None

Periodontics II is a continuation of DNT 120. Course content includes additional knowledge required to diagnose and treat periodontal diseases, clinical management of the periodontium and adjunctive therapies relevant to the maintenance of periodontal health. Emphasis is placed on the differential diagnosis and treatment of periodontal disease. Surgical and post-surgical topics will also be covered in the course.
Prerequisite: DNT 210
Corequisite: DNT 216, 217, 220, 221
Credit: 2 semester hours
Lecture: 2
Lab: 0

DNT 216 – Clinical Dental Hygiene II
IAI: None

Clinical Dental Hygiene II is a continuation of DNT 211, DNT 212 and coincides with course DNT 217. The course will provide clinical practice and management in oral prophylaxis on the adult and periodically involved client. Periodontal and preventive techniques and exposing of radiographs are also included.
Prerequisite: DNT 210
Corequisite: DNT 214, 217, 220, 221
Credit: 3 semester hours
Lecture: 0
Lab: 12
## DNT 217 – Dental Hygiene Theory II

**IAI:** None

Dental Hygiene Theory II parallels DNT 216. Clinical Dental Hygiene II. Major topics emphasize predisposing factors to medical emergencies that may occur in the dental setting and their management. This course will also focus on tobacco effects, related disorders, cessation methods, and assistive therapies, and the hygienist’s role in providing cessation assistance.

**Prerequisite:** DNT 210

**Corequisite:** DNT 214, 216, 220, 221

**Credit:** 2 semester hours

**Lecture:** 2

**Lab:** 0

### DNT 224 – Clinical Dental Hygiene III

**IAI:** None

Clinical Dental Hygiene III provides a continuation of DNT 216 and coincides with course DNT 225. This course will provide clinical practice and management in oral prophylaxis and periodontal therapy on a variety of community patients. Advanced dental hygiene care is emphasized. Preventive techniques, exposing radiographs, and nitrous oxide/oxygen sedation certification are also included.

**Prerequisite:** DNT 216

**Corequisite:** DNT 218, 225

**Credit:** 3 semester hours

**Lecture:** 0

**Lab:** 12

### DNT 225 – Dental Hygiene Theory III

**IAI:** None

Dental Hygiene Theory III provides the student with continued dental hygiene theory and background of DNT 216 and 217 and parallels clinical course DNT 224. Emphasis is placed on medically compromised and special needs clients, and dental specialties. The course also prepares students for licensure examinations and to transition into the role of a practicing dental hygienist, covering topics such as interviewing, resume writing, and conflict resolution.

**Prerequisite:** DNT 214

**Corequisite:** DNT 218, 224

**Credit:** 2 semester hours

**Lecture:** 2

**Lab:** 0

## DNT 218 – Dental Ethics, Jurisprudence, and Practice Management

**IAI:** None

Dental Ethics, Jurisprudence, and Practice Management provides the student with the skills needed for successful clinic practice management. Emphasis is placed on professional relationships and the various roles dental hygienists encounter in the various dental specialties. The course focus also includes ethical and legal obligations by the dental professionals to the community and public it serves.

**Prerequisite:** DNT 221

**Corequisite:** DNT 224, 225

**Credit:** 2 semester hours

**Lecture:** 2

**Lab:** 0

### DNT 220 – Community Dental Health

**IAI:** None

Community Dental Health focuses on the current concepts of community dental health, the dental hygienist's role in the prevention of dental problems, and the delivery of dental care to society. Students also learn the fundamental skills to review and interpret dental scientific literature as it relates to community dental health and the profession of dental hygiene.

**Prerequisite:** DNT 210

**Corequisite:** DNT 214, 216, 217, 221

**Credit:** 2 semester hours

**Lecture:** 2

**Lab:** 0

### DNT 221 – Community Dental Health Practicum

**IAI:** None

Community Dental Health Practicum is a companion course to DNT 220, Community Dental Health. Selected experiences are provided to assist in the delivery of oral health education and services in community settings. Emphasis is on health promotion, communication, collaboration, development and delivery of educational presentations.

**Prerequisite:** DNT 210

**Corequisite:** DNT 214, 216, 217, 220

**Credit:** 1 semester hours

**Lecture:** 0

**Lab:** 3

## ECE 101 – The Developing Child

**IAI:** None (ICCB Approval Pending)

The Developing Child course provides a foundation in theory and principles of child development, including an overview of physical, emotional, social, cognitive, language, and aesthetic development from conception to age 8. Development is also explored within a socio-cultural context (e.g., gender, family, race, ethnicity, ability, socio-economics, and religion) and emphasizes the implications of development for early childhood educators. 10 hours of field experience is required.

**Prerequisite:** None

**Credit:** 3 semester hours

**Lecture:** 3

**Lab:** 0

## ECE 103 – Health, Safety, and Nutrition for the Young Child

**IAI:** None (ICCB Approval Pending)

Health, Safety, and Nutrition for the Young Child provides an overview of the health, safety and nutritional needs of young children and early childhood practices to ensure the health and well-being of each child in a group setting. Content includes role and responsibilities of adults in meeting children's diverse needs, the promotion of healthy life style practices, understanding common childhood illnesses and injuries, nutrition and safety standards, and planning nutritious meals that are appropriate for each child.

**Prerequisite:** Prerequisite credit in ECE 100 & 101 or concurrent enrollment in ECE 100 & 101.

**Credit:** 3 semester hours

**Lecture:** 3

**Lab:** 0

## ECE 105 – Observation and Assessment of Young Children

**IAI:** None (ICCB Approval Pending)

Observation & Assessment of Young Children course is designed to teach students about a variety of assessments and learn how to administer assessments to young children. This course will provide students with the skills to interpret, document and use assessment data to plan curriculum. Students will explore effective collaboration with multidisciplinary teams and families from diverse backgrounds. 15 hours of supervised field experience is required.

**Prerequisite:** ECE 100 or 103

**Credit:** 3 semester hours

**Lecture:** 3

**Lab:** 0.5

## ECE 113 – Infant and Toddler Curriculum

**IAI:** None

Infant and Toddler Curriculum focuses on nurturing, care-giving methods; planning and implementing developmentally appropriate practices for infants and toddlers; and age-appropriate behavioral guidance techniques.

**Prerequisite:** None

**Credit:** 3 semester hours

**Lecture:** 3

**Lab:** 0

### Drama

– See Theatre

– See Literature

### Early Childhood Education

**ECE 100 – Introduction to Early Childhood Education**

**IAI:** None (ICCB Approval Pending)

Introduction to Early Childhood Education provides an introduction to the early childhood education profession with an emphasis on developmentally appropriate practices, professionalism, and historical foundations of early education. An overview of program models, various types of early childhood programs, community resources, the family's role in education, diversity, contemporary trends and issues in programs for children ages birth through eight will be addressed. 15 hours of field observations are required.

**Prerequisite:** None

**Credit:** 3 semester hours

**Lecture:** 3

**Lab:** 0.5
ECE 201 – Language Development
IAI: None
Language Development will focus on the structure and function of children's language, developmental process of language and its interrelationship and dependency upon other growth processes. Weekly field assignments are required. (Offered fall semester.)
Prerequisite: Credit or concurrent registration in ECE 101.
Credit: 3 semesters hours
Lab: 2

ECE 202 – Child, Family, and Community
IAI: None (ICCB Approval Pending)
Child, Family, and Community course focuses on the diverse needs of the child within the context of family, school and community. The course will examine the interplay of diverse cultures, lifestyles, abilities, language and communication with the role of the early childhood environment and other community institutions. Students will gain an understanding of their professional role in supporting evidence-based practices that strengthen respectful, collaborative family/child partnerships through effective use of community and family resources.
Prerequisite: Successful completion of or concurrent enrollment in ECE 100.
Credit: 3 semesters hours
Lab: 0

ECE 203 – Curriculum Planning for the Young Child
IAI: None
Curriculum Planning for the Young Child is designed to enable the student to plan a developmentally appropriate curriculum for young children. Emphasis is on planning engaging activities that meet individual and group needs. (Offered fall semester.)
Prerequisite: ECE 101 and two of the following: ECE 103 & 201 – concurrent enrollment is acceptable.
Credit: 3 semesters hours
Lab: 0

ECE 204 – Internship – Child Care
IAI: None
Internship in Early Childhood Education provides an opportunity to plan and direct learning activities in a child care facility under the direct supervision of a DCFS qualified teacher as well as the college supervisor. Emphasis is on understanding the teacher's role as a member of a teaching team working with children and their families. Weekly meetings, full teaching duties and written assignments will be required. 240 contact hours are required.
Prerequisites: Credit in all ECE courses except 202 and 205. A minimum grade of "C" is required in all courses. Department permission is required, based on the Code of Ethics for the Department.
Credit: 4 semesters hours
Lab: 15

ECE 205 – Organization and Supervision of Early Childhood Facilities
IAI: None
Organization and Supervision of Early Childhood Facilities provides study in the supervisory responsibilities involved in the administration of an early childhood facility. It also includes program planning and implementation, supervision principles, staff management, budget preparation, record keeping and evaluation procedures, governmental licensing and regulatory agencies. (Offered spring semester.)
Prerequisite: ECE 101
Credit: 3 semesters hours
Lab: 0

Earth Science
– See Atmospheric Science
– See Geology
– See Physical Geography

Economics

ECO 101 – Introduction to Economics
IAI: S3 901
This course is a general introduction to the nature and scope of economic analysis and its application to current issues. Topics covered include markets, competition, monopoly, inflation, unemployment and international economics.
Prerequisite: None
Credit: 3 semesters hours
Lab: 0

ECO 110 – Principles of Economics: Macro
IAI: S3 902
This course is an introduction to national income determination, its relationship to unemployment, inflation, and economic growth, and public policy alternatives used to achieve national economic goals.
Prerequisite: None
Credit: 3 semesters hours
Lab: 0

ECO 111 – Principles of Economics: Micro
IAI: S3 902
This course is an introduction to product and resource pricing under various market conditions, and public policy alternatives for economic efficiency and equity in the marketplace.
Prerequisite: None
Credit: 3 semesters hours
Lab: 0

Education

EDU 202 – Children's Literature
IAI: None
Children's Literature is designed to introduce and examine the many genres of children's literature and its uses within a diverse elementary school setting. Students will be introduced to traditional and contemporary children's authors. Students will also consider methods of selecting and evaluating children's books. Group activities and ongoing reading of a variety of children's books is an integral part of this course. This course is designed for students entering the teaching profession and for individuals with an interest in this area.
Prerequisite: None
Credit: 3 semester hours
Lab: 0

EDU 224 – Introduction to Education
IAI: None
Introduction to Education is an overview of the American Educational System as both a professional and public enterprise. Social, historical, and philosophical foundations give perspective to examination of current issues, policies, and trends in the field of education. These include cultural diversity, inclusion, organizations and structures, finance, curriculum and legislative/legal issues. Completion of 15 hours in a classroom setting, accompanied by proper documentation, and initiation of a standards-based portfolio is required for successful completion of this course.
Prerequisite: None
Credit: 3 semester hours
Lab: 0

EDU 234 – Introduction to Technology for Teachers
IAI: None
Introduction to Technology for Teachers covers basic technology used in learning in the K-12 classrooms with special emphasis on computer operations and concepts. The application of concepts and skills in making decisions concerning the social, ethical, and human issues related to technology and computing and the consequences of misuse is addressed. Course is designed for students entering the education profession.
Prerequisite: CIS 102 or consent of instructor.
Credit: 3 semester hours
Lab: 2
EDU 244 – Students With Disabilities in Schools
IAI: None 1.1
Students With Disabilities in Schools is a survey course that presents the historical, philosophical and legal foundations of special education, as well as an overview of the characteristics of individuals with disabilities, the programs that serve them under the Individuals With Disabilities Education Act, and the diversity of the populations of individuals with disabilities.
Prerequisite: None
Credit: 1 semester hour
Lecture: 2
EDU 245 – Special Education Practicum
IAI: None 1.1
Special Education Practicum is an opportunity for students entering education and special education majors to work directly in the local agencies and schools with diverse populations under the supervision of the college. Students are expected to spend 30 hours working with individuals with disabilities in community and/or school settings.
Prerequisite or Corequisite: EDU 244
Credit: 1 semester hour
Lecture: 0
Lab: 30
EDU 274 – Elementary School Practicum
IAI: None 1.1
This course is an opportunity for all elementary or special education majors to work directly in the local schools under the supervision of the college and cooperating teacher. Completion of 50 hours in a classroom setting, accompanied by proper documentation, in addition to other course requirements is necessary for successful completion of this course. This course is required for those who wish to transfer PSY 270 and PSY 271 to Northern Illinois University School of Education.
Prerequisite: EDU 224 & PSY 271
Credit: 1 semester hour
Lecture: 0
Lab: 2

Electronic Engineering Technology

EET 100 – Introduction to Electronics
IAI: None 1.2
Introduction to Electronics presents a series of lecture demonstrations on electronics theory and practical applications. The course attempts to develop student interest in electronics and provides a general survey of the electronics area of study. Students learn to apply electronics in daily life, perform basic calculations, and develop measurement skills. Laboratory activities include working with a digital multimeter and soldering on a printed circuit board. This is a general survey course for non-electronics majors only.
Prerequisite: None
Credit: 3 semester hours
Lecture: 2
Lab: 2

EET 135 – Digital Electronics
IAI: EGR 932 1.2
Digital Electronics introduces the theory and application of digital logic circuits. Topics include basic combinational logic with applications and basic sequential logic with applications. Examples are presented using discrete logic integrated circuits and programmable logic devices (PLDs). Electrical considerations related to digital logic circuits are also addressed.
Prerequisite: Credit or concurrent enrollment in EET 141 and MTH 125, or MTH 132, or consent of instructor.
Credit: 4 semester hours
Lecture: 3
Lab: 2

EET 141 – DC/AC Circuits and Electronics I
IAI: None 1.2
DC and AC Circuits and Electronics I develops techniques for circuit analysis and introduces electronic devices. Topics include: units and number notation, significant digits and rounding. Electrical charge, energy, current, voltage, resistance, and Ohm’s law are studied. Electrical conductors and wire tables, fuses and circuit breakers, are covered. Voltage and current sources are defined. Solid-state physics, rectifier and zener diodes, thermistors, positive tempco resistors, and optoelectronic devices are presented. Kirchhoff’s current and voltage laws including their application in the mesh and nodal analysis techniques are examined. The sine wave and diode application circuits are covered. Superposition, Thévenin’s theorem, and Norton’s theorem are used. Bipolar junction transistors are introduced including their use as amplifiers and switches. Capacitors, inductors, energy storage and transient analysis are included. Laboratory activities include learning to use the digital multimeter, DC power supplies, signal generators, and the oscilloscope. Laboratory activities also include using EDA (Electronic Design Automation) via Multisim. Laboratory documentation employing Microsoft Word and Excel is also explained.
Prerequisite: Credit or concurrent enrollment in MTH 120 (or MTH 100, MTH 125, or MTH 132) or consent of instructor.
Credit: 4 semester hours
Lecture: 3
Lab: 3

EET 142 – DC/AC Circuits and Electronics II
IAI: None 1.2
DC/AC Circuits and Electronics II is a continuation of EET 141. The phasor concept is introduced including polar/rectangular conversions and phasor arithmetic. Reactance, impedance, susceptance, and admittance are covered. The universal amplifier model and decibels are used. BJT biasing and the common-emitter amplifier are studied. Field effect transistors are explained along with the common-source amplifier. The operational amplifier and its use as an inverting, non-inverting, and differential amplifier are covered. High- and low-pass filters are examined.
Prerequisite: EET 141 and MTH 100 or MTH 125 or MTH 132; or consent of instructor.
Credit: 4 semester hours
Lecture: 3
Lab: 3

EET 168 – Electronic Engineering Technology Internship
IAI: None 1.2
EET Internship requires a supervised experience in the field of electronic engineering technology using a cooperative training plan agreed to by the instructor, participating firm, and student. The student must submit an application to the instructor prior to mid-term of the previous semester and requires consent of the instructor or the Dean. Variable and repeatable credit up to 6 credit hours may be earned. To comply with Illinois Community College Board (ICCB) requirements, the number of clock hours spent at the firm must comply with the table below. The ICCB will permit 62.5 clock hours per credit for non-clinical internships. If EET 168 is taken for 2 credits, then we must document 125 clock hours for the experience.

Prerequisite: Current enrollment in the Electronic Engineering Technology curriculum, completion of at least 20 credits in EET courses, and sophomore class standing.
Credit: 1-6 semester hours
Lecture: 0
Lab: See Table Above

116
EET 219 – Electric Motors, Controls, and Variable Speed Drives
IAI: None 1.2
Electric motors, controls, and variable speed drives (VSD) provides a review of linear and rotational motion, and energy conversions. The basics of electromagnetism, DC motors and AC single-phase and polyphase motors are studied. NEMA motor classifications A, B, C, and D are explained. Power electronic switches are covered including thyristors and IGBTs. The block diagram of the variable speed drive is studied and the synchronized rectifier stage, DC link, inverter stage, and protective functions are studied. The basic characteristics of PID control are covered and its application to variable speed drives. The variable speed drives offered by various manufacturers including Danfoss, Schneider, and Eaton Cutler-Hammer are contrasted.
Prerequisite: EET 240 and MET 162 or consent of instructor.
Credit: 3 semester hours
Lecture: 2  Lab: 2

EET 239 – Programmable Logic Controllers (PLCs)
IAI: None 1.2
Programmable Logic Controllers (PLCs) introduces the application and programming of powerful and flexible devices for industrial control systems. Topics include: ladder logic, PLC programming, program documentation, and PLC input/output requirements. Laboratory exercises include hands-on work with a small PLC system to complete PLC projects.
Prerequisite: EET 135 and EET 142 or consent of instructor.
Credit: 3 semester hours
Lecture: 2  Lab: 2

EET 240 – DC/AC Circuits and Electronics III
IAI: None 1.2
DC/AC Circuits and Electronics III is a continuation of EET 142. The use of phasors to describe ac circuits is used for impedance and admittance calculations. The frequency response of an amplifier system is described.
Active filters are introduced. Negative feedback and frequency compensation to avoid oscillations are explored. Sinusoidal oscillators are examined. AC power topics including true power, reactive power, apparent power, and power factor correction are covered. Class A, AB, and D power amplifiers are studied. Solid-state power switches are described. Linear and switching dc power supplies are studied. Electronic Design Automation is used extensively to simulate the circuits constructed in the laboratory. Laboratory activities include using oscilloscopes and signal generators. Students will be expected to use Microsoft Word and Excel to prepare their laboratory reports.
Prerequisite: EET 142 or consent of instructor.
Credit: 4 semester hours
Lecture: 3  Lab: 3

EET 254 – Robotics and Automated Systems
IAI: None 1.2
Robotics and Automated Systems introduces the student to the mechanical, electrical, and electronic components used in robotics and other automated systems. The student will learn the essential terminology used in robotics and the basic operation of robots in automated manufacturing. The course deals with analog-to-digital (ADC), and digital-to-analog (DAC) conversion for interfacing of the components. The students will be introduced to the programming software used for automated systems. Laboratory work includes interfacing the various components properly, and writing programs, and the robot programming language in group and/or individual projects. The course provides the opportunity for a nationally-recognized Fanuc certification.
Prerequisite: EET 141 and MET 162 or consent of instructor.
Credit: 3 semester hours
Lecture: 2  Lab: 2

EGR 101 – Introduction to Engineering
IAI: None 1.2
Introduction to Engineering is a study of engineering concepts and technological systems. The course explores various engineering disciplines, the role of the engineer in society, the engineering approach to problem solving and the engineering design process. Laboratory activities involve reverse-engineering products to find out how they are designed and manufactured.
Prerequisite: None
Credit: 2 semester hours
Lecture: 1  Lab: 2

EGR 135 – Engineering Graphics/CAD
IAI: EGR 941
Engineering Graphics/CAD is an introduction to engineering graphics and design. Topics include design problems, sketching, dimensioning, tolerancing, multi-view orthographic representations, auxiliary views, section views, and working drawings. 3-D solid modeling software used for reverse engineering, part generation, prototyping, and engineering analysis. (SolidWorks will be used as CAD software in this course.)
Prerequisite: MTH 094 or MTH 0965
Credit: 4 semester hours
Lecture: 2  Lab: 4

EGR 206 – Statics
IAI: EGR 942 1.1
Statics is an analysis of real force systems by applying the principles of equilibrium to particles, rigid bodies, simple structures and fluids. Distributed forces, determination of centroids, moments of inertia, analysis of structures, virtual work, friction, and related topics are presented.
Prerequisite: MTH 235 with C or higher.
Corequisite: PHY 215 or consent of instructor.
Credit: 3 semester hours
Lecture: 3  Lab: 0

EGR 207 – Dynamics
IAI: EGR 943 1.1
Dynamics is an analysis of motion of particles and the relationship between forces acting on bodies and the changes in motion produced. Particle and planar kinematics, principles of force, mass and acceleration, work and energy, vibration, impulse and momentum, and related topics are presented.
Prerequisite: EGR 206 and PHY 215
Credit: 3 semester hours
Lecture: 3  Lab: 0

EGR 221 – Elementary Mechanics of Deformable Bodies
IAI: EGR 945 1.1
Elementary Mechanics of Deformable Bodies studies the relationship between external forces and the stresses and deformations they produce in a deformable body for both elastic and inelastic behavior. Consideration is given to members subjected to tension and compression, torsion, and bending related to: loading and deflection of beams and shafts, buckling of columns, repeated loads, combined stresses, analysis of stress and strain, Mohr’s Circle, and related topics.
Prerequisite: EGR 206
Credit: 3 semester hours
Lecture: 3  Lab: 0

EGR 231 – Engineering Circuit Analysis
IAI: EGR 931L 1.1
Engineering circuit analysis provides an introduction to electric circuits. Circuit topologies including series, parallel, series-parallel, and non-planar circuits are explained. Fundamental circuit elements are studied including resistance, capacitance, self- and mutual-inductance, constant-voltage sources, constant-current sources, and controlled sources. Magnetism as it relates to self- and mutual-inductance is described. Basic laws and theorems are applied. Specifically, Ohm’s law, Kirchhoff’s Voltage Law and Kirchhoff’s Current Law are described and applied. Mesh and nodal analysis are used. DC and sinusoidal steady-state circuits using the phasor concept are introduced. Time-domain analysis of R-L-C circuits is covered as well as an introduction to Laplace transforms.
Prerequisite: MTH 235 with a minimum grade of “C”, PHY 215, and credit or concurrent enrollment in MTH 236 and PHY 225, or consent of instructor.
Credit: 4 semester hours
Lecture: 3  Lab: 3
## COURSE DESCRIPTIONS

### English - Developmental  
**ENG 097 – Essentials of Writing**  
*IAI: None*  
Credit: 4 semester hours  
Prerequisite: Sufficiently high placement test score; or a grade of “C” or higher in ENG 097.  
In Essentials of Writing, students practice effective strategies for developing multi-paragraph compositions of a variety of types, often in response to their reading. Students revise and edit their own work, in order to prepare for writing in their college courses.  
**Lab:** 0

### English  
**ENG 099 – Introduction to College Writing**  
*IAI: None*  
Credit: 4 semester hours  
Prerequisite: A grade of “C” or better in ENG 101.  
In College Writing, students learn to write focus, to position their ideas in relation to grammatic and usage, to proofread and edit their work, and to write clearly and concisely.  
**Lab:** 0

### English - Composition I  
**ENG 101 – Composition I**  
*IAI: CT 900*  
Credit: 3 semester hours  
Prerequisite: A grade of “C” or better in ENG 101.  
In Composition I, students develop strategies for writing effective, focused, and persuasive essays that demonstrate complex critical thinking skills. Students use a variety of textual forms, including persuasive essays in the latter half of the semester, and learn to address the needs of audiences by increasing awareness of the rhetorical situation in which they write. Students learn to develop and support their claims effectively, to position their ideas in relation to those of others, and to edit their writing carefully. Students write 16-24 pages of revised prose during the course. For all degrees that require ENG-101, a grade of “C” or higher must be earned in this course.  
**Lab:** 0

### English - Writing II  
**ENG 109 – Creative Writing II**  
*IAI: None*  
Credit: 3 semester hours  
Prerequisite: A grade of “C” or higher in ENG 101.  
In Creative Writing II, the second half of a two-semester writing sequence, students conduct research on academic topics, advance extended arguments, and use sources appropriately and effectively. In doing so, they develop the habits of mind associated with sound scholarship. Students write 16-24 pages of revised prose during the course, including documented multi-source writing in one or more papers for a combined total of at least 2,500 words in final version. For all degrees that require ENG-103, a grade of “C” or higher must be earned in this course.  
**Lab:** 0

### English - Technical Writing  
**ENG 110 – Introduction to Technical Writing**  
*IAI: None*  
Credit: 3 semester hours  
Prerequisite: A grade of “C” or higher in ENG 101.  
In Introduction to Technical Writing, students learn to write and edit technical documents in the process and creation of the campus’s in-house journal. A minimum of 20 pages of completed work is recommended. (Fall only)  
**Lab:** 0

### Language, Power, and Public Life  
**ENG 200 – Language, Power, and Public Life**  
*IAI: H9 900*  
Credit: 3 semester hours  
Prerequisite: A grade of “C” or higher in ENG 101.  
Language, Power, and Public Life is an introduction to rhetoric as an intellectual force shaping public life. This course studies a selection of rhetorical theories and introduces students to key interdisciplinary approaches to the study of language from the social sciences, the sciences, and the humanities. Students will analyze the ways in which language and public life are interconnected by considering various historical and contemporary case studies. Students write 16-24 pages of revised prose during the course. (Fall only)  
**Lab:** 0

### Fire Science  
**FRE 101 – Introduction to Fire Protection**  
*IAI: None*  
Credit: 3 semester hours  
Prerequisite: None  
In Introduction to Fire Protection, students are introduced to fire protection systems and strategies. Students will be introduced to fire protection systems and strategies. Students will be introduced to fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; and introduction to fire service nomenclature. Students will be introduced to fire protection systems and strategies.

COURSE DESCRIPTIONS

FRE 250 – Special Topics in the Fire Service
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Cardiovascular exercises.
Develop cardiovascular fitness. Emphasis will be placed on understanding basic program design, implementation, and execution of basic resistance exercises.
Prerequisite: Enrollment in the Fire Science Curriculum.
Credit: 1-4 semester hours
Lecture: 1-4
Lab: 0

FWS 110 – Fitness Walking
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Fitness Walking provides individuals with a low-impact alternative to jogging as a means of improving cardiovascular fitness and overall health.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 116 – Step Aerobics
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Step Aerobics is designed to stimulate and initiate aerobic-fitness awareness through broadening knowledge and experience of movements of the body through the use of the STEP.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 119 – Cardio Kickboxing
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Cardio Kickboxing is designed to provide individuals with an aerobic workout. Tae Kwon Do and boxing skills are incorporated into this high-energy exercise session.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 120 – Cardiovascular Fitness & Conditioning
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Cardiovascular Fitness & Conditioning focuses on a variety of modes of exercise intended to develop cardiovascular fitness. Emphasis will be placed on understanding basic program design, implementation, and execution of cardiovascular exercises.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 126 – Beginning Weight Lifting
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Beginning Weight Lifting introduces basic and intermediate strategies to developing an appropriate individual strength and resistance program. Emphasis will be placed on understanding basic program design, implementation, and execution of basic resistance exercises.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 127 – Advanced Weight Lifting
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: FWS 126
Advanced Weight Lifting provides the student with an in-depth study of weightlifting techniques, strategies, and theories. This course will focus on free weights and advanced lifting strategies that are currently used.
Credit: 2 semester hours
Lecture: 1
Lab: 2

FWS 128 – Sports Performance Fitness
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Sports Performance Fitness focuses on a variety of modes of exercise intended to develop sport-related fitness – speed, balance, agility, power, and coordination. Emphasis will be placed on sport-specific training and high intensity fitness activity.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 131 – Basketball and Touch Football
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Basketball and Touch Football acquaints the student with the skills, strategies, and rules of basketball and touch football.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 133 – Power Volleyball
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Power Volleyball introduces the student to the following fundamentals of power volleyball: the forearm pass, the float serve, the overhead set, spiking, blocking, the five-one offensive and two-four defensive patterns.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 135 – Tae Kwon Do
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Tae Kwon Do is an introduction to a system of techniques for self-defense and counter-attack by the unarmed. The course promotes skill development in basic Tae Kwon Do techniques.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 136 – Advanced Tae Kwon Do
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: FWS 151
Advanced Tae Kwon Do builds upon the fundamentals of Tae Kwon Do techniques.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 141 – Hiking, Cycling, and Outdoor Activities
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Hiking, Cycling, and Outdoor Activities is designed to acquaint the student with these activities. Emphasis will be on an appreciation of nature and enjoying the out-of-doors via a fitness activity.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 150 – Shotokan Karate
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Shotokan Karate is designed to introduce the student to the fundamentals of self-defense. Students will learn the history and philosophy of Shotokan Karate as well as develop the basic skills of kicks, blocks and self-defense holds and releases.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 151 – Tae Kwon Do
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Tae Kwon Do is an introduction to a system of techniques for self-defense and counter-attack by the unarmed. The course promotes skill development in basic Tae Kwon Do techniques.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 176 – Intercollegiate Sports I
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Intercollegiate Sports I is a course for students who are members of one of the college's intercollegiate team sports programs. These include: women's sports (basketball, softball, volleyball, and soccer); men's sports (baseball, basketball, and soccer). Students may earn a maximum of two credits for any combination of FWS 176 and FWS 177.
Credit: 1 semester hour
Lecture: 0
Lab: 2

FWS 177 – Intercollegiate Sports II
IAI: None
Lecture: 0
Credit: 1 semester hour
Prerequisite: None
Intercollegiate Sports II is a course for students who are members of one of the college's intercollegiate team sports programs. These include: women's sports (basketball, softball, volleyball, and soccer); men's sports (baseball, basketball, and soccer). Students may earn a maximum of two credits for any combination of FWS 176 and FWS 177. Students may not enroll in FWS 177 without completing FWS 176.
Credit: 1 semester hour
Lecture: 0
Lab: 2
COURSE DESCRIPTIONS

FWS 220 –
Introduction to Career Opportunities in Physical Education, Exercise Science, and Sport
IAI: None
Introduction to Career Opportunities in P.E., Exercise Science, and Sport provides an opportunity for the student to examine career opportunities in physical education, coaching, sports medicine and closely-related fields.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 231 –
Contemporary Health Issues
IAI: None
Contemporary Health Issues provides health information to students so they can make intelligent decisions concerning their health and the health of significant others.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 233 –
Community Health
IAI: None
Community Health is designed to provide the student with an in-depth study of community health organizations issues such as population growth, environment, poverty, medical care and disease.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 235 –
Alcohol and Drug Education
IAI: None
Alcohol and Drug Education is designed to educate the student about issues relating to all drugs and chemicals used in today’s society. Students will learn about prescription drugs, over-the-counter drugs, illicit drugs, and controversial issues surrounding the usage of various forms of chemicals relevant to current issues.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 236 –
Human Sexuality
IAI: SW 912
Human Sexuality introduces topics of human sexual functioning including the physiology, sociology, philosophy and morality of human sexual practices and of love.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 237 –
Nutrition for Optimum Living
IAI: None
Nutrition for Optimum Living explores the function of nutrients and nutrition as it affects health. Attention is given to understanding the importance and interrelationship of the nutrients to achieving optimal health.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 243 –
First Aid, General Safety, CPR & AED
IAI: None
The First Aid and General Safety portion of this course is designed to prepare the student to make appropriate decisions regarding first aid care and provide the skills necessary to provide appropriate care of a victim of injury or sudden illness. The CPR and AED training portion of the course is designed to train individuals to recognize and react to emergency situations and to provide for respiratory and cardiac emergencies. Students will be trained in the practical skills of CPR and the use of an AED. Students successfully completing the course requirements will earn American Red Cross Certification in Adult, Infant and Child First Aid, CPR & AED.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 250 –
Introduction to Sport Management
IAI: None
Introduction to Sport Management will introduce the student to the expanding field of sport management. An overview of the field and specific career opportunities will be covered.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 253 –
Introduction to Coaching
IAI: None
Introduction to Coaching covers the basic principles and practices of coaching by examining sport philosophy, pedagogy, physiology, management, and sports medicine.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 254 –
ASEP Sport First Aid and CPR
IAI: None
ASEP Sport First Aid and CPR is the second course in a two sequence designed to prepare students for the American Sport Effectiveness Program (ASEP) exam. This course acquaints the student with the concepts and theories of sport first aid. This course will also train students in CPR, with practical and classroom components.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 255 –
Sociology of Sport
IAI: None
Sociology of Sport is designed to educate students about the relevance of sport in modern society, the impact of sport on society and the influence which cultural institutions have on sport.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 256 –
History of Physical Education & Sport
IAI: None
History of Physical Education & Sport is the historical development of the physical education field from ancient times to present. The course includes social, political, economic, military, and religious effects on physical education and sports and vice versa.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 258 –
Sport and Exercise Psychology
IAI: None
Sport and Exercise Psychology is an examination of psychological concepts and coaching attitudes and techniques for improving and fostering athletic performance and enjoyment. The course includes psychological motivation, choice and individual participation in appropriate athletic and fitness activities.
Prerequisite: None
Credit: 3 semester hours
Lecture 3
Lab: 0

FWS 260 –
Introduction to Exercise Science
IAI: None
Introduction to Exercise Science is designed to introduce students to the various aspects of the discipline including areas of study, technology, certifications, professional organizations as well as the current and future trends in exercise science.
Prerequisite: None
Credit: 3 semester hours
Lecture 3
Lab: 0

FWS 261 –
Nutrition for Fitness and Sport
IAI: None
Nutrition for Fitness and Sport explores the relationship between nutrition and physical fitness. Topics covered include: adequate diets for athletes, pre-event meals, nutritional demands of aerobic and anaerobic activities, and caloric expenditure for various physical activities.
Prerequisite: None
Credit: 3 semester hours
Lecture 3
Lab: 0
COURSE DESCRIPTIONS

FWS 263 – Nutrition, Exercise and Weight Control
IAI: None
Nutrition, Exercise and Weight Control is specifically designed for those students who want to better understand the relationship of dieting and exercise to obesity. Based on a multi-disciplinary approach, this class will explore the physiological, sociological and psychological theories of obesity. The role of exercise and fitness in weight control will be demonstrated through the actual planning and implementation of a specifically-designed exercise program.
Prerequisite: None
Credit: 3 semester hours
Lecture: 2
Lab: 2

FWS 265 – Personal Fitness and Wellness
IAI: None
Personal Fitness and Wellness incorporates the principles and theories of wellness into an individualized fitness program. By combining lecture with activity, all aspects of the students’ lifestyles will be examined and assessed.
Prerequisite: None
Credit: 3 semester hours
Lecture: 2
Lab: 2

FWS 266 – Personal Training I – Concepts & Applications
IAI: None
This Personal Training I - Concepts & Applications course is the first course in a two sequence designed to prepare students for the National Strength and Conditioning Association Certified Personal Training (NSCA-CPT) exam. This course acquaints the student with the concepts and theories of exercise and its relation to health and physical fitness for personal trainers.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 267 – Personal Training II – Concepts & Applications
IAI: None
This Personal Training II - Concepts & Applications course is the second course in a two sequence designed to prepare students for the National Strength and Conditioning Association Certified Personal Training (NSCA-CPT) exam. This course acquaints the student with the concepts and theories of exercise and its relation to health and physical fitness for personal trainers.
Prerequisite: FWS 266 or consent of instructor
Credit: 3 semester hours
Lecture: 3
Lab: 0

FWS 270 – FWS Practicum I
IAI: None
The Fitness, Wellness, & Sport Practicum I is an opportunity for students entering the fields of Exercise Science, or Sport Management to work directly in local agencies under the supervision of the college. This course is one of three distinctly different experiences that students will experience before graduation. Students are expected to spend 50 hours (per credit hour) observing FWS professionals working in the private or public sector.
Prerequisite: FWS 250 or FWS 260; and consent of FWS Division Academic Chair.
Credit: 1-3 semester hours
Lecture: 1
Lab: 50-150

FWS 271 – FWS Practicum II
IAI: None
The Fitness, Wellness & Sport Practicum II is an opportunity for students entering the fields of Exercise Science or Sport Management to work directly in local agencies under the supervision of the college. This course is one of three distinctly different experiences that students will experience before graduation. Students are expected to spend 50 hours (per credit hour) observing FWS professionals working in the private or public sector.
Prerequisite: FWS 250 or FWS 260, and FWS 270, and consent of FWS Division Academic.
Prerequisite: FWS 250 or FWS 260, and FWS 270, and consent of FWS Division Academic Chair.
Credit: 1-3 semester hours
Lecture: 1
Lab: 50-150

FWS 272 – FWS Practicum III
IAI: None
The Fitness, Wellness & Sport Practicum II is an opportunity for students entering the fields of Exercise Science or Sport Management to work directly in local agencies under the supervision of the college. This course is one of three distinctly different experiences that students will experience before graduation. Students are expected to spend 50 hours (per credit hour) observing FWS professionals working in the private or public sector.
Prerequisite: FWS 250 or FWS 260, and FWS 270, and consent of FWS Division Academic Chair.
Credit: 1-3 semester hours
Lecture: 1
Lab: 50-150

FWS 275 – Personal Training Internship
IAI: None
Personal Training Internship provides the student with an opportunity to apply and expand upon newly acquired skills in the personal training work environment. This course is carried out cooperatively between the student and the host facility. Periodic review sessions will be held to assess the student’s progress. Participation requires an interview, background check and selection process.
Prerequisite: 12 hours of course work which much include: FWS 126 or 128, 127, 265, and 266.
Credit: 3 semester hours
Lecture: 1
Lab: 4

FWS 276 – Athletic Coaching Internship
IAI: None
The Athletic Coaching Internship provides the student with an opportunity to apply and expand upon newly acquired skills in the coaching work environment. This course is carried out cooperatively between the student and the host facility. Periodic review sessions will be held to assess the student’s progress. Participation requires an interview, background check and selection process.
Prerequisite: 12 hours of course work which much include: FWS 126 or 128, 127, 265, and 254.
Credit: 3 semester hours
Lecture: 1
Lab: 4

Geography
GEO

GEO 130 – World Regional Geography
IAI: S4 906
World Regional Geography provides an analysis of the physical and human resources of the major world areas. Special attention is given to the economic status of individual nations and the problems and potentialities of their future development.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

Geology
GEL

GEL 101 – Introduction to Geology
IAI: P1 907.
Introduction to Geology is designed as a first or second semester course for both liberal arts and science majors. This course will serve as an introductory course for a student interested in majoring in geology. The focus of this course is on the physical composition of the Earth and the dynamic processes that affect the Earth. Topics covered include plate tectonics, mountain building, volcanoes, earthquakes, glaciers, rivers, minerals, and rocks. This course fulfills laboratory science requirements for students both in and outside the geoscience curriculum.
Prerequisite: Sufficiently high placement test score, or completion of MTH 092, or MTH 096A, or MTH 096S, with a grade of “C” or higher, or equivalent.
Credit: 4 semester hours
Lecture: 3
Lab: 3
### Course Descriptions

**GEL 107 – Geology of the Solar System**  
IAI: PT 906  
Credit: 1.2  
Lecture: 1  
Lab: 0  
Geology of the Solar System is an introductory survey of the solar system with an emphasis on data acquired by space probes. Topics covered include the origin and evolution of planetary interiors, surfaces, and atmospheres, as well as the origin and composition of the asteroids and comets. The possibilities for and consequences of exploiting the various components of our solar system for natural resources will be discussed.  
Prerequisite: Sufficiently high placement test score, or completion of MTH 092, or MTH 096A, or MTH 096S with a grade of “C” or better, or equivalent.  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**GEL 206 – Environmental Geology**  
IAI: PT 908  
Credit: 1.1  
Lecture: 1  
Lab: 0  
Environmental Geology explores both the constraints imposed by geology on human activities and human impacts on natural processes. Topics include fundamental geologic processes and associated hazards (earthquakes, volcanic eruptions, flooding, landslides), evaluation of geologic resources, and the legal and geologic limitation of resource utilization. The course will explore topics such as waste disposal and land use planning.  
Prerequisite: Sufficiently high placement test score, or completion of MTH 092, or MTH 096A, or MTH 096S with a grade of “C” or better, or equivalent.  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**German**  
- See Modern Languages

**Graphic Arts Technology**  
**GAT**

**GAT 101 – Introduction to Graphic Arts Technology**  
IAI: None  
Credit: 1.2  
Lecture: 2  
Lab: 4  
Introduction to Graphic Arts Technology is a series of lectures, discussions, presentations, and laboratory experiences, designed to orient students to the breadth of the graphic arts industry. Topics discussed include the historical aspects of the industry as well as the current technology utilized in the production of printed matter.  
Prerequisite: None  
Credit: 4 semester hours  
Lecture: 2  
Lab: 4

**GAT 110 – Introduction to Photoshop**  
IAI: None  
Credit: 1.2  
Lecture: 1  
Lab: 2  
Introduction to Photoshop will familiarize the student with the composition and editing capabilities of Adobe Photoshop. This course is laboratory-based and each student will be required to complete a variety of activities utilizing the software.  
Prerequisite: None  
Credit: 2 semester hours  
Lecture: 1

**GAT 115 – Introduction to Illustrator**  
IAI: None  
Credit: 1.2  
Lecture: 1  
Lab: 2  
Introduction to Illustrator orients the student to vector-based graphic design software to create original artwork as well as modify and recreate existing files for production output.  
Prerequisite: None  
Credit: 2 semester hours  
Lecture: 1

**GAT 150 – Typography**  
IAI: None  
Credit: 1.2  
Lecture: 1  
Lab: 2  
Typography explores the structure, personality and history of type. Fundamental typographic principles, font recognition and analysis of both historical and postmodern design theory will be covered. Emphasis will be on content, form and technique for the effective use of typography in ads, posters, newsletters and other visual communications.  
Prerequisite: GAT 101 or consent of instructor.  
Credit: 2 semester hours  
Lecture: 1

**GAT 178 – Fundamentals of Desktop Publishing**  
IAI: None  
Credit: 1.2  
Lecture: 2  
Lab: 2  
Fundamentals of Desktop Publishing is a continuation of the computer skills learned in GAT 101. This course will explore the basics of graphic design, typography, layout and technical issues for desktop publishing. This course reinforces the use of current computer software including Adobe Illustrator, Adobe Photoshop, and Adobe InDesign.  
Prerequisite: GAT 101 or consent of instructor.  
Credit: 3 semester hours  
Lecture: 2

**GAT 190 – Image Generation and Output**  
IAI: None  
Credit: 1.2  
Lecture: 2  
Lab: 2  
Image Generation and Output explores the creation and output of digital files for printing and publishing. Instruction and laboratory experience includes the application of current computer software, digital technology, and multiple input and output devices.  
Prerequisite: GAT 101  
Credit: 2 semester hours  
Lecture: 1

**GAT 215 – Advanced Illustrator**  
IAI: None  
Credit: 1.2  
Lecture: 2  
Lab: 2  
Advanced Illustrator builds upon skills learned in GAT 115 such as pen tool techniques, object binding, pathfinders and filters and effects. Additional topics include brushes, patterns, appearance palettes, 3-D effects and live tracing. Projects include technical drawings, artistic renderings and 3-D object creating.  
Prerequisite: GAT 115 or consent of instructor  
Credit: 2 semester hours  
Lecture: 1

**GAT 220 – Advanced Photoshop for the Graphic Arts Industry**  
IAI: None  
Credit: 1.2  
Lecture: 2  
Lab: 2  
Advanced Photoshop for the Graphic Arts Industry involves a more intensive study of digital image manipulation. Topics include advanced layering techniques, use of channels, duotones, and output specific to the printing and publishing industry.  
Prerequisite: GAT 110 or consent of instructor.  
Credit: 3 semester hours  
Lecture: 2

**GAT 241 – Intermediate Desktop Publishing**  
IAI: None  
Credit: 1.2  
Lecture: 2  
Lab: 4  
Intermediate Desktop Publishing continues from GAT 178 into more advanced concepts and applications of computer-based composition systems for the graphic arts industry. Topics and projects include: creation of multi-page documents, advertisements, product packaging, large format designs, and file and font management.  
Prerequisite: GAT 178  
Credit: 4 semester hours  
Lecture: 2

**GAT 242 – Advanced Desktop Publishing**  
IAI: None  
Credit: 1.2  
Lecture: 2  
Lab: 2  
Advanced Desktop Publishing continues from GAT 241 to cover more advanced design technologies such as interactive document publishing, and augmented reality. Topics will also include a basic introduction to creating web pages using HTML and CSS and will have students creating their own custom web portfolio.  
Prerequisite: GAT 241  
Credit: 3 semester hours  
Lecture: 2

**GAT 255 – Color System Management**  
IAI: None  
Credit: 1.2  
Lecture: 2  
Lab: 2  
Color System Management applies color theory to the practical management of color in a production environment. Topics include: color theory, color measurement, creating scanner and monitor color profiles, color modes, color separations, and the proper setup of files to use specialty inks and printing techniques.  
Prerequisite: GAT 220  
Credit: 3 semester hours  
Lecture: 2
COURSE DESCRIPTIONS

Health

HLT

HLT 110 – Medical Terminology
IAI: None
Medial Terminology provides study of a wide range of medical terminology. The course is of value to those preparing for careers in health care providers and for diagnostic careers. It is also of value to those preparing for medical office careers, including Medical Office Assistant, Medical Transcriptionist, Medical Coding, and others. Course content includes building medical terms from word parts and specific medical terms relating to body systems, diseases, diagnosis, surgical and medical care, abbreviations, medications, and other medical terms.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

History

HST

HST 140 – History of Western Civilization I
IAI: S2 902
History of Western Civilization I includes prehistoric people, the ancient cultures, Greek and Roman civilization, the Middle Ages, the Renaissance and the Reformation. The evolution of people from the earliest times to the 17th century is covered.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 141 – History of Western Civilization II
IAI: S2 903
History of Western Civilization II covers the evolution of Western people from the 17th century to the present. The development of Western institutions of government, the modern state system, international relations, and the cultural and intellectual development of the West are treated.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 142 – History of the United States to 1865
IAI: S2 900
History of the United States to 1865 begins with the background to and development of the American colonies, continues with the American Revolution, Constitution, Federal Period, Age of Jefferson, National Period, and Age of Jackson and concludes with the background to the Civil War and Reconstruction.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 143 – History of the United States Since 1865
IAI: S2 901
History of the United States Since 1865 begins with the problems of Reconstruction, proceeds to the American Industrial Revolution and its effects—urbanism, culture, politics of the Gilded Ages, Imperialism, Progressivism—continues with the 20th century and the United States' role in World War I, 1920s, Depression, and its role in World War II, and concludes with the United States since World War II.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 144 – Current History 1945 to the Present
IAI: None
Current History 1945 to the Present is a historical analysis of the contemporary world in its national and international setting from 1945 to the present that is divided into 1945-1960, 1960-1972, 1972-1980, 1980-1991, and current events.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 151 – African History Survey to 1600
IAI: S2 920N
African History Survey to 1600 includes the geography, the culture, languages, and the political and social institutions of the African people. Emphasis will be placed upon the birth of man, prehistory, ancient and medieval civilizations and kingdoms, initial contact with Europe and the beginning(s) of the slave trade.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 152 – African History Survey Since 1600
IAI: S2 920N
African History Survey Since 1600 covers the slave trade, roots of European expansion, colonialism and the scramble for Africa, the Berlin Conference and the partitioning, the growth of nationalism, the fight for independence, neocolonialism, and the emergence of the modern African nation.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 162 – History of Latin America I
IAI: S2 920N
History of Latin America I is an introductory survey course that focuses on the political, social and economic history of the principal Latin American nations, including the origins and development of its peoples and cultures from ancient civilizations to the European conquest.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 163 – History of Latin America II
IAI: S2 920N
History of Latin America II is a continuation of History of Latin America I. This course focuses on the political, social, economic and cultural history of the principal Latin American nations from the late Colonial period to the present. Major influences, forces, and personalities will be studied.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 172 – History of the Middle East to 1452
IAI: S2 920N
History of the Middle East to 1452 is an introductory survey of the political, social and economic history of the principal Middle Eastern countries, including the origins and development of the peoples and cultures. The course focuses on major movements, influences and personalities that helped shape the Middle East. Among the more important themes will be long-term cultural and social continuities with the Islamic and ancient Near East, and concepts of religious and political authority.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 173 – History of the Middle East Since 1453
IAI: S2 920N
History of the Middle East Since 1453 is an introductory survey of the political, social and economic history of the principal Middle Eastern countries, including the origins and development of the peoples and cultures. The course focuses on major movements, influences and personalities that helped shape the Middle East. Among the more important themes will be long-term cultural and social continuities with the Islamic tradition, and concepts of religious and political authority.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

HST 182 – History of Eastern Civilization to 1500
IAI: S2 920N
History of Eastern Civilization to 1500 includes the political and cultural history of India, China, Japan and Southeast Asia. The origins, development and importance of the major religions of Asia will be stressed.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0
Lecture: 3  Credit: 3 semester hours  Prerequisite: None  the backdrop for the story.  workings of the welfare state—will provide  institution of slavery, industrialization, world  and conquest, revolution and civil war, the  of American history—colonial settlement  and activism of women. The grand sweep  education, and the political and civic role  include the private and family experiences  provides an overview of 400 years of American  History of Women of the United States

**HST 183 – History of Eastern Civilization Since 1500**  
IAI: S2 920N  
History of Eastern Civilization Since 1500 is a survey of the developments in India, China, Japan, and Southeast Asia since the arrival of the Europeans. The impact of technology from the West upon political ideas, cultural-religious values, and economics will be stressed.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HST 192 – History of the World Until 1750**  
IAI: S2 912N  
This course provides a survey of world history from the earliest beginnings of humankind until 1750. It will examine the growth and development of the social, political, economic, and cultural institutions of the societies of the world.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HST 193 – History of the World Since 1750**  
IAI: S2 913N  
This course provides a survey of world history from 1750 until the present. It will examine the social, political, economic, and cultural changes in the societies of the world during that time period.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HST 210 – History of Women of the United States**  
IAI: None  
History of Women of the United States provides an overview of 400 years of American women’s history in all its diversity. Themes will include the private and family experiences of women, the nature of women’s work and education, and the political and civic role and activism of women. The grand sweep of American history—colonial settlement and conquest, revolution and civil war, the institution of slavery, industrialization, world wars, and the rise of consumerism, the workings of the welfare state—will provide the backdrop for the story.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HUM 111 – Introduction to Humanities I**  
IAI: HF 902  
Introduction to Humanities I (from the Ancient World to 1600) is a basic introduction to the humanities including art, music, literature, philosophy, and history from the ancient periods of Egypt and Mesopotamia to the Renaissance. Differing subject matter and issues will be discussed and analyzed with attention directed to the role of humanities in current society.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HUM 112 – Introduction to Humanities II**  
IAI: HF 903  
Introduction to Humanities II (from 1600 to present) is a basic introduction to the humanities including art, music, literature, philosophy, and history from the Renaissance to modern times. Differing subject matter and issues will be discussed and analyzed with attention directed to the role of humanities in current society.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HUM 114 – Introduction to Humanities III: Contemporary Western World**  
IAI: HF 901  
This course is an interdisciplinary, thematic survey of the history, philosophy, art, music, and literature of the Western World from the beginnings of the 20th century to the present. Using an historical framework extending back to the concept of “modernism” as defined by antiquity through contemporary times, students will examine the connections between earlier concepts of modernism and those of their own time, ultimately recognizing contemporary themes, genres, and relationships within the humanities. Emphasis will be on the relevance of these trends on current society and implications for the future.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HUM 125 – Introduction to Non-Western Humanities**  
IAI: HF 904N  
Introduction to Non-Western Humanities is a guided, interdisciplinary exploration of the humanities, focusing on Non-Western perspectives and traditions. Works and issues in art, music, architecture, literature, philosophy, religion and performance will be studied, both within a particular cultural formation (such as Middle Eastern, Asian, African, South American) and also through a comparative examination of their values, motifs and aesthetics with those of Western cultural expression.  
Prerequisites: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HUM 211 – War and Western Humanities Through the Middle Ages**  
IAI: HF 900  
War and Western Humanities Through the Middle Ages is a survey course which explores the theme of war as represented in the history, art, literature, music and philosophy of the Western World from the earliest civilizations of Mesopotamia and Egypt through the Middle Ages. Special emphasis may be placed on specific conflicts (i.e., The Macedonian Wars, The Peloponnesian War, The Punic Wars, The 100 Years War, etc.) while placing these in the larger context of the theme of humanism and war. The content of the course will lead to considerations of its relevance in the conflicts of the present day and their representations in current art, literature, music, and philosophy.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**HUM 212 – War and Western Humanities from the Renaissance to the Present**  
IAI: HF 901  
War and Western Humanities from the Renaissance to the Present is a survey course which explores the theme of war as represented in the history, art, literature, music and philosophy of the Western World beginning with the Renaissance through modern times. Special emphasis may be placed on specific conflicts (i.e., The Thirty Years War, The French Revolution, The American Revolution, World Wars I and II, Vietnam, etc.) while placing these in the larger context of the theme of humanism and war. The content of the course will lead to considerations of its relevance in the conflicts of the present day and their representations in current art, literature, music and philosophy.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0
COURSE DESCRIPTIONS

HUM 250 – Leadership Development Studies
IAI: None
1.1
The Leadership Development Studies course is a comprehensive analysis of the traits and values inherent in effective leaders. Speeches, biographies, essays, literary classics and films are examined in a collegial, self-directed environment to facilitate class discussions. Phi Theta Kappa, the national community college honor society, provides text materials and certifies the course instructors.
Prerequisite: Completion of ENG 099 with a grade of “C” or better.
Credit: 3 semester hours
Lecture: 3
Lab: 0

Independent Study
IDS

IDS 299 – Independent Study
IAI: None
1.1
Independent Study is an opportunity for students to do extended work in a given liberal arts discipline, with minimal faculty contact. IDS 299 may not be used to provide a substitution for an approved catalog course, nor will it fulfill specific general education requirements toward the A.A./A.S. degrees. Student and sponsoring faculty must file a detailed plan of work and receive both divisional and dean-level approval.
Prerequisite: A 2.5 minimum GPA for 15 college-level credit hours. May be repeated for a maximum of four hours for credit toward A.A./A.S. degrees.
Credit: 1-4 semester hours
Lecture: 1-4
Lab: 0

Life Science

– See Biology

Literature

LIT

LIT 140 – The Bible as Literature
IAI: H5 901
1.1
The Bible as Literature is an introductory course in reading, analyzing, and discussing the literature of the Bible: the quality and style of its literary forms and its influence on English and American literature. Graded written work (a minimum of 9 -12 typed pages) may include critical responses, essay examinations, formal research papers, critiques, and/or group presentations, in addition to any journals, class notes, or other informal responses.
Prerequisite: Sufficiently high placement score resulting in placement in ENG 101, or grade of “C” or better in ENG 099.
Credit: 3 semester hours
Lecture: 3
Lab: 0

LIT 141 – Film and Literature
IAI: HF 908
1.1
Film and Literature is an introductory course analyzing the formal elements of film and literature and the formal, thematic and/or historical relationships between selected works of literature and selected films, including film adaptations of literary works. Graded written work (a minimum of 9 -12 typed pages) may include critical responses, essay examinations, formal research papers, critiques, and/or group presentations, in addition to any journals, class notes, or other informal responses.
Prerequisite: Sufficiently high placement score resulting in placement in ENG 101, or grade of “C” or better in ENG 099.
Credit: 3 semester hours
Lecture: 3
Lab: 0

LIT 144 – Exploring Literature: Fiction
IAI: H3 901
1.1
Exploring Literature: Fiction involves reading and discussion of representative short stories and novels from a range of literatures, with some attention to critical work on fiction. Graded written work (a minimum of 9 -12 typed pages) may include critical responses, essay examinations, formal research papers, critiques, and/or group presentations, in addition to any journals, class notes, or other informal responses.
Prerequisite: Sufficiently high placement score resulting in placement in ENG 101, or grade of “C” or better in ENG 099.
Credit: 3 semester hours
Lecture: 3
Lab: 0

LIT 201 – American Literature before 1865
IAI: H3 914
1.1
American Literature before 1865 involves a survey of representative texts illustrating the development of American literature from its beginnings to the Civil War, with an emphasis on major literary movements understood in relation to their intellectual, social, and political contexts. Written work includes substantial formal essay assignments (a minimum of 9 -12 typed pages) and a midterm and final exam, in addition to any journals, class notes, or other informal responses. (Spring only)
Prerequisite: A grade of “C” or better in ENG 101.
Credit: 3 semester hours
Lecture: 3
Lab: 0

LIT 202 – American Literature since 1865
IAI: H3 915
1.1
American Literature since 1865 involves a survey of representative texts illustrating the development of American literature from the Civil War to the present, with an emphasis on major literary movements understood in relation to their intellectual, social, and political contexts. Written work includes substantial formal essay assignments (a minimum of 9 -12 typed pages) and a midterm and final exam, in addition to any journals, class notes, or other informal responses. (Spring only)
Prerequisite: A grade of “C” or better in ENG 101.
Credit: 3 semester hours
Lecture: 3
Lab: 0

LIT 251 – Non-Western Literature Before 1800
IAI: H3 908N
1.1
Non-Western Literature Before 1800 involves an introduction to literature in English by writers from Non-Western cultures – Asian, South Asian, African, Caribbean, Middle-Eastern – with an emphasis on the intellectual, social, and political contexts of their works before 1800. Written work includes substantial formal essay assignments (a minimum of 9 -12 typed pages) and a midterm and final exam, in addition to any journals, class notes, or other informal responses. (Spring only)
Prerequisite: A grade of “C” or better in ENG 101.
Credit: 3 semester hours
Lecture: 3
Lab: 0

Management

MGT

MGT 170 – Business Communications
IAI: None
1.2
Business Communications covers the current trends affecting business communication today. Students will demonstrate both verbal and nonverbal skills through a variety of professional documents such as letters, memos, e-mail and reports. Special emphasis is placed on good news, bad news, and persuasive messages using the psychological approach to writing.
Prerequisite: ENG 101 with a grade of “C” or higher, or consent of instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

MGT 270 – Principles of Management
IAI: None
1.2
Principles of Management introduces the basic management functions of planning, organizing, leading, and controlling. Topics include the organizational triangle, strategic planning, managing human resources, decision-making, communication, quality, innovation, conflict management, and ethics. These principles apply to management in all organizations.
Prerequisite: BUS 101 or consent of the instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

Disclaimer: Not all courses for Rock Valley College are listed in the “COURSE DESCRIPTION” section of this catalog. See an Academic Advisor to fulfill specific graduation requirements.
COURSE DESCRIPTIONS

MGT 274 – Leadership
IAI: None 1.2
Students experience theoretical and practical applications of leadership research and development. Using the case study method, students comparatively analyze individual and organizational leadership activities with various leadership theories. Students synthesize findings with current real world activities developing a personal leadership vision. The course builds on business fundamentals while discussing the differences between leadership and management in the modern world. Students will gain a deeper insight into the phenomenon of leadership while developing the personal leadership vision that will provide guidance for present and future career opportunities. Prerequisite: None Credit: 3 semester hours Lecture: 3 Lab: 0

MGT 283 – Internship in Business Management
IAI: None 1.2
Internship in Business Management provides a supervised occupational experience in business management. A training plan will be developed by the coordinator in cooperation with the student and the participating business. Consent of the instructor is required. Prerequisite: Completion of 30 semester hours of credit in the business management curriculum. Credit: 1-6 semester hours Lecture: 0 Lab: 3

Manufacturing Engineering Technology MET

MET 100 – Introductory CAD and Print Reading
IAI: None 1.2
Introductory CAD and Print Reading is designed for the student without recent high school or industrial drafting experience. The basic concepts required to create and interpret industrial drawings is presented and practiced. This course provides fundamental print reading principles with emphasis on dimensions and tolerances, shape description, machine operations, notes, symbols, and other pertinent data. Prerequisite: MTH 092 Credit: 3 semester hours Lecture: 2 Lab: 2

MET 105 – Materials and Processes
IAI: None 1.2
Materials and Processes introduces material properties and attributes of metals, plastics, ceramics, composites, and other materials. Survey of processes includes heat treatment, surface processing, particulate processing, casting, molding, forming, joining, material removal and other processing technologies. Theory is illustrated by laboratory experiments and demonstrations along with company visits to view the latest techniques. Prerequisite: MTH 094 or MTH 096S Credit: 3 semester hours Lecture: 2 Lab: 2

MET 106 – Metrology
IAI: None 1.2
Metrology introduces the science of measurement for engineering technicians, machinists, and technical personnel through basic measurement principles, selection, operation, and application of English and Metric measuring instruments. Lecture and lab exercises cover basic dimensional metrology, measuring instruments, gaging, high-amplication comparators, surface plate, angular instruments, sine bar, pneumatic gaging, and CMM systems. Related topics introduce data analysis, variable versus attribute, MSA, calibration systems, and modern standards for quality systems and metrology. Prerequisite: MTH 094 or MTH 096S Credit: 3 semester hours Lecture: 2 Lab: 2

MET 108 – Computer Drafting Using AutoCAD™
IAI: None 1.2
Computer Drafting Using AutoCAD™ introduces computer graphic concepts, hardware, software, and operating principles of a comprehensive PC-based computer graphics system. The student will use AutoCAD™ software for all course projects. The latest ANSI/ASME standards will be incorporated throughout the course. Lecture and laboratory projects emphasize drafting principles and techniques necessary to produce multi-view, auxiliary, and section drawings with appropriate dimensioning practices. Prerequisite: MET 100 or consent of instructor. Credit: 3 semester hours Lecture: 2 Lab: 2

MET 109 – Manufacturing Processes I
IAI: None 1.2
Manufacturing Processes I provides an introduction to machining processes including milling, turning, grinding, drilling, and cutoﬀ operations. Laboratory activities include the fundamentals of machine setup and operations, tooling, precision measurement, process safety, care and maintenance. This course is offered at a regional training center in partnership with Rock Valley College. Prerequisite: MTH 092 Corequisite: MET 100 or consent of instructor. Credit: 3 semester hours Lecture: 2 Lab: 2

MET 110 – Manufacturing Processes II
IAI: None 1.2
Manufacturing Processes II builds on Manufacturing Processes I by covering CNC machining processes. The student will use SolidWorks™ software for all course projects. The latest ANSI/ASME standards will be incorporated throughout the course. Lecture and laboratory projects emphasize drafting principles and techniques necessary to produce multi-view drawings. Prerequisite: MTH 094 or MTH 096S; MET 100 Credit: 3 semester hours Lecture: 2 Lab: 2

MET 111 – CNC Machine Setup/Operation/Programming
IAI: None 1.2
CNC Machine Setup/Operation/Programming studies the setup and operation of computer numerical control (CNC) machine tools. The course is designed to provide knowledge on the latest CNC machines using an online training environment and lab session including turning centers and machining. Exercise and laboratory projects emphasize practical problems, demonstrations, and student operation of CNC equipment. Prerequisite: MTH 094 or MTH 096S; MET 100, MET 106, and MET 110 Credit: 3 semester hours Lecture: 2 Lab: 2

MET 113 – Graphics/SolidWorks™ CAD I
IAI: None 1.2
Graphics/SolidWorks™ CAD I introduces computer graphics concepts, hardware, software, and operating principles of a computer graphics system. The student will use SolidWorks™ software for all course projects. The latest ANSI/ASME standards will be incorporated throughout the course. Lecture and laboratory projects emphasize design principles and techniques necessary to produce solid models, assemblies and multi-view drawings. Prerequisite: MTH 094 or MTH 096S; MET 100 Credit: 3 semester hours Lecture: 2 Lab: 2

MET 116 – Hydraulics, Pneumatics and PLCs
IAI: None 1.2
Hydraulics, Pneumatics and PLCs introduces the basic concepts of fluid power technology including the function of hydraulic and pneumatic components. Emphasis is placed upon the delineation of basic hydraulic and pneumatic circuits. Basic operations and programming of PLCs is also presented. Prerequisite: MTH 100 or MTH 125 or MTH 132 Credit: 3 semester hours Lecture: 2 Lab: 2

MET 133 – Applied Physics
IAI: None 1.2
Applied Physics teaches all technology students physics and mathematics fundamentals that can be applied to industrial and technical applications. Five major areas of study are covered: mechanics, matter and heat, wave motion and sound, electricity and magnetism, and light. Prerequisite: MTH 100 or MTH 125 or MTH 132 Credit: 4 semester hours Lecture: 3 Lab: 2
MET 217 – Applied Statics
IAI: None 1.2
Applied Statics is an analysis of real force systems by applying the principles of equilibrium to rigid bodies and simple structures. Distributed forces, determination of centroids, moments of inertia, analysis of structures, friction and related topics are presented.
Prerequisite: MTH 100 or MTH 125 or MTH 132
Credit: 3 semester hours
Lab: 0
Lecture: 3

MET 218 – Strength of Materials
IAI: None 1.2
Strength of Materials studies the relationship between external forces and the stresses and deformations they produce in a deformed body. Consideration is given to members subjected to tension and compression, torsion and bending related to: loading and deflection of beams and shafts, and buckling of columns.
Prerequisite: MET 217
Credit: 3 semester hours
Lab: 0
Lecture: 3

MET 226 – CNC/CAM Operations I
IAI: None 1.2
CNC/CAM Operations I teaches the concepts of Computer Numerical Control for machine tools, tooling, software and operating principles of CNC systems. Students develop part programs using current, industrial CAM software for program generation, editing and tool path verification. Postprocessing and G-M code verification is presented for specific machine tools.
Prerequisite: MTH 094 or MTH 096S
Credit: 3 semester hours
Lab: 0
Lecture: 2

MET 223 – Graphics/SolidWorks™ CAD II
IAI: None 1.2
Graphics/SolidWorks™ CAD II requires a comprehensive background with Solidworks™ software and current drafting practices. Lecture and laboratory projects include: surface, solid modeling, parametrics, and assemblies. Rapid prototyping techniques will be introduced. Emphasis is placed on the techniques used to maximize design and drawing productivity.
Prerequisite: MET 133 or EGR 135
Credit: 3 semester hours
Lab: 0
Lecture: 2

MET 240 – CNC/CAM Operations II
IAI: None 1.2
CNC/CAM Operations II is a second course that provides the student with a background in CNC programming using CAM software. Emphasis is placed on the identification and familiarization of techniques that enhance CAM productivity and the production of CNC programs. Students develop part programs using software for program generation, editing and simulation of tool paths.
Prerequisite: MET 226
Credit: 3 semester hours
Lab: 2
Lecture: 2

MET 243 – Continuous Improvement in Manufacturing
IAI: None 1.2
This course is designed to bring lean manufacturing techniques and training, that are changing the world of manufacturing, into the classroom. Emphasis is placed on continuous improvement, waste elimination, customer focus and elements of lean production.
Prerequisite: MTH 094 or MTH 096S
Credit: 3 semester hours
Lab: 0
Lecture: 3

Marketing

MKT 260 – Principles of Marketing
IAI: None 1.1
Principles of Marketing presents a basic understanding of the principles of marketing and of the operation of our marketing system. Topics include buying motives, habits, demands of consumers, channels of distribution, marketing functions, policies, marketing costs, and governmental relationships.
Prerequisite: None
Credit: 3 semester hours
Lab: 0
Lecture: 3

MKT 265 – Salesmanship
IAI: None 1.2
Salesmanship is the study of personal selling as a part of the marketing process. Consumer behavior, persuasion, the importance of a positive attitude, careers in sales, the sales process, and specific sales techniques are discussed. Optional video-taped presentations and sales projects provide the student with a means of evaluating and improving sales performance.
Prerequisite: MKT 260 or consent of instructor
Credit: 3 semester hours
Lab: 0
Lecture: 3

MKT 266 – Principles of Advertising
IAI: None 1.2
Principles of Advertising is an introduction to advertising. Why advertising is carried on, how to prepare and present purposeful advertisements, and a review of the various advertising media, as well as when and how to use each to greatest advantage.
Prerequisite: MKT 260 or consent of instructor
Credit: 3 semester hours
Lab: 0
Lecture: 3

MKT 288 – Customer Relations
IAI: None 1.2
Customer Relations is a study of principles and methods to keep customers once you have developed them. Today, it costs five times as much to get a new customer as it does to keep an old one. Discussion is held on a practical level. Topics include customer expectations, staff training and management, maintaining good customer relations, turning service opportunities into sales and changing complaints into orders.
Prerequisite: None
Credit: 3 semester hours
Lab: 0
Lecture: 3

Mass Communication

COM 119 – News Writing
IAI: MC 91 1
News Writing introduces students to the basic elements of clear, concise, accurate, and balanced news writing. Students learn the techniques of news gathering, reporting, and interviewing as well as important differences between news stories, features, opinion pieces, and other type of news articles. The course also includes discussion of ethical and legal issues facing the press and journalists. (Fall only)
Prerequisite: None
Credit: 3 semester hours
Lab: 0
Lecture: 3

COM 130 – Introduction to Mass Communication
IAI: MC 911
Introduction to Mass Communication will examine the nature and impact of the mass media on our society and provide an overview of the nature, functions, responsibilities, and history of the mass communication industries in a global environment. Students will examine ethical, legal moral, and historical issues created by the use of mass media.
Prerequisite: None
Credit: 3 semester hours
Lab: 0
Lecture: 3
COM 140 – Writing for Multimedia
IAI: MC 922
Writing for Multimedia is an introduction to the basic writing skills necessary to create messages for the multimedia environment, such as web-based and other digital formats including text, audio, stills, and moving images. (Fall only)
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

COM 156 – Audio Production I
IAI: MC 915
Audio Production I is a basic introduction to the equipment, facilities, and terminology of the audio media industry. Students will work on individual and group recording projects including: public service announcements, radio, news and sound effects production. Students will be introduced to sound recording for video and non-linear multi-track audio editing and streaming audio on the web. Students are required to enroll concurrently in the corresponding semester section of COM 157.
Prerequisite: None
Corequisite: COM 157
Credit: 3 semester hours
Lecture: 2
Lab: 2

COM 157 – Video Production I
IAI: MC 916
Video Production I is a basic introduction to the equipment, facilities, and terminology of the video media industry. Students will work in a multiple camera studio producing: newscasts, public service announcements, commercials and talk shows. Students will also be introduced to the fundamentals of script writing, non-linear video editing, field and studio lighting and field production. Students are required to enroll concurrently in the corresponding semester section of COM 156.
Prerequisite: None
Corequisite: COM 156
Credit: 3 semester hours
Lecture: 2
Lab: 2

COM 208 – Screenwriting
IAI: None
Screenwriting will cover the most important aspects of the art and craft of writing for the screen. Through classroom discussion of student writing and the study of assigned screenplays, films, and textbook readings, students will strengthen their familiarity with the structural elements of the motion picture screenplay. Students will also become familiar with well-developed plot points, characters, settings, and other guiding elements of dramatic structure and character development. (Spring only)
Prerequisite: ENG 101 with a grade of “C” or higher, or consent of instructor.
Credit: 3 semester hours
Lecture: 2
Lab: 2

COM 218 – Broadcast Performance
IAI: MC 918
Broadcast Performance introduces students to the principles and techniques for on-air roles in broadcasting. This course emphasizes the development of voice quality, creating copy, reading and delivering commercials, news, interviews, public service announcements, and special events. Topics for class produced projects will include news, sports, commercials, and the operation of audio and video equipment. (Spring only)
Prerequisite: COM 156 and COM-157 with a grade of “C” or higher, or instructor consent.
Credit: 3 semester hours
Lecture: 2
Lab: 2

COM 221 – Photojournalism
IAI: MC 921
Photojournalism is an introduction to the principles and techniques of photojournalism for use in a variety of platforms including print, broadcast, web, and social media. Students will use still photography and mobile video production techniques to create projects related to web journalism, public relations, and marketing. (Fall only)
Prerequisite: COM 156 and COM 157 with a grade of “C” or higher, or instructor consent.
Credit: 3 semester hours
Lecture: 2
Lab: 2

COM 251 – Film History and Appreciation
IAI: F2 908
Film History and Appreciation is a survey of film as an art form and an industry. Particular emphasis is placed on lighting, sound, genre characteristics, image composition, editing, criticism, and social implications.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

COM 252 – International History of Film
IAI: F2 909
International History of Film is a survey of major worldwide film movements, genres, directors and principal films with the purpose of understanding the social, economic, and political situations that have led to the medium’s evolution. (Spring only)
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

COM 256 – Advanced Audio Production
IAI: None
Advanced Audio Production is designed to develop the student’s skills with the equipment, facilities, and terminology of the audio industry as it relates to TV and film production. Students will work on individual and group projects including: location and studio recording techniques, sound design for TV and film, dialogue and music editing, and mixing from stereo to surround sound. Students will also be immersed in the technical aspects of sound recording and non-linear, multi-track audio editing. Projects will be completed both in the studio and in the field. (Spring only)
Prerequisite: COM 156 and COM 157, with a grade of “C” or higher, or instructor consent.
Credit: 3 semester hours
Lecture: 1
Lab: 4

COM 257 – Advanced Video Production
IAI: None
Advanced Video Production is designed to give students specialized training in the video production industry. Students will produce multiple group and independent projects. These projects include: a weekly television production, music videos, video art projects, short films and documentary. This course will provide students with advanced knowledge of non-linear video editing systems and field camera work. (Spring only)
Prerequisite: COM 156 and COM 157, with a grade of “C” or higher, or consent of instructor.
Credit: 3 semester hours
Lecture: 1
Lab: 4

COM 260 – Advanced Post-Production
IAI: None
Advanced Post-Production instructs students in the areas of motion graphics, color grading, animation, and other image processing techniques. Students will develop skills in working with industry standard software and will apply those skills to existing media projects. (Fall only)
Prerequisite: COM 156 and COM 157, with a grade of “C” or higher, or consent of instructor.
Credit: 3 semester hours
Lecture: 1
Lab: 4

COM 296 – Documentary Production
IAI: None
Documentary Production provides students with an overview of the history of the documentary film genre and with the skills necessary to produce a documentary film. Students will explore interview techniques, lighting, editing, and exhibition venues. The course will culminate in the production of a personal documentary. (Fall only)
Prerequisite: COM 156 and COM 157, with a grade of “C” or higher, or instructor consent.
Credit: 3 semester hours
Lecture: 3
Lab: 0
COM 298 –
Mass Communication Internship
IAI: None
Mass Communication Internship provides elective credit to students as a student intern for a media production facility including Rock Valley College. Students will learn about production equipment, operation, media selection, media planning, scripting, advertising, promotions and internal methodology.
Prerequisite: Varies with cooperating agency.
Credit: 1-2 semester hours

Mathematics

MTH 088 –
Prealgebra Part I
IAI: None
Prealgebra Part I includes a review of basic arithmetic skills while introducing algebra concepts. Topics include operations with whole numbers, integers, signed fractions and mixed numbers, solving equations, and problem solving. No calculators will be used through the entire module. Study skills will be incorporated throughout the course. This course uses online homework. Placement into MTH 088 is according to placement test scores or on a voluntary basis. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite: Appropriate math placement score.
Credit: 2 semester hours

MTH 089 –
Prealgebra Part II
IAI: None
Prealgebra Part II continues work in prealgebra concepts. Topics include operations with decimals, ratio, proportion, percent, graphing ordered pairs, introduction to graphing linear equations and basic geometry. Study skills will be incorporated throughout the course. This course uses online homework. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite: MTH 088 with a grade of “C” or higher.
Credit: 2 semester hours

MTH 091 –
Beginning Algebra Part I
IAI: None
Beginning Algebra Part I will cover real numbers, solving linear equations and inequalities including applications, and graphing linear equations and inequalities. Study skills will be incorporated throughout the course. This course uses online homework. Placement into MTH 091 is according to placement test scores or on a voluntary basis. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite: MTH 088 and MTH 089, or equivalent, with a grade of “C” or higher in both OR appropriate math placement score.
Credit: 2 semester hours

MTH 092 –
Beginning Algebra Part II
IAI: None
Beginning Algebra Part II continues work in basic algebra concepts. It will cover operations on systems of equations in two variables, polynomials, factoring, dimensional analysis, ratio, and proportion. Study skills will be incorporated throughout the course. This course uses online homework. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite: MTH 091 with a grade of “C” or higher.
Credit: 2 semester hours

MTH 093 –
Intermediate Algebra Part I
IAI: None
Intermediate Algebra Part I includes a review of factoring from beginning algebra. The course will also cover rational expressions and equations, linear equations, and an introduction to functions. Placement into MTH 093 is according to placement test scores or on a voluntary basis. This course uses online homework. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite: MTH 091 and MTH 092, or equivalent, with grades of “C” or higher in both OR appropriate math placement score.
Credit: 2 semester hours

MTH 094 –
Intermediate Algebra Part II
IAI: None
Intermediate Algebra Part II covers systems of equations, radicals, and quadratic equations. This course uses online homework. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite: MTH 093 with a grade of “C” or higher.
Credit: 2 semester hours

MTH 096A –
Mathematical Literacy for College Students
IAI: None
Mathematical Literacy for College Students is a one-semester course for non-math and non-science majors integrating numeracy, proportional reasoning, algebraic reasoning, and functions. Students will develop conceptual and procedural tools that support the use of key mathematical concepts in a variety of contexts. Throughout the course, college success content will be integrated with mathematical topics. This course uses online homework. Credit earned does not count toward any degree, nor does it transfer. Upon successful completion of the course, students may take MTH 115, MTH 220, MTH 093-094, or MTH 096S.
Prerequisite: MTH 088 and MTH 089, OR equivalent, with grades of “C” or higher in both OR sufficient high math placement test score.
Credit: 6 semester hours

MTH 096S –
Combined Beginning and Intermediate Algebra
IAI: None
Combined Beginning and Intermediate Algebra is a one-semester course covering both beginning and intermediate algebra. The topics included are real number operations and properties, linear equations and inequalities, graphing, functions, polynomials, factoring, rational expressions, systems of equations, radical expressions, and quadratic equations. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite: MTH 088 and MTH 089, OR equivalent, with grades of “A” in both OR sufficiently high math placement test score OR by instructor permission.
Credit: 6 semester hours

MTH 097 –
Elementary Plane Geometry
IAI: None
Elementary Plane Geometry is a course in the fundamental concepts of geometry intended for students who lack credit in one year of elementary geometry or desire a review of this subject matter. This course is considered equivalent to a one-year course in high school geometry. The topics included are deductive reasoning and proof, congruent triangles, parallel and perpendicular lines, parallelograms and other polygons, similar triangles, right triangles and the Pythagorean Theorem, circles, perimeter, area, and volume. Credit earned does not count toward any degree, nor does it transfer.
Prerequisite: MTH 091 and MTH 092, with a grade of “C” or higher in both, or equivalent.
Credit: 3 semester hours

MTH 115 –
General Education Mathematics
IAI: M1 904
General Education Mathematics focuses on mathematical reasoning and the solving of real-life problems, rather than on routine skills and appreciation. Three or four topics are studied in depth, with at least 3 chosen from the following list: geometry, counting techniques and probability, graph theory, logic/set theory, mathematics of finance, and statistics. The use of calculators and computers is strongly encouraged.
Prerequisite: MTH 094 or MTH 096S or MTH 096A, or equivalent, with grades of “C” or higher.
Credit: 3 semester hours

GRADUATION REQUIREMENTS

Not all courses for Rock Valley College are listed in the “COURSE DESCRIPTION” section of this catalog. See an Academic Advisor to fulfill specific graduation requirements.
MTH 120 – College Algebra  
IAI: None  
College Algebra includes a brief review of intermediate algebra, covering the overlapping material at a deeper level. The course also develops the concept of a function and its graph, exponential and logarithmic functions and their applications, and systems of linear equations and the matrix methods useful in solving those systems. The course will also cover the theory of equations. A graphing calculator is required for this course. Prerequisite: MTH 120, OR MTH 125, OR MTH 097, or equivalent, with grades of “C” or higher. Credit: 3 semester hours  
Lecture: 3  
Lab: 0

MTH 125 – Plane Trigonometry  
IAI: None  
Plane Trigonometry is a study of trigonometric functions of acute and general angles, inverse functions, graphs, radian measure, trigonometric identities and equations, solutions of right and oblique triangles, powers and roots of complex numbers, and may include analytic geometry. A graphing calculator is required for this course. Prerequisite: MTH 120, or equivalent, with a grade of “C” or higher. Credit: 3 semester hours  
Lecture: 3  
Lab: 0

MTH 132 – College Algebra and Trigonometry  
IAI: None  
College Algebra and Trigonometry is intended for students preparing for MTH 135 and it covers the material of MTH 120 and MTH 125 at a more rapid pace than those individual courses. Among the topics covered in this course are functions and graphs; including linear, polynomial, rational, exponential, and logarithmic functions; complex numbers and theory of equations; trigonometric functions, their basic properties and graphs; identities; inverse trigonometric functions; trigonometric equations; Law of Sines, Law of Cosines; systems of linear equations and the matrix methods useful in solving those systems; and conics. Students may not earn more than six credits for any combination of MTH 120, 125, and 132. A graphing calculator is required for this course. Prerequisite: MTH 120 or MTH 125, OR MTH 097, OR equivalent of both courses, with grade of “C” or higher in each course. Credit: 5 semester hours  
Lecture: 5  
Lab: 0

MTH 135 – Calculus with Analytic Geometry I  
IAI: M1 900-1  
IAI: M1 901  
Calculus with Analytic Geometry I is a first course in calculus. Topics included are: a review of functions, trigonometric functions, inverse functions, and exponential/logarithmic functions; limits, continuity, derivatives, applications of derivatives, and integrals. Prerequisite: MTH 120 and MTH 125, OR MTH 132, or equivalent, with grades of “C” or higher. Credit: 5 semester hours  
Lecture: 5  
Lab: 0

MTH 164 – The Computer in Mathematics – C/C++  
IAI: None  
The Computer in Mathematics C/C++ is a problem-oriented approach using the computer in the study of mathematics. Programs will be written and run to aid understanding of such topics as infinite series, logical relations, approximations, interpolation, graphing, and matrices. Problem formulation, algorithm development, and aspects of program testing and debugging will be discussed. Prerequisite: MTH 135, or equivalent, with a grade of “C” or higher. Credit: 4 semester hours  
Lecture: 4  
Lab: 0

MTH 211 – Calculus for Business and Social Sciences  
IAI: M1 900-2  
Calculus for Business and the Social Sciences covers basic concepts of differential and integral calculus with applications in business and social sciences. Topics include differentiation techniques, applications of the derivative, integration techniques, and applications of integration. This course is not intended to apply toward a major or minor in mathematics. A graphing calculator is required for this course. Prerequisite: MTH 135, or equivalent, with a grade of “C” or higher. Credit: 4 semester hours  
Lecture: 4  
Lab: 0

MTH 216 – Mathematics for Elementary Teachers I  
IAI: None  
Mathematics for Elementary Teachers I is for students intending to major in elementary education. This course includes mathematical reasoning and problem solving using manipulatives and calculators. Topics include sets, numeration systems, whole numbers, number theory, integers, rational numbers, and the real number system. Prerequisite: MTH 094 and MTH 097, OR equivalent, with grades of “C” or higher in both. Credit: 3 semester hours  
Lecture: 3  
Lab: 0

MTH 217 – Mathematics for Elementary Teachers II  
IAI: M1 903  
Mathematics for Elementary Teachers II is for students intending to major in elementary education. The course includes mathematical reasoning and problem solving using manipulatives and calculators. Topics include statistics, probability, basic geometric shapes and their properties, measurement, triangle congruence and similarity, coordinate geometry, and transformational geometry. Prerequisite: MTH 216, or equivalent, with a grade of “C” or higher. Credit: 3 semester hours  
Lecture: 3  
Lab: 0

MTH 220 – Elements of Statistics  
IAI: M1 902  
Elements of Statistics is intended primarily for students enrolled in life science or the social sciences, or others interested in elementary statistics. This course uses the graphing calculator extensively to allow emphasis on conceptual understanding instead of hand calculations. Topics included are measures of central tendency and variability, graphical presentation of data, normal and binomial distributions, t- and chi-square distributions, sampling, and correlation. This course is not intended to apply toward a major or minor in mathematics. A TI-84 graphing calculator is required for this course. Prerequisite: MTH 094 or MTH 096A, or equivalent, with grades of “C” or higher in each course. Credit: 3 semester hours  
Lecture: 3  
Lab: 0

MTH 235 – Calculus with Analytic Geometry II  
IAI: M1 900-1  
IAI: M1 901  
Calculus with Analytic Geometry II is a continuation of MTH 135. Topics included are applications of the definite integral, techniques of integration, conic sections, parametric equations, polar coordinates, infinite series, and Taylor series. Prerequisite: MTH 135, or equivalent, with a grade of “C” or higher. Credit: 4 semester hours  
Lecture: 4  
Lab: 0

MTH 236 – Calculus with Analytic Geometry III  
IAI: M1 900-2  
IAI: M1 901  
Calculus with Analytic Geometry III is a continuation of MTH 235. Topics included are analytic geometry of three-dimensions, vectors, partial derivatives, multiple integrals, and vector calculus. Prerequisite: MTH 235, or equivalent, with a grade of “C” or higher. Credit: 4 semester hours  
Lecture: 4  
Lab: 0
MTH 240 – Differential Equations
IAI: MTH 912 1.1
Differential Equations is a course in the formulation, solution, and application of first- and second-order ordinary and partial differential equations. Topics include first- and second-order ordinary differential equation with applications; simultaneous differential equations with applications; solution of differential equations by varied techniques, including Laplace transforms, numeric and/or series methods. Other optional topics include special functions and boundary value problems. (Offered spring semester.)
Prerequisite: MTH 236, or equivalent, with a grade of "C" or higher; or the equivalent by high school credit or proficiency. See above explanation of placement.
Credit: 4 semester hours
Lecture: 4
Lab: 0

Modern Languages

In which level of foreign language study should a student enroll?

If a student has taken a foreign language in high school within the last three years, use this simple formula:
• Multiply the number of semesters of high school foreign language study by the numeric equivalent of the grade earned (A=4; B=3; C=1; D=0; F=0).
• Then divide the total by 2.
• If the total is:
  0 - 2.5 enroll in 101
  3 - 4.5 enroll in 102
  5 - 9.5 enroll in 203
  10 -12.5 enroll in 204
  13 -16 enroll in 205

If students place into a course above 101, they may petition to receive the equivalent college credits for the course or courses they did not have to take at RVC. Upon successful completion (a grade of B or better) of the advanced course, students can request retroactive credit for the lower class. Contact the Modern Languages Department for full details.

FRN 101 – Beginning French
IAI: None 1.1
Beginning French emphasizes basic communicative skills in French, including listening, speaking, reading and writing. Students will learn about the culture of selected French-speaking areas. (Fall only)
Prerequisite: None
Credit: 4 semester hours
Lecture: 4
Lab: 0

FRN 102 – Continuation of Beginning French
IAI: None 1.1
Continuation of Beginning French builds upon and expands the knowledge acquired in Beginning French. (Spring only)
Prerequisite: FRN 101 with a grade of "C" or higher; or the equivalent by high school credit or proficiency. See above explanation of placement.
Credit: 4 semester hours
Lecture: 4
Lab: 0

GRM 101 – Beginning German
IAI: None 1.1
Beginning German emphasizes basic communicative skills in German, including listening, speaking, reading and writing. Students will learn about the culture of selected German-speaking areas. (Fall only)
Prerequisite: None
Credit: 4 semester hours
Lecture: 4
Lab: 0

GRM 102 – Continuation of Beginning German
IAI: None 1.1
Continuation of Beginning German builds upon and expands the knowledge acquired in Beginning German. (Spring only)
Prerequisite: GRM 101 with a grade of "C" or higher; or the equivalent by high school credit or proficiency. See above explanation of placement.
Credit: 4 semester hours
Lecture: 4
Lab: 0

SPN 101 – Beginning Spanish
IAI: None 1.1
Beginning Spanish emphasizes basic communicative skills in Spanish, including listening, speaking, reading and writing. Students will learn about the culture of selected Spanish-speaking countries.
Prerequisite: None
Credit: 4 semester hours
Lecture: 4
Lab: 0

SPN 102 – Continuation of Beginning Spanish
IAI: None 1.1
Continuation of Beginning Spanish builds upon and expands the knowledge acquired in Beginning Spanish.
Prerequisite: SPN 101 with a grade of "C" or higher; or the equivalent by high school credit or proficiency. See above explanation of placement.
Credit: 4 semester hours
Lecture: 4
Lab: 0

SPN 203 – Intermediate Spanish
IAI: None 1.1
Intermediate Spanish is the third semester of Spanish study. Students review and amplify listening, reading, writing, and speaking skills in a cultural context. The class is taught entirely in Spanish. Students may be required to write reports and/or give oral presentations.
Prerequisite: SPN 102 with a grade of "C" or higher; or the equivalent by high school credit or proficiency. See above explanation of placement.
Credit: 3 semester hours
Lecture: 3
Lab: 0

SPN 204 – Continuation of Intermediate Spanish
IAI: H1 900 1.1
Continuation of Intermediate Spanish builds upon and expands the knowledge acquired in the previous three semesters of Spanish study. The class is taught entirely in Spanish and is designed to increase proficiency in speaking, listening, reading and writing. Students may be required to write reports and/or give oral presentations.
Prerequisite: SPN 203 with a grade of "C" or higher; or the equivalent by high school credit or proficiency. See above explanation of placement.
Credit: 3 semester hours
Lecture: 3
Lab: 0

MUS 101 – Fundamentals of Music
IAI: None 1.1
Fundamentals of Music is a study of the basic principles (elements of music including pitch, notation, scales, key signatures and intervals) for students with little or no previous music experience.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

MUS 102 – Introduction to Music Literature
IAI: F1 900 1.1
Introduction to Music Literature is designed to foster understanding and appreciation of the masterpieces of musical literature through a survey of standard concert repertory and its historical development. This is a non-technical course for students who are not concentrating in music.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0
MUS 104 –
Introduction to American Music
IAI: F1 904
Introduction to American Music is a survey of 20th century American music with some attention given to historical developments that brought about this music. Serious, jazz, musical theater and popular styles will be discussed. Listening to representative examples will be an important part of the class. This is a non-technical course for students who are not concentrating in music.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

MUS 106 –
Introduction to Non-Western Music
IAI: F1 903N
Introduction to Non-Western Music is a survey of music from Asia, the Middle East, Africa, South America, the Caribbean and Central America. Emphasis will be placed on exploring the cultural, social, religious and historical backgrounds that shaped the music of these regions. Musical instruments from these areas will also be examined. This is a non-technical course for students who are not concentrating in music.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

MUS 122–130 –
Applied Music for Non-Majors
IAI: None
Applied Music for Non-Majors is for students who intend to minor in music and/or participate in one or more of the college music ensembles and therefore, want to improve their musical skills. A weekly one-half hour lesson with the instructor and daily individual practice are required. In addition to the credit hour fee, a private lesson charge will be assessed. Each of the following applied music courses may be taken four times for credit. However, only eight credits in applied music can be counted toward an A.A. or A.S. degree.
Prerequisite: Consent of the course instructor, and consent of a RVC music instructor, is required.
Credit: 1 semester hour
Lecture: .5
Lab: 1

MUS 122 –
Applied Jazz Guitar for Non Majors
IAI: None

MUS 123 –
Applied Piano for Non Majors
IAI: None

MUS 124 –
Applied Voice for Non Majors
IAI: None

MUS 125 –
Applied Strings for Non Majors
IAI: None

MUS 126 –
Applied Brass for Non Majors
IAI: None

MUS 127 –
Applied Woodwinds for Non Majors
IAI: None

MUS 128 –
Applied Percussion for Non Majors
IAI: None

MUS 129 –
Applied Classical Guitar for Non Majors
IAI: None

MUS 130 –
Applied Music for Non Majors
IAI: None

MUS 131 –
Class Piano I
IAI: None
Class Piano I is for the non-piano major and for those who need or desire basic keyboard skills.
Prerequisite: None
Credit: 2 semester hours
Lecture: 1
Lab: 2

MUS 132 –
Class Piano II
IAI: None
Class Piano II is a continuation of MUS 131.
Prerequisite: MUS 131 or equivalent.
Credit: 2 semester hours
Lecture: 1
Lab: 2

MUS 191 –
Chorus I
IAI: None
Chorus I is open to students who wish to sing standard and contemporary choral literature. Chorus members are expected to perform at concerts and certain other scheduled events. This course may be taken four times for credit.
Prerequisite: Previous singing experience.
Credit: 1 semester hour
Lecture: 0
Lab: 3

MUS 194 –
Instrumental Ensemble I (Jazz Ensemble)
IAI: None
Instrumental Ensemble I is open to students who wish to perform in Jazz Ensemble or other small instrumental groups. Members are expected to perform at concerts and certain other scheduled events. This course may be taken four times for credit.
Prerequisite: Previous playing experience.
or Jazz Ensemble, concurrent enrollment in MUS 195 or 295 by woodwind, brass and percussion players is suggested.
Credit: 1 semester hour
Lecture: 0
Lab: 3

MUS 195 –
Band I
IAI: None
Band I is open to students who play brass, woodwind, or percussion instruments. The band plays standard and contemporary band literature. Band members are expected to perform at concerts and certain other scheduled events. This course may be taken four times for credit.
Prerequisite: Previous instrument playing experience.
Credit: 1 semester hour
Lecture: 0
Lab: 3

MUS 198 –
Orchestra I
IAI: None
Orchestra I is open to students who play orchestral instruments. The orchestra plays standard and contemporary orchestra literature. Orchestra members are expected to perform at concerts and certain other scheduled events. This course may be taken four times for credit.
Prerequisite: Previous instrument playing experience.
Credit: 1 semester hour
Lecture: 0
Lab: 3

MUS 222-230 –
Applied Music for Music Majors
IAI: None
Applied Music for Music Majors is for students who intend to major or minor in music. A weekly one hour lesson with the instructor and daily individual practice are required. In addition to the credit hour fee, a private lesson charge will be assessed. Each of the following applied music courses may be repeated for additional credit; music majors should have a minimum of eight credit hours of collegiate-level applied music study to ensure transfer credit status; a total of eight credits in applied music can be counted toward an A.A. or A.S. degree.
Prerequisite: Consent of a RVC music instructor is required.
Note:
• Students studying Applied Piano should have taken MUS 131 and MUS 132 Class Piano I and II or its equivalent in private study.
• Students studying Applied Voice should have taken MUS 143 -Class Voice I or its equivalent in private study.
Credit: 2 semester hours
Lecture: 1
Lab: 2

MUS 222 –
Applied Jazz Guitar for Music Majors
IAI: None

MUS 223 –
Applied Piano for Music Majors
IAI: None

MUS 224 –
Applied Voice for Music Majors
IAI: None

MUS 225 –
Applied Strings for Music Majors
IAI: None
MUS 226 –
Applied Brass for Music Majors
IAI: None

MUS 227 –
Applied Woodwinds for Music Majors
IAI: None

MUS 228 –
Applied Percussion for Music Majors
IAI: None

MUS 229 –
Applied Classical Guitar for Music Majors
IAI: None

MUS 230 –
Applied Music for Music Majors
IAI: None

MUS 294 –
Instrumental Ensemble II
(Jazz Ensemble)
IAI: None

MUS 295 –
Band II
IAI: None

MUS 298 –
Orchestra II
IAI: None

MUS 198 –
Satisfactory completion of four semesters of standard and contemporary orchestra literature. Orchestra members are expected to perform at concerts and certain other scheduled events. This course may be taken four times for credit.

MUS 199 – Orchestra I
IAI: None

MUS 200 –
Jazz Ensemble
IAI: None

MUS 201 –
Chamber Music
IAI: None

NAD 101 –
Nursing Aide
IAI: None

NRS 104 –
Pathophysiology: Altered Health Concepts
IAI: None

NRS 107 –
Basic Principles of Pharmacology for Nursing
IAI: None

NRS 106 –
Intro to Nursing Health Assessment
IAI: None

NRS 107 –
Basic Principles of Pharmacology for Nursing
IAI: None

Corequisites: NRS 107, NRS 110, NRS 111
Credit: 2.5 semester hours
Lecture: 1.5
Lab: 3
NRS 221 – Behavioral Health/ Older Adult Health Nursing
IAI: None
This course focuses on the role of nurses in the delivery of care to older adults with complex health needs. Topics include aging, health promotion, disease prevention, and management of chronic conditions. Prerequisites: NRS 106, NRS 107, NRS 111
Credits: 4 semester hours
Lecture: 2 Lab: 6

NRS 223 – Adult Health Nursing I
IAI: None
This course introduces the concepts of adult health and offers clinical experiences in community settings. Topics include assessment, planning, implementation, and evaluation of care for adults. Prerequisites: NRS 106, NRS 107, NRS 111
Credits: 4 semester hours
Lecture: 2 Lab: 6

NRS 225 – Family and Reproductive Health Nursing
IAI: None
This course focuses on the care of families throughout the life cycle, with an emphasis on reproductive health. Prerequisites: NRS 221, NRS 223
Credits: 4 semester hours
Lecture: 2 Lab: 6

NRS 237 – Adult Health Nursing II
IAI: None
This course focuses on adult clients as individuals with alterations in cognition, sensation and motion and burn injuries from emergency care through rehabilitation. Application of the nursing process in promoting and restoring health and preventing illness is integrated. Emphasis is on student roles of health promotion, clinical competence, communication and collaboration, and judgment and critical thinking. Laboratory and selected clinical experiences will be provided. (This course is for third semester students.) Prerequisites: NRS 221, NRS 223
Credits: 4 semester hours
Lecture: 2 Lab: 6

NRS 241 – Child and Family Health Nursing
IAI: None
This course focuses on the care of children and families experiencing alterations in health. Emphasis is on problem solving the diverse care needs of persons in selected community settings. Laboratory and selected clinical experiences will be provided. Prerequisites: NRS 235, NRS 237
Credits: 4 semester hours
Lecture: 2 Lab: 6

NRS 243 – Adult Health Nursing III
IAI: None
This course focuses on adult persons as individuals with alterations in cardiovascular and pulmonary function. Use of the nursing process in promoting and restoring health and preventing illness is integrated. Opportunities are provided to provide care for persons with a variety of cardiac and pulmonary health alterations. Selected nursing lab and acute care nursing experiences are required. Prerequisites: NRS 235, NRS 237
Credits: 4 semester hours
Lecture: 2 Lab: 6

NRS 245 – Transition to Professional Nursing
IAI: None
Transition to Professional Nursing focuses on the entry into professional nursing practice and role transition of the student nurse to Registered Nurse. Emphasis is on professional nursing practice, including ethical-legal issues in professional practice, political-economic issues in the delivery of health care and the nurse’s role in management of patient care and patient safety and quality in healthcare today and NCLEX preparation. Prerequisites: NRS 235, NRS 237
Corequisites: NRS 241, NRS 243
Credits: 1.5 semester hours
Lecture: 1.5 Lab: 0

Office Professional

OFF 115 – File Management
IAI: None
File Management will provide instruction to anyone needing to know the legal, technical, and social aspects of electronic notebooks, recordkeeping, groupware, document management, knowledge management, or other collaborative systems used in organizations. Students will examine office technological environments and associated strategies for managing electronic records, electronic workflow techniques, and how to establish an effective electronic document retrieval system.
Prerequisites: None
Credits: 2 semester hours
Lecture: 1 Lab: 2

OFF 118 – Computer Keyboarding
IAI: None
Computer Keyboarding is taught on a computer as an independent study course and/or as a regular short course. The course is designed so that students can acquire the skill to effectively use touch typing to input alphabetical and numerical data into a computer. A pass/fail grading system is used.
Prerequisite: None
Credit: 1 semester hour
Lecture: 0 Lab: 2

OFF 121 – Advanced Document Preparation and Design
IAI: None
Microsoft Office Applications are designed to work together in today’s complex and fast-paced business environment. In this course, students enrich basic knowledge of Office applications by focusing on content integration and advanced document design. Students use a project-based format to integrate content between Microsoft Word, Excel, PowerPoint, and Access accomplishing tasks that go beyond the capabilities of individual applications. Emphasis is on producing high-quality professional documents.
Prerequisite: PCI 106, grade of “C” or higher.
Credit: 3 semester hours
Lecture: 2 Lab: 2

OFF 147 – Coding
IAI: None
Coding is designed to provide the student with basic coding knowledge in both clinical and hospital-based coding utilizing the current coding versions and concepts of CPT, ICD, and DRG.
Prerequisite: BIO 171, HLT 110
Credit: 4 semester hours
Lecture: 4 Lab: 0
OFF 220 – Advanced Coding
IAI: None
Lecture: 3  Credit: 3 semester hours
Advanced Coding is a course designed to provide the student with advanced, hands-on coding knowledge in both clinical and hospital-based coding utilizing the current coding versions and concepts of CPT, ICD, and DRG.
Prerequisite: OFF 147
Credit: 3 semester hours
Lab: 0

OFF 222 – Office Technology Practicum
IAI: None
Lecture: 3  Credit: 3 semester hours
Prerequisite: None, recommended that this course be taken the last semester of attendance.

OFF 226 – Professional Development
IAI: None
Lecture: 3  Credit: 3 semester hours
Prerequisite: None

OFF 231 – Office Procedures
IAI: None
Lecture: 3  Credit: 3 semester hours
Prerequisite: None, recommended that this course be taken the last semester of attendance.

OFF 245 – Introduction to Health Information Technology
IAI: None
Lecture: 3  Credit: 3 semester hours
Lab: 0
Introduction to Health Information Technology provides an overview of the history of health information technology and the evolution of the profession. Study topics include analysis of record content, (stressing accuracy, completeness, confidentiality and correlation of data), and study of numbering and filing systems with emphasis on retention policies, storage methods and computerization.
Prerequisite: None

Personal Computer Information Specialist
PCI

PCT 111 – Microsoft Active Directory
IAI: None
Lecture: 3  Credit: 3 semester hours
Lab: 0
Microsoft Active Directory provides students with a comprehensive understanding of Active Directory for the current version of Windows Server; and to prepare students for server administration. This course will also help students prepare for the current Windows Active Directory certification exam. The course focuses on designing Active Directory architecture, installing and configuring supporting services, setting up and managing sites and domains, troubleshooting problems and resolving real world scenarios, and managing resources in Active Directory. Students have an opportunity to apply their knowledge through hands-on projects and case study assignments.
Prerequisite: CIS 102

PCT 112 – Windows Server Fundamentals
IAI: None
Lecture: 3  Credit: 3 semester hours
Lab: 0
Windows Server Fundamentals will help develop the skills necessary to implement, install, and manage a Windows 20xx network. It will focus on Microsoft Windows 20xx. Work will begin with the utilities Windows 20xx provides with its software. Implementation of print services, security, login scripts and menus will be demonstrated. Work will be done on network analysis, trouble shooting and understanding how Windows 20xx works.
Prerequisite: PCT 110 or PCT 120

PCT 113 – Microsoft Windows Infrastructure
IAI: None
Lecture: 3  Credit: 3 semester hours
Lab: 0
Microsoft Windows Infrastructure provides students with a comprehensive understanding of Windows Server Network Infrastructure. It is intended for anyone who wants to learn how to configure and maintain network infrastructure on the current version of Windows Server, as well as for those individuals seeking Microsoft certification. The course begins by examining networking concepts, installing Microsoft Windows Server, and configuring and managing DHCP and DNS server roles. Additional concepts include routing and remote access, configuring file and print services, maintaining and updating Windows Server, securing data transmission, maintaining network health, and maintaining file services. Students have an opportunity to apply their knowledge through hands-on projects and case study assignments.
Prerequisite: CIS 102

PCT 110 – Network Essentials
IAI: None
Lecture: 3  Credit: 3 semester hours
Network Essentials is a course providing an introduction to local area networks (LANs). The course is useful for LAN managers, supervisors of LAN managers, users of LANs, or those considering the purchase and installation of a local area network. Topics include needs analysis, methods to evaluate and determine specifications of hardware and software for purchase, installation, management, and troubleshooting of a local area network system. Microcomputer-based local area networks will be emphasized. Students will install a local area network as part of the course.
Prerequisite: CIS 102

Personal Computer Technical Specialist
PCT

PCT 228 – MOS Certification Preparation
IAI: None
Lecture: 2  Credit: 3 semester hours
Lab: 2
MOS Certification Preparation is a preparatory course for the Microsoft Office Specialist certification exam. Students will choose an exam to take from the following: Word Core, Word Expert, Excel Core, Excel Expert, Access Core, Access Expert, PowerPoint Comprehensive: then they will practice skills necessary to pass the exam. Practice exams which simulate the testing environment will be part of the course. At the end of five weeks, students will take the actual exam. Course fee includes the exam fee. Repeatable up to three (3) times.
Prerequisite: PCT 106 and PCT 206, PCT 226 for expert level exams.
Credit: 1 semester hour

COURSE DESCRIPTIONS

PCT 120 – Cisco Networking I
IAI: None
1.2
Cisco Networking I is the first of four courses in the Cisco Networking Academy program. This course's topics include networking standards, networking terminology, protocols, safety, cabling, routers, and addressing. Decision-making and problem-solving techniques are applied to solve network problems. Additional instruction is provided in maintenance and use of software, tools and equipment.
Prerequisite: CIS 102
Credit: 4 semester hours
Lecture: 4
Lab: 0

PCT 122 – Cisco Networking II
IAI: None
1.2
Router Theory and Technologies is the second course of four courses in the Cisco Networking Academy program. Topics included in this course are safety, standards, TCP/IP, routing and administration. Decision-making and problem-solving techniques are applied to solve network problems.
Prerequisite: PCT 120
Credit: 4 semester hours
Lecture: 4
Lab: 0

PCT 124 – Cisco Networking III
IAI: None
1.2
Advanced Routing and Switching is the third course of four courses in the Cisco Networking Academy. Topics included in this course are advanced router configurations, LAN switching, network management and advanced network design.
Prerequisite: PCT 122
Credit: 4 semester hours
Lecture: 4
Lab: 0

PCT 126 – Cisco Networking IV
IAI: None
1.2
Cisco Networking IV/Accessing the WAN is the fourth course in the Cisco Networking Academy program. Topics included in this course are PPP, Frame-Relay, Network Security, IP Addressing (NAT & DHCP), and ACLs.
Prerequisite: PCT 124
Credit: 4 semester hours
Lecture: 4
Lab: 0

PCT 130 – Introduction to Network Security Fundamentals
IAI: None
1.2
Introduction to Network Security Fundamentals is designed for students and professionals interested in understanding the field of network security and how it relates to other areas of Information Technology. This course covers physical security, wireless technologies, Intrusion Detection Systems, Remote Access, web security, E-mail, authentication, cryptography and various attack methodologies such as Denial of Service (DoS), man-in-the-middle and Malware.
Prerequisite: CIS 102 or equivalent computer experience.
Credit: 3 semester hours
Lecture: 3
Lab: 0

PCT 132 – Advanced Network Security
IAI: None
1.2
Advanced Network Security is designed for students and professionals interested in continuing their study of network security. Topics included in this course are: Network Defense design, Security Policy design, and configuration of Router IOS firewalls (software), configuring VPN solutions, Intrusion detection & Prevention Systems, Layer 2 Security and IT Security Management.
Prerequisite: PCT 126
Credit: 3 semester hours
Lecture: 3
Lab: 0

PCT 140 – IP Telephony I
IAI: None
1.2
This course is designed for students and professionals interested in studying telephony and its deployment over IP networks. This course's possible topics include, but are not limited to telecommunication concepts, the Internet and IP networking, packetized voice, IP telephony protocols, analog and digital interfaces and dial-peers.
Prerequisite: PCT 126 or CCNA Certification.
Credit: 4 semester hours
Lecture: 4
Lab: 0

PCT 142 – IP Telephony II
IAI: None
1.2
IP Telephony II is designed for students and professionals interested in studying telephony and its deployment over IP networks. This course's possible topics include, but are not limited to: Cisco CallManager Express Telephony Systems, installation, configuration, monitoring, management, and troubleshooting. The course will also cover QoS on phone and data systems.
Prerequisite: PCT 140
Credit: 4 semester hours
Lecture: 4
Lab: 0

PCT 262 – A+ Essentials
IAI: None
1.2
A+ Essentials is a course designed to teach the student how to install new machines in a stand-alone or networked environment. Preventive maintenance tasks, troubleshooting techniques, and emergency problem handling will also be presented along with equipment testing and the installation of systems and application software.
Prerequisite: CIS 102
Credit: 3 semester hours
Lecture: 2
Lab: 2

PCT 270 – Introduction to UNIX/Linux
IAI: None
1.2
Introduction to UNIX/Linux introduces the student to the features of the UNIX/Linux operating system. Topics covered are the functions of a multi-user operating system, file system structure, basic system commands, how to configure user environments, as well as an introduction to shell programming. The student will learn the basic skills needed to function in the UNIX/Linux system environment.
Prerequisite: CIS 102
Recommended: CIS 276
Credit: 3 semester hours
Lecture: 3
Lab: 0

PCT 275 – Cisco Firewall Design
IAI: None
1.2
This course is designed for students and professionals interested in continuing their study of network security. This course's possible topics include, but are not limited to, ACLs, ASA firewalls, ASA firewall AAA authentication and ASA VPNs.
Prerequisite: PCT 126
Credit: 4 semester hours
Lecture: 4
Lab: 0

PCT 290 – Special Topics in PC Technology
IAI: None
1.2
Special Topics in PC Technology will cover leading edge topics in the networking arena. This course will often be taught by professionals from the business world. This course may be repeated three times.
Prerequisite: Consult the schedule of classes for the current semester to determine prerequisites and other requirements or contact the instructor.
Credit: 1-6 semester hours
Lecture: 1-6
Lab: 0

PCT 291 – Internship/Field Project
IAI: None
1.2
Internship/Field Project requires a supervised experience in a networking position in a local cooperating business or non-profit organization using a cooperative training plan agreed to by the instructor, participating firm, and student. The student must submit an application to the instructor. Consent of the division director is required. Variable credit may be earned up to six hours.
Prerequisite: Current enrollment in the Personal Computer Technical Specialist curriculum, completion of at least 12 hours in PCT courses, and sophomore class standing.
Credit: 1-6 semester hours
Lecture: 0
Lab: 5-30

PLB 130 –
Phlebotomy Clinical
IAI: None PCS
Phlebotomy Clinical is the continuation portion that requires 110 hours of offsite practical skill application in a medical clinical setting and the documentation of 100 assisted successful blood collections. This eight week class will meet the in the classroom five times in the evening and the student will spend six weeks at the assigned clinical site for 110 daytime hours. The first and last week, the student will meet in the classroom to satisfy the program competency requirements. This individual must be proficiently trained to maintain high standards to ensure quality and safety in all aspects of specimen collection. Upon successful completion, the student will be eligible to take the ASCP phlebotomy certification examination.
In the first week of this class, discussion topics include student reaction to supervised clinical experiences, professional issues related to the student’s clinical rotation and/or the field of phlebotomy, communication skills appropriate for a diverse patient population, and application of customer service skills. The students will be given a list of skills to complete and document during the clinical experience and a review of safety and infection control practices and the use of universal precautions will discussed.
110 clinical hours required.
110 daytime hours required.
Prerequisite: PLB 120 Phlebotomy II: with a “C” or higher.
Credit: 4 semester hours
Lecture: 1
Lab: 6

Physical Geography

PGE 100 –
Physical Geography
IAI: P1 909
Physical Geography is an introduction to the geographical features of the Earth’s natural environment. The course examines the physical, chemical and biological processes that shape these features and control their spatial distribution; the dependence of human society on the natural environment; and the ways in which humans intentionally and unintentionally modify the natural environment.
Prerequisite: Sufficiently high placement test score, or completion of MTH 092 or MTH 096A or MTH 096S with a grade of “C” or better, or equivalent.
Credit: 3 semester hours
Lecture: 3
Lab: 0

PGE 102 –
Physical Geography With Lab
IAI: P1 909L
Physical Geography With Lab is an introduction to the geographical features of the Earth’s natural environment. The course examines the physical, chemical and biological processes that shape these features and control their spatial distribution; the dependence of human society on the natural environment; and the ways in which humans intentionally and unintentionally modify the natural environment. The lab component of the course provides hands-on application of these geographic concepts using exercises, experiments and the interpretation of topographic maps and aerial photographs.
Prerequisite: One year of high school algebra or its equivalent. Sufficiently high placement test score, or completion of MTH 092 or MTH 096A or MTH 096S with a grade of “C” or better, or equivalent.
Credit: 4 semester hours
Lecture: 3
Lab: 3

PGE 240 –
Global Climate Change
IAI: P1 905
Global Climate Change is a multidisciplinary scientific analysis of Earth’s continually changing climate. The course examines the climatic responses of major systems (ice, water, air, land, flora, and fauna) throughout geologic history, emphasizing the most recent 20,000 years. Focus is on observation, hypothesis-building, and hypothesis-testing. Current ideas concerning impact of humankind on climate and future impact of climate change on humans are investigated.
Recommended: One high school- or college-level earth science or environmental biology course.
Prerequisite: Completion of MTH 220 with a grade of “C” or better, or consent of the instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

Physics

PHY 201 –
Mechanics and Heat
IAI: P1 900L
Mechanics and Heat is an algebra/trigonometry-based study of physics. Topics covered include kinematics, Newton’s Laws, momentum, rotational motion, energy, wave motion, and heat. This course is designed to meet the requirements of many liberal arts, architectural, and pre-professional students.
Prerequisite: MTH 125 or equivalent with a minimum grade of “C”.
Credit: 5 semester hours
Lecture: 4
Lab: 3

PHY 202 –
Waves, Electricity, Light, and Modern Physics
IAI: None
Waves, Electricity, Light, and Modern Physics is a continuation of PHY 201. Topics studied include electricity and magnetism, light and optics, and modern physics.
Prerequisite: PHY 201 or equivalent.
Credit: 5 semester hours
Lecture: 4
Lab: 3

PHY 215 –
Mechanics, Wave Motion, and Thermodynamics
IAI: P2 900L
Mechanics, Wave Motion, and Thermodynamics is a calculus-based study of the kinematics and dynamics of the motion of rigid bodies, wave propagation, and thermodynamics. Topics covered include accelerated motion, Newton’s Laws, momentum, energy, rotational motion, gravitation, wave propagation, sound, and heat. PHY 215 and 225 are required of all students majoring in engineering, chemistry or physics. The class will meet for three hours of lecture, one hour required discussion, and three hours of laboratory per week. 
Prerequisite: MTH 135 with a minimum grade of “C”, and concurrent enrollment or credit in MTH 235. Recommended one year of high school physics, or PHY 201.
Credit: 5 semester hours
Lecture: 4
Lab: 3

PHY 225 –
Electricity, Magnetism, Light, and Modern Physics
IAI: None
Electricity, Magnetism, Light, and Modern Physics is a continuation of PHY 215. Topics studied include electric fields, electric currents, AC electric circuits, electromagnetism, relativity, optics, light and related topics from modern physics. The class will meet for three hours of lecture, one hour required discussion and three hours of laboratory per week.
Prerequisite: MTH 235 with a minimum grade of “C”, PHY 215, and concurrent enrollment or credit in MTH 236.
Credit: 5 semester hours
Lecture: 4
Lab: 3
### Political Science

**PSC 150 – Introduction to Political Science**  
**IAI: SS 903**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

The material will be analyzed from the political, historical, and economic elements. The course emphasizes the development of political science as a discipline; the American government; comparative legislatures, executives, and judicial systems; authoritarian states, international relations; war and diplomacy; the rise of the United States; and global order.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**PSC 160 – American National Government**  
**IAI: SS 900**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

American National Government is an introduction to the national government, including its structure, powers, and relationship to the American people. Topics include the legislative, executive, and judicial branches, civil rights and civil liberties, political parties and interest groups. Current events are emphasized throughout the course.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**PSC 161 – State and Local Government**  
**IAI: SS 902**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

State and local government is an introduction to state and local government in the U.S., with emphasis on Illinois state government and the local governments in the Rock Valley College area. Topics include the legislative, executive, and judicial branches of state government, the urban crisis, and the many and varied local governments in this area. Current events are emphasized throughout the course.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**PSC 211 – The American Presidency**  
**IAI: None**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

The American Presidency is a survey of the constitutional basis, historical development, and systematic study of the executive branch.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**PSC 269 – International Relations**  
**IAI: SS 904**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

International Relations is an examination of the major factors which affect international relations with special emphasis on the political, historical, and economic elements. The material will be analyzed from the viewpoint of the United States and our foreign policy.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

### Psychology

**PSY 170 – General Psychology**  
**IAI: S6 900**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

General Psychology is an introduction to the entire area of psychology through a presentation of historical and current theory and research. Topics include research methods, biology of behavior, sensation and perception, learning, memory, development, motivation, personality, and social and abnormal behavior.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**PSY 225 – Child Development**  
**IAI: S6 903**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

Child Development introduces the theory, research, and changes dealing with human development from the time of conception to adolescence. Topics included are genetic factors, prenatal development, perceptual system changes, motor system development, language acquisition, social learning, cultural influences, and common problems relevant to the developmental processes.  
Prerequisite: A grade of “C” or better in ENG 101 and PSY 170, or instructor consent.  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

**PSY 250 – Psychology of Personality**  
**IAI: PSY 907**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

Psychology of Personality is a scientific study of the origins of individual differences in thought, emotion and behavior. Topics covered will include: research methods; personality assessment; the psychoanalytical and neopsychoanalytical approaches; the trait approach; the humanistic approach; the cognitive approach; the biological approach; and the behavioral/social learning approach.  
Prerequisite: A grade of “C” or better in ENG 101 and PSY 170, or instructor consent.  
Credit: 3 semester hours  
Lecture: 3

**PSY 270 – Lifespan Developmental Psychology**  
**IAI: S6 902**  
Lecture: 3  
Credit: 3 semester hours  
Prerequisite: None  

Lifespan Developmental Psychology reviews aspects and changes which occur during a person’s life from the time of prenatal development through death.  
Prerequisite: A grade of “C” or better in ENG 101 and PSY 170, or instructor consent.  
Credit: 3 semester hours  
Lecture: 3

### Reading

**RDG 096 – Essentials of Reading**  
**IAI: None**  
Lecture: 4  
Credit: 4 semester hours  
Prerequisite: Appropriate reading placement score. A grade of “C” or better is required in this course to advance to RDG 099.  
Credit: 4 semester hours  
Lecture: 4

---

**Disclaimer:** Not all courses for Rock Valley College are listed in the “COURSE DESCRIPTION” section of this catalog.  
See an Academic Advisor to fulfill specific graduation requirements.
RDG 099 – Reading for Academic Purposes
IAI: None 1.4
Reading for Academic Purposes emphasizes the development of reading strategies to enhance the comprehension and critical thinking of college-level material. Topics include vocabulary development, extracting implied meaning, drawing conclusions, and analyzing college texts. Placement based on assessment scores. RDG 099 may also be taken on a voluntary basis for students who did not test into the reading program.
Prerequisite: RDG 092 or RDG 096 with a grade of “C” or higher; or appropriate reading placement score.
Credit: 4 semester hours
Lecture: 4 Lab: 0

Respiratory Care  RSP

RSP 111 – Introduction to Respiratory Care
IAI: None 1.2
Introduction to Respiratory Care provides the student with an introduction to respiratory care. Areas covered include basic respiratory science and mathematics, the history of respiratory care, infection control, professionalism, cultural diversity in healthcare, and the basics needed to enter the field of respiratory care.
Prerequisite: Admission to the Respiratory Care program.
Credit: 3 semester hours
Lecture: 3 Lab: 0

RSP 112 – Patient Assessment
IAI: None 1.2
Patient Assessment provides an understanding of how the patient assessment procedures of medical record review, patient interview, and physical examination are performed and how this information with radiological examination and laboratory assessment can be used to evaluate a patient's health status and response to treatment. (Offered fall semester.)
Prerequisite: Admission to the Respiratory Care program.
Credit: 3 semester hours
Lecture: 3 Lab: 0

RSP 113 – Cardiopulmonary Anatomy and Physiology
IAI: None 1.2
Cardiopulmonary Anatomy and Physiology provides an in-depth study of pulmonary and cardiovascular anatomy and physiology. Ventilation, circulation, blood gas transport, and acid-base balance are closely examined. Kidney function and fetal pulmonary and cardiovascular development are also studied. (Offered fall semester.)
Prerequisite: BIO 185, or BIO 281 & BIO 282 with a minimum grade of “C,” or instructor permission.
Credit: 3 semester hours
Lecture: 3 Lab: 0

RSP 114 – Clinical Medicine
IAI: None 1.2
Clinical Medicine is an overview of diseases of the cardiopulmonary and related systems requiring medical and/or surgical intervention. Each pathological process will be discussed with regard to etiology, pathophysiology, diagnosis, treatment and prognosis. (Offered spring semester.)
Prerequisite: RSP 113
Credit: 3 semester hours
Lecture: 3 Lab: 0

RSP 121 – Respiratory Care Practices and Procedures I
IAI: None 1.2
Respiratory Care Practices and Procedures I provides classroom instruction and laboratory practice for the equipment used to provide general respiratory care. Classroom instruction and laboratory practice is provided for many general respiratory care procedures. (Offered fall semester.)
Prerequisite: Admission to the Respiratory Care program.
Credit: 5 semester hours
Lecture: 4 Lab: 2

RSP 122 – Respiratory Care Practices and Procedures II
IAI: None 1.2
Respiratory Care Practices and Procedures II provides a continuation and completion of classroom instruction and laboratory practice for general respiratory care procedures. Following this, there is instruction and discussion on the integrated processes of patient assessment and care planning for general respiratory care procedures. (Offered spring semester.)
Prerequisite: RSP 121 with minimum grade of “C.”
Credit: 5 semester hours
Lecture: 4 Lab: 2

RSP 123 – Respiratory Pharmacology
IAI: None 1.2
Respiratory Pharmacology is an introduction to the theory and use of medications, with emphasis on those used in cardiorespiratory care. Content will include dosages, actions, indications, contraindications and hazards of drugs, and drug dose calculations. Normal physiology and pathophysiology are reviewed to clarify the role of medications in the treatment of disease processes. (Offered spring semester.)
Prerequisite: Admission to the Respiratory Care program.
Credit: 3 semester hours
Lecture: 3 Lab: 0

RSP 131 – Clinical Practice I
IAI: None 1.2
Clinical Practice I is an introduction to the respiratory care profession and general healthcare-related concepts. Instruction is provided for clinical practices that can affect the safety of both patients and practitioners. The expectations for student performance in the clinical setting are discussed. Students will be involved in hospital orientation and introductory patient care activities toward the end of the course. (Offered fall semester.)
Prerequisite: Admission to the Respiratory Care program.
Credit: 2 semester hours
Lecture: 2 Lab: 4

RSP 132 – Clinical Practice II
IAI: None 1.2
Clinical Practice II provides supervised observation, practice, and evaluation of patient assessment and general respiratory care procedures in the clinical setting. (Offered spring semester.)
Prerequisite: RSP 113 with minimum grade of “C.”
Credit: 3 semester hours
Lecture: 0 Lab: 16

RSP 221 – Cardiopulmonary Testing and Rehabilitation
IAI: None 1.2
Cardiopulmonary Testing and Rehabilitation provides the student with an in-depth study of pulmonary function testing in the lecture and laboratory setting including types of tests, test results analysis, diagnostic value of the analysis, pulmonary function testing equipment, and the standards for equipment and test performance. Additional areas of study include pulmonary and cardiac stress testing, pulmonary rehabilitation, performing an electrocardiogram, cardiac arrhythmia recognition, sampling arterial blood, blood gas analyzer function, and the quality assurance standards for blood gas analyzers. Field trips into local hospitals may be included. (Offered summer semester.)
Prerequisite: Enrollment in the Respiratory Care program.
Credit: 3 semester hours
Lecture: 2 Lab: 2
COURSE DESCRIPTIONS

RSP 223 – Respiratory Care Practices and Procedures IV
IAI: None
L: 1.2
Respiratory Care Practices and Procedures IV provides an in-depth study in the lecture and laboratory setting of mechanical ventilatory support and its use in respiratory care as well as the critical application of advanced principles involved in patient care. Emphasis is on the physiological principles involved in patient care as well as the clinical application of these principles to adult patients. The use of the pulmonary artery catheter, end-tidal carbon dioxide measurement and other monitoring procedures will be studied as they are applied to advanced cardiopulmonary monitoring. Airway management options will be discussed and adult and infant intubation will be practiced on mannequins. Fundamental principles of respiratory home care will be presented.
(Offered fall semester.)
Prerequisite: RSP 222 with minimum grade of “C.”
Credit: 3 semester hours
Lecture: 0
Lab: 16

RSP 224 – Neonatal and Pediatric Respiratory Care
IAI: None
L: 1.2
Neonatal and Pediatric Respiratory Care provides the student with information related to fetal development, neonatal assessment before birth, during the delivery process, and after delivery; and cardiopulmonary care of the sick newborn including, but not limited to, airway management, oxygen therapy, and mechanical ventilation. Additional discussion will include assessment and cardiopulmonary care of the sick pediatric patient. Guest lecturers may be brought in to present topics related to the high risk nursery.
(Offers fall semester.)
Prerequisite: Enrollment in the Respiratory Care program or instructor permission.
Credit: 2 semester hours
Lecture: 2
Lab: 0

RSP 225 – Respiratory Care Seminar
IAI: None
L: 1.2
Respiratory Care Seminar has a format that allows for a variety of pertinent, current respiratory care and healthcare topics to be presented as needed. Set topics will include preparation for the National Board for Respiratory Care’s Entry Level Exam, Written Registry Exam, and Clinical Simulation Exam; critical thinking, clinical practice guidelines, and therapist-driven protocols. Guest speakers may be brought in from the area healthcare providers to share their expertise. (Offered spring semester.)
Prerequisite: Enrollment in the Respiratory Care program or instructor permission.
Credit: 3 semester hours
Lecture: 3
Lab: 0

RSP 231 – Clinical Practice III
IAI: None
L: 1.2
Clinical Practice III provides supervised observation, practice, and evaluation of more advanced respiratory care skills. These skills include administration of respiratory care procedures and mechanical ventilation to critically ill patients and the use of advanced patient assessment procedures.
(Offers fall semester.)
Prerequisite: RSP 222 with minimum grade of “C.”
Credit: 3 semester hours
Lecture: 0
Lab: 16

RSP 232 – Clinical Practice IV
IAI: None
L: 1.2
Clinical Practice IV provides a continuation of supervised observation, practice, and evaluation of the skills learned in RSP 231. Increasing emphasis is placed on the assessment and management of critically ill patients. Additionally, there are other scheduled experiences in respiratory care.
(Offers spring semester.)
Prerequisite: RSP 231 with minimum grade of “C.”
Credit: 3 semester hours
Lecture: 0
Lab: 16

RSP 250 – Special Topics in Respiratory Care
IAI: None
L: 1.2
Special Topics in Respiratory Care is designed to satisfy specific needs or interests of Respiratory Care majors and/or the healthcare community. Exact course requirements and hours of credit are based on the nature of the topics under study. A maximum of four credit hours can be earned.
Prerequisite: Previous course work in Respiratory Care and/or instructor permission.
Credit: 2 semester hours
Lecture: 2
Lab: 0

Sociology

SOC 190 – Introduction to Sociology
IAI: S7 900
L: 1.1
Introduction to Sociology includes a scientific study of the major concepts and principles of social behavior. Using core sociological theories, this course focuses on the patterns of social group interactions, institutions and structures and the relationship between these elements of society.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

SOC 290 – Social Problems
IAI: CRJ 912
L: 1.1
Social Problems is a course designed to introduce students to a variety of current social problems and develop the sociological perspective through analysis of these issues. More specifically, the course will focus on how sociologists define, study, and interpret social problems. Students will utilize theories, concepts, and current research to examine the causes, prevalence, and consequences of specific problems. In addition, this course will employ strategies to empower students to identify, understand, and act toward intervention and creative solutions to social problems.
Prerequisite: SOC 190 or consent of the instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

SOC 291 – Criminology
IAI: CRJ 912
L: 1.1
Criminology is a study of crime as a form of deviant behavior. It includes a survey of schools and theories of criminology with special emphasis on crime in relation to social structure and social institutions. Special attention is given to career criminals, “white collar crime,” and the treatment of criminals in the justice system.
Prerequisite: SOC 190 or consent of the instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

SOC 292 – Sociology of Deviance
IAI: None
L: 1.1
Sociology of Deviance examines the sociological study of the origins, causes and control of deviance and deviant behavior which is seen as a labeling process. Emphasis is placed on individual and group deviance, resulting from societal norms and values. Primary areas to be covered include drug abuse, sexual deviance, marginal deviance, and career deviance.
Prerequisite: SOC 190 or consent of the instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0

SOC 294 – Urban Sociology
IAI: None
L: 1.1
Urban Sociology examines the historical and contemporary development of cities and urban life. Using empirical and theoretical research, the course analyzes how people experience cities, how institutions and structures operate in cities, and urban social problems. Course topics are applied to urban environments locally, nationally, and globally.
Prerequisite: SOC 190 or consent of the instructor.
Credit: 3 semester hours
Lecture: 3
Lab: 0
Soc 101 – Career Planning  
**IAI: None**  1.1  
Career Planning is designed to help students improve their life/career planning. Participants will acquire skills for discovering who they are, what they want, and how they can reach their goals. At the conclusion of the program, participants should be able to take more control of their lives. Credit earned is elective credit and will apply to graduation and transfer.  
**Prerequisite: None**  
**Credit: 2 semester hours**  
**Lecture: 2**  
**Lab: 0**

Soc 103 – Workplace Ethics  
**IAI: None (ICCB Approval Pending)**  1.1  
This course is designed to acquaint students with the importance of good work ethics. Emphasis will be placed on identifying desirable traits to enhance the student’s employment readiness including integrity, interpersonal skills, responsibility, professionalism, and effective communication.  
**Prerequisite: None**  
**Credit: 1 semester hour**  
**Lecture: 1**  
**Lab: 0**

Soc 295 – Racial and Ethnic Relations  
**IAI: ST 903D**  1.1  
Racial and Ethnic Relations examines the social construction of racial and ethnic group identities, institutions, and stratification systems from a national and global perspective. Using empirical and theoretical research, the course analyzes the impact of socio-historical processes on contemporary patterns of racial-ethnic prejudice and discrimination.  
**Prerequisite: SOC 190 or consent of the instructor.**  
**Credit: 3 semester hours**  
**Lecture: 3**  
**Lab: 0**

Soc 298 – Sociology of Sex and Gender  
**IAI: ST 904D**  1.1  
Sociology of Sex and Gender will focus on the multifaceted similarities and diversities between sex and gender within various environments and social situations. The course will focus on the social construction of gender and its impact on men and women in the workplace, family environment, personal, and intimate relationships.  
**Prerequisite: SOC 190 or equivalent.**  
**Credit: 3 semester hours**  
**Lecture: 3**  
**Lab: 0**

Soc 299 – Sociology of the Family  
**IAI: ST 902**  1.1  
Sociology of the Family is a study of the institutions of marriage and the family. The course will be presented from an interdisciplinary perspective with major emphasis on the American family and marriage.  
**Prerequisite: SOC 190 or consent of the instructor.**  
**Credit: 3 semester hours**  
**Lecture: 3**  
**Lab: 0**

Spanish  
**SPN**  
- See Modern Languages

Speech  
**SPH**  

Sph 131 – Fundamentals of Communication  
**IAI: C2 900**  1.1  
Fundamentals of Communication is a beginning course in the theory and practice of speech communication. Attention is given to listening, interpersonal and group communication, and public speaking. Students will develop more confidence and skill in oral communication.  
**Prerequisite: Completion of ENG-099 with grade of “C” or higher; or passing admission placement score for ENG-101.**  
**Credit: 3 semester hours**  
**Lecture: 3**  
**Lab: 0**

SPH 201 – Interpersonal Communication  
**IAI: None**  1.1  
Interpersonal Communication examines the ways in which people relate with each other. Relationships in family, work and social contexts will be examined in order to improve communication skills for satisfying encounters.  
**Prerequisite: None**  
**Credit: 3 semester hours**  
**Lecture: 3**  
**Lab: 0**

SPH 202 – Intercultural Communication  
**IAI: None**  1.1  
Intercultural Communication is a study of communication among people who have different cultural backgrounds. The course will focus on the impact of verbal and nonverbal communications, belief systems, use of power, masculine and feminine roles, and language on intercultural communication. Students will develop communication skills to overcome intercultural barriers.  
**Prerequisite: None**  
**Credit: 3 semester hours**  
**Lecture: 3**  
**Lab: 0**

SPH 211 – Group Leadership  
**IAI: None**  1.1  
Group Leadership is a study of leadership techniques and their interrelationship with group dynamics. Students will participate in varied group analyses and problem-solving discussions.  
**Prerequisite: None**  
**Credit: 3 semester hours**  
**Lecture: 3**  
**Lab: 0**

**Statistics**  
- See Mathematics

**Student Development**  
**STU**

STU 100 – Planning for Success  
**IAI: None**  1.1  
This course is required for all new students intending to pursue an Associate of Arts, Associate in Science, or Associate in Engineering Science degree. Planning for Success is designed to introduce and connect the student to the RVC community and to assist the student in the active development of academic and personal goals. Students will work with instructors to learn strategies for their transition into college. Students are expected to engage in building the skills needed for college success. Course discussions will include academic preparation, self-awareness, and RVC community resources.  
**Prerequisite: None**  
**Credit: 1 semester hour**  
**Lecture: 1**  
**Lab: 0**

**Surgical Technology**  
**SRG**

SRG 101 – Surgical Technology I – Central Service Principles and Practice  
**IAI: None**  1.2  
Surgical Technology I – Central Service Principles and Practice is an introduction to the role of the Surgical Technologist including the role and function of the central service department/technician. Emphasis is placed on principles and practice related to asepsis, sterilization, disinfection of commonly used equipment and supplies, processing and care of instruments, care and maintenance of equipment, distribution of supplies and inventory control. Clinical experience in central service is required in conjunction with eight hours weekly of on-campus laboratory instruction. Clinical site instruction off campus is six hours weekly for this 8-week course.  
**Prerequisite: Admission to the Surgical Technology program.**  
**Prerequisite: BIO 185, HLT 110, BIO 274, ENG 101, and Basic Computer course or computer proficiency.**  
**Credit: 4 semester hours**  
**Lecture: 2**  
**Lab: 4**
COURSE DESCRIPTIONS

SRG 102 – Surgical Technology II – Principles and Practice
IAI: None 1.2
Surgical Technology II – Principles and Practice introduces the student to the healthcare environment and the role of the surgical technologist. Basic patient care concepts and principles for developing competencies required to assist in surgery are examined. Emphasis is placed on basic surgical procedures, which includes the preoperative, intraoperative and postoperative phases commonly performed in the operating room setting. Selected clinical experiences provided concurrently for eight weeks, during this 16-week course.
Prerequisite: SRG 101
Credit: 6 semester hours
Lecture: 2
Lab: 8

SRG 103 – Surgical Technology III – Principles and Practice Specialty
IAI: None 1.2
Surgical Technology III – Principles and Practice Specialty will allow the advanced student in surgical technology to apply their knowledge of the diagnosis, operative pathology, objectives, role of the technologist, use of selected equipment, supplies, drugs, sequence and complications of various selected surgeries. Emphasis is placed on the surgical specialties of general and rectal; obstetric and gynecologic; genitourinary; ophthalmic; ear, nose, and throat; oral and maxillofacial; head and neck; plastic; and peripheral vascular. Selected clinical experiences are provided concurrently, during this 8-week course.
Prerequisite: SRG 102
Corequisite: SRG 104, SRG 106
Credit: 5 semester hours
Lecture: 2
Lab: 6

SRG 104 – Surgical Technology IV – Principles and Practice Specialty
IAI: None 1.2
Surgical Technology IV – Principles and Practice Specialty is a continuation of SRG 103. This course will allow the advanced student in surgical technology to apply their knowledge of the diagnosis, operative pathology, objectives, role of the technologist, use of selected equipment, supplies, drugs, sequence, and complications of various selected surgeries. Emphasis is placed on the surgical specialties of general pediatrics, orthopedic, neurosurgery, cardiothoracic, trauma, and procurement/transplant. Selected clinical experiences are provided concurrently, during this 8-week course.
Prerequisite: SRG 102
Corequisite: SRG 103, 106
Credit: 5 semester hours
Lecture: 2
Lab: 6

SRG 105 – Surgical Technology V – Internship
IAI: None 1.2
Surgical Technology V – Internship provides 24 to 40 hours a week for 300 hours of experience working in the surgical technologist's role in selected clinical facilities during Summer Sessions I and II.
Prerequisite: SRG 103, 104, 106
Credit: 4 semester hours
Lecture: 0
Lab: 20

SRG 106 – Surgical Technology Seminar
IAI: None 1.2
Surgical Technology Seminar reviews the history of surgical technology as it influences current practice. Emphasis is on the changing role and responsibilities of the surgical technologist and regarding relationships and opportunities within the occupation. Current surgical technology issues are discussed with topics including surgical technology education, ethics, economic issues, and changing aspects of the healthcare environment and new health care laws, during this 16-week course.
Prerequisite: SRG 102
Corequisite: SRG 103, 104
Credit: 2 semester hours
Lecture: 2
Lab: 0

Theatre

THE 133 – Introduction to Theatre
IAI: F1 907 1.1
Introduction to Theatre is designed to acquaint students with the theoretical principles of acting, directing, scene design, set construction, costuming, make-up, lighting for the stage, and sound. A survey of theater history and dramatic literature provides a basis for informed critical viewing and for future studies in theater.
Prerequisite: None
Credit: 3 semester hours
Lecture: 3
Lab: 0

THE 134 – Stagecraft and Theatre Lighting
IAI: TA 911 1.1
Stagecraft and Theatre Lighting is an introductory course in the principles, procedures, and practices of technical theatrical production using practical experiences in conjunction with departmental presentations. Basic methods of safe scenery construction, scene painting, lighting equipment, and property building are explored. The class emphasis is on safety in a scenic shop.
Prerequisite: None
Credit: 3 semester hours
Lecture: 2
Lab: 2

Web Programming & Design

WEB 101 – Programming Related to the Internet
IAI: None 1.2
Programming Related to the Internet is designed for students and professionals interested in learning how to design and develop Web pages and Websites. The course covers Web design, copyright, and marketing topics, as well as HTML programming and HTML code generators. Additionally students will learn about Web graphics and scripting languages used to create exciting Web pages.
Prerequisite: CIS 102 or equivalent computer experience.
Credit: 4 semester hours
Lecture: 3
Lab: 2

WEB 102 – Advanced Programming Related to the Internet
IAI: None 1.2
This course is designed for students and professionals interested in extending their knowledge of Web programming tools. The emphasis of this course is to introduce Web application development. This course includes cascading style sheets, HTML, and the latest web technologies. This course also introduces both client and server-side scripting.
Prerequisite: WEB 101 or equivalent Web development skills.
Credit: 4 semester hours
Lecture: 3
Lab: 2
WEB 111 – Introduction to Multimedia  
IAI: None  
1.2  
Introduction to Multimedia is a course that will acquaint the student with multimedia design principles as well as multimedia creation and manipulation. This class introduces multimedia hardware and software used most often by web developers creating web pages which include multimedia elements.  
Prerequisite: WEB 101  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

WEB 225 – Digital Photography  
IAI: None  
1.2  
Digital Photography introduces basic digital imaging applications. Emphasis is placed on color theory, calibration, scanning, enhancement, importing and exporting graphic images. Methods of conversion to digital format will be explored. Appropriate computer software related to the subject will be utilized.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 2  
Lab: 2

WEB 233 – Introduction to JavaScript  
IAI: None  
1.2  
Introduction to JavaScript is designed to educate students in the construction of dynamic websites. Students will be expected to build a website that includes complex programming logic and control structures as well as a variety of visual effects.  
Prerequisite: Must have completed WEB 102 or have equivalent web development experience, as well as CIS 180, or equivalent introductory programming experience.  
Credit: 4 semester hours  
Lecture: 3  
Lab: 2

WEB 234 – PHP Programming  
IAI: None  
1.2  
PHP Programming will cover the basics of PHP and MySQL database design, advanced database connectivity techniques, and focus on building personal, business, and e-commerce applications. Students will learn basic and advanced object-oriented programming techniques, using libraries and frameworks, and integrating PHP and AJAX applications. These are the techniques necessary to prepare students to build server-side enterprise web applications.  
Prerequisite: WEB 101  
Credit: 4 semester hours  
Lecture: 3  
Lab: 2

WEB 290 – Special Topics in Web Information Technology  
IAI: None  
1.2  
Special Topics in Web Information Technology will cover leading edge topics in the web information technology arena. These special topics might include new server technologies or new web development technologies. This course may often be taught by experts from the business world who work with the technology which the course covers. Exact course requirements are based on the nature of the topics under study. The course may be repeated three times.  
Prerequisite: Will vary depending on course topic.  
Credit: 1-6 semester hours  
Lecture: 1-6  
Lab: 0

WEB 291 – Internship/Field Experience  
IAI: None  
1.2  
Internship/Field Experience requires students to work part-time in the field of web development in a local cooperating business firm or non-for-profit organization. This experience will be supervised by a faculty advisor of the web program. Consent of the advisor or division director is required.  
Prerequisite: WEB 101 and WEB 102 required.  
Completion of WEB 230, WEB 233, and WEB 235 recommended.  
Credit: 1-6 semester hours  
Lecture: 0  
Lab: 5-30

Welding  
WLD

WLD 100 – Introduction to Welding  
IAI: None  
1.2  
Introduction to Welding is designed for beginning welders. It covers the basic theory and provides hands-on lab practice of Shielded Metal Arc Welding (Stick), Gas Metal Arc Welding (MIG), Gas Tungsten Arc Welding (Tig), Oxyfuel (Gas) welding and cutting, plasma arc cutting, and brazing and soldering processes. Special emphasis is placed on welding shop practices and process safety. This course prepares the student to enter the welding skills courses.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 1  
Lab: 4

WLD 150 – Blueprint Reading for Welders  
IAI: None  
1.2  
Blueprint Reading for Welders presents an introduction to blueprint reading fundamentals, object representation, American Welding Society (AWS A2.4) welding symbols, measurement, layout, and related print reading applications found in the welding and fabrication industry. The course is designed for welders or jobs in the welding field, such as welding inspection, metal fabrication, set-up, assemblers and testing.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

WLD 152 – Arithmetic for Welders  
IAI: None  
1.2  
Arithmetic for Welders teaches basic mathematic skills and provides practical exercises useful in the welding field. The topics are presented in a step-by-step approach with examples that broaden understanding of whole numbers, common fractions, decimal fractions, measurement, volume, weight, and bending metal; and percentage and the metric system. A college math class (100 level or higher) can be substituted for WLD 152.  
Prerequisite: None  
Credit: 3 semester hours  
Lecture: 3  
Lab: 0

WLD 153 – Arc Welding – Flat and Horizontal  
IAI: None  
1.2  
Arc Welding: Flat and Horizontal covers Shielded Metal Arc Welding (Stick) on plate in the flat and horizontal position. Safety rules and equipment usage are emphasized. An introduction to oxyacetylene cutting is covered.  
Prerequisite: Concurrent enrollment or completion of WLD 100 with a “C” or higher, or consent of instructor.  
Credit: 3 semester hours  
Lecture: 1  
Lab: 4

WLD 154 – Arc Welding: Vertical  
IAI: None  
1.2  
Arc Welding: Vertical covers Shielded Metal Arc Welding (Stick) on plate in the vertical position. Safety rules and equipment usage are emphasized. An introduction to oxyacetylene cutting is covered.  
Prerequisite: Completion of WLD 100 and WLD 153 with a “C” or higher. Concurrent enrollment, or completion of WLD 155 with a “C” or higher; or consent of instructor.  
Credit: 3 semester hours  
Lecture: 1  
Lab: 4

WLD 155 – Arc Welding: Horizontal  
IAI: None  
1.2  
Arc Welding: Horizontal covers Shielded Metal Arc Welding (Stick) on plate in the horizontal position. Safety rules and equipment usage will be emphasized. Oxyacetylene cutting will also be covered.  
Note: This class will be withdrawn after the Fall 2019 semester.  
Prerequisite: Concurrent enrollment, or Completion of WLD 153 with a C or higher; or consent of instructor.  
Credit: 3 semester hours  
Lecture: 1  
Lab: 4

COMMUNITY OUTREACH

Community, Career, & Technical Education Outreach

“Tell me and I forget. Teach me and I remember. Involve me and I learn.”
– Benjamin Franklin

Business & Professional Institute (BPI) ....................... (815) 921-2066

Through the Business & Professional Institute, Rock Valley College offers training, consulting, and specialized resources that are designed to meet the needs of business and industry. Many of the workshops and trainings are held at any of the RVC locations; or on-site at your company/business.

The Business & Professional Institute also offers on-site training sessions, customized training and programs in the following areas:

• Fanuc and KUKA Robotics Training
• Blueprint Reading
• Geometric Dimensioning & Tolerancing (GD&T) Training
• Leadership and Supervisor Training
• Computer Training
• Customer Service & Sales Training
• Quality and Safety Training

For more information visit: RockValleyCollege.edu/BPI.

TechWorks ........................................ (815) 921-2192

TechWorks provides a 170 (SB 180)-hour accelerated skills training that leads to: two (2) NIMS credentials. TechWorks has credentialed more than 600 students. Our training partners include Rock Valley College, Sandvik Coromant, NIMS (National Institute for Metalworking Skills), DMG/Mori Seiki, and Machinery Source. We work to give each student the core skills in advanced manufacturing.

TechWorks is an employer-driven training organization that develops and delivers a customized curriculum to prepare you for a career in advanced manufacturing in just six (6) to eight (8) weeks. Classes are seven (7) hours each day, therefore it is best suited for the unemployed.

Whether you are new to the manufacturing field or interested in developing core skills as your goal, our small classroom size and hands-on training allows us to graduate highly employable individuals into our regional workforce. You will learn the skills necessary to enter the manufacturing environment at an entry level position with a solid foundation of shop math, blueprint interpretation, metrology, and CNC setup/operation skills.

For additional info, please visit: RockValleyCollege.edu/TechWorks – located at Stenstrom Center, 4151 Samuelson Road.

TechWorks Cold Forming Training Center ..................... (815) 921-2192

This is a 12-week accelerated skills training that leads to: one (1) NIMS credential. Our training partners include Rock Valley College, Nakashima Engineering Works, LTD, NIMS (National Institute for Metalworking Skills), Loomis International, Slidematic, Wiretech, and Fastenal. We work to give each student the core skills in the process of Cold Forming and Cold Heading. Cold Forming is a manufacturing process through which a wire is shaped through a series or blows done at room temperature.

TechWorks is an employer-driven training organization that develops and delivers a customized curriculum to prepare you for a career as a cold header operator in just 12 weeks. Classes are 6-1/2 hours each day, therefore it is best suited for the unemployed.

Whether you are new to the cold forming industry or continued education is your goal, our small classroom size and hands-on training allows us to graduate highly employable individuals into our regional workforce. You will learn the skills necessary to enter the cold heading environment at an entry level position with a solid foundation of shop math, blueprint interpretation, metrology, and Cold Heading setup/operation skills.

For additional info, please visit: RockValleyCollege.edu/CFTC – located at 424 Buckbee Street, Rockford, IL 61104.

Truck Driver Training ........ call: (815) 921-2076

In just six weeks you can be on the road to a new career! Our 240-hour truck driver training program combines classroom presentation with hands-on experience that leads to a Class A Commercial Driver’s License.

Offices & classrooms located at Stenstrom Center, 4151 Samuelson Road.

For more information visit: RockValleyCollege.edu/TDT.

Put yourself in the driver’s seat today!

For more information about the Truck Driver Training Program, call Program Coordinator, Mark Sandoval at (815) 921-2076 or email: M.Sandoval@RockValleyCollege.edu.
Community Education Outreach

Rock Valley College offers non-credit programs and classes, for persons of all ages, whether obtaining a certificate, training, or professional development or seeking personal enrichment. Community and Continuing Education (CCE), Center for Learning in Retirement (CLR), and the Traffic Safety Program are managed within Community Education Outreach.

Community & Continuing Education (CCE) .......... (815) 921-3900

CCE strives to offer a large and varied selection of educational opportunities. Whether you are seeking personal enrichment or development, we have programs that will fit your busy lifestyle.

CCE offices are located on the Main Campus (3301 N. Mulford Road), on the second floor of the Student Center.

Courses are offered at the Main Campus, Bell School Road Center, online, and many other convenient locations throughout its district.

For more information, please visit: RockValleyCollege.edu/CCE.

Community Education
Encouraging life-long learning at any age!
Community Education offers courses that help you learn a new hobby or skill, enjoy leisure and recreational activities and benefit from personal enrichment experiences. Designed as non-credit courses, there are no entrance exams and no diploma requirements. We offer classes and workshops for all ages.

Continuing Education
Enhance your skills, your career, your life!
Continuing Education offers courses and programs to help you upgrade your skills with non-degree credit, state and national certification and licensing courses in business, healthcare, professional development and technology areas. Designed as short-term, non-degree alternatives, these programs do not require an entrance exam for admission.

Note: Financial Aid does not apply to Continuing Education courses.

Traffic Safety .......... (815) 921-3940

The Rock Valley College Traffic Safety Program provides driver improvement training for a variety of individual, employer-supported, and court-supervised participants.

Supervision Program: The College joins regional courts, local governments, and law enforcement agencies to provide an educational option for minor traffic violations. Motorists who choose class instead of court can keep the violation off their public driving record, avoid higher insurance premiums, and learn effective defensive driving techniques. Classes are offered throughout the seven-county service region.

Employers: Workplace leaders committed to employee and workplace safety choose tailored courses. Participation in driver improvement programs can result in increased productivity, fewer accidents and lower insurance premiums. Classes are designed to coordinate with workplace schedules and locations.

For more information visit: RockValleyCollege.edu/TrafficSafety – located at Stenstrom Center, 4151 Samuelson Road.

Traffic Safety Program:

- Minor traffic violations
- Avoid higher insurance premiums
- Learn effective defensive driving techniques

WHIZ KIDS
Challenging minds since 1980!
Building on our strong academics, Rock Valley College Whiz Kids provides youth with a variety of educational enrichment opportunities.

Rock Valley College Whiz Kids classes are designed to:
- Explore subjects while challenging students to learn new material.
- Develop critical and creative thinking skills.
- Introduce students to a college environment and new areas of interest.
- Create an environment cleverly disguised as fun — where we “learn by doing” and support each other in the learning process.

While originally conceived as a summer “college” for students with high academic abilities, Rock Valley College Whiz Kids has widened its programming to include any youth with a zest for learning. Classes are taught by experienced, personable instructors.

For more information visit: RockValleyCollege.edu/TrafficSafety – located at Stenstrom Center, 4151 Samuelson Road.
Theatre & Arts Park

Starlight Theatre

In 1967, a group of Rock Valley College students wanted to bring their community to the Main Campus. They hoped to encourage the public to appreciate the beauty of their college's farm setting, the students decided that the best way to accomplish this goal was to perform a musical nestled beside the beautiful farm pond. People from the community came out with their lawn chairs and watched the amazing production. That first show on Thursday, August 3, 1967 at 8:30 pm, _Finian's Rainbow_, was staged on the college lawn and was billed as Rockford’s “first all-community musical.”

Since the fall of 1967, RVC has brought affordable, outdoor, summer musical theatre to residents of the community. Times have changed a bit since 1967. Now, audiences no longer bring their own chairs and blankets, but sit in its comfortable 1,140-seat bowl. But it’s not just the venue that’s grown. The past 52 summers, Starlight has become an integral part of the college's Community Outreach initiatives, not to mention a cornerstone of Rockford’s summer community.

Today, the performance space is no longer a makeshift stage, but a genuine, state-of-the-art theatre, which a Chicago Tribune’s architecture critic called “an engineering wonder.” Bengt Sjostrom Theatre (BST) has since been built, remodeled, and remodeled again, most recently in 2002/2003 – designed by leading female architect and MacArthur fellowship recipient Jeanne Gang (from Belvidere, Illinois, who founded Studio Gang Architects – an architecture, interiors, and urbanism practice in Chicago and New York). An important enhancement for an outdoor summer theatre, Gang designed a one-of-a-kind articulated, opening, 70-foot star-shaped roof that can be opened as audiences look up at the night sky, and closed during inclement weather. A constellation-themed ticket and control booth, and versatile stage house, makes BST truly unique, and the construction/design of BST resulted in international recognition, as well as moved Rock Valley College into the forefront of leadership for community arts and entertainment.

Starlight Theatre is one of the nation’s largest professionally-produced community theatres. This oldest, continuously operating theatre in Rockford, offers amateur actors, singers, and dancers an opportunity to work under the direction of professional artistic and technical directors. It attracts hundreds of volunteer performers (casts) and crew members (totaling over 24,546 people), where they have each given of themselves for our community’s enrichment, and in the process have shared their joy of performing with audiences of nearly 40,000 each season and a total of more than 1,267,000 attendees over the years. Starlight produces big, 1930s-scale musicals with casts sometimes reaching into the hundreds! More than 140 shows have taken the Starlight stage, including: Sir Andrew Lloyd Weber’s _The Phantom of the Opera_ and _Joseph and the Amazing Technicolor Dreamcoat_, a new production of Boublil and Schönberg’s _Les Misérables_, Disney’s _Geppetto & Son_ and _Beauty & the Beast_, _Jesus Christ Superstar_, and many more!

Starlight also boasts a distinguished roster of alums including some of the nation’s most gifted performers and technicians: Rockford’s New American Theatre founder J. R. Sullivan; Broadway star and voice of Walt Disney’s _The Little Mermaid_, Jodi Mazzorati Benson; Broadway and London’s West End Star, Marin Mazzie; Art Director of Hollywood’s _How The Grinch Stole Christmas_, Dan Webster; Chairman of NBC Entertainment, Bob Greenblatt; and Broadway Director and Star, Joe Mantello; among many others.

In the future Starlight will be expanding their season beyond four summer musical productions. In the summer of 2018 Starlight launched its new “Starlittle” series. Every year, at the end of the regular Starlight season, Starlight will put on a family production for children and adults of all ages to enjoy together. Starlittle shows feature adult actors preforming for children, something that is unique in the Rockford theatre community. Starlittle’s first show, _Cinderella After the Ball_, was a smash hit. Hundreds of young children came to Starlight and experienced their first live theatre performance.

In the fall of 2018, Starlight launched two more theatre series. The first of these, “Starlight Shakes,” is an outdoor Shakespeare production that takes place on the lawn of the Rock Valley College campus. _The Taming of the Shrew_ was Starlight Shakes’ first production. Students and community members from all over brought their lawn chairs and blankets to watch a show on the Ray Castle Stage, a stage designed to be set up and torn down anywhere on campus. _A Charlie Brown Christmas_ was the launch of the “Starlight Tradition” series, productions for families to experience together during the holidays. The Starlight crew constructed a cabin on the Bengt Sjostrom Stage which housed an audience of 230 people. Each performance sold out, and was a massive success. Families from all over enjoyed this new tradition.

_The Theatre Department is always looking for more talented community members to join in the fun._
