

## Articulation Agreement with Northern Illinois University

Rock Valley College students who have earned their Associate in Applied Science (AAS) degree in Aviation Maintenance Technology can transfer to Northern Illinois University to earn a Bachelor of Science in Engineering Technology with an Emphasis in Applied Manufacturing Technology.

- RVC students who graduate with an AAS in Aviation Maintenance Technology will be awarded up to 59 AAS credits toward the 120 credits needed for the bachelor's degree.
- Students may complete additional general education and bachelor's foundation courses (typically around 31 credits) at RVC to transfer into the program.
- Students will complete 10 technology courses (30 credit hours) through NIU to earn the bachelor's degree. These courses are available online.

To be eligible, students must complete the AAS in Aviation Maintenance Technology with at least a 2.0 GPA and maintain a 2.0 GPA at Northern Illinois University.
