Emergency Closing of Campus Plan

The Board of Trustees of Rock Valley College authorizes the Administration to institute an Emergency Closing of Campus Plan to maintain and enhance safety and security at the College during emergency or inclement conditions and to proactively address safety and security issues that may impact the College main campus and other College-owned or operated facilities. The purpose of this plan is to present a process, which the College President or his/her designee will use to determine the need to close the College or any portion thereof. The plan shall include communication processes to notify employees and students of any closing.
