Rock Valley College

- i. the total amount of dollars that apply to the College's aspirational goals for Construction Contracts, Professional Services Contracts, and College Contracts;
 - ii. the amount of dollars for College Construction Contracts, Professional Services Contracts, and College Contracts that were awarded to businesses owned by minorities, females, and persons with disabilities; and
 - iii. the total number of contracts entered into for College Construction Contracts, Professional Services Contracts, and College Contracts, and the total number that were awarded to businesses owned by minorities, females, and persons with disabilities.
4. Subcontractors and Suppliers. The College's aspirational goals, as set forth above, are based on the total dollars awarded to businesses owned by minorities, females, and persons with disabilities. All funds awarded to any certified subcontractors and/or suppliers shall be included for the College's aspirational goals, so long as the expenditures are direct, necessary, and proximately related to the work or service of the contract.
5. Evaluation of Contracts to Facilitate Aspirational Goals.
 - a. The procedures shall not eliminate, alter, reduce, alleviate, or modify in any way the College's procedures for purchasing. However, in addition to the College's purchasing procedures, the College shall evaluate all contracts, except those subject to federal reimbursement, to determine whether any bidder or contracting party assists the College in meeting its aspirational goals as set forth above, and increase the participation of businesses owned by minorities, females, and persons with disabilities in contracts with the College.
 - b. Purchasing Manager shall review bid instructions to determine whether the specifications and instructions need to reference the College's Diverse Vendor Enterprise Use.
 - c. If not included in the bid specifications, Business Services shall distribute the lists of certified businesses to potential bidders upon request or otherwise in Business Services' discretion.

- b. By advertising in the official state newspaper for at least three (3) days, the last of which must be at least ten (10) days after the first publication.

The College may consider any vendor referred to it by the Business Enterprise Council prior to the execution of the contract at issue.

7. Bidding Requirements.

- a. Bid Documents. When the College procedures and/or state law require the College to bid a contract competitively, the College shall state in its bid documents the College's aspirational goal for the contract. The College's bid documents shall also require each bid submitted for a contract to include: (i) the bidder's name, (ii) the bid amount, and (iii) a utilization plan indicating the percentage of disadvantaged businesses that will be awarded by the bid. (See appendix A for sample of form).
- b. Lowest, Responsive and Responsible Bidder. As required by state law and the College's purchasing procedures, the College shall award contracts subject to state public bidding requirements to the lowest, responsive and responsible bidder. A bidder's failure to complete a utilization plan or submit necessary certifications shall be an issue of "responsiveness" which may make the bidder ineligible to receive the contract. In awarding contracts, the College shall also consider that the definition of "lowest responsible bidder" is broader than "lowest bidder" or "financially responsible", and that in proper circumstances, certain public interests can be considered as "responsible" in the College's discretion as allowed by applicable state laws, rules or regulations.
- c. Good Faith Effort Procedures. If the bidder cannot meet the contract's aspirational goal, the bidder must document in the utilization plan (See Appendix A for example) its good faith efforts that could reasonably have been expected to meet the goal. The College shall consider the quality, quantity, and intensity of the bidder's efforts, and may evaluate the bidder's:
 - i. Solicitation through all reasonable and available means of certified subcontractors, suppliers, and/or vendors that have the capability to perform the work required by the contract. The bidder must solicit this interest to give certified businesses sufficient time to respond to the solicitation, must provide adequate information about the plans, specifications, and contract requirements in a timely manner, and must take

Rock Valley College

appropriate steps to follow up initial solicitations.

- ii. Use of resources from the College, the Business Enterprise Council, and any other business or community groups that provide assistance in the recruitment and placement of certified businesses.
 - iii. Selection of portions of the contract work to be performed by certified vendors to increase the likelihood that the goal will be achieved. This includes, where appropriate, breaking out contract work items or services into economically feasible units to facilitate participation by certified businesses, even when they bidder might otherwise prefer to perform the work or services with its own employees.
 - iv. Negotiation in good faith with interested certified businesses. In order to show good faith efforts, the bidder's utilization plan shall include the names, addresses, and telephone numbers of certified businesses that were considered, and an explanation for why an agreement could not be reached.
 - v. Thorough investigation of the capabilities of certified businesses and not rejecting them as unqualified without sound reasons.
 - vi. Efforts to assist interested certified businesses in obtaining contract required lines of credit, insurance, equipment, supplies, materials, or other related assistance or services.
8. Award of the Contract. If the College determines that the bidder is the lowest, responsive and responsible bidder and has either met the contract's aspirational goals or has made a good faith effort to meet the goal, the College may award the contract to the bidder. The College shall have the right to reject all bids and re-bid the contract in its sole discretion.
9. Incorporation into Contract. The successful bidder's utilization plan shall become part of the awarded contract and shall not be modified or amended without the College's written consent.
10. Exemptions and Waivers.
 - a. Individual Contract Exemptions. In the event that the College determines that there is an insufficient number of businesses owned by minorities, females and persons with disabilities to ensure adequate competition and an expectation of reasonable prices on bids or proposals solicited for a specific contract, the College may make a written request to the Business Enterprise Council, based on the best information available at the time, requesting an exemption for that individual contract or contract package, in whole or in part. The

Rock Valley College

Business Enterprise Council shall make the determination with respect to granting the exemption. The determination shall be made prior to the advertisement for bids or solicitation of bids.

- b. Class Exemptions. In the event that the College determines that there is an insufficient number of businesses owned by minorities, females and persons with disabilities to ensure adequate competition and an expectation of reasonable prices on bids or proposals solicited for an entire class of contracts, the College may make a written request to the Business Enterprise Council, based on the best information available at the time, requesting an exemption for that entire class of contracts. The Business Enterprise Council shall make the decision with respect to granting the exemption.
11. Contact and Reporting Responsibilities. Purchasing Manager shall serve as the College's contact person for any communications from the Business Enterprise Council and for any vendors owned by minorities, females, and persons with disabilities. Business Services shall also be responsible for submitting any reports or documents to the Business Enterprise Council as required by the Act.
 12. Compliance Plan. Purchasing Manager shall also create an annual compliance plan that shall outline the College's goals for contracting with businesses owned by minorities, females, and persons with disabilities for the current fiscal year. The compliance plan shall also include:
 - a. The College's policy statement expressing a commitment to encourage the use of businesses owned by minorities, females and persons with disabilities;

Rock Valley College

13. Annual Report. The College shall file an annual report with the Business Enterprise Council of its utilization of businesses owned by minorities, females, and persons with disabilities during the preceding fiscal year and a mid-fiscal year report of its utilization to date for the then current fiscal year. The annual report shall also include a self-evaluation of the College's efforts to meet its goals. If the Illinois Community College Board submits an annual report on behalf of, or in collaboration with the College, Business Services shall assist the Illinois Community College Board in preparing the report, as directed.
